Chapter 2487

After the magic envoy passed through the first magic circle, he looked at David and said, "The power of this magic circle is not small. Have you seen it clearly this time?"

David nodded. At that time, along with the fluctuation of spiritual energy, David discovered the existence of the magic circle!

From this point of view, the formation is indeed quite powerful, but David was not afraid, but walked into the formation with a calm face and a smile on his face. With a wave of fluctuation, David's figure disappeared, disappeared in the In the formation!

Seeing the disappearing David, the demon envoy's face was very serious. At this time, David must be trapped in the formation. If he escaped by himself at this time, David would definitely not be able to stop him!

It's just that when he thought of the imprint that David had imprinted in his mind just now, the demon envoy put away his thoughts of running away. Since David dared to let himself pass through the formation, he had full confidence!

The magician knew that if he really ran away, his head might explode directly!

"David, David..." the

demon envoy whispered in front of him.

But there is no shadow of David in front of him at all. David is trapped in the formation at this time. Will the brand in the book kill him?

The demon envoy was very anxious, but David in the formation was not in a hurry at all. He looked at the formation. Although the formation was indeed very powerful, it was still vulnerable in David's eyes!

David found the location of the formation at a glance. As long as he found the formation, it would be much easier to break the formation!

In about ten minutes, David broke through the first formation, and then a figure slowly appeared!

Seeing that David had broken the formation and came out, the demon envoy immediately became happy. As long as David was alive, he wouldn't have to die!

And David was also a little surprised to see that the demon envoy stayed where he was obediently!

"Why don't you escape while I'm trapped in the formation?"

David asked the emissary!

"Where did I flee to? You branded my mind. If I run away, you will definitely detonate the brand and make my brain burst." The

magician said truthfully!

When David heard this, he immediately laughed. He knew that the Demon Envoy also wanted to escape, but after weighing the pros and cons, he chose to stay!

"You are very self-aware, as long as you take me into the dungeon, I will spare your life."

David said to the demon envoy!

"David, I can take you to the dungeon, but it is not so easy to enter the dungeon. You must know that there are special guards in the dungeon, and the leader of the dungeon guards is not inferior to me in the Demon Heart Sect!"

"I There is no way to order him, so you can only rely on yourself to find a way to enter the dungeon, as for what to do in the dungeon, you don't have to tell me, and I don't want to know either!"

The envoy told David!

"There are special guards in the dungeon?"

David frowned when he heard that. He didn't expect that the identity of a magic envoy would be difficult to use in the dungeon!

But since it's already here, we can only take one step at a time!

"Just take me to the entrance of the dungeon, and I'll take care of the rest!"

David said to the demon envoy!

The magician nodded, and then led David to the other side of the mountain again!

Unknowingly, the two of them came to the second formation, but this time, David could really feel the existence of the formation!

And the formation this time is much stronger than the first time, David is a little unsure!

"This formation will disturb people's minds. Don't look at this formation so exposed. It must not be powerful. Its powerful purpose is to confuse the enemy and let the people who came to sneak into the cell fall here."

The demon envoy persuaded David earnestly!
