Chapter 2502

"Can you feel the aura of that face that appeared in midair?"

Mr. Shi didn't answer David, but asked David.

David nodded and said, "Yes..."

"Then feel it with your heart..."

Mr. Shi said.

David closed his eyes slightly, and the spiritual consciousness in his mind instantly dissipated, and then he felt the aura emanating from that human face!

Soon, David frowned, and cold sweat broke out on his forehead!

"What did you feel, tell me..."

Mr. Shi asked.

"I feel that the aura emanating from this face is very weird. It is very messy and seems to cover everything. I even feel my own aura in the aura of this face!"

David said in pain!

"The human face that appeared was condensed using the aura of all of you. Your fighting aura, anger, and the souls of the dead people have all been absorbed into this human face!

" So being able to easily rescue people from the dungeon of the Demon Heart Sect is because Haotian asked on purpose, if he doesn't want you to save people, is it possible to rescue people from the dungeon of the Demon Heart Sect with your strength?"

"You Don't think about those people in the Eight Great Secret Realms, why are they imprisoned in the dungeon on the third floor? Are these people really that important?"

" If you go to save people, you will go through the first and second floors, and you will rescue the people imprisoned inside!"

"And what he needs is you to rescue people and bring them here. As for the people from the Demon Heart Sect, they are A pawn, their life or death is not important, whether they are dead or alive, they will become resources in Wen Haotian's hands!"

"It doesn't matter if you understand it or not, but you have to remember one thing, the hearts of the heavenly and human world will It's more complicated than you think..."

Mr. Shi's words instantly made David stand on the spot in a daze. Now he understands why he saved people so smoothly, why Yu Qian and his family were imprisoned on the third floor, and why these people in the world of heaven and man would Locked in the Demon Heart Sect Dungeon!

And those people who are the Demon Heart Sect, as well as the demon envoys including Yu Qian, looked at Haotian in shock!

It turned out that everything they did was just a chess piece, just to wait for this day to come!

Looking at those people who died on the ground, everyone suddenly felt like they were being stabbed by needles!

"Why, why exactly? He has worked so hard to arrange for so long, what exactly is it for?"

David didn't understand, this question Haotian didn't even care about his own sect disciples, and even turned into a great power, running more than a dozen people in the Demon Heart Sect. Even Yu Qian and the others have been cheated for so many years!

What is it for?

"Because he wants to resurrect the people in the copper coffin!" Mr. Shi slowly raised his head, looking at the copper coffin wrapped in colorful rays of light!

David glanced at the copper coffin, and asked curiously, "Who is in the copper coffin? Is it worth asking Haotian's layout for so long?"

Others also stared at Mr. Who is the person in Zhong, why did Haotian hide for so long!

Mr. Shi smiled faintly, "This is not what you should know. When you should know, someone will tell you..."

After Mr. Shi finished speaking, he looked at Wen Haotian and said, "I'm here to stop you, you How dare you release this copper coffin?"

Wen Haotian sneered, "You can't stop it, the formation has been activated, and the breath of eight special physiques has entered the copper coffin, no one can stop it!"

"Since I'm here If so, then it will definitely be able to stop..."

Mr. Shi said confidently.

"How do you stop it?" asked Haotian puzzled.
