Immediately afterwards, the expression on the face began to change continuously, and finally opened its mouth angrily, and a hot light spewed out from the mouth, shining on the copper coffin!

The colorful rays of light converged with the light emitted from the man's mouth, causing the copper coffin to shake violently, and an extremely terrifying aura emanated from the copper coffin!

Seeing this, Mr. Shi waved his sleeves, and a gust of wind rose from the ground, instantly blowing Wen Haotian back!

"I will never let you succeed. If the people in this copper coffin are resurrected, that will be the real day of extinction for the secular world."

After Mr. Shi finished speaking, he jumped onto the copper coffin, and then Shi The gentleman took out a bronze mirror from his pocket, the light shone on the bronze mirror, and reflected back directly!

After the huge human face was reflected by the light, its expression became extremely ferocious, and at this time, various pictures began to flash in Mr. Shi's bronze mirror!

Just when Mr. Shi used the bronze mirror to block the light, the colorful rays of light above the copper coffin shone on Mr. Shi's back. The corners of Mr. Shi's eyes twitched slightly, but he didn't move!

"I will never let you stop my plan..."

Wen Haotian roared angrily, and rushed towards Mr. Shi, but Mr. Shi remained motionless.

"Mr. Shi..."

There are also those members of the Demon Heart Sect, who now know that their power is fake, they are fooling them, in order to let them die, all of them have no fighting spirit, and they will no longer fight!

After David was rescued, his eyes were wide open. Although his face was very ugly, he couldn't see any scars!

David stood up abruptly, he must not let that Haotian attack Mr. Shi!

But when David stood up, a mouthful of black blood spurted out, and David's face became even more ugly!
