"The people of Daqing Village have spoken out, saying that it is their village's hunting team. One team did not go back and was killed, and they were killed on the territory of the demon wolf clan!"

"That's why the people in Daqing Village said that if they see someone coming to hand over a large number of demon wolf corpses, they must not accept them, and they must report to them, saying that those demon wolf corpses must have been snatched from them."

"I will give you five now ." One end of the spirit coin is already taking a risk, I advise you to quickly dispose of the corpse of the demon wolf, or let others find out and report it to Daqing Village, and your Dashi Village will be in danger!"

Listening to Boss Li's explanation, Ali felt his whole body He was a little confused, originally he thought that he could make a small fortune by getting so many monster wolf corpses, but now it seems that he was thinking too much, and he didn't expect that the people of Daqing Village would do this!

Ali took the spirit coin and didn't give it to everyone, but glanced at Yun'er and said, "Yun'er, let's take the money and ask Dr. Zhang to treat your grandma's eyes..."

Yuner was stunned for a moment, Then he quickly shook his head and said, "Brother Ali, this is the money everyone earned with their lives . You can't give it all to me, let's share it with everyone!

"

Keep it, whatever the score is!"

"Yun'er, you can take the money and go to Doctor Zhang, it has been your wish for many years to heal your grandma's eyes!"

Those people from Dashi Village who came along The villagers said to Yun'er one after another!

Yun'er listened to these words, moved tears and turned, "Thank you everyone..."

"Okay, you all go back, I will accompany Yun'er to invite Dr. Zhang!"
