Chapter 2257

The Great War

Looking at so many monsters, the expressions on the faces of the two people froze, I don't know if it was sadness or joy!

But soon, they saw a figure standing on top of a killer whale monster, which surprised them!

But when he got close, Wang Defa recognized Chen Ping at a glance!

"Chen Ping, it's Chen Ping, this guy hasn't escaped yet..."

After Wang Defa saw Chen Ping, his eyes were red, and the murder of his son made him tremble!

However, the Qishajun frowned slightly. He didn't understand how Chen Ping would be with the monsters, and it seemed that these monsters seemed to be Chen Ping's mounts, and there was no monster attacking Chen Ping!

Chen Ping came to Wang Defa and Qishajun, and looked at the monster in front of him that sounded the alarm. At the moment, he was lying on the water and was killed by these people. Chen Ping's eyes were full of anger!

At this time, these monsters are already Chen Ping's subordinates, and they are part of their Tianlong Temple. When someone slaughtered his subordinates, Chen Ping was of course angry!

Chen Ping knew Wang Defa, but he didn't know the Qishajun, so he asked the Qishajun, "Who are you? You killed this monster?"

"The indescribable sternness, the heart is a little shocking!"

"I am Qishajun, from the Feixing faction, you are Chen Ping, the one who killed my young master?"

Qishajun asked Chen Ping.

"Are you saying that the guy who is neither male nor female? Although I didn't kill him, if he is, I will kill him sooner or later!"

Chen Ping said lightly.

Chen Ping's words instantly made the Qishajun furious, his eyes narrowed slightly, and a murderous aura instantly covered Chen Ping's body.

"Boy, you are so crazy, I will kill you today to avenge the young master!" Qishajun's aura began to erupt, and waves began to rise above the sea!

"Hmph, even if you don't kill me, I will kill you all. You dare to kill my monster, damn it..."

Chen Ping's breath also began to erupt, ready to fight at any time!

"Chen Ping, why are these monsters yours? These are monsters that grow in the sea, and they actually belonged to your family. Do you want to be ashamed?"

"But you sent us so many monsters all at once. I want to thank you, so many beast pills are enough for me to practice for a long time!"

Wang De looked at Chen Ping coldly and said.

“If you have the ability to take these monsters and beasts, then come...”

Chen Ping made a strange voice, and then dozens of monsters began to become irritable as if they had heard the order.

With a loud roar, they attacked the people from the Feixing faction and the Tianlei faction!

You must know that these are all monsters in the realm of the Martial God, and they are still in the sea, and the sea is the main battlefield of these monsters!

With the attack of these monsters, the people of the two factions became chaotic in an instant, accompanied by shouts and wailing, the entire sea was dyed red!

Wang Defa looked at the disciples of the Tianlei faction. From time to time, someone was buried in the mouth of the monster. His eyes were full of killing intent, but he was a little bit puzzled!

He didn't understand why these monsters would listen to Chen Ping's words, but this time was not the time to figure it out!

“Chen Ping, take your life...”

Wang Defa shouted angrily, a long knife in his hand instantly, and the breath on the long knife rolled and swept towards Chen Ping!

And the Qishajun seemed to have an eye for it. Instead of attacking Chen Ping, he fought a monster and began to attack violently, and his eyes were constantly watching the battle between Chen Ping and Wang Defa!

Chen Ping can control dozens of monsters, which is beyond the expectations of Qishajun, so he plans to see the situation on the scene and make plans!

If the situation is not good, he will immediately evacuate people from here, after all, fighting at sea, their strength will be discounted, and these monsters can exert their strength to the extreme!

Chapter 2258

One move to defeat the enemy

At this time , Chen Ping faced Wang Defa's attack without the slightest panic. In Wang Defa's state, Chen Ping was not afraid at all!

The peak of the ninth-rank Martial God, the great guardian of the Burning Heaven Sect, was defeated. Wang Defa, a martial god who had just been promoted to the ninth-rank, Chen Ping could easily defeat him!

Looking at the long sword that Wang Deqi danced over, Chen Ping swayed slightly, and instantly escaped!

Wang Defa was stunned, he did not expect Chen Ping to escape his attack so easily!

Wang Defa shouted again: "Ten thousand swords and heavens..." The long sword in

Wang Defa's hand transformed into countless sword lights, and then these sword lights all went towards Chen Ping!

Chen Ping adjusted his breath, his hands suddenly flicked, and his fingertips exuded countless energy, and then the sword light collided together!

Boom.....

An explosion sounded, and then the entire space began to vibrate, and the sea surface set off a huge wave!

To deal with Wang Defa, Chen Ping didn't even use the Dragon Sword, and fought with Wang Defa with his bare hands!

Wang Defa's face was solemn, and his eyes narrowed slightly at Chen Ping.

And the Qishajun, who has been fighting with monsters, also looks here from time to time. When he sees Chen Ping fighting with Wang Defa with his bare hands, he is also very surprised!

"How dare you seek revenge from me with this little skill?"

Chen Ping looked at Wang Defa, sneered, and then grabbed the sea with his right hand!

Immediately above the sea surface, a water column rose in an instant, and then the water column was caught in Chen Ping's hands and turned into a long spear. Above the long spear, you could also see the continuous rotation and surging of the airflow!

Chen Ping threw the spear in his hand at Wang De, which instantly caused a change in the world, and a huge vortex began to appear on the sea. Feeling this scene, Wang Defa's face became extremely ugly. He never thought that Chen Ping, a mere third-rank Martial God, could show such an amazing momentum!

Wang Defa gritted his teeth, and suddenly the long knife in his hand slashed forward, and the long knife instantly hit the long spear transformed by the sea, directly shattering the long spear.

Seeing this, Wang Defa showed a sneer on his face. He didn't expect Chen Ping's momentum to be amazing, but his strength was not that great!

But just when Wang Defa was proud, the long spear that had been shattered suddenly solidified again, and instantly turned into a long spear, coming directly towards Wang Defa!

Wang Defa saw that he couldn't dodge in time, so he could only hold the long knife across his chest to block the attack of the long spear!

Boom.....

Wang Defa's body was instantly knocked out, and a gap appeared in the long knife in his hand!

Wang Defa's body kept retreating on the surface of the sea, slashing waves and flying for hundreds of meters before stopping.

Blood spurted out of his mouth, and his breath quickly wilted!

Seeing this, many warriors of the Tianlei faction were shocked. Even Wang Defa was not the opponent of Chen Ping. Aren't these people dying in vain?

The face of Qishajun, who has been observing the situation, has changed greatly, and the shock in his eyes is beyond words!

He didn't expect that Chen Ping would seriously injure Wang Defa in one move. This kind of strength gap was definitely not something he could deal with.

Judging from this situation, Chen Ping has definitely reached the level of a Martial Emperor!

When they entered, they thought that Chen Ping was a third-rank Martial God. This kind of misjudgment of strength resulted in them being easily killed by Chen Ping!

Qishajun is also a little fortunate at this time, fortunate that he has kept an eye, otherwise, with his peak level of the ninth-rank Martial God, he is definitely not the opponent of Chen Ping!

"Go..."

Qishajun hurriedly greeted the people from the Feixing faction to evacuate!

And the people of the Tianlei faction also wanted to escape, but they were all entangled by monsters and couldn't escape for a while!
