## Novel

### Chapter 2299

Lu Chang, who was beside him, was already gnashing his teeth in anger at this moment.

He didn't understand, even if David saved Han Qinger's life, Han Qinger didn't have to do this, right?

After all, the two didn't have much contact, and he and Han Qinger were childhood sweethearts!

Lu Chang couldn't understand why this was!

Five minutes passed quickly!

It's just that the miracle did not come, and David's figure did not appear!

Ge Cangsheng sighed, his expression seemed to have aged a lot, and he sat down on the stone bench!

The luster in Han Qinger's eyes disappeared instantly, and the expression on her face was full of sadness!

Ge Yuhan and Hou Zhen also felt lost for a while, and felt very sorry for David!

"Okay, it's time."

Yu Qian stood up, glanced at everyone in the audience, and then said, "I announce that the meeting is now..."

Just when Yu Qian announced the start of the meeting, a figure suddenly appeared at the top of the bell tower. Appeared!

"Then David appeared..."

I don't know who shouted, and everyone's eyes were focused on the past!

Everyone saw that David's figure slowly appeared, there were no scars or bloodstains on his body, and he looked very good!

"David..."

Seeing David appearing at the last moment, Han Qinger shouted out without hesitation, and cried with joy!

Lu Chang stood next to Han Qinger, his body trembling with anger, his fists rattled!

On the high platform, Han Fusheng frowned slightly when he saw his daughter so excited!

After all, Han Fusheng didn't know about Han Qinger following David!

"Mr. Chen, Mr. Chen appeared..."

Ge Cangsheng jumped up happily at this moment!

"Ge Cangsheng, why are you so happy? Even if he reaches the top, what's the use? In the end, I'm afraid he won't even be able to pick up a hammer!"

*Jin Lifu poured a basin of cold water on Ge Cangsheng!*

But Ge Cangsheng didn't care, he didn't care whether David could ring the dragon bell, as long as David was still alive, it would be the greatest good thing for him!

"With the strength of the three realms of distraction, it is not easy to reach the top. Whether you can pick up the bell hammer or ring the dragon bell is not important."

"Patriarch Ge, let that David come down. Don't be brave, or you will lose your life!"

Yu Qian felt a little surprised when he saw that David was able to reach the top, and he didn't want to see David lose his life, so he said to Ge Cangsheng!

Ge Cangsheng nodded and was about to call David down, but he found that with a wave of David's palm, the bell hammer weighing tens of thousands of pounds went straight from the ground to David's hand!

David held the bell hammer with a relaxed look on his face, without the struggle of others!

This time, everyone was stunned and looked at David in disbelief.

Even Yu Qian was shocked, his eyes were fixed on David, as if he saw something terrible!

At this time, David held the clock hammer in his hand, and then weighed it in his hand. It didn't feel as heavy as he said!

Then David threw the bell hammer into the air again, then caught it, threw it again, caught it again!

David's operation made everyone dumbfounded!

Someone said just now that David couldn't hold the bell hammer, but now David has not only moved it, but is still playing with it in his hand. Do you think it's annoying?

That Yao Shenghui looked at David relaxed and comfortable, tossing the hammer around, and the whole person began to doubt life!

He couldn't understand how David, a guy who was distracted by three realms, did it?

It's not just Yao Shenghui who doubts life, many people are beginning to doubt life!

And David didn't know the thoughts of the people below. He only felt that the hammer was very light in his hand, so he threw it up and tried it!

Looking at the dragon-patterned clock in front of him, David then waved the hammer and smashed it heavily on the dragon-patterned clock!

## Chapter 2300

Everyone quietly watched David's hammer fall. They wanted to hear if David could ring the dragon bell!

But just after David's bell hammer Luo Xiang, no melodious bell rang, no terrifying breath scattered, not even a trace of movement!

Seeing this scene, everyone was in an uproar, and many people stared at each other with big eyes!

Seeing David pick up the bell hammer so easily, he can't even knock the dragon-patterned bell, can he?

But even if it doesn't ring, the terrifying anti-shock force of the dragon-patterned bell should knock David out?

Why does it seem that David has not suffered the shock force at all?

It's kind of incredible!

"What's the situation?"

Yu Qian stared blankly, wondering, what is David playing?

"Hahaha, even if he can reach the top, he can't even knock!"

Jin Yuan laughed loudly.

"Hmph, I said earlier that he couldn't ring the dragon bell at all."

Lu Chang snorted coldly, then looked at Han Qing'er!

It's just that at this time, Han Qing'er only focused on David, and didn't even look at Lu Chang at all!

And David slowly put the clock hammer away after he struck it with a hammer.

At the same time, a melodious and dull bell, as if coming from the horizon, began to reverberate in the square!

Om...

This bell seems to be ringing louder than anyone else, and some people can't bear it and start covering their ears with their hands!

Some people's eardrums were shocked with blood!

With the sound of the bell, the dragon pattern on the dragon pattern clock began to flash with golden light, and then a golden dragon rose into the air!

But at the same time as the golden dragon soared into the air, another dragon pattern on the dragon pattern clock began to glow!

Immediately afterwards, another golden dragon shot straight into the sky from the dragon-patterned clock!

A hammer, knocked out two goldDragon, this is something no one has ever seen before!

But before everyone could react, another golden dragon took off on the dragon clock!

Three...

four...

five.....

at

the end, nine golden dragons hovered in the air, and a dragon roar resounded through the heavens and the earth!

This time, all the people in the square stood there like statues. Except for breathing, no one was making any movement!

With one hammer, nine golden dragons flew into the air, which no one could have imagined!

Nine golden dragons kept circling, and finally turned into a huge golden dragon, opened its bloody mouth, and the dragon breath spurted out one after another, and the whole castle began to tremble!

At this moment, everyone also woke up from their shock. Looking at the golden dragon in front of them, they were all shocked and talked about it!

And the golden dragon suddenly rushed down and returned to the dragon clock in an instant. At this moment, the nine dragon patterns on the dragon clock disappeared and became a dragon pattern hovering on it!

David stretched out his hand and gently touched the dragon clock, only to see that the dragon clock quickly became smaller, and finally became only a tea bowl, held by David in his hand!

Looking at the clock hammer and the dragon-patterned clock in his hand, David threw it into the storage ring without hesitation. You must know that these two things are treasures, and they are also ancient gods!

At that time, when David started the clock hammer, the origin and purpose of the clock hammer appeared in the wordless book in his mind!

Otherwise, when David slammed the hammer down, the dragon bell did not make a sound, he would have panicked!

Now that we know that the hammer and the dragon-patterned clock are ancient gods, David's must be put in the storage ring and taken away!

Putting away the clock hammer and dragon clock, David jumped back to the high platform!

And the faces of Jin Yuan and Lu Chang were red, as if they had been slapped hard!

They just shouted that David couldn't ring the dragon bell at all, but now not only have nine golden dragons been knocked out with one hammer, but now even the dragon bell has been taken away!
