#### **Chapter 2345**

"You said that if I get up now, these monsters really won't attack me?"

David was still a little worried, after all, there are so many monsters staring at him!

"Of course not, hurry up and take me to the place marked on the treasure map!" The

old man was a little anxious!

David still didn't dare to get up, and asked the old man: "Don't lie to me, if I am eaten by a monster, no one will take you there..."

"Don't worry, how could I lie to you, you Standing up together, these monsters will probably tremble in fright!" The

old man urged David to get up!

Only then did David stand up slowly. Seeing David standing up, he quickly took two steps back with the monster, which caused a commotion!

"See, these monsters are afraid of you!" the

old man said to David!

Looking at those monsters, David was really afraid of himself, which made David feel more at ease!

David then looked at the giant lion not far away, and then waved: "Come here..."

He wanted to try, since these monsters are his little brothers, will they listen to him!

The giant lion lay down on the ground, and slowly rubbed against David.

Like a docile puppy!

This made David very happy, so many monsters are his little brothers, so he is still afraid of the cold and heartless, what are those guys from the hidden world doing?

Thinking of being hunted down and how badly he was beaten, David was furious!

"I must take revenge..."

David punched suddenly, and a huge boulder in the distance turned into powder!

This time, the monsters trembled in fright, thinking that David was going to attack them!

As for David, he looked at his fist and was a little stunned. He didn't expect that during the time he was in a coma, his realm would actually improve!

At this time, David has reached the fourth stage of distraction, that is, the fourth-rank Martial God!

In this way, even if David meets Emperor Wu, he can still fight!

"It's a bit too casual to raise the realm..."

David never expected that he would raise the realm while in a coma!

"You have absorbed the strength of hundreds of monsters in your body. If you don't raise your level, then you are too perverted..." the

old man said speechlessly!

David just remembered that the old man told him just now that the fire phoenix absorbed the strength of hundreds of monsters, which made David wake up, and also made the power of dragon and phoenix merge together, without the suppression of heaven!

Although each monster beast only absorbed part of its strength, the combined strength of these hundreds of monster beasts cannot be underestimated!

"With these monsters, I don't have to be afraid of those guys in the hidden world..."

After David finished speaking, he started to walk down the mountain!

As soon as David left, hundreds of monsters and beasts followed behind in a mighty way, with dust flying and trees flying!

Even the ground trembled, and the whole mountain seemed to be crumbling!

Seeing this, David quickly waved his hands to make all these monsters stop!

Although it is very majestic to bring these monsters, in this way, it is impossible for David to avoid other people's sight no matter where he goes!

Now that his strength has recovered, and his realm has also been improved, even if he meets someone from the hidden world, he still has the strength to fight. If it doesn't work, he can escape easily!

There is no need for these monsters to follow, for the time being, so David said loudly: "You all spread out, if necessary, I will call you..."

After David finished speaking, those monsters scattered and left!

Seeing that those monsters had already left, David turned around and walked down the mountain. He wanted to help the old man find the location marked on the map, and then he was talking about revenge!

But now that he was brought here by the giant lion, it was far away from the place marked on the map, so David had to hurry as soon as possible.

## **Chapter 2346**

Under the mountain peak, the residence of Chunyang Sect!

Yao Qing rushed over with the members of the Fentian Sect. Since he promised Leng Wudao and the others to destroy the Pure Yang Sect and take the place of the Pure Yang Sect, he had to do it!

Otherwise, it is not a long-term solution to always live in such a sneaky way!

And Chunyangzong can only rest here temporarily before finding a suitable place to set up camp!

"Master, we are so far away from other sects now, do you think they will plot against us?"

Liu Xing asked Yue Buqun.

"No, how can I say that they are also famous and decent, but they will not communicate with each other in the future, and they don't need to lay hands on us!"

Yue Buqun still believes in other sects. Under the black hands, to the point of killing people!

“Let’s find a place to stay away from these guys, or they will always make trouble...”

Liu Rui said!

“Don’t worry, look slowly. This secret realm seems to be an unowned secret realm, and it’s so big. I believe there are still many geomantic treasures that haven’t been discovered yet!

”

After Buqun finished speaking, he lay down on the bed by himself!

He was still worried about David’s safety, and wondered if David had escaped!

Liu Xing and Liu Rui also went to rest, and only two disciples of the Pure Yang Sect were patrolling around to prevent monsters from invading!

At this moment, the two patrolling disciples of the Pure Yang Sect suddenly noticed a figure approaching rapidly!

Before they could open their mouths, they felt a tightness in their chests, and then a blood hole appeared in their chests, and blood spurted out!

Before they could make any noise, the two disciples of the Pure Yang Sect hated the Northwest!

Plop, plop...

Two slight falls to the ground still startled Yue Buqun!

Originally, Yue Buqun slept while lying down.No, now that there is movement, get up and check immediately!

But when Yue Buqun just got up, he saw several figures running towards him at a high speed, and each of them had killing intent on them!

Yue Buqun was shocked, and suddenly he slapped out a palm, a white light flashed in the dark night, and the terrifying strength directly knocked those figures flying!

This time, all the disciples of the Pure Yang Sect were alarmed. Seeing this, Yao Qing knew that a sneak attack was impossible, so he stopped hiding!

As the torches were lit one after another, Yue Buqun was surprised to see that it was Yao Qing from the Fentian Sect who attacked him unexpectedly!

He didn't expect that people from the Fentian Sect also entered this secret realm, and even dared to attack him boldly!

You know, the Fentian Sect has been hiding all these years and never dared to show their faces openly!

"Yao Qing, you are so brave, you dare to sneak attack my Pure Yang Sect?"

Yue Buqun shouted at Yao Qing angrily!

"Yue Buqun, when you chased and killed me, the Fentian Sect, there was also the matter of your Chunyang Sect, so it is only natural for me to sneak up on you for revenge."

Yao Qing snorted coldly!

"You are too courageous. Don't you know that not far away is the residence of other sects? When the time comes to attract other sects, I will see how you leave the Burning Heaven Sect!"

Yue Buqun turned to Yao Qing threatened.

"Hahaha, you are so naive, do you think other sects will come to save you?"

"Seeing that you are dying, I might as well tell you that I came to destroy your Chunyang Sect, and I also negotiated with other sects. The position of your Pure Yang Sect will be replaced by my Burning Heaven Sect."

Yao Qing said with a big laugh.

"You fart, they will never do that, stop sowing discord..."

Yue Buqun didn't believe what Yao Qing said at all!

You must know that they hate evil cultivators so much, how could Yao Qing take the place of Chunyangzong!
