Chapter 2385 - 2390

Chapter 2385

"I won't run away, and I don't need anyone to save me. I'll just watch you speak big words and be shameless."

"How many times have I escaped from you? Don't you have any clues in your heart?"

David used Zhanlong Jian to support his body, and said with a face full of indifference!

This time, Leng Wudao was so angry that he didn't expect that David was almost useless, and he dared to talk to him like this!

"Boy, you are so fu***ing stubborn. If I don't torture you to death today, I will not be a human being."

Leng Wudao was furious, and the raging breath enveloped David!

At this moment, the power of Dao pattern in David's body was constantly shining, but David didn't burst out!

David gritted his teeth, desperately resisting the tyrannical aura emanating from Leng Wudao, and said with disdain in his eyes, "I heard that someone peed on their pants because of the transformation, is it you?"

" Just pee your pants, and when you meet someone who is not as strong as you, you will be arrogant, you follow that pug, it is no different!"

David constantly stimulated Leng Wudao, because when people are furious, their thinking will be confused and they will lose their power of observation!

And what David wants is to make Leng Wudao lose his keen observation ability, otherwise the power of Dao pattern in David's body may be discovered by Leng Wudao!

"Boy, go to hell..."

Leng Wudao immediately became angry when he heard the words "piss his pants", and then he punched David fiercely in the abdomen!

David's body, like a leaf, was blasted out in an instant!

After flying for hundreds of meters, David's body fell heavily, smashing a deep hole in the ground!

David, who had fled to Taniguchi, was beaten back at this moment.

Wow...

David put his hands on the ground, and suddenly spewed out a mouthful of blood!

At this time, David's forehead was covered with cold sweat, and the internal organs in his body were in unbearable pain!

Although David's physical body was already very strong, he was still injured by Leng Wudao's furious punch!

If it wasn't for the burst of Dao pattern power at the moment of Leng Wudao's attack, David's life might have been killed by this punch!

But at this moment, Leng Wudao and the others saw that David was not dead, and stood up with his body propped up by the Dragon Slaying Sword. They were all so surprised that they were speechless!

"This guy, isn't his body too perverted?"

"What is this guy's identity? Could it be that he can't be beaten to death?"

"It's strange, it's so strange..."

Everyone looked at David who got up, and started talking!

At this moment, Leng Wudao's face was so gloomy that David was almost useless, but his punch failed to kill David!

In front of so many people in the hidden world, Leng Wudao felt ashamed!

It's embarrassing enough for him to pee his pants, but this time it's embarrassing again!

"Is that all you have the strength? Just tickle me..."

David wiped the blood from the corner of his mouth, and then taunted Leng Wudao!

Listening to David's ridicule, Leng Wudao was about to go mad with anger, his hair stood on end, and the clothes on his body were even more windless and automatic!

"I'm going to kill you, I'm going to kill you, I'm going to tear you into pieces..."

Leng Wudao roared, and in a blink of an eye, he was in front of David.

Immediately afterward, bursts of golden light erupted from Leng Wudao's fist, dazzling like the sun!

Then this golden light hit David fiercely!

David didn't have much, just looked around with his eyes!

When this fierce punch hit David, David's body flew backward again!

This time the flying distance was farther, but when David's body was still in the air, David exploded all the power of Dao pattern!

David's body shone with stars, and David was surrounded by a powerful breath, and then flew towards the distance!

Chapter 2386

"It's broken, I've been fooled, this kid actually still has strength..."

Seeing this, Leng Wudao yelled that he was not good, and hurriedly jumped to catch up!

Seeing this, the others also started to catch up!

Now they know that David deliberately angered Leng Wudao just now, and then escaped with the power of Leng Wudao's punch, which was planned by David a long time ago!

David ran away desperately in front, and Leng Wudao led his people to chase desperately behind!

Although the power of the dao pattern erupted, David still felt his head swell, as if he was about to faint!

"Can't sleep, definitely can't sleep..."

David bit the tip of his tongue, trying to keep himself awake!

But soon, David had already fled to the end of the valley. At the end of the valley, where the altar was destroyed, there was a bottomless and extremely dark hole!

Countless undead were still crawling out of the cave. After discovering David, they swung their knives and slashed at David!

It's just that David didn't have the mind to fight with this undead, so he moved to hide!

At this time, Leng Wudao led everyone to chase after him. After seeing that David had nowhere to escape, Leng Wudao breathed a sigh of relief.

If this made David escape, he might become the laughingstock of everyone in the future!

The undead saw that there were people coming again, so they started to attack one after another!

Tong Haiyang led people to kill that undead, while Leng Wudao stared at David, sneering, "Boy, I almost don't want you to lie, but now I see where you are going to escape..."

"I said But, if you can't kill me, you definitely can't kill me, I won't let you kill me..."

David raised the corner of his mouth slightly and suddenly jumped, heading directly towards the deep hole where the undead crawled out. Jumped into the hole!

"This....."

Seeing this, Leng Wudao was stunned for a moment, he didn't expect David to jump into that deep hole!

Leng Wudao ran forward, only to see that the sinister aura emanating from the deep cave was many times stronger than that in this valley!

And there were shrill roars everywhere inside, and undead emerged constantly, which made Leng Wudao a little scared!

He didn't know if he should jump down too and kill David with his own hands!

But this deep cave is an unknown world, and the evil spirit inside is too strong, Leng Wudao is a little scared!

At this time, Tong Haiyang came over, "What? Did David jump?"

Leng Wudao nodded, "En!"

Tong Haiyang glanced inside and said, "There is so much evil spirit in here, and there is still Countless undead, David is probably dead if he jumps down!"

"Let's leave here first, and then go out to guard at the entrance of the valley, if David is still alive, there is only one place to go out!"

"We can't kill this undead are dead, and when we learn Yao Qing's skills, this undead will be the best resource."

Tong Haiyang reminded Leng Wudao that he was afraid that Leng Wudao would lose his mind for revenge!

When Leng Wudao heard it, he immediately realized that when he saw the undead who had been beheaded a lot, his heart ached!

"Get out, let's get out of here quickly..."

Leng Wudao shouted, and everyone quickly got out!

After withdrawing to Taniguchi, Leng Wudao sent people to tightly close the gate tens of meters high in Taniguchi, in order to prevent the undead from running out!

They have to learn the exercises first, and after they learn the exercises, they will open the door and kill that undead!

"Yao Qing, here is your chance to make up for your mistakes, pass it on to us!"

Leng Wudao said to Yao Qing.

"Okay." Yao Qing nodded, not daring to say anything, and began to teach the exercises to everyone.

In the abyss for a while, Leng Wudao and everyone in the hidden world began to learn the method of evil cultivation from Yao Qing!

Chapter 2387

In the deep cave of the valley!

David's body was slowly falling down. At this time, David felt the thick evil spirit around him, and his mind became more and more blurred!

He seemed to be able to feel something passing by him, like that undead, but it didn't seem to be.

If it was that undead, why didn't they attack themselves?

Before he knew it, David lost consciousness!

The body is still falling, but it seems to be supported by something, and the falling speed is very slow!

When David's body finally touched a round platform and stopped falling, countless undead surrounded him, but after glancing at David, they didn't attack, but crawled out of the cave!

David just lay there quietly, and countless undead passed by, and none of them would attack him!

I don't know how long it took, David slowly opened his eyes, but what caught his eyes, except for the darkness, was the densely packed undead.

Those undead radiated a faint white light in this deep hole, and then they floated upward one by one.

Seeing so many undead, David was terrified, holding the dragon-slaying sword in his hand and vigilant around!

Only a moment later, David found that these undead seemed to be unable to see him, and did not attack him!

This time, David finally breathed a sigh of relief, and then began to look at the surrounding environment!

Because it was pitch black all around, David couldn't see anything clearly, but he could see clearly the round platform under his feet!

David turned around on it, and found that the diameter of the circular platform was 100 meters, which was very huge, but there seemed to be room under the circular platform, and such a large circular platform seemed to be suspended in mid-air!

"What exactly is this place?"

David remembered that he jumped into the deep hole under the altar, but he didn't expect that there was such a big space in the deep hole!

David exuded his consciousness and wanted to investigate, but with a thought, he realized that the spiritual power in his dantian was already empty!

Helpless, David could only sit cross-legged and began to recover his strength!

Fortunately, there is a strong evil spirit here. For David, these things are no different from spiritual energy, and they can quickly restore David!

But David had just activated the Concentration Art, and he couldn't help frowning, "Hey, why does it seem that there is Ning Zhi's aura here?"

David was very surprised, how could there be Ning Zhi's aura in this place!

David couldn't remember how long he hadn't seen Ning Zhi, and David didn't even know whether Ning Zhi was alive or not!

But now Ning Zhi's aura suddenly appeared here, making David think of him again in an instant!

However, David was only surprised for a moment, and then quickly entered the state of cultivation!

He didn't believe that Ning Zhi would appear here, after all, he opened this place inadvertently, and Ning Zhizai might be here!

Just as David was recovering quickly from his practice, Yue Buqun and Qu Yunchang in the secret realm were already very anxious!

Yue Buqun and the others had already recovered, but David hadn't been seen yet, which made everyone very anxious!

They were all afraid that if David met Leng Wudao and the others, it would be a disaster.

David alone will never be the opponent of Leng Wudao so many people, as long as he meets him, he will definitely die!

"How is it? Did you find Mr. Chen?"

Qu Yunchang asked anxiously, frowning.

Yue Buqun shook his head, "I didn't find it. I searched for two hundred miles this time, but I still didn't find Mr. Chen."

"Senior Qu, I didn't find it either. There is no news!" The

fortune teller also shook his head and said!

Hearing this, Qu Yunchang had a bad premonition in his heart!

If David was fine, he would never not come back for so many days, he should know that he would be worried about him.

Since he didn't come back, he must be in danger!

"Let's look for it separately now. After three days, no matter whether we find it or not, we will all come to this place to gather."

After Qu Yunchang finished speaking, he disappeared in a flash!

Yue Buqun and Shen Suanzi also parted ways, looking for each other in one direction.

Chapter 2388

In the deep cave, because there is a lot of evil energy, David's recovery speed is very fast!

After David fully recovered, he slowly opened his eyes, but at this moment he was still on the round platform!

Now David didn't know if Leng Wudao and the others had left, and he didn't dare to go up rashly. Then David came to the edge of the round platform and looked down. It was pitch black and he couldn't see anything. deep!

"It's not really hell down here, is it?"

David looked down, constantly instigated by curiosity to go down and have a look!

At this time, the undead are still emerging, and this undead are obviously emerging from a lower place!

"There are so many undead, what's down there?"

David walked with a curious expression on his face!

Gritting his teeth for the last time, he actually jumped off the round platform!

This time, as soon as David jumped off the round platform, he felt a sense of suffocating oppression. The coercion in the entire cave continued to radiate, and David's falling speed became even slower!

It was as if something was holding David up and didn't want him to fall!

David could only sink his qi into his dantian and use the heavy pendant, which made his body fall a little faster!

However, with the whereabouts of David's body, the coercion became stronger and stronger, as if to crush David!

If it wasn't for David's body being strong enough, and the indestructible golden body being activated, David would have already turned into a puddle of flesh at this time!

He didn't know how long he had been falling, but David suddenly felt his body lighten, and then his body was falling rapidly like a meteorite.

David hurriedly lifted his breath and stabilized his figure. With the acceleration of the falling speed, David's eyes began to become extremely bright!

Boom.....

With a loud noise, David's body hit the ground heavily, smashing the ground out of a deep hole!

David calmed down for a while, and then slowly crawled out of the deep pit, but when David climbed out of the deep pit, he was stunned!

I saw towering mountains all around, the entire sky was also gray, countless skeletons were all on the ground, and countless weapons were scattered all over the place!

A few black crows kept circling overhead, the scene was lifeless, and the surrounding area was desolate. Except for a few crows, there was no living thing to be seen at all, not even a blade of grass!

"This... what is this place? Is this an ancient battlefield?"

David was shocked.

He didn't understand, why he came to this place suddenly when he was clearly in that dark cave.

Could it be that there is a teleportation array in that hole? Teleported yourself to this place?

David couldn't figure it out, and he didn't even know where this place was!

Even if he radiated his spiritual consciousness to the extreme, David couldn't detect other auras!

But now that he's here, David still intends to wander around. If he can get to this place somewhere, there is a possibility that he will have an adventure here!

David saw that on the countless bones, there were faint rays of light flickering, and then the undead on the bones appeared, and then floated into the air!

David looked up following the figures of the undead and found that there was a black hole in the sky, and the black hole seemed to be still spinning, devouring everything close to him!

"This? Is this where I fell?"

David looked at the black hole in the sky, and seemed to understand that he should have fallen from this black hole, and this undead also entered Daona Valley through this black hole. !

A large number of undead emerged, then floated into the sky, and were swallowed by the inner black hole!

Seeing this, David held the dragon-slaying sword in his hand and slashed out with one sword. With so many undead, he could kill more than a dozen of them with one slash. In this way, he can collect more Dao pattern power!

But when David slashed at that undead with his sword, he found that his sword glow instantly penetrated that undead, and did not cause any harm to that undead!

Chapter 2389

Those undead also ignored David, as if David didn't exist!

This time, David was a little dumbfounded, how could he not be able to attack that undead in this place?

After trying several times in a row, David gave up.

Holding the Dragon Slaying Sword, David walked blankly in the area surrounded by mountains. The bones on the ground exuded bursts of cold air!

David didn't know what happened here, so many people died!

However, as David kept walking forward, a pair of huge white bones soon appeared in front of David. Seeing this, David couldn't help but gasped.

I saw that this skeleton was more than ten meters high, and it was still complete, but the posture of this skeleton was a bit strange, it was kneeling on the ground!

The whole body of the skeleton is crystal clear, shining with luster, and there are bursts of coercion from this skeleton body!

David was very surprised. Except that the body of this skeleton was much bigger than that of the Yin Demon's, the bones were all crystal clear, almost exactly the same!

However, David has never seen a person who is more than ten meters tall. Even if the other person is kneeling on the ground, David wants to see the whole skeleton, but he still has to look up!

But when David looked up, he found that at the position of the skull, an arrow that was also crystal clear was inserted between the eyebrows of the skull!

If David hadn't looked carefully, he wouldn't have noticed it at all!

David slowly floated his body up until it was even with the skull. Only then did David realize that the crystal clear arrow feathers were only a few inches long and hit the center of the skull's eyebrows. It could be seen that the owner of this skeleton was Killed by this arrow!

David grabbed the arrow curiously, he wanted to pull it out to see if it was some kind of treasure!

But when David grabbed the arrow feather, he suddenly felt a dangerous breath, and then the arrow feather burst into a bright light, and then a huge burst of breath, and then shocked David directly. Fly out!

David's body was instantly sent flying tens of meters, and then hit the ground fiercely!

David could only feel his internal organs churning continuously, and blood overflowed from the corner of his mouth!

You must know that David's body is extremely strong now, and he even has indestructible golden body protection. Even if he is a strong Martial Emperor, he may not be able to hurt David like this!

But just now, the aura emanating from the arrow feather almost caused David to die here!

Taking a deep breath, David stared fixedly at the arrow feather. Something capable of erupting such power is definitely not a mortal thing, maybe it is a divine arrow!

David mobilized his spiritual power and then burst outbursts of breath to resist the coercion emitted by the arrow feather, and then went towards the arrow feather again, David wanted to pull out the arrow feather and have a look!

But just after David approached, he was knocked away by a huge breath again!

David tried several times in a row, but he couldn't get close to that arrow feather!

Even if David burst out the power of the dragon, he still couldn't get close to it. The burst of breath from this arrow feather directly suppressed both David's spiritual power and the power of the dragon!

At this time, David's face was a little pale, and the corners of his mouth were full of blood!

"Damn it, I don't believe it anymore, I can't even pull out an arrow..."

David's temper was also aroused.

But when David was about to try again, he suddenly found that the power of Dao pattern in his body was shining!

David hastily exploded the power of the Dao pattern, and just after the power of the Dao pattern in David's body exploded, the arrow feather inserted in the skull also emitted bursts of light and even trembled.

"Could it be that the power of this pattern can suppress this arrow feather?"

David continued to burst out the power of the Dao pattern, and began to approach the arrow feather!

Chapter 2390

Sure enough, the arrow feathers didn't exude a strong aura this time, but just when David was about to take the arrow feathers into his hands, the arrow feathers suddenly trembled more violently, and finally broke away from the skull in an instant, and flew away in an instant!

With the detachment of the arrow feathers, the skeleton of more than ten meters also collapsed!

"Don't run..."

David didn't care about the collapsed skeleton, but directly chased after the arrow feathers.

The arrow feather turned into a streamer and flew straight towards the peak on one side, while David tried his best to chase after it!

When finally reaching the peak, the arrow feather suddenly slowed down, and David stepped forward to grab the arrow feather!

As soon as the arrow feathers were in his hands, there was a burst of chill, and David was almost thrown out!

Looking at the crystal clear arrow feathers, and the chill in his hands, it seemed that the arrow feathers were made of ice!

"There doesn't seem to be anything special about this arrow?"

David observed carefully. Apart from the fact that the arrow is cold, there seems to be nothing special about this arrow!

Even if David injects the power of Dao pattern, this arrow feather has not changed at all!

But when David was wondering, suddenly the ground trembled violently, followed by roars!

David hurriedly turned his head and looked down the mountain, and found that there was countless undead under the mountain. Among them, there was an undead that reached a height of more than ten meters. David could tell at a glance that this undead came from the huge In skeleton!

The chill and roar of the countless undead made David's heart tremble!

He didn't understand why the undead, who were very quiet just now and all floated into the air, became irritable now?

David looked towards the sky, and was instantly dumbfounded. At some point, the huge black hole in the sky disappeared!

This undead have nowhere to go, so they start to become irritable!

And David himself doesn't know where to go now, the black hole is gone, how can he go back?

This time, David was in a bit of trouble. He wouldn't be trapped in this place forever, right?

This place is simply a place where birds don't shit, and David doesn't even know where it is!

Just when David was at a loss, that undead started to climb towards the mountain!

They seem to be attacking David!

David hurriedly put away the arrow feathers, and then held the dragon-slaying sword in his hand, ready to fight to the death with this undead!

But just when that undead were about to reach the top of the mountain, a dazzling golden light suddenly exploded!

All the undead who climbed up the mountain turned into nothingness at this moment and disappeared without a trace!

Seeing this, the undead in the back all stopped.

David hurriedly looked towards the place emitting golden light and found a bow embedded in a stone wall.

This bow dived very deep into the stone wall, and only part of it was still exposed. The dazzling golden light just now came from this bow!

Seeing this, David hurried forward and cleared the surrounding stones with the Dragon Slaying Sword in his hand, and the bow soon revealed its full view!

Looking at the very delicate bow in front of him, emitting bursts of golden light, David reached out and took it out!

When the bow was held in David's hand, there were bursts of buzzing sounds, and the power of Dao pattern in David's body also began to boil!

Although David didn't know what level of weapon this curved bow was, it was definitely a good thing. The golden light and aura it emitted just now were by no means what ordinary weapons could erupt!

David carefully looked at the curved bow in his hand, and soon found the word 'God King Bow' on the handle of the curved bow!

"Is this bow called the God King Bow?"

David looked at the God King Bow and couldn't put it down!
