

A Man Like None Other

Novel

Chapter 81

"Didn't you tell President Xing that he is a reform-through-labor prisoner?" Sun Xiaomeng continued to ask.

"Of course I said it. At that time, President Xing's eyes almost didn't frighten me to death. If I dared to talk too much, I would not be able to keep my position as manager..."

Now Cui Zhiyuan thinks of Xing Jun's eyes, and he has lingering fears!

"Does this guy really know President Xing?" Sun Xiaomeng frowned.

"Let's take a look and then talk about it. If he really knows President Xing, we really can't target him in the future, and you have to coax him!" Cui Zhiyuan exhorted Sun Xiaomeng!

"It's up to you!" Sun Xiaomeng rolled her eyes and walked out!

At this time, more than a dozen people in the sales department already knew that the general manager had spoken in person and recruited a prisoner who had been in prison.

This kind of thing spreads very quickly in the company, especially this kind of gossip!

"This David must have something to do with Mr. Xing, or else he won't be wanted!"

"People who have been in prison come with us, why do I feel so infiltrating!"

"We'll all be careful when people come here. If this guy really has something to do with Mr. Xing, if we're not careful, we'll be out of luck!"

The people in the sales department gathered around and discussed.

"What are you doing? Don't you have to work?"

Sun Xiaomeng came out of the office and saw everyone gathered around discussing, so she shouted with a cold face!

Although Sun Xiaomeng is just an ordinary salesperson in the sales department, he is always showing his authority. After all, Cui Zhiyuan is the department manager, no one dares to provoke Sun Xiaomeng!

When Sun Xiaomeng shouted like this, everyone dispersed, only a short-haired girl walked towards Sun Xiaomeng!

This girl's name is Wang Lanlan, and she has a good relationship with Sun Xiaomeng!

"Xiaomeng, did you hear that our sales department recruited a prisoner of labor reform? I heard that it was recruited by President Xing's words. It is estimated that it has something to do with President Xing..."

Wang Lanlan whispered to Sun Xiaomeng.

"fcuk, if he has something to do with President Xing, and he has something to do with President Xing, it's just sh!t luck..."

Sun Xiaomeng doesn't believe that David really has anything to do with the general manager!

Wang Lanlan was taken aback: "Do you know the one named David?"

Sun Xiaomeng found that she had said something wrong, and hurriedly shook her head: "I don't know the prisoner of labor reform, I just think this guy just came out of prison, how could he know Mr. Xing, don't spread the word, I will ask Manager Cui to ask Xing later. Always know!"

About an hour later, David's entry procedures were completed, and he went to the sales department after receiving a badge!

When David arrived at the sales department, everyone looked at him like a giant panda, which made David a little overwhelmed!

"David, congratulations on joining our sales department, you will cherish this opportunity in the future!" Cui Zhiyuan said to David in a calm tone!

Cui Zhiyuan didn't dare to target David until he didn't know if David had a relationship with Xing Jun.

David nodded slightly.

"Tongjian, come here!" Cui Zhiyuan shouted at a boy with glasses and a young face!

Soon the boy ran over and said to Cui Zhiyuan, "Manager, are you calling me?"

"You will take David with you in the future, you two, remember to teach him more..."

Cui Zhiyuan said to the boy.

The boy looked at David with an embarrassed look on his face.

"Why, are you not happy?" Cui Zhiyuan stared!

The boy hurriedly shook his head and said, "Yes, yes..."

Seeing the boy's agreement, Cui Zhiyuan smiled slightly and said to David, "Go with him, your workstation is next to him!"

After Cui Zhiyuan finished speaking, he turned around and went back to the office!

The other colleagues in the sales department looked at David with a playful smile, and that Sun Xiaomeng also secretly smiled and sat back in his seat!

Chapter 82

"Big...Big brother, my name is Zhang Tongjian, I hope you can take care of..."

Back at the workstation, Zhang Tongjian stretched out his hand nervously and said to David.

David could see that Zhang Tongjian was very afraid of himself, which surprised David.

"My name is David Chen, you should take care of me!"

David stretched out his hand and smiled slightly!

"No, no, I've only been here for a few days. Let's work together..." Zhang Tongjian said hurriedly.

David has long seen that Zhang Tongjian is not like an old employee.

"You seem to be afraid of me?"

David asked Zhang Tongjian in confusion.

"No...don't be afraid!" Zhang Tongjian shook his head, but he didn't dare to look directly at David!

"Do you know something?" David knew that Zhang Tongjian must know something, so he was afraid of himself.

Zhang Tongjian hesitated for a while, and finally nodded: "Brother, you...why are you in jail? You don't look like a bad person!"

When David heard this, he immediately laughed. It turned out that Zhang Tongjian knew that he had been in prison, so he was a little scared!

After knowing why Zhang Tongjian was afraid of himself, David didn't hide anything, and told Zhang Tongjian about his own affairs!

It didn't take long for the two to get to know each other, and that Zhang Tongjian was no longer afraid of David!

"Brother Chen, you're wronged enough, but now that you're out, let's do it well, it's just... it's just..."

Zhang Tongjian said, and began to hesitate!

"Just what?" David asked.

"Brother Chen, it's just that you were assigned to my group. It is estimated that neither of us can work very long..."

Zhang Tongjian sighed and said.

"What's going on?" David was surprised!

Zhang Tongjian opened a folder from the computer, and then said to David: "Brother Chen, these are the accounts that our group needs to recover. The previous salesman left the accounts and left, and now we need to collect them. If we don't come up, we won't be able to do it!"

David looked at the dense accounts on the computer and frowned slightly: "How many people owe my wife money?"

"Brother Chen, what did you say?"

Zhang Tongjian was taken aback!

"Oh, I said why so many people owe money!" David hurriedly changed his mind!

"That's right, it's hard to do any business now. I've analyzed it a long time ago. Those who owe money are some difficult customers. It is estimated that the two of us will not be able to collect it!" Zhang Tongjian sighed heavily!

David finally understood at this time, why after he was assigned to a group with Zhang Tongjian, many people secretly laughed!

"Don't worry, the money will not be less, we can get it!"

David patted Zhang Tongjian's shoulder and encouraged.

You must know that this company belongs to Sonya, the money owed to the company is the money owed to Sonya, and the money owed to Sonya is the money owed to him David, David will not let anyone owe him money!

"Well, let's work together..."

Encouraged by David, Zhang Tongjian nodded his head hard!

David began to be familiar with all the arrears in the company, and he would have to get back a lot of this money!

Soon, a day passed. David stretched his waist and couldn't help muttering:
"This is too much debt, what does the general manager of the company eat?"

"Brother Chen, don't talk nonsense. If you are overheard and report your words, it will be troublesome..."

When Zhang Tongjian heard David complaining about the general manager, he was so frightened that he hurriedly reminded him!

“Is it so serious? It’s just a general manager, and he was hired. Do you really consider this place your own home and an emperor?”

David did not expect that the employees were so afraid of Mr. Xing!

You must know that Xing Jun is just a professional manager. He was hired by the Su family with money, and he has not yet reached the point of covering the sky with one hand in the company!

It’s just that Sonya rarely comes to the company and never participates in the company’s affairs, which makes Xing Jun’s power more and more powerful!

Chapter 83

“David, the company stipulates that new employees should invite everyone to have a meal. Where do you plan to arrange everyone?”

After Sun Xiaomeng got off work, she found David and asked.

At this time, everyone in the office looked at David, ready to eat David, because every new employee would be eaten hard!

“And this rule? Is the board ruled by the board?”

David was slightly taken aback!

“Brother Chen, there is this rule. When I came, I invited everyone to have a meal. It cost me nearly 10,000.

“

Zhang Tongjian reminded David in a low voice!

“David, since you have come to my sales department, you must abide by the rules of the sales department. This rule was set when I was a manager!”

Cui Zhiyuan came over and said to David!

“The rules you set?” David smiled coldly: “I’m sorry, I don’t have money. If you want to eat, then pay for it yourself. You are not beggars. Can you beg me for a meal?”

After David finished speaking, he turned around and left without ignoring Cui Zhiyuan’s already angry face.

“This David is too much, what the h3ll, is it because he has something to do with Mr. Xing, he is so defiant and ignores Manager Cui!”

Wang Lanlan jumped out and spoke for Cui Zhiyuan immediately.

“That is, even if he is related, he can’t talk to Manager Cui like this. He even compares us to beggars. Who the h3ll cares about his meal!”

“It seems that he still doesn’t know how powerful our sales department is, let him look good tomorrow!”

A group of people in the sales department were all talking indignantly!

That Zhang Tongjian didn’t dare to speak at all, and he was extremely depressed. David’s actions today will definitely attract revenge. When they are in a group, he can’t hide himself!

“Hey, he has a f.art relationship. I have already asked President Xing. The reason why President Xing left him is just to make him embarrassed...”

Cui Zhiyuan’s eyes flashed coldly.

He has already asked Xing Jun in a side-by-side manner, and Xing Jun’s instruction to him is to make David embarrassed in the company. Although

Cui Zhiyuan didn't know why Xing Jun did this, he dared not not listen to the general manager's words!

Since David didn't treat the guests, the people in the sales department also left. Just when Cui Zhiyuan said goodbye to Sun Xiaomeng and was thinking about leaving, Sun Xiaomeng's cell phone suddenly rang!

The call was from Sun Xiaomeng's mother, Li Fengxia. Seeing her mother calling her, Sun Xiaomeng hurriedly answered.

"Xiaomeng, let me tell you the great news, all the debts owed by Fuyao Decoration have been returned to us, and our company has survived..."

Li Fengxia's voice was filled with excitement and excitement!

"Really?" Sun Xiaomeng was also excited: "Then why did Fuyao Decoration suddenly pay back the money? We asked for it many times and didn't give it.

"

"Your dad has inquired about it, and it was Lord Tiger who spoke, so frightened that Fuyao Decoration immediately gave the money!" Li Fengxia said.

"Lin Tianhu?" Sun Xiaomeng was stunned: "It doesn't matter if our family follows him, we don't even know him, so why does Lord Hu help us?"

"I'm also wondering? I remember you said that Zhiyuan used his relationship to help us think of a way. I think whether Zhiyuan knew Hu Ye, or his friend, so I called you to ask, If Zhiyuan is really helping, then you can call him tonight and let's have a meal together!"

Li Fengxia asked.

"I'll ask him, hang up first..." Sun Xiaomeng hung up the phone.

"What's wrong? Do you think you're happy?" Cui Zhiyuan asked Sun Xiaomeng's excited face, so he asked suspiciously.

Chapter 84

"Zhiyuan, did you ask Tiger Lord to help our family to get the account? All the money from Fuyao Decoration has been returned to our family, and our family's company has been saved. My dad said that Tiger Lord personally spoke.

"

Sun Xiaomeng looked at Cui Zhiyuan expectantly and asked.

She really hoped that Cui Zhiyuan really did this, so that his parents would not reject the two of them, and in front of his parents, Cui Zhiyuan's status would be improved a lot, and he could get to know people like Lin Tianhu. , that is very honorable.

"Master Tiger?" Cui Zhiyuan was stunned for a moment, but his eyes rolled, and he quickly reacted: "Ah, I talked to Master Tiger, but I didn't expect Master Tiger to be so efficient. Since he gave the money, then I'm relieved too!"

"Zhiyuan, I didn't expect you to really know Tiger Master, you're amazing..." Sun Xiaomeng jumped on Cui Zhiyuan excitedly, kissed Cui Zhiyuan fiercely, and said, "My mother said, I'll call you tonight. Let's have dinner, now I want to see, can my dad look down on you!"

Sun Xiaomeng happily held Cui Zhiyuan's arm and walked towards the parking lot together!

David on the other side, after returning home, Barbara asked eagerly, "David, how was the interview? What position has been arranged for you?"

"Mom, the interview was successful, I became a salesperson, and the treatment was good..."

David smiled lightly.

"Hey, it's really great to be a salesperson directly. This is due to Xiaomeng. When we have time, our family will go and thank them. You have a formal job, and I'm relieved... .."

A satisfied smile appeared on Barbara's face!

Seeing his mother's happy appearance, David didn't say anything!

"David, take a shower, change your clothes, we'll go out to eat in a while, your Uncle Sun called and asked us to have a meal together..."

Chen Baoguo walked in from the outside with his mobile phone and said after seeing David.

"Baoguo, why did Fuhai invite us to dinner? It stands to reason that people have found a job for David, so we should invite them!" Barbara asked inexplicably.

"It seems that the arrears of Fuhai Company have been paid off, and the company has survived..."

Chen Baoguo said.

"That's really good, it's really good people get good rewards..."

Barbara was also happy for Sun Fuhai when she heard it!

After David heard it, he smiled slightly and went into the room to change his clothes.

He originally wanted to call Lin Tianhu and ask, but he didn't expect this kid to be very efficient in his work. It seems that the debts that are so heartfelt will be asked by Lin Tianhu. It's all his own money!

...

Sun Fuhai was very happy at the Regal Hotel, so he specially reserved a table here. You must know that Sun Fuhai has not eaten here for a long time, because the price is too expensive, and the company is full of debts, so he has no intention to come. Eat here!

"This Regal Hotel is stylish. Is it my first time to eat here?"

Sun Xiaomeng looked at the magnificent hotel in front of her, and she was so excited that she almost jumped up!

"This is also the property of the Su family. Speaking of which, we are all bosses. When I eat here, I can get a 20% discount with my work permit..."

Cui Zhiyuan said with some pride.

"Yes, we come here to eat, and it can be regarded as generating income for the boss!"

Sun Xiaomeng took Cui Zhiyuan's hand and walked in.

When they came to a private room, the two pushed the door and walked in. At this time, Sun Fuhai had arrived with Li Fengxia!

"Good uncle, good aunt..."

Cui Zhiyuan greeted Sun Fuhai and Li Fengxia politely after seeing Sun Fuhai and Li Fengxia!

"Okay..." Li Fengxia hurriedly stood up: "Zhiyuan, come and sit down, it's all your family, why are you being polite!"

Chapter 85

At this time, Sun Fuhai also smiled slightly: "Zhi Yuan, come and stand next to me, and my father and I will have two more drinks in a while. My company's affairs are all thanks to you..."

Sun Fuhai's attitude towards Cui Zhiyuan changed 180 degrees, which made Cui Zhiyuan swell up instantly.

"Uncle, why are you being polite to me about this trivial matter? It's not just a matter of words, and we are a family!"

Cui Zhiyuan said and sat beside Sun Fuhai.

Although this was not done by Cui Zhiyuan, since everyone thinks that he did it, then he will follow the flow and show his strength!

"Zhiyuan, I really don't know that you know Tiger Master, don't you know that the boss of Fuyao Decoration Company sent me money, and he looked like a grandson, so he almost knelt down for me, it's so cool now..."

When Sun Fuhai remembered that scene, his whole person was extremely excited. He has worked for so many years, pretending to be a grandson for others, and he has never been treated like a grandfather before. I am afraid that this feeling will never be forgotten in his life!

"Uncle, if there is anything going on in the company in the future, just tell me. Don't look at me as a small department manager. There is nothing I can't handle in Horendel!"

Cui Zhiyuan spoke shamelessly, and was not afraid not to expose it, because none of the people here knew Lin Tianhu, and had never even seen him. Who could expose him?

"Okay, okay... From now on, my uncle's company will depend on you, and I will be a daughter. Everything in the future will be yours..."

Sun Fuhai now recognizes this Cui Zhiyuan from the bottom of his heart!

"Don't worry, uncle, I will definitely treat Xiaomeng well!"

Cui Zhiyuan nodded vigorously, excited inside!

"Okay, I'm hungry, you guys are talking, I'm going to starve to death, hurry up and eat!"

Sun Xiaomeng interrupted the conversation between the two and said with a pouted mouth!

"Wait a minute, I informed you Uncle Chen's family, they should be here soon!" Sun Fuhai stopped Sun Xiaomeng.

"Let's have dinner together as a family, what do we ask them to do? It's annoying..."

When Sun Xiaomeng heard that the David family was coming, her face suddenly became ugly!

"You child, how can you say that Uncle Chen also saved Dad's life!" Sun Fuhai glared at Sun Xiaomeng, and then continued: "How was David's interview today?"

"Uncle, David's test was successful. As a department manager, I can still handle this trivial matter!"

Cui Zhiyuan directly took the credit for David's successful test to himself!

"Zhiyuan, I'm really bothering you!" Sun Fuhai gave Cui Zhiyuan a grateful look!

At this moment, the box door was pushed open, and David's family walked in!

"Sorry, it's a little late..."

Seeing that Sun Fuhai and the others had already arrived, Chen Baoguo said apologetically.

"Old monitor, it's okay, we just arrived, hurry up and sit..."

Sun Fuhai hurriedly greeted Chen Baoguo and the others to sit down!

And David felt a little surprised after seeing that Cui Zhiyuan was there, but he didn't say anything!

However, Cui Zhiyuan looked at David with a playful face, and said with a cold smile: "David, we met again and asked you to treat yourself, but you ran away. Do you know how difficult it is for me and Xiaomeng to do this? "

After Cui Zhiyuan finished speaking, Chen Baoguo immediately looked at David with a question in his eyes!

Barbara asked, "David, what's going on?"

Sun Fuhai also looked at Cui Zhiyuan with a questioning expression on his face!

"This David, the interview was successful. There is a rule in our sales department that new employees should treat guests to dinner, but he said that he had no money and ran away, which made me and Zhiyuan humiliated..."

Sun Xiaomeng looked at David angrily and said!
