

A Man Like None Other Novel

Chapter 921

Looking at the news of David's victory at the end of the Long family, Long Jingguo couldn't see the sadness or joy on his face!

"Xingxu, if you follow David to fight alone, are you sure you can beat him?"

Long Jingguo asked Long Xingxu.

Long Xingxu hesitated, then shook his head and said, "I don't know either..."

If it was before, Long Xingxu would nod without hesitation, but he didn't take David seriously at all.

But now, Long Xingxu can't be sure, after all, David is the one who even Ichiro Watanabe defeated.

Long Jingguo looked at Long Xingxu, and then said, "If you really fight against David alone, you must not be his opponent. Do you know why?"

"Why?" Long Xingxu immediately looked at Long Jingguo suspiciously.

"Because David's body is the orthodox blood of the Long family, and you are just a side branch..."

Long Jingguo's words made Long Xingxu's head drop instantly.

As a side branch of the Long family, this is where Long Xingxu has been unable to raise his head, so he practiced hard, relying on his talent, and stepped into the ranks of Wuzong at a young age, he wanted to rely on his own efforts to enter The core of the Long family, but it is easier said than done if you want to enter the core of the Long family!

“Patriarch, you have already determined that this David is the child that Miss Eldest lost back then?”

Long Xingxu asked.

“Apart from our dragon family blood, who can step into the ranks of Wuzong in such a short time, and the details of this David, I sent someone to check carefully, he was in prison three years ago. An old man cultivated, and I suspect this old man is...”

“It’s Steward Long?” Long Xingxu said with slightly wide eyes.

“Yes, butler Long escaped from the Long family with Long Wu or 3 years ago, and his whereabouts are still unknown. It seems that they should have found Ruotong’s child, and this child is this David!”

Long Jingguo nodded.

“Patriarch, what should we do? Shall we send someone to arrest David now?”

Now that David’s identity has been determined, let’s arrest him directly.

“To arrest someone now, doesn’t it make our Long family to follow the official line? You must know that David just defeated Ichiro Watanabe, but this is when the limelight is in full swing, and there will be a team competition three days later, if we arrest it now David, do you think they will settle accounts with our Long family?”

Long Jingguo said with a gloomy expression.

Long Xingxu looked embarrassed and said carefully: "Patriarch, what should we do?"

Long Jingguo did not answer Long Xingxu, but asked: "I asked you to go to the Martial Arts Alliance to ask if you understand, what place will you choose for this year's Martial Arts Trial?"

"Patriarch, the Martial Arts Alliance has not yet obtained the exact location. The above has not contacted the Martial Dao Alliance yet, but I have already said it. After the above is announced, we will be notified as soon as possible, but I feel that it is coming soon. , we should have the eldest young master come back early."

Long Xingxu hurriedly replied.

"Xiaoer won't come back this year, so I'm going to let you go for this trial, you have to seize this opportunity..."

Long Jingguo suddenly and earnestly patted Long Xingxu on the shoulder.

Long Xingxu was stunned for a moment, then his whole body shook slightly, and the excitement on his face was indescribable.

"Thank you, Patriarch, I will definitely live up to Patriarch's cultivation..."

Long Xingxu hurriedly knelt down in front of Long Jingguo.

You must know that this annual trial is the biggest improvement for young people like them, especially those unknown treasures. The places chosen for each trial are some relics, caves, ancient tombs, etc., which are hidden inside. What treasure, no one knows.

In the past, Long Xiao, the son of Long Jingguo, went to each trial. This time Long Xingxu had a chance, and he was determined to take it well.

Chapter 922

The Martial Arts Arena in the Protectorate Pavilion is brightly lit and there are more than a dozen tables.

Everyone in the Dharma Protector Pavilion gathered together happily. For the team members, the Dharma Protector Pavilion today is a very happy day.

David defeated Ichiro Watanabe, and finally gave them a sigh of relief for the Guardian Pavilion.

"Instructor Chen, you're so handsome today, I'll give you a toast..."

"Instructor Chen, you are the savior of our Dharma Protector Pavilion, and finally let our Dharma Protector Pavilion breathe a sigh of relief."

"Instructor Chen, you will be my idol in the future, and I will enshrine you."

Members of the Law Enforcement Pavilion kept coming over to toast with David.

David also refused to come, and soon drank a full jar of liquor.

"You drink less."

Xiaolan said with some distress when she saw David drinking like this.

"Don't worry, I'm not drunk after a thousand cups." David has already reached the inedia period now, let alone this little wine, even if he drinks too much, he won't get drunk.

"David, your girlfriend really cares about you..."

Anna, who sat opposite David, smiled slightly.

This time, at the gathering in the Protectorate Pavilion, Zao Wou-Ki called Xiong Guo's delegation.

"Princess Anna misunderstood, we are just friends."

David explained.

"I don't look like it. The way this Miss Xiaolan looks at you is full of admiration."

Anna glanced at Xiaolan and said lightly.

"You read it wrong!" David smiled awkwardly.

Seeing David like that, Anna giggled: "Since this Miss Xiaolan is not your girlfriend, where is your girlfriend? I want to see what a woman who can match you looks like..."

As Anna said, she actually sat beside David with a glass of wine. When Xiaolan saw Anna like that, her face turned cold and a little unhappy.

"My girlfriend is not here, and I don't know where she is now..."

After David finished speaking, there was a bit of longing in his eyes. It has been almost two months since he left with Sonya, but David misses her a little bit. David doesn't know where Long Wu took Sonya and the others.

"You don't even know where your girlfriend is. Your boyfriend is a little unqualified, but your girlfriend dares to let go of such a good man as you, and her heart is too big to be afraid of other women. take you away..."

As Anna said, she moved closer to David, and put a hand directly on David's thigh, only a few inches away from David's important place.

At this time, David could even feel Anna's breathing and the temperature from Anna's hands, which made David a little manic and his heartbeat quickened.

Seeing Anna's active look, Xiaolan's face became even more gloomy.

She felt that she was active enough, but she didn't want the foreign girl to be more active.

"Miss Anna, I still have something to do, you should talk to others first..."

David got up in a hurry, he knew that he was sitting down, maybe what Anna was doing to him.

"David, don't go, we two haven't had a drink yet?"

Anna wanted to stop David, but she didn't want to be directly pulled by Xiaolan.

"Princess Anna, I'll accompany you to drink..."

Xiaolan picked up the glass and drank it with a bit of provocation in her eyes.

Anna looked at Xiaolan and drank it directly. As the princess of Xiong Country, she was not afraid of anyone drinking.

David ignored them, but went to a quiet place and sat down. Looking at the stars in the sky, David was not very happy.

Although he defeated Ichiro Watanabe today, David knew that his true strength was directly exposed to everyone, and it would be difficult to pretend to be a pig and eat a tiger by hiding his strength in the future.

Chapter 923

With the exposure of his own strength, more and more people will pay attention to him, and the temptation of the dragon crystal in his body will become bigger and bigger for others.

After all, after swallowing Longjing, David's strength has grown rapidly. Many people see it in their eyes. They will not think that it is the result of David's efforts. They will definitely give this credit to Longjing.

"The road in the future may be even more difficult to walk, mother, I wonder if you are okay now?"

David raised his head and sighed softly.

"Mr. Chen, what's the matter?"

Zao Wou-Ki came over at this time, he saw David coming here alone, so he followed.

"It's nothing!" David smiled: "Why don't you drink with them and have a good time?"

Zao Wou-Ki sat beside David and gave David a cigarette.

David hesitated, and finally took the cigarette.

Zao Wou-Ki personally set David on fire. After David took a breath, he coughed violently twice.

Seeing David like that, Zao Wou-Ki smiled and lit it for himself. After taking a deep breath, he slowly spit it out.

"The team competition in three days, I don't know how many of these people will be able to come back..."

Zhao Wuji sighed and said.

When David heard this, he was also silent, and then said, "I will try my best to bring them all back."

Zao Wou-Ki shook his head slightly: "Then why Ichiro Watanabe conceded defeat today, he must be thinking that he was ashamed in the team competition. This guy is very insidious."

David didn't say anything, but smoked quietly.

More than half an hour later, David followed Zao Wou-Ki back to the banquet, only to find that Xiao Lan and that Anna were both drunk and unconscious.

David smiled helplessly, and could only leave with Xiaolan first.

At this moment, the stark contrast to the Dharma Protector Pavilion is in a hotel not far from the Dharma Protector Pavilion.

Watanabe Ichiro looked at the brightly lit and lively lights in the Dharma Protector Pavilion, and the cold face almost dripped with water.

"Mr. Watanabe, there is a message from China asking me to explain what happened today, what should I say?"

A man in a suit came over. This person was the head of the island delegation, but facing Ichiro Watanabe, the person in charge did not dare to be disrespectful.

Even if Ichiro Watanabe lost, kneeling on the ground to admit defeat, but they did not dare to laugh at Ichiro Watanabe.

Ichiro Watanabe is in the island country, and behind him is the entire Watanabe family, and even the royal family is polite to the Watanabe family. What are they?

"Explain what? Explain how I lost like this? Just tell them that I deliberately showed weakness and lost. When the team matches, the Daxia team will not leave alive alone."

Ichiro Watanabe looked at the person in charge and said coldly.

"Okay, I know."

The person in charge nodded and turned to leave.

"Wait a minute!" Ichiro Watanabe suddenly stopped the person in charge: "Is everything I asked you to prepare ready?"

The person in charge changed his face slightly, and then asked: "Mr. Watanabe, this is Daxia after all. If the things you asked me to prepare are found out, none of us will want to leave Daxia."

Ichiro Watanabe's face turned cold: "So, you are not prepared?"

"I..." The person in charge stammered, not knowing what to say.

Snapped!

Suddenly, Ichiro Watanabe gave the person in charge a slap in the face: "If you don't prepare, believe it or not, I will let you never go back now?"

The person in charge was so frightened that his face changed wildly, and he immediately bowed and apologized: "Mr. Watanabe, I was wrong, I will prepare right away..."

After the person in charge left, Ichiro Watanabe looked at the brightly lit Dharma Protector Pavilion at ease, with murderous intent flashing in his eyes.

Chapter 924

the next day!

David went to Wuying Mountain Villa. Since he gave Zhao Ligu Hui Tiandan, David has not seen Zhao Ligu, and he does not know how Zhao Ligu is recovering.

In addition to looking at Zhao Ligu, David also has another purpose, that is to ask Zhao Ligu to see if there is any way to excavate the ancient tomb he found.

David alone would definitely not be able to excavate such an ancient tomb, not to mention it would be even more difficult to keep it unnoticed.

Shadowless Villa has been here for many years, and all David wanted to hear Zhao Ligu's opinion.

"Mr. Chen..."

Seeing David coming, Zhao Ligu went out to greet him in person, and knelt down directly towards David.

David hurriedly stretched out his hand, but did not let Zhao Ligu kneel.

"How is your body now?"

David asked Zhao Ligu.

"Mr. Chen, I have recovered now, my strength has reached the peak, and I haven't been damaged. Thanks to Mr. Chen's Huitian Pill, Chuang'er has already told me everything..."

Zhao Ligu replied.

"It's good to recover. I came to you today because I want to ask your opinion on something..."

David said it bluntly.

"Then let's talk in the room!" Zhao Ligu invited David into the room.

Screening back, only David and Zhao Ligu were left in the room.

"Palace Master, do you want to ask about Ichiro Watanabe? I heard that you defeated Ichiro Watanabe in yesterday's competition." Zhao Ligu asked.

David shook his head, and then told Zhao Ligu about his discovery of the ancient tomb.

Such a discovery made Zhao Ligu suddenly feel surprised. You must know that in the suburbs of Kyoto, many capable people have explored. There are no ancient tombs at all, not to mention the emperor's tomb. Besides, there is also an ancient tomb in Kyoto. The Hu family, who robbed tombs and found caves for a living, if there were ancient tombs nearby, how could the Hu family not know about it.

"Palace Master, can you be sure that it is really an ancient tomb?"

Zhao Ligu confirmed again.

"I can be sure!" David nodded.

Zhao Ligu fell into deep thought, and after a while, his face became confused: "Palace Master, if you want to secretly dig this ancient tomb, I am afraid it will be more difficult than going to the sky, this is Kyoto, and the ancient tomb is in the tomb of the emperors of the past dynasties. Nearby, if digging, it's hard not to be found."

David actually felt that it was a little difficult. After all, the place was still a tourist attraction, and it was almost impossible to hide it.

"Since this is the case, I can only talk about it in the future. Fortunately, the ancient tomb was hidden by me with the formation method, and ordinary people cannot detect it."

David said helplessly.

"Palace Master, this kind of imperial tomb is generally not allowed to be excavated privately, even if it is discovered, it is useless, but you can use the

emperor tomb you have found to go along with the water, maybe this year's trial, you can give You have a quota." Zhao Liguó said.

"Trial? What trial?" David looked puzzled.

"It is the official cooperation with the Martial Arts Alliance to select a relic, where many young warriors can experience it. It can be regarded as such an event that the official has done in order to win over people's hearts..."

Zhao Liguó told David about the annual trial in detail.

After David heard it, he immediately became interested. At the same time, the official did this, it can indeed win over some people's hearts, and at the same time, it can also reduce the battles between the major families and sects.

After staying in Wuying Villa for a long time, David left. Three days later, in the team competition, it seems that Zao Wou-Ki is still worried, so David should hurry up to recover, and then he will reach the best state and protect the guardian of the law. Those team members were protected from harm. These people followed Zao Wou-Ki to death for many years, so it was no wonder that Zao Wou-Ki was worried.

Chapter 925

Three days in the blink of an eye!

In a port, many people gathered here, all watching the participating teams board the ship.

Because some teams abandoned the competition, in the final team competition, only Daxia, Xionguo, and Daoguo were left to compete.

At this time, all the members of the Dharma Protector Pavilion were neatly dressed, armed with weapons, and each had a high fighting spirit. With David leading them, everyone was full of confidence.

Looking at these energetic and smiling team members, Zao Wou-Ki had an indescribable feeling in his heart.

He knows too much about these guys in the island country. These guys are ruthless, they don't follow rules at all, and they have no humanity at all.

The reason why they suddenly proposed such a team competition is that there must be bad water in their stomachs.

"Gate Master Zhao, don't worry, I will try my best to bring back everything that doesn't fall."

Seeing Zao Wou-Ki like that, David said with relief.

"Now I can only pin my hopes on Mr. Chen." Zao Wou-Ki can only pin all his hopes on David now.

"Pavilion Master, with Mr. Chen here, we will definitely return triumphantly this time."

Xu Shimao said confidently.

They have seen David's strength with their own eyes, and Ichiro Watanabe is also a loser. In all this team competition, they will definitely win.

Zao Wou-Ki didn't say anything, he didn't have much confidence, but in order not to damage the morale of the team members, Zao Wou-Ki could only choose to remain silent.

"Chen, let's go together..."

At this time, Andrew brought someone over, and he planned to bring someone along with David.

"Princess Anna?"

Zao Wou-Ki didn't understand what Andrew meant by bringing someone over to go with David. After all, in this team competition, they were opponents.

"Gate Master Zhao, I followed Andrew's instructions, this time we won't make money with you, as long as we join hands to destroy those guys from the island country on the island, and don't let them come back."

Anna said to Zhao Wuji.

"This..." Zao Wou-Ki was stunned: "Princess Anna, isn't this out of the way?"

"What's out of the way? When you get to the island, who cares if you're disciplined or not. Do you think those island country guys will abide by the rules with you?"

Anna asked loudly.

Zao Wou-Ki smiled helplessly. He also knew that these guys from the island country would definitely not abide by the rules. Maybe there were some traps set up waiting for them to step on them.

Now Andrew joins forces to deal with Watanabe Ichiro, so Zao Wou-Ki feels a lot more at ease.

A steamship honked, and the three teams boarded the ship one after another, and began to set off towards the small island not far away.

There are many unknown dangers on the island, but each team member has a locator and a call for help. If you can't persist, you can call for help and exit, and someone will respond.

On the ship, David led the team and chatted with Andrew's team. Only Ichiro Watanabe sat aside with his team!

"Captain, looking at the teams of the Daxia Kingdom and Xiong Kingdom, it seems that they are going to join forces. If this is the case, wouldn't it be a big disadvantage for us to face the two teams?"

A guy with a samurai sword and a samurai uniform walked up to Ichiro Watanabe and asked in a low voice.

Ichiro Watanabe glanced at David and Andrew who were talking, and there was no tension in his eyes, but a slyness flashed in his eyes: "If they want to unite, then let them unite, and they won't be able to escape this island by themselves. ."

"Could it be that the captain already has a countermeasure?"

the samurai asked cautiously.

Ichiro Watanabe was stunned for a moment, and then his face became cold: "Baga, is this what you should ask?"

Seeing Ichiro Watanabe getting angry, the samurai's face changed with fright, and he quickly bowed and apologized: "I'm sorry, I was wrong..."

Chapter 926

The ship was sailing on the sea and soon reached the island.

After everyone disembarked, the ship did not leave. They only had one day. Whoever returned to the ship with the crystal ball placed in the center of the island within one day would be considered a victory.

After David and the others landed on the island, they found that the island is not large and the scenery is very beautiful. If the island is too big, it is impossible to find the crystal ball in one day.

"Mr. Chen, the air on this island is so good, it smells very comfortable..."

Xu Shimao sniffed hard and said greedily.

David frowned slightly, sniffed it lightly, and his face became a little unnatural.

"Captain Xu, tell everyone, hold your breath, take a breath and move forward..."

David instructed Xu Shimao.

Xu Shimao was stunned for a moment. He didn't understand what David was trying to do. The air smelled so comfortable, so why should he hold his breath?

However, since it was David who spoke, Xu Shimao could only obey, so all the members of the Guardian Pavilion held their breath.

Fortunately, these people are above the strength of the Grandmaster, holding their breath, directly breathing in the body, can also be on top for a period of time.

"Andrew, you asked your people to hold their breath too quickly..."

David looked at Andrew and said.

"Chen, what happened? Did you notice something?"

Andrew asked David puzzled.

"I feel that the air on this island is not right, as if someone's hands and feet have been moved..." David said with a slight frown.

"Do your hands and feet?" Andrew was stunned for a moment, and then smiled: "Chen, you are too cautious. It is impossible to do anything in the air on such a big island."

Andrew didn't believe what David said at all.

Who can do anything in the air of the whole island, how is it possible, it is something that cannot be achieved at all.

Seeing that Andrew didn't believe it, David didn't say anything, but paid close attention to the air around the island.

After Ichiro Watanabe and the others disembarked, they quickly walked towards the center of the island.

Now David and the others have fallen behind, so they can only catch up quickly.

Andrew led people to follow David closely, and he did not hide his union with David at all.

In the dense jungle of the island, David felt that something was wrong as he walked, but he couldn't say what was wrong, so he could only cheer up.

At this moment, Ichiro Watanabe has taken people deep into the hinterland of the island. In a flat open space in the hinterland of the island, several bouquets of pink bouquets are placed in the open space. Three people wearing black cloaks and masks are on the way. There are words, and there is a constant pink scent, which floats into the air from the bouquet.

Seeing Ichiro Watanabe coming, the three men in black stood up instantly and walked to Ichiro Watanabe: "Master Watanabe..."

"How about it, has the pollen of this other shore flower spread all over the island?"

Ichiro Watanabe asked the three men in black with masks.

"Master Watanabe, it has spread to the entire island now, but in order not to arouse their suspicion, we are on the edge, and the pollen is not spread much."

A man in black replied.

“Very well, after I go back, I will reward you all heavily...”

Ichiro Watanabe nodded in satisfaction.

“Thank you, Master Watanabe.” The three men in black immediately knelt to the ground happily.

And the team of samurai that Watanabe brought, seeing that Watanabe had spread the other side flower pollen on the island, their faces became a little unnatural.

The pollen of the other side flower is highly poisonous and can cause hallucinations and even delirium and delusions.

Ichiro Watanabe secretly spread this pollen on the island without telling them in advance, and now all of them have inhaled this pollen.

Watanabe Ichiro looked at the samurai under his command, and then smiled: “I have an antidote here, you will be fine if you inhale it.”

Watanabe Ichiro said, grabbed a handful of white powder and threw it at the samurai, the white powder was instantly sucked into the stomach by the samurai.

Chapter 927

David on the other side walked slowly towards the hinterland of the island, and soon several figures stood in front of David.

David looked and found that Ichiro Watanabe led someone to stop him.

This surprised David. Shouldn't Ichiro Watanabe go to the center of the island to find a crystal ball? How can you stop yourself here?

"Ichiro Watanabe, what do you want to do?"

Seeing Ichiro Watanabe standing in front of him, Andrew jumped forward and asked directly in front of Ichiro Watanabe.

"Don't you know what I'm going to do?"

Ichiro Watanabe's face was full of pride, and there was murder in his eyes.

Seeing that Ichiro Watanabe didn't hide his murderous intentions, David frowned: "You didn't look for the crystal ball, did you purposely stop us here?"

"Find a f.art crystal ball, I'll kill you all, we won't win by then, don't think that if you beat me in the ring, I'll bow down to you..."

Watanabe Ichiro narrowed his eyes, and the murderous aura on his body became more and more intense.

Seeing that Ichiro Watanabe killed his heart, David's aura also began to rise.

Everyone in the Dharma Protector Pavilion showed their weapons one after another.

As soon as Andrew waved his hand, all his subordinates also showed their weapons one after another.

"Ichiro Watanabe, you are a defeated general, and now our two teams are united, do you think you can kill us?"

Andrew sneered.

"Hahaha, you bunch of reckless men, if I want to kill you, I don't need me at all, I just want you to kill each other."

After Watanabe Ichiro finished speaking, the three masked men in black behind him suddenly murmured at the same time, chanting a spell.

As the incantations in the mouths of the three people got faster and faster, suddenly a layer of pink mist began to cover the island.

Looking at the fog in the sky, David secretly screamed that something was wrong, and hurriedly shouted: "Everyone hold your breath."

Just as David finished speaking, Andrew's subordinates began to scream one by one, then fell to the ground and began to roll in pain.

Andrew was blinded when he saw that the people he brought had suddenly become like this.

"Chen, this... what the h3ll is going on here?"

Andrew asked in surprise.

"Andrew, are you okay?" David asked Andrew when he saw that everyone brought by Andrew was rolling in pain.

Andrew shook his head, but then Andrew's eyes suddenly flashed scarlet, and then he suddenly punched David.

Andrew's sudden attack directly hit David's chest, and David's body was instantly knocked out.

It flew out for more than ten meters until it hit a tree and stopped.

"Mr. Chen..."

"Instructor Chen..."

Xu Shimao hurried over with the people from the Protectorate Pavilion and helped David up.

David frowned as he looked at his Andrew who suddenly attacked.

At this moment, Andrew grabbed his head and slammed into the tree desperately.

"Ah..." Andrew shouted: "Chen, kill me quickly, I can't control myself."

With the only trace of reason left, Andrew struggled to control his body.

Looking at the scene in front of him, Ichiro Watanabe laughed happily: "Hahaha, it's useless, you've been poisoned by the flower of the other side. No one can solve it except me. You should obey the order obediently."

"I rely on your mother..."

Andrew looked at Ichiro Watanabe who was laughing wildly, his eyes were full of anger, and then he punched Ichiro Watanabe.

Ichiro Watanabe's feet shook, and he ducked away in a hurry.

And the three men in black with masks accelerated their spells. Andrew's strength is too high, so it will take time to completely control Andrew.

Chapter 928

"Ah!" Andrew roared, he wanted to attack Watanabe Ichiro again, but the severe pain in his head made him fall to the ground instantly.

Looking at Andrew's appearance, Ichiro Watanabe's mouth rose slightly: "My servant, I now order you to kill the person in front of me.

"

Ichiro Watanabe's voice seemed to come from the Nine Serenities hell, which made the mad Andrew quiet for a moment, and then got up with scarlet eyes and stared at David.

"Andrew..."

Looking at Andrew like that, David frowned slightly, and his body quickly retreated a few steps.

"Go to h3ll..."

Andrew suddenly punched David with great strength and did not leave his hand at all.

"Andrew, wake up..."

David called out to Andrew, and his figure quickly dodged.

He didn't follow Andrew to confront him directly. In that case, Ichiro Watanabe's conspiracy would only succeed.

Andrew didn't listen to David's words at all, like a mad beast, constantly attacking David.

Watanabe Ichiro looked at the scene in front of him with a proud look on his face.

"Don't stop, kill him for me, kill him..."

Ichiro Watanabe kept controlling Andrew.

Andrew punched David with a punch, and the speed was as fast as a meteor. Every punch was punched, and there was a cracking sound.

David could only dodge in embarrassment, and if he was a little careless, he would be punched by Andrew.

"Hahaha, hahaha..."

Seeing David's embarrassed appearance, Ichiro Watanabe couldn't be happier.

At this moment, Ichiro Watanabe is like a spectator watching a play, quietly watching Andrew and David fight.

bang...

Suddenly, Andrew punched David's chest, and David's body flew out instantly, breaking several trees, and then fell heavily to the ground.

"Mr. Chen..."

"Instructor Chen..."

Xu Shimao and the others wanted to rush over to help David, but they were stopped by David: "Don't move any of you..."

Xu Shimao and the others could only stop, looking at David puzzled, wondering why David didn't let them help.

After Andrew hit David with a punch, his body jumped up instantly, and stepped down on David from mid-air.

David rolled on the spot, dodging the foot, and Andrew's entire calf fell to the ground, showing how powerful the foot was.

Watching David dodge, Andrew pulled out his calf and threw an iron fist again.

This time, David did not hide, but directly stretched out his hand and grabbed Andrew's punch, and a spiritual force instantly passed through Andrew's arm and directly into his head.

Andrew only felt his head clear for a while, and then the scarlet in his eyes disappeared, and he looked at David in surprise.

"Chen, I...I..."

Andrew couldn't remember what he did just now.

"Don't talk yet..."

David winked at Andrew, then staggered and stepped back continuously, showing the appearance of being repelled by Andrew.

Andrew's fist was grabbed by David, and he didn't understand what David was doing. He could only follow David and keep moving forward.

"Pretend to attack me, don't stop..."

David whispered in Andrew's ear.

Andrew nodded slightly, although he didn't understand what David was doing, since David had spoken, he would do it.

Andrew followed David to fight one by one, while David briefly told Andrew about the matter.

When Andrew knew that he was poisoned and his mind was controlled by Ichiro Watanabe, his eyes were full of anger, but at the same time he was also full of shame. As soon as he went to the island, David warned him, but Andrew didn't care at that time, but he didn't want to talk directly. Ichiro Watanabe said.

Chapter 929

"What shall we do next? With the two of us, Ichiro Watanabe is no match at all..."

Andrew intends to join forces with David and kill Ichiro Watanabe together. It can be said that the two of them can work together effortlessly.

"Your subordinates are poisoned, and Ichiro Watanabe must have an antidote. I'll tell you what to do..."

David taught Andrew the method.

After hearing this, Andrew's eyes lit up, and he immediately agreed with David's method.

"Andrew, kill him for me, what are you doing?"

Ichiro Watanabe roared when he saw that Andrew followed David into a close fight and failed to defeat David.

"Andrew, since you've lost your mind, don't blame me for being rude..."

As soon as Ichiro Watanabe finished shouting, David immediately shouted, followed by a golden light flashing on his fist, and punching Andrew fiercely.

It seems that David is really anxious, even if Andrew is from the Xiong country, David can still kill him.

bang...

With a dull sound, Andrew's body was directly punched by David at the feet of Ichiro Watanabe.

Looking at Andrew who was thrown so far with a punch, Ichiro Watanabe said with disdain: "What a fucking waste, get up for me quickly.

"

Ichiro Watanabe pulled Andrew up, cursing in his mouth.

But just as Andrew got up, he suddenly shot at Ichiro Watanabe, and one hand went directly into Ichiro Watanabe's arms, and took out a packet of white powder from it.

Ichiro Watanabe was startled, and after reacting, he was about to shoot at Andrew, but was kicked by Andrew, and his figure instantly stepped back three steps.

If it wasn't for being supported by the three men in black, Ichiro Watanabe would have sat on the ground.

"Chen, see if this is the antidote?"

Andrew took the bag of white powder and walked to David to ask.

David took a little sniff, nodded and said, "Quickly inhale these white powders for your subordinates..."

"Okay!" Andrew hurriedly took the antidote and started throwing it at his subordinates.

Watanabe Ichiro looked at the scene in front of him, and the whole person was going crazy.

"What's going on? Then Andrew was clearly poisoned by the other side flower? Why did he suddenly wake up? Why didn't you all get poisoned?"

Ichiro Watanabe frowned in confusion.

David looked at Ichiro Watanabe with a sneer, and said lightly: "I have seen your conspiracy long ago, although there are very few flower poisons in the air, but I can still distinguish it, so as soon as I go to the island, I will let me The person holding his breath, and Andrew's poison, I have cured him..."

"Impossible, only I have the antidote for the poison of the other shore flower. How can you solve it? I don't believe it, I don't believe it..." Ichiro Watanabe roared: "Give me poison, poison them..."

Following Ichiro Watanabe's roar, the three men in black began to chant the incantation quickly, and a large amount of fan-red smoke began to float from the other flowers.

When David saw this, he pinched the magic with both hands, two light blue flames jumped on his palms, and then suddenly threw them towards a few other flowers.

boom...

The two light blue flames exploded directly after touching the pink smoke, and the huge fireball instantly turned the other side flower into ashes.

Seeing the destruction of Higanka, Ichiro Watanabe was completely furious. This Higanka was the most precious thing in their Watanabe family. He made it secretly. If the family knew about it, he would definitely be punished.

Now that the other side of the flower has been destroyed, Ichiro Watanabe does not know how to explain to the family.

"I fought with you..."

Ichiro Watanabe roared, and in the blink of an eye, he arrived in front of David.

Chapter 930

"It's so fast, it seems that the nine shadow clones are exactly what I expected..."

David smiled slightly. He has been trying to figure out Ichiro Watanabe's Nine Shadows swordsmanship for the past few days, and he has some eyebrows.

Bang!

Ichiro Watanabe passed by quickly, and then punched David fiercely.

David did not dodge, but directly let Watanabe Ichiro hit him.

David's figure swayed twice, but he was not hurt at all.

Ichiro Watanabe felt his arm faintly numb, and stood not far away and looked at David coldly.

"Sure enough, the faster your speed, the smaller your strength will be. You simply can't exert both strength and speed at the same time. Your so-called nine shadow clones, sacrificing strength in exchange for speed, now seems like a tasteless thing... .."

David looked at Ichiro Watanabe with a sneer.

Watanabe Ichiro's avatar is just an illusion caused by the speed that deceives everyone's eyes.

"Do you think you really see through my Nine Shadows swordsmanship?"

After Ichiro Watanabe finished speaking, his arm shook, and he directly pulled out the Cicada Wing Sword. A faint light shone on the sword. After a burst of energy was injected, the sword glow suddenly soared, making a tremor-like buzzing sound.

"What? You are already defeated, and you still want to use the same method against me?"

David showed disdain in his eyes, and then with a wave, the Dragon Slaying Sword appeared in his hand.

"Hmph, today is not in the ring, you forgot me and helped..."

After Watanabe Ichiro finished speaking, he saw the three men in black behind him suddenly throw off their black robes, revealing their golden armor, and adding the masks they were wearing, they looked like three warriors in golden armor.

The golden armor on the three men in black began to emit three dazzling rays of light under the sunlight, and all these three rays of light shone on the sword in Ichiro Watanabe's hand.

The sword in Ichiro Watanabe's hand began to emit strands of murderous intent, and the sword glow skyrocketed by several meters.

David frowned slightly. At this moment, he felt the murderous intent of the sword in Ichiro Watanabe's hand, which made him a little uneasy!

"This time, you are here to try my Nine Shadows Sword Technique..."

As soon as the words fell, Ichiro Watanabe's body suddenly burst, and then he volleyed out a sword, and the terrifying sword light instantly came to David.

David suddenly felt a slight sense of danger, and the Dragon Slaying Sword in his hand also rose into flames, and suddenly swung it out!

rumbling...

The two swords collided, and David's body was instantly knocked out by a huge force, and it was as if a bomb had been dropped on the island. A deep pit of more than ten meters appeared in this impact. Trees are flying everywhere.

"Chen..." Andrew hurriedly stepped forward to check David's situation.

David stood up disheartened. Although he was very embarrassed, he was not injured.

"I didn't expect your kid's body to be so powerful..."

Seeing that David was not injured, Ichiro Watanabe was surprised.

"Ichiro Watanabe, this is a competition. You secretly arranged personnel ahead of time. You are violating the rules..."

Andrew accused Ichiro Watanabe.

“Hahaha, what rules? When I kill all of you, I will be the winner, and the rules are made by the winner...”

Watanabe Ichiro laughed.

“Don’t be arrogant too early, the two of us join forces, even if you have a helper...”

Andrew was furious, and then his body began to soar, and hairs began to grow rapidly.

Andrew is about to transform into the best fighting state...

Ichiro Watanabe frowned. If David and Andrew were to join forces, he would be a little overwhelmed.

“What the h3ll are you doing, let me do it now and kill them all...”

Ichiro Watanabe ordered the samurai he brought with him.
