

A Man Like None Other

Novel

Chapter 931

He had to rely on these people to hold Andrew down, and then quickly kill David.

Under the order of Ichiro Watanabe, all the samurai pulled out their samurai swords and began to charge away from the members of the Protector Pavilion and the people brought by Andrew.

"Andrew, go and deal with those samurai, and Ichiro Watanabe can just leave it to me..."

David hurriedly said to Andrew.

Andrew's subordinates have just been detoxified and their strength has not yet recovered. Now it is entirely up to Xu Shimao to bring the people from the Protector Pavilion to deal with those warriors. David was afraid that Xu Shimao and the others would be in danger, so he asked Andrew to help.

Andrew glanced at David, then let out an angry shout and rushed towards the warriors.

And David looked at Ichiro Watanabe with a proud face, his eyes were cold and said: "Now, I will let you taste my Nine Shadows swordsmanship..."

After David finished speaking, the aura on his body suddenly exploded, and the golden light suddenly appeared, like the sun in the sky, the light was dazzling, much stronger than the light reflected from the three men in black.

"The first sword, the sword energy is like a rainbow..."

David slowly raised the Dragon Slaying Sword, the body of the sword buzzed, and then the body rose into the sky, the monstrous sword light covering the sky and covering the sun, overwhelmingly moved towards Ichiro Watanabe.

Ichiro Watanabe was startled and hurriedly raised the sword in his hand to meet him.

clang...

The two swords touched each other, and the flames soared into the sky.

Ichiro Watanabe only felt a pain in the tiger's mouth, and the sword in his hand almost came out of his hand.

"Second sword, draw the knife and break the water..."

David shot out again with a sword, this time the sword glow was even more dazzling, and the power was also improved a lot.

Ichiro Watanabe's face was extremely ugly, he gritted his teeth, and went up to meet him again.

click

This time, Ichiro Watanabe only felt that his body suffered a heavy blow, and then the sword in his hand appeared cracks and shattered directly...

"This... how is this possible? How could you be able to master the Nine Shadows Sword Technique?"

Ichiro Watanabe looked at David in shock, his face full of incredulity.

"I not only know your Nine Shadows swordsmanship, but even your Nine Shadows clone tricks, I know everything well..."

After David finished speaking, his figure suddenly cracked, turning into two, followed by three, four...

After David's figure was finally divided into six, it stopped.

The six identical David stood neatly in front of Ichiro Watanabe.

"Impossible, absolutely impossible, how could you have six clones?"

Watanabe Ichiro roared: "How fast does it take to have six clones? I have practiced for 20 years, and I have only reached four clones. Can you practice six clones in three days? This is absolutely not possible..."

Ichiro Watanabe roared, he dared to believe it was real, and he couldn't believe it, because it was too much of a blow to him.

Although these shadow clones have no attack power, they are just some phantoms, but they can confuse the opponent very well, and they can defeat the opponent without even needing to do it.

At that time, in the ring match, Ichiro Watanabe used a shadow clone, and almost didn't exhaust Andrew to death.

"Nothing is impossible..."

David smiled lightly, and all the clones were put together again: "Are you committing suicide, or do you want me to do it?"

Ichiro Watanabe's eyes twitched, and he gritted his teeth and said, "Do you think I'll give in like this?"

After Ichiro Watanabe finished speaking, he looked at the three men in black and said, "Sacrifice..."

When the three men in black heard Watanabe Ichiro's words, they were all stunned, and then their eyes showed fear.

"Master Watanabe..."

The three men in black looked at Ichiro Watanabe pleadingly.

"Can you rebel? Think about your family..."

Ichiro Watanabe threatened the three.

The three of them trembled, and after looking at each other, they suddenly patted their chests.

Chapter 932

Blood sprayed out from the three mouths, and a cloud of blood mist fell on the ground, directly forming the shape of a disc.

The three of them broke off their arms at the same time, and the severe pain made the three of them look hideous.

The blood flowing from the broken arm was regularly drawn into a pattern by the three of them!

rumbling...

Suddenly, the mountain shook, followed by the rise of smoke, and as the smoke disappeared, a huge figure appeared in front of David.

"What is this stuff?"

Looking at what was in front of him, David couldn't help swallowing.

I saw that this was a huge beast, several meters high, showing sharp teeth, strangely shaped, and could not tell what animal it was.

As soon as the beast appeared, it sniffed the blood on the ground, and then with a mouth, it directly swallowed one of the three men in black.

The other two were dumbfounded and stood motionless.

He watched helplessly as he was eaten by a beast.

It was only at this time that David understood what Watanabe Ichiro's sacrifice meant. It turned out that he used the lives of these three people to recruit such a thing to deal with him.

"You actually forced me to sacrifice the swallowing beast, I will never forgive you today..."

Watanabe Ichiro gritted his teeth, even if he could kill David and all of them today, Watanabe Ichiro knew that he would definitely be punished if he went back.

The three sacrificial priests of the Watanabe family were sacrificed by him like this. Even if he was the eldest young master of the Watanabe family, this sin could not escape.

But now Ichiro Watanabe doesn't care about this, he wants David to die now, that's the only thought.

"Roar..."

The swallowing beast that had eaten three people seemed to be not full at all, with a pair of copper bell-like eyes staring at David.

David's face became serious, looking at the swallowing beast in front of him, his brows furrowed together.

The strength of this swallowing beast in front of me is afraid that it has reached the realm of the fifth-grade martial arts, and it is difficult to deal with it.

You must know that these beasts are different from warriors. Regardless of their strength and physical strength, these beasts are much stronger than warriors.

A fierce beast with the strength of a fifth-grade Wuzong fights against a fifth-grade Wuzong, and that must be the victory of the beast, there is no doubt.

The golden light on David's body was constantly flickering, and the undamaged golden body was brought to the extreme by David. Facing such a behemoth, David did not dare to be careless.

"Roar..."

The swallowing beast roared, and its figure quickly rushed towards David.

The speed of the swallowing beast was extremely fast, and in the blink of an eye, it was in front of David, and the Dragon Slaying Sword in David's hand swept out, and saw that it was chopped on the legs of the swallowing beast.

However, there was a burst of fire, and David's sword failed to hurt the swallowing beast, but was slapped on the body by the swallowing beast.

David's body was directly pulled out and slammed into a big tree.

David rubbed his chest and frowned.

With this blow just now, if David hadn't broken his golden body, he would have been slapped into flesh.

Seeing that David had no power to fight back in front of the swallowing beast, Ichiro Watanabe shouted excitedly: "Eat him, eat him for me..."

"Roar..."

The swallowing beast roared at David again.

Seeing this, David didn't dare to touch it, he could only condense his spiritual power on the soles of his feet, desperately following the swallowing beast.

But the speed of this swallowing beast is too fast, and it is chasing David relentlessly. If this goes on, David's spiritual power will be exhausted sooner or later.

At that time, David really became the belly of this beast.

Just when David was extremely anxious, a white shadow suddenly flashed past, and then he heard the screams from the swallowing beast.

David hurriedly stopped, turned around and looked around. It didn't matter when he saw it, and David was shocked.

Chapter 933

I saw a snow-white wolf, biting along with the swallowing beast.

"Snow Wolf?" David recognized the wolf at a glance when he saw this wolf. It was the snow wolf he met on Suolong Island.

At that time, the snow wolf was with Sonya and the others, so why did he suddenly appear here?

Could it be that Sonya and the others are on this island?

David looked around excitedly, and sure enough, he saw Long Wu walking over with Sonya and his party.

Seeing Sonya and the others, David danced with joy like a child.

If not for so many people, David would have rushed over and picked up Sonya.

Sonya's eyes flashed with excitement when she saw David.

On the other hand, Gu Linger looked at David with excitement and excitement.

It's just that David didn't dare to look directly at Gu Linger, he couldn't face the look in Gu Linger's eyes.

"Uncle Long, why are you here?"

David asked Long Wu in surprise.

Long Wu did not answer David, but glanced at the members of the Guardian Pavilion who were fighting fiercely with the island country warriors not far away, and then said to Sonya and Gu Linger, "You two can try your skills..."

After Long Wu finished speaking, Sonya and Gu Linger smiled excitedly, and immediately disappeared in front of David.

Then, on the chaotic battlefield, two beautiful figures appeared, and where the two figures passed, those island warriors died one after another!

"this..."

David's eyes widened, unable to believe everything in front of him.

You must know that the warriors of these island nations are all masters with the lowest strength, and there are several great masters at the peak. Even with

Andrew's help, they have fought so hard until now, but as soon as Sonya and Gu Linger joined, the battle situation became clear in an instant.

This is also a bit outrageous. You must know that David and Sonya have only left for more than a month. How can their strength grow so fast?

Seeing David like that, Wu Meier covered her mouth and smiled: "David, don't you understand that Sonya and Linger's strength has grown so fast?"

David nodded, he really couldn't understand, this cultivation speed was faster than him.

"Let me tell you, that's because Uncle Long passed all his strength to the two of them, and now Uncle Long is just an ordinary person.

"

Wu Meier explained.

Hearing what Wu Mei'er said, David was stunned and looked at Long Wu in disbelief: "Uncle Long, you... why are you doing this?"

Long Wu was very indifferent and smiled slightly: "David, I have all the skills, but I can't help you, as long as I show up, the Long family will never let me go, I will pass on this skill to Yu. Qi and Ling'er, let them both help you, I believe you will be able to kill the Long family and rescue the eldest lady in the future..."

David looked at Long Wu, his eyes suddenly became wet, the Old Ervin died because of him, and now Long Wu lost all his skills for him, David didn't know how to repay him.

Soon, all the island warriors were wiped out, and Sonya and Gu Linger walked back excitedly.

Andrew and Xu Shimao also followed, both of them were full of doubts, wondering what the relationship between this sudden appearance and David was.

"Captain Xu, are there any casualties among our people?"

Seeing Xu Shimao, David hurriedly asked.

He promised Zao Wou-Ki that he would bring back all the people from the Dharma Protector Pavilion.

"Only ten people were injured, and none were sacrificed!"

Xu Shimao said.

Hearing this, David's heart was relieved. Just when David was about to ask again why Long Wu and the others were on the island, the roar of the swallowing beast attracted David's eyes.

Chapter 934

I saw that the Snow Wolf was fighting with the swallowing beast. Although the swallowing beast was huge, the snow wolf was flexible and could always avoid the attack of the swallowing beast at the right time.

"Xiao Bai, if you kill this big man, I will reward you with this bead..."

At this moment, Sonya took out a crystal clear bead from her body and shouted to Xuelang.

Seeing the crystal clear bead, Xuelang raised his head and shouted loudly, then jumped up, biting the swallowing beast's neck fiercely, tearing off a large piece of meat in one bite.

The swallowing beast roared in pain, waving its claws desperately, trying to slap the snow wolf to death, but the snow wolf's body was like a loach, turning around the swallowing beast, and the swallowing beast simply touched it. Less than a snow wolf.

Finding the right time, Xuelang attacked again, biting the neck of the swallowing beast again, this time Xuelang did not let go after biting.

The swallowing beast rolled on the ground desperately, trying to break free, but it was useless!

A few minutes later, the huge swallowing beast was bitten to death by the snow wolf.

"this..."

Ichiro Watanabe's mouth widened, and the whole person was stunned.

A snow wolf actually killed the huge swallowing beast, which is simply too outrageous.

"Xiao Bai, you did a good job..."

Sonya smiled and threw the bead in her hand, Xuelang took it directly to his mouth, and then quickly ran to David, rubbing his head against David.

David slowly crouched down and stroked Xuelang's head, while Xuelang put the bead in David's hand.

David looked at Sonya in astonishment for a while, not understanding what Xuelang was doing.

"This is the night pearl you used in the game, Xiaobai is helping you win the game..."

After Sonya said this, David realized that this was the night pearl they were looking for.

David happily put his arms around Xuelang's neck. This Xuelang is so humane, it's simply the best partner.

Just then, Ichiro Watanabe suddenly turned around and ran!

"Where to run..."

Andrew rushed up with a quick walk.

David snorted coldly when he saw this, and stopped in front of Ichiro Watanabe in the blink of an eye.

Xuelang followed closely, but did not let David fall behind at all.

At this time, Ichiro Watanabe looked at David in panic: "What are you going to do? I... I admit defeat, I lose, I won't fight with you!"

Ichiro Watanabe actually took out the method in the ring and began to admit defeat.

"Today you admit defeat, and I will kill you too!"

David said indifferently.

"No, you can't kill me. I belong to the Watanabe family. Do you know the Watanabe family? Do you know the consequences of killing me?"

Watanabe Ichiro saw that David was not going to let him go, so he threatened.

"I don't care about your family..."

After David finished speaking, he raised his hand and grabbed Ichiro Watanabe, and at the same time, the Concentration Technique started running frantically, swallowing up Ichiro Watanabe's energy.

Watanabe Ichiro screamed in agony, his body was shaking constantly, and the energy in his body was constantly losing.

After just a few minutes, Ichiro Watanabe had turned into a dry corpse.

Andrew, who was watching this scene, wanted to say something, but finally swallowed it back.

After killing Ichiro Watanabe, David then took out the beast pill of the swallowing beast, and the group began to walk back.

On the way, David found out that it turned out that Long Wu took Sonya and the others to practice on this small island until Ichiro Watanabe secretly sent people to the island, intending to give David a hand, and Long Wu brought Sonya and the others to the scene. .

Long Wu also knew about David's help in the international competition, and about the martial arts alliance and the Long family speaking out for David. Although Long Wu was on the island, he had been following David's information.

Chapter 935

On the returning ship, Long Wu and David stood on the deck, feeling the sea breeze.

"You participate in the competition for the Dharma Protector Pavilion in such a high-profile manner. This will expose your identity too quickly. I think the Long family has paid attention to you. Do they know that you are the person they are looking for?"

Long Wu asked David.

David shook his head: "I don't know either, but I should have met that Long Jingguo!"

"What?" Long Wu's face was startled: "Did Long Jingguo find you?"

"When he was in the ring, he was offstage. Although he was wearing a hat and a mask, I could feel it was him..."

David said lightly.

Long Wu frowned slightly: "Bad, since you can feel him, then he can definitely feel your breath and blood, he should be confirming your identity, now the Long family is likely to know your identity.

"

Long Wu's face is full of worry. Although David's strength is very strong now, he can't compare with the entire Long family. If Long Jingguo knew David's identity and sent someone to deal with David, David would have no resistance at all. Ability.

"There is nothing to be afraid of, the soldiers will come to block the water and cover the soil..."

At this time, David looked away. The matter had reached this stage, so he could only watch while walking.

"That's the only way, but you belong to the Dharma Protector Pavilion now. Although the Dharma Guardian Pavilion is not strong, it belongs to the government after all. If you can get the appreciation of the upper class, maybe the Long family will not dare to do anything to you. !"

Long Wu analyzed.

David nodded, and he also thought so. If his own strength did not allow it, if he wanted to get rid of the pursuit of so many sects and families, he could only temporarily depend on the official family.

However, the strength of the Guardian Pavilion is still too small. Although Zao Wou-Ki is the Pavilion Master of the Dharma Guardian Pavilion, he does not have much power. Those sect families do not look down on the Dharma Guardian Pavilion.

If he wanted to depend on the official family, David had to get to know the people at the upper levels. It would be difficult to really introduce big people by relying on Zao Wou-Ki alone.

At this time, David suddenly remembered a person, that is Chang Yuanjun. When David first came to Kyoto, he helped his son to treat his illness. Maybe he could use Chang Yuanjun to contact the upper management and temporarily rely on the official family. The strength of these sect families temporarily gave up chasing and killing themselves.

"Uncle Long, you have given all your skills to Sonya and Ling'er, what will you do next?"

David asked.

"What else can I do, find a place to hide, and live a peaceful and stable life..."

Looking into the distance, Long Wu's eyes seemed to be unwilling, but more helpless.

"Have you decided where to go? Otherwise, you can go to Horendel, where I have a house, and I have many acquaintances, so I can live in peace and stability, and I will give you the old age..."

Long Wu became like this because of David, and David felt very sorry in his heart.

“Alright, I live a stable life in the small city of Horendel.

”

Long Wu nodded, which made David very happy. He was always afraid that Long Wu would not go.

Soon, the ship docked, and it was not dark at this time. When the ship suddenly came back, everyone who was waiting for the result on the shore was a little surprised.

No one expected that the ship would come back so quickly. The competition time is three days, and it would be good to be able to return after three days. However, it was only one day before the ship returned, and no one knew what happened.

Zao Wou-Ki and Anna hurried over, they wanted to see what happened and why they returned so quickly.

Zao Wuji and Anna breathed a sigh of relief when they saw David and Andrew disembark safely.

The person in charge of the island country, who was also waiting at the pier, did not see Ichiro Watanabe taking someone off the boat for a long time, and the expression on his face instantly became extremely ugly.

Chapter 936

“Night Pearl is here, in this team competition, we won...”

After David got off the boat, he raised the night pearl in his hand and said loudly.

Many people began to cheer when David won the Night Pearl. After all, this is the land of Daxia. If the island country wins, it will be too shameless.

The crowd surrounded David and the others and began to return, but at this time the person in charge of the island country blocked the way.

"Wait a minute, where are our people? Where's Mr. Ichiro Watanabe?"

The person in charge asked loudly.

Although the person in charge had already had a bad premonition in his heart, he still held a trace of fantasy.

David looked at the person in charge of the island country and said with a cold smile: "Your Mr. Ichiro Watanabe will never come back.

"

David's words directly extinguished the illusion of the person in charge of the island country.

"Haga, you killed Ichiro Watanabe?"

The person in charge of the island country stared, his eyes full of anger.

David was not afraid at all, he raised his killing intent, took a step forward, and approached the person in charge of the island country: "I not only killed your Ichiro Watanabe, but also killed everyone you sent to the island, if you want to If you investigate, I can accompany you to the end and publish the dirty things you have done to the public.

"

David's words made the person in charge of the island country instantly stunned on the spot. Although there was still anger in his eyes, he still had to get out of the way.

This matter itself is that they violated the rules first, and if they really pursue it, they will be the one who will be embarrassed in the end.

David and the others left, and the person in charge of the island country looked at David's back with a gloomy face. At this moment, David didn't know that he killed Ichiro Watanabe this time, causing him a lot of trouble in the future.

Back at the Dharma Protector Pavilion, because everyone was tired, Zao Wou-Ki arranged for David and the others to rest first, and a celebration party would be held for them tomorrow.

As for Long Wu and the others who came with David, Zao Wou-Ki was very sensible and did not ask. If they were able to follow David off the ship, they must have been on the island long ago. As for why they were on the island, Zao Wou-Ki didn't want to know, he only knew that Ichiro Watanabe's entire team was killed, and the Dharma Protector Pavilion won.

In David's room, Sonya and Gu Linger had no intention of leaving. They hadn't seen David for more than a month, and they really missed David.

And Wu Meier and Xiaolan sisters met again, hugged happily, and didn't know where to go to play.

"David, should you explain, what have you done with that Xiaolan for more than a month?"

Sonya asked with a deliberately stern face, as if trying to judge a prisoner.

"Nothing? We didn't do anything, I could swear to God..."

David raised his hand solemnly and was ready to swear.

Seeing that David really wanted to swear, Sonya was so frightened that she hurriedly took David's hand: "I'm just kidding with you, what swear do you swear, I know that Xiaolan is still a big girl, I can see it.

"

"So powerful? Can you see that?"

David was a little surprised.

"David, let me tell you, the current Sonya is not the previous Sonya. Uncle Long said that Sonya's fire spirit body bloodline really needs to be cultivated, and it might even surpass you. Now Sonya Very impressive.

Gu Linger said, and then said to Sonya: "Sonya, show your hand and let David see it, so that David has a bad mind when you are not around.

"

"Sonya, what stunts do you have now? Come on and show me..."

David was also curious, wondering what was the difference between Sonya's fire spirit body.

Sonya was a little twisted, but she couldn't hold back David's prayer, and finally smiled slightly, suddenly Sonya's body began to burst into flames, and the flames enveloped Sonya, but Sonya herself did not do any harm.

Chapter 937

David looked at Sonya in front of him, and wanted to laugh a little. David knew how to control flames a long time ago. Otherwise, how would he make medicinal pills?

David opened his hand, and blue flames began to dance on the palm of his hand.

"I can do this kind of fire control technique..."

David said with some disappointment, he thought Sonya's stunt was so powerful.

Sonya and Gu Linger looked at David, they both smiled, and neither of them spoke, but the flame on Sonya's body began to change, and finally turned into the shape of a phoenix, detaching from Sonya's body.

"Fire Phoenix?" David was shocked!

Just as David was shocked, the fire phoenix opened his mouth and saw that the flame in David's hand flew into the fire phoenix's mouth uncontrollably.

Immediately afterwards, the fire phoenix opened his mouth again, and sprayed the blue flame out of his mouth. The huge energy surprised David, and stretched out his hand to draw a golden barrier in front of him.

After the light blue flame touched the barrier, it disappeared without a trace in an instant, but the barrier in front of David did indeed have cracks.

David was amazed. He did not expect that the fire phoenix, which was transformed into a phoenix, would have such great power. Generally, whether it was created by force, spiritual energy, or other media, the power would be greatly reduced, and it would not be able to exert its master at all. its greatest strength.

But the fire phoenix in front of him is obviously different. The breath of the fire phoenix is even higher than that of Sonya. This is too strange. It seems that this fire phoenix is not controlled by Sonya at all.

Seeing David's shocked look, Sonya waved his hand, and the fire phoenix instantly turned into flames to wrap Sonya, and then slowly disappeared.

"David, have you seen how powerful Sonya is now? If you dare to apologize to Sonya in the future, be careful that she burns your a55 with fire.

"

Gu Linger looked at David's shocked look and said with a smile.

"This...this is amazing.

"

David was very excited. The higher Sonya's strength, the happier for David. It would be good to have more helpers around.

"What is this, Sonya has even more powerful things.

"

Gu Linger said proudly.

"Also? What other stunts are there?" David looked at Sonya in surprise.

Sonya smiled slightly: "It's not a stunt, it's my blood, which can help any living creature and improve its own strength.

"

Sonya's words made David a little confused. He didn't understand what Sonya meant.

Seeing that David did not understand, Gu Linger hurriedly explained: "It is Sonya's blood that contains a substance that can stimulate cells in the body, whether it is a human or an animal, as long as you drink Sonya's blood, you can improve your own health. strength.

"

Gu Ling'er's explanation made David's eyes widen and looked at Sonya in disbelief: "Is there such a thing? How is this possible?"

David has never heard of the fact that sucking human blood can improve his strength. You must know that David knows a lot of medicine and alchemy, and

he has also obtained the true biography of Yaoshengu Valley Master's Supreme Pill Record.

"What are you doing? Xiaobai accidentally licked Sonya's injured hand. As a result, his strength increased greatly. Didn't you see that Xiaobai directly killed the huge beast?"

Gu Linger said hurriedly.

However, David was still a little unconvinced. Although the Snow Wolf's strength had indeed increased, David didn't quite believe it.

Seeing that David didn't quite believe it, Gu Linger was a little anxious, so she said: "If you don't believe it, then you will know by licking Sonya's blood.

"

Chapter 938

After Gu Linger finished speaking, she looked at Sonya, Sonya nodded, suddenly took out a dagger and swiped it towards her finger.

"What are you doing?" David was startled and hurriedly stopped Sonya.

"Don't you believe it, you'll know if you try it.

"Gu Linger said.

"I believe, I believe, no need to try, I don't want to see Sonya get hurt.

"

David grabbed the dagger in Sonya's hand and said.

Seeing David caring about herself like this, Sonya's eyes were full of happiness, but she grabbed the dagger with her hands while David was not paying attention. The sharp dagger cut Sonya's palm in an instant.

Seeing that Sonya's hand was injured, David hurriedly found something to bandage Sonya.

"David, I'm fine, I've thought about it for a long time, I'll use my blood to let you quickly cultivate and improve your strength.

"

Sonya looked at David affectionately and said.

"What nonsense are you talking about? How could I drink your blood for my own cultivation, even if I am stuck in the current state my whole life, I will not drink your blood.

"

David hurriedly bandaged Sonya, his eyes full of distress.

Sonya was very daring to move, her eyes were wet, but she suddenly wiped David's mouth with her hand.

After the scarlet blood touched David's lips, a small part of it soon entered David's mouth.

David only felt that his blood began to boil, and the spiritual power in his dantian began to roll wildly. At this moment, David had a feeling that he was about to break through.

Now David is the pinnacle of the great master, and after breaking through, he can reach the realm of Wuzong!

In David's dantian, inner alchemy will be formed, which means that he has reached the realm of alchemy. At this realm, David's strength will have a qualitative leap, and the spiritual power in his dantian will be transformed from a gaseous state to In liquid form, more spiritual energy can be stored in the dantian.

"How? Do you feel it?"

Seeing David froze in place, Sonya asked hurriedly.

"This...is this amazing?"

As that feeling slowly disappeared, David woke up and looked at Sonya in shock.

"I don't know, this was also discovered by accident, if Xiaobai suddenly became stronger after licking my blood, we wouldn't know that my blood still has this effect.

"

Sonya looked at David excitedly: "Now I can use my blood to directly help you improve your strength, and I can finally help you too.

"

Sonya has always been the object of David's protection. No matter how many difficulties there are, David is alone, and Sonya is not able to help David.

Since knowing David's life experience, Sonya blamed herself even more, blaming herself for not being able to help David at all.

Now, she can finally help David.

Looking at the excited Sonya, David hugged Sonya tightly in his arms. This was David's initiative to have such close contact with Sonya, and in front of Gu Linger.

"Fool, I said, I can't suck your blood and improve my strength. If that's the case, I'd rather abolish my cultivation, and don't talk nonsense in the future, and this matter, Don't tell anyone.

"

David knew that people's hearts were sinister. If this matter were known to others, Sonya would be in danger.

You must know that many people will do anything to increase their strength.

Sonya cuddled in David's arms, and that sense of security came spontaneously.

Gu Linger turned around enviously, turned her back to David and Sonya, and looked at the two of them kissing each other, Gu Linger had an indescribable feeling in her heart.

Chapter 939

Seeing Gu Linger turn around, Sonya suddenly broke free from David's arms, then pulled Gu Linger over, and pushed it into David's arms.

"Linger, let's feel David's warm embrace together..."

Sonya grabbed Gu Linger's arm, and both of them embraced David's arms.

Gu Linger was still struggling a bit at first, but when David's arm gently wrapped around her, Gu Linger stopped moving, but obediently leaned her head on David's shoulder, enjoying the sound from David's chest. temperature.

David didn't know what he was thinking at the moment, but he felt like a winner in life at this moment.

Isn't that what it's like to hug left and right?

crunch...

Suddenly, David's door was pushed open, and Gu Linger and Sonya hurriedly broke free from David's arms.

David also tidied up his clothes in embarrassment. When he saw that it was Anna who came in, David asked strangely, "Princess Anna, it's so late, are you okay?"

Anna looked at Sonya and Gu Linger in the room, and then smiled slyly at David: "David, I didn't expect you to be a romantic boy, and hugged from left to right, are these two your girlfriends? "

Anna's words made David embarrassed for a while. He just hugged Gu Linger. If he said that Sonya was his girlfriend at this moment, what was Gu Linger?

"Yes, both of us are his girlfriends..."

Sonya saw David's dilemma, so she took Gu Linger's hand and said to Anna.

Anna smiled and said, "David, you are truly blessed to have two such beautiful girlfriends at the same time."

How could Anna's words smell like vinegar? Sonya and Gu Linger are both women, so how could they not hear them, so they both looked at David at the same time.

"Princess Anna, you're so late, is there anything you can do to come to my room? If it's all right, I'm going to rest."

David's heart was beating wildly. He was really afraid that Anna would say something random here. After all, these foreign girls are very open.

"What are you nervous about? I came here just to say goodbye to you. We will go back to Xiongguo early tomorrow morning. If you have a chance to go to Xiongguo, you must contact me, and I will show you the scenery of our country. After Anna finished speaking, she looked at Sonya and Gu Linger: "The two young ladies are really lucky to have such an excellent boyfriend as David."

After Anna finished speaking, she turned and left.

However, Sonya and Gu Linger both stared at David closely.

"I haven't seen you for more than a month, have you even hooked up with foreign girls?"

Sonya stepped forward and directly picked up David's ear.

"No, I'm wronged, I'm wronged. I just met that Anna. She has been looking for me. I never took the initiative to talk to her."

David hurriedly explained.

"I guess I don't believe it. The way that foreign girl looked at you just now was wrong. You two must have something to do, so you can tell the truth." Sonya didn't believe it at all, and then followed Gu Linger: "Linger, come and teach him a lesson with me. Now we are the same people."

As soon as Gu Linger heard it, she hurried forward and picked up David's other ear.

David was like this, being interrogated by two women holding his ears.

Soon, there was a playful and slapstick sound from David's room. At this moment, David seemed to be the most relaxed moment.

"Are you two sleeping here tonight?"

David looked at Sonya and Gu Linger, who were blushing, and said.

"You think so beautifully that you want us to sleep with you before you even have a wedding?"

Sonya rolled her eyes at David, dragged Gu Linger and walked out.

Watching Gu Linger and Sonya leave, David sighed and sat on the bed.

"When I rescue my mother, I will hold a wedding with you..."

David muttered to himself...

Chapter 940

.....

Early the next morning, Anna took Andrew and the others away, and David and Zao Wou-Ki took them all the way to the airport.

When Anna and the others left, on the way back to the Protectorate Pavilion, David said to Zao Wou-Ki: "Pavilion Zhao, will there be any high-level people participating in today's celebration party?"

Zao Wou-Ki looked at David, and then shook it: "I don't know either. This time the celebration will be from above. I don't know who exactly is, but the regular leaders of Six Doors should be attending."

"You mean the constant reinforcements?" David asked.

"Yes, it's him. Mr. Chen once treated his son."

Zao Wou-Ki nodded.

David thought about it again and again, and said to Zhao Wuji: "Pavillion Zhao, can we go to see the regular leaders now, my strength is exposed now, and there are treasures such as dragon crystal and dragon sword on my body, presumably there are many sects in Kyoto. The family has already been eyeing me, so I think..."

"No problem, let's go now. I know that just relying on the name of the Protector Pavilion, those sect families will not be afraid at all."

Zao Wou-Ki also understands David very well. Otherwise, at the beginning, he would have invited Guo Wei, the director of the Martial Arts Alliance, to protect David once, but now that the game is over, will the Martial Arts Alliance still protect David? Can't say for sure.

Soon, the car arrived at the residence of the Chang Reinforcement Army. After letting the guards inform Zao Wou-Ki, he brought David to the Chang Reinforcement Army.

"Mr. Chen..."

The moment he saw David, Chang Rejun stepped forward very politely and held David's hand, without any pretense of being a big leader.

Chang Yuanjun's son was saved by David, and Chang Yuanjun always remembers this kindness.

"Leader Chang, take the liberty to interrupt."

David said politely.

"Mr. Chen, what are you talking about? My son was saved by you. This great kindness is unforgettable, and this time you fought on behalf of the Dharma Protector Pavilion and directly killed the island country Ichiro Watanabe. This is exciting. good news."

Chang Rejun said excitedly.

Chang Reinjun asked David to sit down and made tea for David himself, which made David feel a little embarrassed.

After brewing tea for David and sitting down, Chang Yuanjun asked, "Mr. Chen, is there something wrong? If there is something useful for me, just talk, and I will do what I can!"

Chang Rejun knew that Zao Wou-Ki and David should be very busy with the celebration banquet being held today, but there must be something to come to him now.

David looked at Chang Yuanjun, not knowing what to say for a while.

At this time, Zao Wou-Ki said: "Leader Chang, the situation in the martial arts world has changed recently, and many aristocratic families have been eyeing Mr. Chen. If Mr. Chen wants to stay in Kyoto, he needs someone to support him..."

When Chang Rejun heard this, he immediately showed embarrassment: "Wuji, you know, our six gates are just a civilian job, who cares about the affairs of the martial arts world, even if I speak, those people in the martial arts world may not give face... "

"Leader Chang, that's not what it means. Mr. Chen just hopes that through the relationship of Leader Chang, he can help introduce and get to know the leaders at the lower and upper levels..."

Zao Wou-Ki hurriedly explained that, of course, he knew that the Chang Reunion Army had no control over the martial arts world at all. When it comes to the right to speak in the martial arts world, the Six Gates are not as good as their guardian pavilion.

When Chang Yuanjun heard it, he suddenly realized, nodded, and suddenly said with a startled expression: "By the way, I almost forgot to inform you about something, Mr. Shi should go back to participate in this celebration."

“Mr. Shi?” Zhao Wuji frowned slightly, as if he didn’t understand who Chang Yuanjun was talking about, but then he seemed to remember something, his eyes widened and he said, “Leader Chang, what you said...”
