Novel When His Eyes Opened Chapter 2942 -After Hayden ordered a cup of coffee, he looked at Joanna again.

“I don’t like to owe favors to others.” Hayden put forward his own thoughts, “You can make a price!”

“You want to buy the child?” Joanna didn’t quite understand what he said, “Do you mean that I won’t be able to see him in the future?”

Hayden: “No. If you want to see him, I can arrange a meeting. I have no right to stop the child from seeing his biological mother.”

“Then why do you want me to ask for a price?” Joanna didn’t understand even more, “I gave birth to the child voluntarily, and I donated resources to your family to raise it. You don’t owe me anything!”

“You’re pregnant and giving birth. During the ten months, you’ll be paid for lost work and hard work.” Hayden clarified the words.

“Oh... Actually, it doesn’t have that much impact on my life. I was working normally when I was pregnant.” Joanna said frankly, “If you really think about the hardship of my pregnancy, as long as you care about the child Just a little better.”

“Of course I won’t treat my child badly.” Hayden vowed.

“You are not married yet, I believe the child will not be treated badly in your family.” Joanna was mainly worried that Hayden would marry and find a wife in the future, so that the child would have a stepmother.

Hayden saw Joanna’s worry, so he said, “There is a high probability that I will only have this one child.”

“Why?” Joanna was very surprised, “You are so young and in good health, how could you only have this one child. Even if you don’t get married in the future, you may still have children.”

Hayden didn’t want to refute.

Before having a one-night stand with Joanna, he never thought that he would have a one-night stand with a strange woman.

“Even if I have other children in the future, my children and yours will not be treated badly.” Hayden explained to her, “Even though they don’t have a father like me, my parents won’t allow their grandchildren to be bullied.”

Hayden's words made Joanna feel relieved.

Joanna: "Yes, your parents are quite famous."

When the coffee was delivered, Hayden picked up the coffee cup and took a sip.

"Where do you work?" Hayden asked.

"It's nearby." Joanna replied perfunctorily. She didn't want to tell Hayden the detailed address.

"You are afraid that I will know where you work, why?" Hayden saw that she was very defensive, "I want to find out where you work, just make a phone call, and someone will find it for me."

With a smile on her face, Joanna asked: "Mr. Tate, why are you investigating me? I am just an ordinary person, and my life is also very ordinary. Could it be that you are tired of living a high life and want to see the lives of ordinary people?"

Hayden: "You said on the phone that you were poor, but I wanted to give you money, but you refused."

"Is it true that no one has ever rejected you?" Joanna saw that Hayden seemed really confused, so she answered his question seriously, "I know your family is rich, but I also have my self-esteem. At least I can support myself now. When I really have no money to live on, maybe I'll ask you for help."

Hayden decided to respect her decision.

"Mr. Tate, do you have any other questions?" Joanna plucked up the courage to speak after finishing her coffee.

Joanna felt that the conversation between the two of them was over. If nothing else, it's time for her to go back to the shop.

"Have you named the child yet?" Hayden asked.

"No. After the child was born, I planned to give the child to your family, so I didn't give him a name." Joanna replied, "Since the child has been sent to your home, you can decide about his related matters. I believe, it will definitely be better for him to live with you than to follow me."

"Yes." Hayden saw that Joanna wanted to leave, so he continued to ask, "Do you have a boyfriend?"

Joanna didn't expect Hayden to ask such a private question. But now that he was the father of his own child, no matter what question he asked, he had his reasons.

"No. No man is willing to fall in love with a woman with a big belly, right?" Joanna said, smiling awkwardly, "I just gave birth for more than a month."

"Do you have any suits now?" Hayden continued to ask.

Hayden didn't know what was wrong with him, he just wanted to know more about her.

Probably because Joanna always wanted to draw a line with him quickly!

Novel When His Eyes Opened Chapter 2943 -Joanna couldn't help laughing: "Mr. Tate, your question makes me a little embarrassed. But I can answer you, no one is chasing me for the time being."

Hayden: "Why do you feel embarrassed?"

Joanna: "Because it's my privacy."

Hayden listened to her and planned to end the conversation. At this time, his mobile phone rang. He picked up his phone and saw that it was his mother calling.

He guessed that his mother's call was probably to inquire about his situation.

He answered the phone in front of Joanna.

"Hayden, have you met the child's mother? How did you chat? What's the name of the child's mother? How does she look like? What's her personality like?" Avery asked questions one after another.

Hayden replied: "We met, we're done chatting. Her name is Joanna, and she's working in a dessert shop now. She looks average."

Joanna: "..."

In front of Joanna, Hayden said that she was average-looking, but did she have any emotional intelligence?

"The personality is relatively strong." Hayden added, "I want to give her money, but she doesn't want it. It's not a polite one, but a real one."

Joanna: "..."

She had never seen such a person talking about others in front of others.

After hearing what Hayden said, Avery felt mixed feelings.

"Hayden, are you scaring her? Otherwise, tell her that I want to see her. Make an appointment with her for me!" Avery felt that Hayden's words were too straightforward, which might make the woman afraid to speak sincerely.

"Okay, I'll tell her. But she may not agree to see you." Hayden vaccinated his mother.

Avery: "Tell her well!"

Hayden didn't know how to prove to his mother that he was really polite to Joanna.

After hanging up the phone, Hayden looked at Joanna.

Hayden: "My mother wants to see you."

Joanna: "Avery Tate?"

"Since you have checked my information, why do you use a questioning tone?"

Joanna: "...I'm sorry."

"Why are you sorry?" Hayden hadn't spent long time with anyone of the opposite s-e-x other than his family, so he spoke very rationally and directly. "My mother is very nice. If you need anything, you can meet her. "

Joanna: "Oh... I can meet your mother. But I won't ask her for anything."

"Okay, are you free tomorrow?" Hayden made an appointment.

Joanna: "How about tomorrow at noon?"

Hayden: "Alright."

After making an appointment, the two parted ways.

Standing outside the coffee shop, Joanna watched Hayden get into the car and left, then turned on her phone and sent a message back to Juliette: I finished meeting him. He didn't embarrass me, and he felt pretty good."

Juliette received the news and called directly.

“Joanna! Did he say he would give you money?”

Joanna: “Yes. But I declined.”

“Ah! Why are you refusing? How much is he going to give you?” Juliette exclaimed angrily.

“He didn’t say the amount. His mother asked me to meet tomorrow.” Joanna’s heart beat faster, a little nervous, “He said that if I have any requests, I can tell his mother.”

Novel When His Eyes Opened Chapter 2944 -“Wow! Joanna, I think he might like you a little bit. Otherwise, how could he let his mother come to see you?” Juliette added, “His mother is not an ordinary person. You can search for Avery on the Internet, you know his mother has a lot of background.”

“I know.” Joanna not only searched for Avery, but also Elliot and his younger sister Layla on the Internet.

It was impossible for Joanna to send his son to the Foster family casually.

In case Hayden’s family members had bad conduct and negative news spread all over the world, then Joanna would definitely not dare to send his son to the Foster family.

It was precisely because after searching the Internet that there was no negative news about his family, Joanna made up her mind.

“Hahaha! Joanna, you still have a chance! If you don’t want to marry Hayden, then ask his mother for a sum of money. If you want to marry Hayden, you can refuse any conditions they offer. You look so beautiful, young, and gave birth to two more children for the family...”

“Juliette, do you know how big the gap is between our family and theirs? You clearly know it. Let’s stop dreaming.” Joanna said soberly, “How is Gia now? How about I go and bring her back now?”

“Gia is fine! She doesn’t recognize anyone now, and my mother likes her very much. Why don’t you let her stay with me for a while longer.” Juliette said boldly.

“Why is this so embarrassing? It’s not easy to take care of such a small child. It’s especially noisy at night. I’ll pick her up after work at night.” Joanna said, “They probably won’t rent a house from me. I got in touch with Hayden today, I feel that he is a very calm and rational person, and he should not do such unthinkable things.”

Juliette laughed loudly: "He is the youngest entrepreneur on the rich list. I think this kind of person must seldom focus on his private life. He is probably busy with work all day long!"

Joanna: "Well. I went to the store. Let's not talk about it."

"When you meet Avery tomorrow, can I go with you?" Juliette especially wanted to watch the excitement, "Don't worry, I will sit at the table next to yours and I promise not to cause trouble for you. "

Joanna thought about it and agreed.

The next day.

It was the coffee shop where Joanna met Hayden yesterday.

It was Hayden who sent Avery here.

After seeing Joanna, Avery let Hayden go.

After Hayden left, Avery smiled and looked at Joanna: "Hi Joanna, I'm Hayden's mother, Avery, just call me auntie."

Joanna nodded, infected by her smile: "Auntie, you look so young."

"Maybe it's because my children didn't let me worry about it!" Avery looked at Joanna's face, "Did Hayden tell you about our family's situation?"

Joanna shook her head: "Auntie, as long as you treat your child well, you don't need to tell me about your family's situation."

"Let me tell you something to make you feel more at ease." Avery felt that Joanna was a relatively independent woman.

The Foster family was well-known, but Joanna had never thought of relying on children to gain benefits, which was really rare.

"Elliot and I have four children. Two sons and two daughters. The youngest daughter was found two years ago. For some reason, she was not with us since she was a child. You told Hayden that your family is relatively poor. My daughter lived in a poorer life than you. I tell you this to tell you that our family will not treat you differently. You are the mother of the child and will always be the mother of the child."

Avery's words moved Joanna's heart.

“You can come to our house to look after your children at any time. The door of our house is always open for you.” Avery continued, “Hayden also plans to shift the focus of her work to Aryadelle. I have always believed that the growth of children cannot be separated from the support of their parents. So I hope you will be free in the future, and you can come to our house to watch the child more.”

Joanna said gratefully: “Auntie, thank you. If you don’t mind, I can go and see the child.”

Novel When His Eyes Opened Chapter 2945 -“Haha, of course we won’t dislike you!” Avery saw that Joanna let go of his psychological defenses, so she asked, “I heard that you work in a dessert shop. Which dessert shop is it? Can you show me there later? My youngest daughter likes desserts more, I want to buy some to bring back for her.”

After thinking for a while, Joanna nodded: “Auntie, our dessert shop is newly opened, so I don’t know if the taste suits your taste.”

“You drove it?” Avery was a little surprised.

“No. It was invested by my friend, and I have managed it for her.” Joanna explained blushing.

“Do you have shares?” Avery asked with a smile.

Joanna nodded.

“Can you make dessert?” Avery continued to ask.

“I don’t know. I hired the pastry chef to do it.” Joanna replied.

Avery nodded and asked, “Do you know GD desserts? Their taste is not bad.”

Joanna nodded sharply: “I know. GD Dessert is one of the most famous dessert brands in Aryadelle. I also like to eat their desserts, but their prices are very expensive.”

“Yes. I know their boss. How about I introduce you? If you want to make a good taste, you have to learn from experienced people.” Avery really wanted to help Joanna.

After hearing this, Joanna blushed: “Auntie, isn’t this bad? Usually this kind of technology is not taught to the outside world. Especially this kind of well-known dessert shop. Their ingredients and production technology are from their company.”

“I didn’t ask them to teach you all the techniques. The part that I teach you, as long as it is helpful to you.” Avery explained with a smile, “Their boss wanted to teach me to do it himself before! How about she come next time? When she was teaching me, I called you over, and you followed suit?”

Joanna: “Auntie, is this really all right?”

“Hahaha! Of course it’s okay, I’ll make it clear to her in advance. I have a good relationship with her, and she won’t mind if she does me a little favor.” Avery’s smile was so friendly that Joanna didn’t care at all. She had the heart to refuse her kindness.

The two chatted very happily.

“Joanna, please write down my number, we can contact often in the future.” Avery took out her mobile phone and exchanged numbers with Joanna, “Are you free on weekends? When you are free, you can visit our house. There is always someone at our house. Let me send you the address!”

Joanna blushed in embarrassment: “I know your home address.”

Avery laughed out loud: “Then I’ll give you a door card! From now on, you can directly swipe the card to enter the community.”

Avery found a key card from his bag and handed it to Joanna.

After hesitating for a while, Joanna took the key card.

“Do you really have no difficulties in life? If you have any difficulties, you must tell us!” Avery confirmed with Joanna.

Joanna: “Auntie, I’m really not in trouble. Now the dessert shop is already making a profit, and life is slowly improving.”

With Joanna’s words, Avery felt relieved.

Avery: “Then take me to your dessert shop!”

Joanna: “Okay.”
