

Chapter 991 Sex

Brandon rapidly and nimbly undressed Janet, his flimsy fingertips slipping across her silky shoulder.

Janet was aroused after he touched her. Her vagina was getting wetter by the second. "You... Can you please just come in?" Janet said weakly.

Brandon chuckled as he stuffed his fingers inside her mouth. As Brandon's thin fingers clamped down on her tongue, saliva poured forth. 1

She was moaning and drooling helplessly.

Brandon nuzzled up against her back and said, "Coming right up..." in her ear.

He kissed her neck passionately before biting her. She hissed in pain.

In and out of her mouth, his fingers went.

Her lower body was swollen, slippery, and burning with desire. She gaped, and embarrassingly, saliva poured out of her lips.

She gave Brandon a blank look. Her faculties of judgment and perception were annihilated, and

she could only focus on his penis and her wet vagina. ²

Her vagina had an enormous thing stuffed into it! ⁴
"Gently... Ah..." To get things done, Brandon put out more effort than normal today. Janet was supposed to be mad at him, but the way she stated it made her words come out in a flirtatious tone, pleading with him. ¹

Seeing her face redden, Brandon kissed her cheek. Their breaths mingled with each other. He then started giving it to her.

Janet's body was swaying slightly, her hair was a jumble, and she was moaning with pleasure.

"Ah... Ah... Hmm..." The woman reached over and clutched the sheet next to her, muttering, "Slow down... Please... Please, slow down..." ¹

There was a steady stream of sticky fluid dripping from between her legs, and she clung to Brandon's sturdy body, not intending to let him go. Their genital organs were lubricated by the fluids. Since Brandon didn't stop moving, more of Janet's body fluid was released in a surge!

Janet rubbed her thighs against his waist and

leaned over to murmur in his ear, "Hmm... You're so great!"

Janet's gasp was encouraging to Brandon.

As he held her close, Brandon's long, thick penis smacked into her tender, delicate vagina. He raised his head and struck several times more with stamina.

Janet could feel her vagina convulsing and contracting forcefully as it sucked hard on his penis.

Brandon couldn't resist any longer and sent the sizzling sperm into her womb. When the sperm entered her womb, her womb shrank as if to consume it. 4

Janet, her arms over his shoulders, opened her quivering lips but said nothing. Her whole being was shivering. Her breasts were trembling and she had hit her peak.

They collapsed into the bed and lay there for a time, panting. When Janet looked down, she could see two nude persons directly opposite her in the mirror. In the mirror, she saw that Brandon's penis had gotten hard once more.

There was still no calm in Janet. The thought of him wanting to do it again filled her with dread. While shaking her head, she pleaded with him, "Wait, wait..."

Brandon interrupted her before she could complete her sentence. Brandon straightened his waist and stuffed her from behind! 4

After shifting positions numerous times throughout the night, Janet ended up with a dry mouth and a raspy voice. Her vagina wouldn't close, and she had no control over the constant flow of fluid that it secreted. Even yet, Brandon was not completely content. 9

He didn't let go of her till early morning.

Brandon then hit the shower and then brought the weary Janet to bed, where he tucked her in.

Her collarbone was covered with hickeys.
