Novel Married at First Sight Chapter 1880 -Hearing that there were children, Titus was very happy.

He also wanted to go home a long time ago, thinking about his little sister at home, afraid that his little sister would be stolen by others when he was not at home.

But he didn't want to go home. He wanted to stay in the hospital with his little brother.

Titus thought, Master must also be afraid that his little brother would be stolen by others.

Sonny followed his aunt to FC Manor, and met a friend named Titus. The two were about the same age. As they grew up, their friendship became deeper and deeper, which also represented the establishment of diplomatic relations between the next generation of the two giants.

Even though Sonny didn't come from the York family, his aunt did.

He became good friends with Jane's adopted son, and they were inextricably involved.

.....

The sun was setting, and the resulting sunset was fiery.

Serenity watched the two children playing not far away, with a doting smile on her face and tenderness in her eyes.

When could she have a child?

Although the master that grandma trusted the most helped the husband and wife approve their lives, saying that the husband and wife would have both children and daughters in the future.

Still there was no movement yet.

Serenity was a little worried, was the master right or not?

"Uncle." Sonny suddenly called Uncle.

Serenity said with a smile: "Sonny, your uncle is not here, if you miss him so much, let's go back earlier."

It's just that Sonny didn't hear what Serenity said, and Sonny really saw uncle in his eyes.

His uncle, Zachary, walked towards them from a distance, and the setting sun fell on his body, as if casting a golden light on uncle.

Titus also saw Zachary, he grabbed Sonny who was about to run, and asked Sonny: "Sonny, do you know that person? He looks familiar too, he seems to be Uncle York."

"That's my uncle, my uncle's surname is York, I always hear people call him Eldest Young master York."

Titus: "That must be Uncle York."

Titus let go of Sonny's hand, and then he ran faster than Sonny, Run to Zachary.

When Jane's two children were full moon, Zachary brought Serenity over to drink full moon wine. Titus met Zachary and had a little impression of Zachary.

Sonny's reaction was a little slow. He was probably wondering, that was his uncle, why did Titus run so fast?

To rob his uncle?

That was impossible, as the uncle belonged to him.

Sonny immediately chased after Titus, and both of them started to practice martial arts. Their running speed was slightly faster than children of the same age, but Titus won at the starting line, and his aptitude was better than Sonny's, and he also learned martial arts earlier than Sonny, so it was easy for him to leave Sonny behind.

"Uncle York."

Titus ran up to Zachary. He was not afraid of Zachary's cold face at all. He was very familiar with him. He hugged Zachary's thigh and wanted to climb up.
