**Novel Married at First Sight Chapter 1916** -Hayden: "..."

If Hayden had known that Kevin would be so difficult and make such a big noise, she would have accepted the bouquet of flowers he sent and thrown them in the trash can after he left.

Maybe there won't be such a big commotion.

Kevin looked up at the sun high in the sky. His eyes were so dazzled by the sun that he couldn't open his eyes. He quickly lowered his head and said to Hayden: "Mr. Queen, are you off work?"

"I'm sorry, I have a dinner at noon and I'm not free." Hayden directly refused.

Kevin smiled and said: "It's okay, Mr. Queen is not free today, and he will always be free in the future. I come to treat Mr. Queen to dinner every day, and put a sea offlowers at the entrance of Mr. Queen's company every day, until Mr. Queen agrees to have dinner with me."

Hayden was so angry that her teeth itch.

It was because of her self-cultivation that she didn't fight against Kevin.

She didn't bother to talk to Kevin anymore, he had already made up his mind to use her.

Hayden waved her hand and said to the security guard of her company: "Throw all these flowers into the trash can for me."

Then she turned to the secretary and said, "Contact the owners of those flower shops in Jensburg. From now on, no one can sell flowers to Mr. York. Whoever sells flowers to him will make things difficult for me."

Kevin said to her: "Mr. Queen, you are too domineering. Their flower shop can't make two dollars a month. It's rare to meet a big client like me who can make some money, but you don't let them sell flowers to me. I will make you a villain, and curse you that you will never be able to marry a wife in your life."

Hayden will not be able to marry a wife in this life.

She herself was female.

What kind of wife to marry? She could only marry her husband, or recruit a son-in-law.

Hayden said coldly: "You don't have to worry about my affairs."

She would secretly subsidize a sum of money to those who work in flower shops.

In short, Kevin couldn't be allowed to place a sea of flowers at the door of her company every day.

Kevin curled his lips, "Well, I don't care, as long as you are happy."

Anyway, he had achieved his goal.

Believe it, he declared war on Hayden with the vast sea of flowers he laid out, oh no, he told Hayden that next, he really wanted to pursue her.

This matter would definitely be a hot topic in Jensburg.

Kevin signaled that his people didn't need to stop him anymore, and let Hayden's people clean up all the flowers.

Hayden saw that the sea of flowers had been cleaned up, turned around and walked back.

"Brother." Hugh followed.

Hayden didn't even pay attention to his younger brother.

Don't think she didn't see it. When she came out, she saw that her younger brother and Kevin were still standing together talking and laughing.

She was pissed off by Kevin.

Her younger brother Was actually talking and laughing with the person who pissed her off.

It's all about her jokes, right?

"Brother, Kevin admitted that he just wanted to create a topic to avoid the elders' urge to marry him." Hugh explained as he walked.
