

# A Man Like None Other Novel

## Chapter 2613

"It seems that you had a good time in Jade Cauldron Sect..."

David said with a faint smile!

"Mr. Chen was joking. These outer disciples want to take a shortcut. Through my relationship, they can pass the assessment, learn from a teacher, and become inner disciples!

" , How can I change as an inner disciple, in fact, if I want to enter the ranks of inner disciples, I need to improve my strength and pass the assessment."

Nie Heng said embarrassingly!

"Since you don't have that ability, don't these outer disciples let you play for nothing?"

David asked puzzled!

Since Nie Heng has no way to change the rules, why do these female disciples throw themselves into their arms?

"It's not for nothing. Even if they can't become inner disciples, I still have the right to allocate some resources. I can allocate more to them..." Nie Heng hurriedly explained

!

David smiled and didn't say anything else. He followed Nie Heng for more than ten minutes and passed through a mountain gate again. Only then did he enter the inner gate of Jade Cauldron Sect. The buildings here are obviously more magnificent than the outside!

Moreover, there are also disciples guarding the inner door, and those outer door disciples have no way to enter inside!

Nie Heng took David to a place near the top of the mountain before stopping, and then pointed to the building road on the top of the mountain, "The above is the place where my master and second uncle live and practice, and my mansion is just below them."

Nie Heng brought David into his luxurious mansion. Inner sect disciples like Nie Heng are always taken care of by someone!

"Mr. Chen, I'll take a rest here now. I'll contact you about the assessment, but I hope that I won't be here. Mr. Chen will not walk around, so as not to cause unnecessary misunderstandings and troubles." "If Mr. Chen feels bored, I can

call A few female outer disciples came to accompany you, all of whom look good and have great figures."

Nie Heng said to David!

After all, in Nie Heng's mind, he thought that if he was a man, he would not be able to escape the level of a woman. As the saying goes, which man is not lustful?

"No, you'd better hurry up and help me finish the assessment. I don't feel comfortable staying here, so it's better to go down the mountain!"

David didn't want to stay here any longer, he wanted to go down the mountain and stay with the third elder!

Although the place is magnificent and very luxurious, the atmosphere is very bad. All the disciples are like robots, especially the disciples who serve Nie Heng, all of them are expressionless, like walking dead.

"Mr. Chen, wait a moment. I'll go to the Second Martial Uncle to talk about the assessment. The Second Martial Uncle is in charge of the inner sect assessment." After

Nie Heng finished speaking, he left quickly!

David didn't walk around, and he didn't want to attract other people's attention. After all, he didn't really want to join Jade Cauldron Sect!

Nie Heng walked quickly to the top of the mountain, came to one of the buildings, and shouted loudly, "Second Martial Uncle, disciple Nie Heng is asking to see..." "

Come in..."

An old voice sounded!

Nie Heng walked into the room and saluted the second elder, "Second Martial Uncle, there is a person who wants to join our Jade Cauldron Sect and directly enter the inner sect to apprentice, so he wants to take an assessment!

"It's late." The second elder waved his hand, and then asked, "Nie Heng, did you just come back from the mountain?" "

Yes, I just came back from the mountain!" Nie Heng nodded!

"Let me ask you, Danyun suddenly appeared at your third uncle's place just now, did you see it?"

asked the second elder!

"I see, the pill cloud is still very beautiful, it should be produced by refining high-level pills."

Nie Heng said!

"That's right, I think so too. I really didn't expect your third uncle's alchemy to improve so much." "

You have to work hard too. Don't put all your energy on women. Those female disciples in the outer sect are all beaten by you." Have you played it again?"

The second elder suddenly said with a cold face!

## Chapter 2614

After hearing this, Nie Heng bowed his head in silence, not knowing how to answer!

"You two, master and apprentice, really have the same temperament. When you see a woman, you can't walk. Your master likes women, and you like them too, so don't you know how to practice more? If this continues, you, the third uncle, will not surpass you sooner or later!" The second elder

saw Nie Heng didn't speak, and kept counting!

"Second Master taught me that I will work hard to cultivate."

Nie Heng said hastily!

"Well, let's go back and take the person to the assessment site on time tomorrow, but if you succeed or fail, there is only one chance."

The second elder said.

"I understand!" Nie Heng nodded, then turned and left!

Back at the mansion, Nie Heng said to David, "Mr. Chen, I have already greeted the second elder, and the assessment will be available tomorrow. I will take you to the assessment site now!"

David nodded, and he also wanted to visit Jade Cauldron Sect, and see what is so special about this Jade Cauldron Sect!

David got up and followed Nie Heng out. Because Nie Heng followed, no matter where they went, no one stopped them!

It can be seen that the identity of Nie Hengda's disciple is very useful in Yudingzong!

Soon, Nie Heng took David to a secluded place in Yudingzong!

"Mr. Chen, the examination room ahead is the examination room. They are all basic examinations. With your strength, you can pass them easily..."

Nie Heng pointed to a place in front that was blocked by a formation!

David was right when he thought about it, if the inner sect examination was too strict and even he couldn't pass it, even the entire Jade Cauldron Sect would not even have an inner sect disciple!

"Is there a time requirement for this assessment?"

David asked Nie Heng.

"There are requirements, the maximum time can not exceed ten hours, if ten hours have not come out, it is tantamount to failure."

"You can give up halfway. After all, it is very dangerous inside. If your life is in danger, you can crush the assessment token, and someone will bring the assessment personnel out!" Nie Heng explained

!

"Understood, let's go back..."

David nodded, and then followed Nie Heng back!

After staying in Nie Heng's mansion for one day, Nie Heng took David to the assessment site early the next day!

At this time, the Second Elder hadn't come yet, so David and Nie Heng could only wait!

But after waiting for about an hour, the second elder hadn't arrived yet, which made David a little anxious!

As if seeing that David was anxious, Nie Heng hurriedly said, "Mr. Chen, my second uncle is like this. He is not very capable, but he has a lot of power in the Jade Cauldron Sect. He controls all the assessments. No one dares to offend him. He even secretly gave him gifts, so he took his time."

When David heard this, he could only wait helplessly.

After more than ten minutes, I saw an old man wearing a gorgeous green shirt and robe, holding a purple clay pot, drinking tea and humming a ditty, walking over!

"Second Martial Uncle, you are here..."

Seeing this, Nie Heng rushed to greet him!

"En." The second elder hummed, then looked at David and said, "Is this the person who is being assessed?" "

Yes, that's him!" Nie Heng nodded and said!

"Since you were able to bring him here, it seems that your master attaches great importance to this young man."

The second elder said flatly!

"Second Martial Uncle, this is to worship Third Martial Uncle, not my master."

Nie Heng hurriedly explained!

"Worshiping the third junior brother?" The second elder was slightly taken aback, and then said curiously, "Since I am worshiping under your third senior uncle's sect, how can you bring it? You won't take advantage of your master's absence and want to change the sect, right? "

"Second Martial Uncle was joking. Master once told me that even if I worship under Third Martial Uncle, he is still a disciple of our Jade Cauldron Sect. As a senior brother, I should do so!" Nie Heng laughed dryly

## Chapter 2615

"That's right, you're quite enlightened." The second elder praised Nie Heng, then looked at David and said, "What's your name?" "David!" David said flatly

!

"Since you want to join our Jade Cauldron Sect, why don't you worship under my senior brother's sect, but you want to worship my third junior brother?" The

second elder asked curiously!

After all, Hu Yixiao is the suzerain now, who wouldn't want to worship under Hu Yixiao's sect, then his status in the Jade Cauldron Sect would be much higher!

And the place where the third elder lived was difficult, and there were not many resources for his disciples. Except for a few loyal disciples who followed him, how could anyone worship under the third elder's sect!

"I worship whoever I like, there is no reason..."

David said calmly!

The second elder was taken aback. He didn't expect David to speak to him in such a tone. After all, the disciples who came to participate in the assessment were all respectful to him, and even secretly gave gifts!

Now it's fine that David doesn't give gifts, but he dares to talk to himself in this tone, it's simply too presumptuous!

"Good boy, I have the arrogance of a young man, but arrogance is useless. The assessment is a necessary strength. Whether you can pass the assessment depends on your luck." The second elder finished with a sneer, and then took out a piece of paper

. Handed the token to David, "This is the assessment token, it is for life-saving. If the assessment is in danger, you can crush the token, and someone will rescue you!

"Wealth is in the sky, if you die inside, it has nothing to do with our Jade Cauldron Sect."

David looked at the token in the second elder's hand, but he didn't reach out to pick it up, but said flatly, "I don't need it." What kind of assessment token is this? If my life is really in danger, it is because I am too weak. Even if I die inside, it has nothing to do with the Jade Cauldron Sect!

"Young man, I hope you don't let me down..."

Although the second elder was praising David, there was a hint of coldness in his eyes!

The Second Elder waved his hand, and saw a white light enter the assessment site, and soon the formation of the assessment site slowly opened.

"Go in..." said the second elder!

David was walking towards the assessment site, but when he was about to enter, he stopped suddenly!

"What? Regret it?" Seeing that David had stopped, the Second Elder asked!

"I just want to ask, the time limit for this assessment."

David said!

"Ten hours, if you can come out within ten hours, then the assessment is considered successful." "

After you go in, I'm going to sleep, without the assessment token, if you are in danger, no one will be able to enter Save you."

The second elder said coldly!

"I want to ask, is there a rule for the shortest time?"

David asked!

"The shortest time limit?" The second elder was taken aback, then realized David's intentions, and sneered, "Boy, you haven't entered yet, so don't ask so many questions. There is only one disciple who cleared the level in three hours, and that is Nie Heng!" "

You don't think you are stronger than Nie Heng, do you? I have seen the arrogant disciples who participated in the assessment, but in the end they all fell into it, I advise you It's better to keep a low profile, so you can save yourself some face."

After hearing what the second elder said, David smiled lightly, "Face is earned by yourself, not saved, at most ten minutes, I think you should not go to sleep during this time "

After David finished speaking, he walked directly into the formation for the assessment!

Seeing David's disappearing back, the second elder stood there for a moment and said, "Nie Heng, where did your third uncle find this guy? It's so crazy..."  
"I... I don't know..."

"

Nie Heng swallowed and said!

But Nie Heng knew that David might not be arrogant, but that David really had that ability!
