

# A Man Like None Other Novel

## Chapter 2682

“Why do I feel like someone broke through?”

“It’s a terrifying atmosphere, could it be that David broke through inside?”

Some people began to discuss!

But Hu Yixiao and the second elder looked towards the direction of the medicine pool with solemn expressions. If David really broke through the realm in the medicine pool, it would be troublesome for them!

“Master, could this be Mr. Chen’s breath?”

Fang Shu hurriedly asked the third elder!

The third elder didn’t speak, because he didn’t know, after all, if this kind of terrifying aura erupted, if it was David’s breakthrough, it must have broken through to the Composite Realm!

But it’s not realistic for David to break through to the body-fit state in such a short period of time!

The Third Elder didn’t know that the movement of David’s realm breakthrough was much stronger than others!

If David breaks through the Great Realm and reaches the Combined Body Realm, it is estimated that the entire Jade Cauldron Sect will be shrouded in thunder calamity!

"Brother, I think it's better to close the medicine pool!"

The second elder said to Hu Yixiao!

Hu Yixiao nodded, ready to close the medicine pool, no matter who made the noise inside, as long as the medicine pool is closed, the people locked inside will surely die!

"Eldest brother, didn't you say you were giving an hour? It's not time yet!" The third elder questioned when he saw that Hu Yixiao was going to close the medicine pool.

"I have other things to do, I don't have time to wait!"

After Hu Yixiao finished speaking, he saw his hands slowly clasped together, and the mouth of the medicine pond was also slowly closed!

"Master..."

Seeing that the medicine pool was closed, Fang Shu immediately became anxious!

If David was still inside, he would definitely die this time!

The third elder's face was very ugly, but now that the medicine pool is closed, what he said is useless!

"Let's go..."

The third elder looked helplessly in the direction of Yaochi, and was about to take Fang Shu and Liu Ruyan away!

But when the third elder was about to leave, the second elder blocked the third elder's way!

"Third Junior Brother, why does this new disciple you accept look familiar? Have I seen it somewhere?" The

second elder found that Liu Ruyan looked more and more familiar, and the aura on Liu Ruyan's body, but I can't remember where I saw it for a while!

"Second senior brother, how could he have seen it before? This is just a new disciple I recruited from other places!" The

third elder smiled faintly, but at this moment his heart was extremely nervous!

If at this time, let the second elder see through Liu Ruyan's identity, it will be dangerous!

"Then maybe I was wrong, but you are a newly recruited disciple with good strength..."

After the second elder sized up Liu Ruyan, he walked out of the way!

The third elder hurriedly took Fang Shu and Liu Ruyan away!

"Junior brother, what's going on?" Hu Yixiao asked the second elder.

"Oh, it's nothing, it just looks familiar!"

The second elder waved his hand, and then led others away!

However, the Second Elder at this time already had doubts about Liu Ruyan's identity. The reason why he didn't tell Hu Yixiao was because he wanted to investigate clearly by himself!

If Liu Ruyan's identity is as he guessed, then he can use this matter to carry out his own plan!

Everyone left, and the medicine pool returned to calm!

At this time, in the depths of the medicine pool, David continued to dive into the deepest part of the medicine pool!

Although the terrifying aura around him poured into David's body like a storm, it was quickly refined by David's Concentration Art, and coupled with David's perverted body, there was no danger for the time being!

David didn't know how long he had been sneaking in. He couldn't see his fingers. The bottom of the pool was so dark that there was a faint light at this moment!

David looked along the light, and it turned out to be a huge formation pattern, which was emitting a faint light, and it could be seen from this that the formation was activated!

Perhaps because of the age, the light on the formation pattern is very weak.

## Chapter 2683

"Could it be that there is something at the bottom of the medicine pool that has been sealed?"

Looking at the formation pattern, David was very surprised!

But now that he has come here, no matter what is at the bottom of the medicine pool, David intends to find out!

As David continued to go deeper, the originally weak light began to brighten, and the pattern of formations began to become densely packed. David looked over at a glance, and there were densely packed formation runes for miles around.

This is the first time David has seen a formation rune of such a scale and such a complicated rune!

The faint light he saw just now was not caused by the telekinetic rescue of the formation, but because the water at the bottom was as black as ink, so the light was weak!

Now that David was in front of the formation, the light on the formation became brighter!

Looking at the complex formation runes in front of him, David was at a loss for what to do!

If such a huge formation was laid by one person, then this person is definitely a top formation master!

Such a large formation, such complicated and cumbersome runes, if there is a little flaw, the entire huge formation will fall short!

David's formation technique can be regarded as one of the best, but if he is asked to describe such a huge formation, David may not be able to do it!

But how could there be such a huge formation at the bottom of the Jade Cauldron Sect's medicine pond?

What is such a huge formation hiding here?

David slowly landed on the formation, and then gently touched the huge formation with his hand, feeling the aura in the formation, and agreed that David could detect such a large formation from the remaining aura of the formation. Who set up the huge array!

When David's hand touched the formation, a white soft light instantly enveloped David. This soft light was not offensive at all, but made David feel very comfortable!

Just when David was wrapped in soft light, the dragon crystal on his chest shone with light, and a trace of divine dragon power radiated out, and then merged with that soft light!

At this moment, David seemed to feel some kind of call, and he could clearly know that under this huge formation, there was a certain object being suppressed!

David gently put all his hands on the formation, closed his eyes slightly, and all his spiritual consciousness radiated out!

The dragon crystal in the body is flickering faster and faster, and the power of the dragon is also rushing out!

After the power of the dragon in David's body surged out, the soft white light emitted from the formation became glaring at this moment!

And David's dragon power began to continuously impact the formation!

The power of the dragon seemed to be out of David's control, and he had an independent consciousness, and he kept attacking the huge formation under David's feet!

And in the formation, dazzling white lights emitted one after another, washing away the dragon power emanating from David's body time and time again!

David frowned slightly, waved his palms lightly, and suddenly opened his mouth to inhale, the manic power of the dragon was instantly sucked into David's body!

Suppressing the manic power of the dragon, David carefully checked the formation under his feet!

At this time, David seemed to understand something!

Under this formation, a giant dragon should be suppressed, and this giant dragon seems to have some origin with him, so that the power of the dragon in his body is out of control!

David checked carefully, and he found that this huge formation is not dangerous, as long as no one actively destroys the formation, the formation will not actively attack anyone!

On the contrary, on this formation, not only will there be no danger, but there will also be great benefits, because there is a lot of gentle power in this formation!

The soft white light just now enveloped David, making David very comfortable. If it wasn't for the sudden agitation of the power of the dragon, which attacked the formation, the formation should not have been counterattacked!

After observing for a while, David lightly pressed one hand on one part of the formation, and a wave of spiritual power slowly penetrated into the formation!

Hum...

Suddenly, a huge force sent David flying away...

Seeing this, David had no choice but to study slowly again!

## Chapter 2684

Jade Cauldron Sect, the residence of the Three Elders!

Now two days have passed, the medicine pool has been closed, and there is no news from David. From this point of view, David is already in danger!

Originally, the third elder wanted Liu Ruyan to form a Taoist couple with David, and they were using David's strength to help Liu Ruyan seize the Jade Cauldron Sect.

Now that David's life and death are unknown, the third elder needs to think long-term about recapturing the Jade Cauldron Sect. up!

"Third Elder, how many old divisions of my father are there in the Jade Cauldron Sect?"

Liu Ruyan asked the Third Elder!

"Miss, there are quite a few old ministries of the old suzerain, but after so many years, I'm afraid that those people have already been fascinated by wine, s3x and wealth, and they are in collusion with that Hu Yixiao." The third elder frowned slightly

!

Liu Ruyan also frowned, her expression was very ugly, many people would not care about friendship in front of their interests!

"Third Elder, if the Supreme Elder can be invited to come forward, will he support me?"

Liu Ruyan asked!

If he could get the support of the Supreme Elder, it would be much easier to take back the Jade Cauldron Sect. As long as the Supreme Elder said a word, Hu Yixiao probably wouldn't even dare to fart!

And the entire Jade Cauldron Sect will definitely listen to the words of the Supreme Elder, after all, all the members of the Jade Cauldron Sect regard the Supreme Elder as a god!

But the third elder shook his head and said, "The Supreme Elder has long since stopped asking about the Jade Cauldron Sect's struggle. As long as someone hadn't invaded the Jade Cauldron Sect and made the Jade Cauldron Sect live or die, the Supreme Elder would not have come forward.

" Those words made Liu Ruyan fall into silence. Without the support of the Supreme Elder, she didn't know how confident she was in being able to defeat Hu Yixiao and regain the Jade Cauldron Sect!

Unknowingly, Liu Ruyan thought of David again in her heart. Although she and David hadn't known each other for long, she could always find a sense of security from David. If David was here, maybe David had an idea up!

Just when the third elder and Liu Ruyan fell silent, suddenly there seemed to be a figure flashing past the window!

"Who?"

The third elder was startled and asked loudly!

You must know that Liu Ruyan's identity must not be exposed. Now there are people outside the room window. They just discovered that if Liu Ruyan's identity is exposed, let alone take back the Jade Cauldron Sect from Hu Yixiao, they might want to escape from the Jade Cauldron Sect's capital. Impossible!

Hu Yixiao knew that Liu Ruyan was still alive, so he would definitely kill Liu Ruyan by any means!

"Third Junior Brother, don't make a fuss, it's me..."

At this moment, the Second Elder opened the door and walked in!

"Second senior brother?" The third elder was full of surprise!

And the second elder looked at Liu Ruyan, and saluted slightly, "Meet the eldest lady..."

"Second elder, you...why did you come here?"

Liu Ruyan also asked in surprise!

After all, this is the residence of the third elder, and the second elder would never come here at all!

At this moment, the third elder's aura had begun to rise, and he was ready to attack the second elder at any time. Liu Ruyan's identity must not be exposed!

Although the strength of the second elder is slightly stronger, with Liu Ruyan around, Liu Ruyan is also a strong person in the fit state, and the third elder plus Liu Ruyan may not be the opponent of the second elder!

The second elder felt the murderous intent rising from the third elder, and hurriedly smiled and said, "Third junior brother, you don't have to do this, if I want to reveal the identity of the eldest lady, the elder brother will already know the day the medicine pool is opened. "

The second elder had already begun to doubt Liu Ruyan's identity the day the medicine pool was opened!

Although Ruyan Liu has changed her appearance and voice, there are certain auras in her body that cannot be changed!

"Second senior brother, what are you doing here?"

The third elder asked the second elder coldly!
