

# A Man Like None Other Novel

## Chapter 2685

"You don't need to know who I am, but what I can tell you is that I have always been here, because under this huge formation, I am the one who suppresses..." the man said

!

"It's you?" David was startled, then looked at the two horns on the man's head and said, "You are not a human, right? You are a beast? Are the horns on your head dragon horns? Are you a dragon?" David

himself He has always been called the true body of the golden dragon and the son of the dragon, so David has always felt that his father should be a dragon!

If the man in front of him is from the Dragon Clan, then he is the first person from the Dragon Clan that David has seen!

David can also get some things about his father from this person!

The man looked at David, neither admitted nor denied, but said with a faint smile, "I said before, don't worry about my identity, you can come here, this is fate, open this formation, you will have unexpected surprises Harvest."

"But this formation is too huge, I can't open it." David was a little frustrated!

After researching for a long time, he couldn't find the formation eye at all, so there was no way to open the formation!

Seeing David like that, the man suddenly laughed.

"Since you can't open the formation from here, why don't you try to open it from the inside?"

the man said.

"Open it from the inside?" David was stunned for a moment!

He didn't understand what this man meant. Now that the formation was not opened, David couldn't get in at all. How could he try to open it from the inside?

Just when David was stupefied, he saw the man lightly waved his palm, and David's body instantly began to levitate!

Immediately afterwards, David felt the blood in his body start to boil, and fresh blood continuously seeped out around his skin!

Soon, everything around David turned blood red, which made David nervous and wanted to struggle!

But the man's voice sounded, "Don't struggle, imagine yourself as this huge magic circle, and blend into this magic circle..." David

immediately dissipated all his spiritual consciousness and let his spiritual consciousness follow the magic circle. Huge magic circle fusion!

Thousands of brilliance slowly rose from the formation, enveloping David!

At this time, David was like a baby in the womb, with his eyes slightly closed, enjoying himself comfortably!

Slowly, David's body kept falling, his whole body was wrapped by the formation, and then his body penetrated the formation and fell into another dimension!

When David opened his eyes, he found that the huge magic circle had already reached the top of his head, and the magic circle was still shining with light. However, when David looked over at this time, he could easily find the eye of the formation. Here it is!

Unbelievable David, looking at the man beside him, he didn't understand how it was done.

But the man said with a smile, "Don't you just want to use force to solve anything you encounter. Try to fuse with your heart. Maybe you will find that you can fuse many things..." "Fusion?" David frowned slightly, and

he I still don't quite understand what the man means!

"Everything in the world is born and restrained by each other. You still need to learn too much." "Do you know

where we are now?"

the man asked David!

"Aren't we at the bottom of the medicine pool?" After David finished speaking, he looked around!

He found that although it was pitch black all around, there was a green light flickering not far away, and following the faint light, David could still see countless skeleton-like brackets all around!

Each bracket is as huge as a hill, and its texture is somewhat crystal clear, like white jade. David gently touched it with his hand, and the place where he touched it was extremely cold!

David ran towards the green glow not far away, and when he walked in, he realized that it was a dragon crystal!

## Chapter 2686

I saw that the aura emanating from Long Jing was extremely violent, especially after David approached, Long Jing started to tremble!

The power of the dragon in David's body is also like a prehistoric beast, rushing out uncontrollably!

At this moment, the huge formation above the head flashed rays of light, shining on the dragon crystal, as if controlling the berserk dragon crystal!

"This... what is this place?"

"Could it be that this is inside the belly of a giant dragon?"

David was full of surprise, looking at the dragon crystal in front of him, and the skeleton like a hill, David began to doubt, they Did it enter the stomach of a giant dragon?

The man smiled slightly, then nodded!

At this moment, David looked at the man in a daze and said, "You said you were the one who suppressed it, so I am in your belly?" "What is going on here? Who is suppressing him?"

" You?"

David was in a daze now, not sure what was going on with this man!

"I set up this formation, and I suppressed it myself..."

said the man!

The man's answer made David even more confused. He had never seen anyone who set up a formation to suppress him!

"Why do you suppress yourself?"

David asked in confusion!

The man smiled without saying a word, pointed at the dragon crystal casually and said, "You are taking a closer look at that dragon crystal..."

After hearing this, David looked at the dragon crystal carefully again!

Soon, David's pupils shrank, and his eyes revealed a look of surprise, because he found that within the dragon crystal, there was a very fine black flame. Although the black flame looked very weak, it was obviously beating and burning. !

You must know that the dragon crystal is a pure substance, and there is absolutely no impurity in it, but there is a black flame dancing in the dragon crystal in front of him, which makes David very strange!

"What's in this dragon crystal?"

David asked the man!

"That's the flame of the darkness of the demons. I was seriously injured back then, and the dragon crystal in my body was burned by the flames of the demons. That's why I set up this magic circle to suppress myself." "If not, now my

dragon I'm afraid that Jing has been blackened long ago, and I don't know how many people will die."

The man explained.

When David heard this, he immediately became interested, and hurriedly asked, "Senior, so you must have experienced the war between gods and demons, right? What happened back then?" "Do you know who

my father is? Many people say I am the son of the dragon, the real body of the golden dragon, what is going on?"

David finally met an ancient dragon clan, and he was eager to know about his father!

After hearing David's question, the man suddenly became silent, and then slowly said, "Who can explain clearly what happened back then. In that battle, the heavens collapsed and the order was chaotic. I was just an insignificant member of it." , what can I know..."

Mentioning the events of that year, it was obvious that the man's expression became sad!

After a while, the man continued, "You do have dragon blood flowing through your body, otherwise you would not have come here. As for who your father is, maybe you will know when you really grow up..."

When the man mentioned David's father, his expression became very respectful.

When David saw this, he didn't ask any more questions. He knew that he was the only one who could find out about his father. Every time he asked about his father, he always acted in an unfathomable manner. No one would really tell him. !

"Then why did you bring me here?"

David knew that the man who suddenly appeared and brought himself into this formation must have other intentions! ! !

# Chapter 2688

"Sovereign, did you really kill the old Sect Master?"

At this moment, a disciple stood up and asked in disbelief!

"That's right, the old suzerain's incompetence has caused our Jade Cauldron Sect to develop for many years, but we are still impoverished. Don't you look at how much the Jade Cauldron Sect has changed in the past few years under my management?" Hu Yixiao admitted without hesitation

!

Seeing Hu Yixiao admit it, many Jade Cauldron Sect disciples were extremely surprised, but more disciples were silent!

Liu Ruyan never expected that Hu Yixiao would admit it so readily.

"Disciples, this Hu Yixiao has admitted it himself, we should unite to kill him as a traitor and avenge the old suzerain."

The third elder held his sword and raised his arms and shouted!

"Slay the traitor, avenge the old suzerain..."

The disciples of the third elder's line began to shout loudly, but no one else spoke!

Seeing this, the third elder looked at the second elder and said, "Second senior brother, the old suzerain has treated you well. Aren't you going to join us today to kill the traitor Hu Yixiao?" Although the third elder already knew the answer in his heart, he still wanted

to Ask these two elders!

"Third Junior Brother, I have never liked to fight for strength and courage, so I will not get involved in this matter. For me, there is nothing wrong with Senior Brother being the suzerain." The corner of the second elder's mouth raised, and

then He took two steps back, apparently he wouldn't get involved!

Seeing this, the third elder knew the answer in his heart, but he was still annoyed by the second elder.

"You despicable villain, I shouldn't have believed you back then, you will die badly..."

the third elder yelled at the second elder!

"Junior brother, you should take care of yourself first, I don't know if you can get out alive today!"

The second elder said proudly!

"All disciples obey the order, follow me to strangle the traitor and avenge the old suzerain..."

The third elder raised his arms, and then went straight to Hu Yixiao!

This time has come, and the third elder knows that they have no other choice but to fight to the death and still have a glimmer of life!

"Disciples of the Jade Cauldron Sect, please follow me to destroy Hu Yixiao, the traitor, and revive the prestige of my Jade Cauldron Sect!"

Liu Ruyan also yelled, and rushed forward!

Fang Shu led the disciples from the lineage of the three elders, and charged forward!

There are still many disciples who are ready to move, but many people are watching the attitude of the second elder!

If the second elder helps one side now, that side will have an absolute advantage!

It's a pity that the second elder retreated to one side and actually sat down, intending to watch the excitement, but had no intention of making a move at all!

"Miss, are you really planning to fight to the death? If you obediently grab your hands, I can spare the lives of the disciples who follow you!" "Are you just watching those disciples die for your selfish desires?"

Hu Yixiao said to Liu Ruyan with a sneer on his face!

"Hu Yixiao, we are already determined to die today. None of my disciples are greedy for life and afraid of death." The

third elder yelled and followed Hu Yixiao to fight together!

And the disciples of the three elders' lineage and Hu Yixiao's lineage also started fighting in an instant, and the entire hall of the Jade Cauldron Sect was full of swords, lights and swords!

At this time, Nie Heng, who was Hu Yixiao's first disciple, did not make a move, but retreated back and hid outside the hall!

He is still alive now, which proves that David in the medicine pond is not already dead as others guessed, and David should still be alive now!

If David died, Nie Heng's Fate Soul would disappear in an instant. Without Fate Soul, Nie Heng would not be able to survive!

Since David is still alive, Nie Heng doesn't want to participate in this fight, because no matter who wins, Nie Heng is not easy to do!

## Chapter 2689

Nie Heng, who escaped from the hall, suddenly realized that something was wrong, because he felt that there were dozens of terrifying auras approaching the hall of Yudingzong!

Now all the disciples are gathered in one place, and there are not even guards at the gate. If someone sneaks into Jade Cauldron Sect at this time, then Jade Cauldron Sect will be in danger!

Nie Heng hurriedly hid his body, and soon he saw dozens of people in strange clothes appearing from all directions. These people had a strong aura, and the worst ones were all at the eighth stage of transformation!

These dozens of people surrounded the entire Jade Cauldron Sect Hall, but these people did not make any further moves, they just surrounded the Jade Cauldron Sect Hall outside, as if they were waiting for orders!

Seeing this, Nie Heng rushed back to the hall. At this time, the hall was in chaos, and there were already many corpses on the ground!

"Stop, stop, something happened, something happened..."

Nie Heng yelled desperately!

Soon, everyone in the scuffle stopped, and Hu Yixiao looked at Nie Heng angrily and said, "Nie Heng, as a big disciple, if you don't help me as a teacher, where did you go?" Hu Yixiao saw that Nie Heng didn't help him deal with the third elder and the

others , very angry!

"Master, don't fight any more. Something happened."

"Someone broke into our Jade Cauldron Sect. There are a lot of people here. I'm afraid the people who came here were not kind..."

Nie Heng said anxiously to Hu Yixiao.

"What?" Hu Yixiao was taken aback, and then asked anxiously, "Who are they? Can you see clearly?" "

I don't know, those people are outside and have surrounded the entire hall. We can't kill each other anymore."

Nie Heng shook his head!

Hearing what Nie Heng said, the third elder and Liu Ruyan were also shocked. They never expected that someone would suddenly attack them while the Jade Cauldron Sect was fighting among themselves!

All the disciples of the Jade Cauldron Sect turned pale with shock, and Hu Yixiao rushed out first!

After rushing out of the hall, looking at the dozens of masters around, everyone gasped!

"Magic cultivator?"

The third elder's expression changed!

Others also noticed that these people were all demon cultivators, so they were extremely nervous!

For so many years, demon cultivators have been street rats, everyone shouted and beat them, how could there be demon cultivators who dared to appear aboveboard, and now there are dozens of demon cultivators appearing, then the Jade Cauldron Sect must be in danger!

"Everyone, don't be nervous. I brought these people here. As long as you obey my orders, there won't be any danger."

The second elder shouted loudly, and then jumped into the air!

Now that the matter has come to this point, the Second Elder has nothing to hide!

Moreover, the scuffle between the third elder and Hu Yixiao caused losses to both sides, and they were also facing exhaustion. The second elder could just catch them all!

"Second Junior Brother, what are you bringing these demon cultivators here for?"

Hu Yixiao said with his eyes narrowed!

The second elder sneered coldly, "Brother, as the so-called feng shui turns, you have been the suzerain for a few years, should you let me sit in that seat too? Besides, you, the suzerain, also came by despicable means, so it is not an exaggeration for me to use some means to seize the position of suzerain?"

"You..."

Hu Yixiao was furious when he heard this, originally he thought everything was under his control, but he didn't want to be The second elder made a move!

"Second elder, you can get the position of the sect if you want

, but you openly colluded with the demon cultivator.

?"

Liu Ruyan asked the second elder with a stern face!

"Hahaha, what's wrong with colluding with demon cultivators? Which one of you didn't do all the evil things for your own benefit?"

"Don't come here to teach me now. Those who follow me will prosper and those who oppose me will perish. Whoever stops me from being the suzerain will die..."

The second elder laughed wildly!

## Chapter 2690

"You don't have to think about it, I won't give up the suzerain position to you, and besides, how can I, a disciple of the Jade Cauldron Sect, cooperate with Moxiu.

", eradicate the demon cultivator..."

Hu Yixiao waved his arms, he couldn't obediently give up the position of the suzerain of the Jade Cauldron Sect!

It's just that Hu Yixiao raised his arms and shouted this time, but not many people responded. After all, Hu Yixiao's suzerain is not honorable!

Now the entire Jade Cauldron Sect is divided into three sects, the third elder and Liu Ruyan's sect, Hu Yixiao's sect, the second elder's sect, and some of the Jade Cauldron Sect's disciples are vacillating and don't know who to listen to!

"I still say the same thing, those who follow me prosper and those who oppose me perish, you'd better make the right choice..." The

second elder said coldly, sweeping across many Jade Cauldron Sect disciples!

Feeling the cold gaze of the Second Elder, many disciples of the Jade Cauldron Sect lowered their heads!

After all, the dozens of powerful demon cultivators around were all brought by the Second Elder. In the strength room, the Second Elder clearly had the upper hand!

"I've been shrewd all my life, but I don't want to be fooled around by you, I'll kill you..."

Hu Yixiao rushed towards the second elder angrily!

Originally, he always thought that the Second Elder had no ambitions, but he didn't think that the Second Elder's ambition was the biggest!

"Third Elder, let's go together. If we join forces, we may not lose!"

Liu Ruyan said loudly to the Third Elder!

No matter what enmity they have with Hu Yixiao, this Jade Cauldron Sect must not fall into Moxiu's hands!

"Hahaha, so what if you join forces?"

Accompanied by a tremor in the void, flames suddenly appeared in the sky, and then a figure slowly walked out of the flames!

Immediately after he slapped it out, the flames swept across like huge waves, and the burning void around him made bursts of bursting sounds!

The third elder and Liu Ruyan were instantly repelled by the flames!

Zhe Yan walked out from the flames, and after seeing Zhe Yan, the third elder and Liu Ruyan were all taken aback for a moment!

They didn't expect that this guy escaped and dared to come back!

"Last time I let you escape, this time I will definitely kill you as a demon cultivator..."

The third elder shouted loudly, and walked towards Zhe Yan!

"Third Elder, I'll help you..."

Liu Ruyan also jumped up!

The other Jade Cauldron Sect disciples also made their moves one after another, fighting together with those demon cultivators!

And at this time, at the bottom of the medicine pond!

David entered the dragon crystal!

Just when David entered the dragon crystal, the dark flame suddenly became manic, and kept attacking the surroundings, as if wanting to break through the dragon crystal and escape!

“Where to escape...”

David swung his claws suddenly, wanting to catch the fire, he only needed to remove the fire from the dragon crystal!

But Zhihuo seemed to have consciousness, and after a few dodges, he escaped David’s attack, and then rushed towards David!

Seeing this, David let out a loud shout instantly, and the Indestructible Golden Body was activated, and a golden light glowed on his body!

The darkness and fire passed by David, and a burst of flames rose from David’s body instantly!

Waves of extremely hot sensations hit David’s whole body.

Waves of spiritual power emanated from David’s body, and then formed a transparent light shield all over his body, directly extinguishing the flames on his body!

Immediately afterwards, David threw out both fists, and a burst of terrifying aura erupted, like a tornado, sweeping towards the flame!

David wanted to use this aura to extinguish the fire directly!

A terrifying breath swept out, and the dark flame was blown and shaken continuously, but the burning flame was still burning, and there was no sign of extinguishing it!

"The fire of the demon clan cannot be extinguished, you can only refine it..."

The man looked at David in the dragon crystal, so he said aloud!
