**Married at First Sight Chapter 2032**-Kevin turned his head and looked at Hayden with a smile, his eyes were full of jokes, "Hayden, when you are desperate Fun."

From the moment he publicly stated that he wanted to pursue her, her reaction made him feel that this matter was extremely interesting, if Hayden hadn't responded at all, he would have given up long ago.

He was not interested in wood.

Fortunately, Hayden was not a wooden man.

"Kevin!" A loud shout came from behind.

Both Kevin and Hayden stopped.

The two turned their heads to look at the person who called Kevin's name, and saw that she came in aggressively, walked in front of Kevin aggressively, and slapped Kevin's hand for holding Hayden.

It's Shiloh.

Shiloh received the news that Kevin hung up a banner at the Fortress Hotel, and made a high-profile show of love to Hayden, and immediately rushed to the scene to see what happened.

In the end, Kevin brazenly dragged Hayden into the hotel.

However, due to Kevin's identity, Hayden dared not fight against Kevin, Shiloh was so angry.

She couldn't help but let out a loud roar, and began to save Hayden by the beauty.

Anyway, she was no longer the successor of the Farrell family, so there was no need to hide her secret love for Hayden, what if it was made public?

Kevin was a man who dared to openly pursue Hayden; what was she afraid of?

Although Shiloh had also practiced a little martial arts, it was just martial arts of a three-legged cat. The force of a slap was quite strong for ordinary people, but for a real practitioner like Kevin, it was like scratching an itch.

Not only could Kevin hold Hayden's hand, but Kevin called the security guards: "Get this woman out of the way, and from now on, she will not be allowed to set foot in Fortress Hotel!"

Immediately the security guards come over to support Shiloh.

Shiloh avoided the security guards and shouted sharply: “Kevin, how dare you treat me like this? I am the second lady of Farrell family. Others are afraid of you, Kevin, but I am not afraid of you! If you are capable, you will fight with us! Fair competition, what kind of ability do you use to force Young master Queen like this?”

Kevin signaled the security guard to pause, and he laughed, “What is the second lady of the Farrell family? Are you really the second miss of the Farrell family? I don’t even look at it. Let’s see if the Farrell family still recognize you as the daughter of the Farrell family.

If you were Ms. Kathryn, I would give you some face. She is the real daughter of the Farrell family after all, and the successor of the Farrell family. See, you fake daughter, I really don’t pay attention to you.

I don’t need anyone to be afraid of me, I do what I want, what does it have to do with you? Fair competition? Miss Shiloh, your words are really funny. How can there be fairness in this world?

Also, which eye of yours has seen me force Hayden? I took off his clothes, but I didn’t take off his pants, let alone kiss him and hug him. Why did you use force on him?

On the contrary, you, Miss Shiloh, snatch Hayden away from me if you have the ability. If you can’t snatch him away, don’t shout in front of me. Throw you out! Really What kind of cat or dog dares to point fingers in front of me.”

What kind of green onion was Shiloh!

Having occupied Kathryn’s identity for more than 20 years, after Kathryn returned to Farrell family, Shiloh still wanted to bully Kathryn all the time, even more unwilling to do tricks behind her back, trying to win the position of head of Farrell family.

Kevin didn’t give any face to this kind of woman.

The head of the Farrell family had to be courteous in front of Kevin.

Kevin would show some face to Kathryn, the genuine daughter of Kathryn, because his family Hayden appreciated Kathryn.

The security guards of Fortress Hotel immediately forcibly lifted Shiloh and threw her out of Fortress Hotel.

This scene fell into the eyes of everyone, and then spread to the ears of the media, it was naturally another piece of gossip news.

The content of the gossip news was that Kevin and the second lady of Farrell family were jealous because of the rivalry of Young Master Queen, and they fight, accompanied by a photo of Shiloh slapping Kevin and holding Hayden's hand.

In the end, the second lady of the Farrell family was crushed by Kevin in terms of momentum, and was finally thrown out by the security guards of Fortress Hotel.

And Young Master Queen fell into Kevin's hands, allowing Kevin to ravage him.
