Married at First Sight Chapter 2045—“Kathryn, Kathryn, what is Kathryn? She’s a lump of mud, even if Mom tried her best to help her up the wall, she’s still a lump of mud. When Mom gives up on her, she will know who is the successor of the Farrell Family. Those who look down on me people, just wait and see! And Hayden, the man I have my eyes on, one day, I want him to bow down under my pomegranate skirt. Mom also supports me in pursuing Hayden.”

Shiloh thought, taking advantage of the fact that she was no longer the successor, she would pursue Hayden first, and if she succeeded, she would regain her status as the successor. In that way, she would have a male god, Hayden and a status.

She was happy!

Erika was hoping that Shiloh and Kathryn would fight, so that her husband could reap the benefits of being a fisherman.

Since she flattered Shiloh, she boasted that Shiloh was the best woman in the world.

Serenity was also silently watching the internal strife of the Farrell Family through the power of the Bucham family in Wiltspoon.

On Friday morning, Serenity deliberately got up early to send Sonny to the kindergarten with Zachary, and promised to go to the kindergarten in the afternoon to pick up Sonny, and then the little guy followed the teacher into the kindergarten.

After leaving the kindergarten, the husband and wife were busy with their own work. Serenity was now used to going back to the bookstore first.

As soon as she entered the bookstore, Jasmine said to her: “Serenity, there is a big envelope on the cash register, which was brought by a student. The student said that a stranger stopped him and asked him to help deliver the envelope to us. In the store, it says ‘Serenity Received’. I touched it and it felt like a photo.”

As Jasmine said, she turned and went into the kitchen, and took out the fruit that her husband brought to her at noon yesterday from the refrigerator, and she put it in the refrigerator before she finished eating it.

After cleaning the fruit, she came out with the plate of fruit, and said to Serenity: “I guess those photos are of your rival in love and that man who looks like Zachary.”

Serenity put down her bag, sat down in front of the cash register, picked up the big envelope, touched it, and felt that it looked like a photo.

Serenity said: "Maybe it's because Analia didn't get the expected results for the photos last time. she was not reconciled, so she posted them and sent them to me."

The man next to Analia was not Zachary, because he didn't look the same, but his body shape, which made Zachary and his wife feel a bit stuck but couldn't do anything to Analia.

Serenity paid more attention to the matter of her mother's life experience. As for the fact that Analia found a substitute for Zachary and took pictures to show her affection, she put it aside after she knew it, and didn't take it to heart.

If the stand-in's facial features also resembled Zachary's, she would be really upset.

But she was only in shape; her facial features were different, and she was not in Wiltspoon. If she was blocked like this, she didn't know what she would be blocked. After all, there were many people who loved Zachary.

Jasmine came over, put down the plate of fruit, and invited Serenity to eat fruit.

She sat down, looked outside, and said, "What time is it? The sun is so bright. I went out for a few steps at noon, and my skin hurt from the sun."

Serenity laughed and said, "Who told you to go out at noon?"

Jasmine: "I have to go out for a walk. Sitting here and reading books all the time will be boring. Seeing that you and Elisa are so busy and you don't let me help, I'm going to get moldy sitting here."

Serenity ate the fruit and said, "When you are pregnant, Josh won't let you come here again."

Jasmine: "...Serenity, can you say something to make me feel better."
