

A Man Like None Other Novel

Chapter 2910

I don't know how long it took, but the fog became less and less. Although many people got the beast pills, they also consumed a lot of energy!

Some people were even injured, and the overall strength has obviously dropped a lot!

"Now that the fog has disappeared, can we enter the palace..."

Gao Qijie asked David!

"Wait a minute..."

David still stopped Gao Qijie!

"Always waiting, always waiting, what are you waiting for?"

Gao Qijie didn't understand what David was waiting for!

David didn't answer, but quietly looked at the two demon cultivators!

As long as they go in, David will follow, and if the two of them don't go in, David won't go in either!

There will definitely be dangers in this palace. Obviously, these two demon cultivators seem to be very familiar with this place!

At this time, someone has already entered the palace, and there are bursts of exclamation in the palace!

The people outside heard the exclamation and couldn't help but want to enter.

Soon, except for David and the others, everyone else had already walked in. Seeing this, the two demon cultivators looked at each other, and then walked towards the palace!

"This palace is so beautiful, but it's where the treasure is. If you go late, I'm afraid you won't get anything..."

The two of them ran towards the palace quickly while talking!

Seeing this, David waved his hands and said, "Come on, let's go in too..."

David led everyone into the palace!

After entering the palace, David and the others were also stunned by the scene before them!

I saw that in the huge palace, there were actually colorful ice crystals, and in the middle of the palace, five huge ice coffins were placed!

The five ice coffins were not discharged at one time, but formed a circle, and inside the circle surrounded by the ice coffins, there was a very strange pattern drawn, the pattern was blood red, as if painted with blood Same!

And in these five huge ice coffins, there is a huge corpse of a monster. The corpse is so lifelike that it seems to be asleep!

"Ice Soul Giant Beast, this is Ice Soul Giant Beast..."

Seeing the corpse of the monster in the ice coffin, Wa Vang suddenly roared excitedly!

"Ice soul monster?" David frowned slightly!

If this is the location of the treasure, how come there are so many corpses of ice soul behemoths?

And where is that treasure?

Although the palace is very huge, you can see the whole picture at a glance, and there is no hidden treasure at all!

"Is this the Ice Soul Beast?"

Gao Qijie leaned over excitedly, looking through the ice coffin carefully at the body of the Ice Soul Beast inside!

He has never seen the Ice Soul Behemoth, only heard about it!

I heard that this ice beast lives thousands of meters under the ice, and will never come to the ground at all, so very few people have seen the ice beast!

"I've also seen it in an ancient book. The ice beasts look like this. It's just that five ice beasts suddenly appeared here and were sealed in ice coffins. What happened here?" "Could it be that we are here?"

"Is it the treasure land of the ancient body-refining clan?"

Wa Gang couldn't believe it, the ancestors of the ancient body-refining clan were able to kill five giant ice beasts, it was simply impossible!

David inspected the five ice coffins, and finally set his eyes on the bright red pattern!

This pattern looks like a formation, but he didn't want to, David found that he couldn't detect it with his spiritual sense!

"I think this place is more like an altar?"

The old grandson came over and whispered!

Use five giant ice beasts as sacrifices, and then surround them, and the blood-red pattern in the middle is some kind of ceremony of the altar.

"Who the hell is it? They are trying so hard to build an altar here? What are they going to pay homage to?"

David was very puzzled. Apart from these things, there are no other treasures here!

Who would come to build an altar thousands of meters under the ice?

Chapter 2911

"Damn it, there's nothing here. Since there's no treasure, the corpse of this icy beast should be quite valuable, so I'll take the corpse away." Old Kong cursed angrily, and then slapped him

. They shot at the ice coffin!

Since there are no other treasures, the corpses of the rare Ice Soul Beasts must be a good resource. Maybe these Ice Soul Beasts still have animal pills in their bodies!

However, with the strength of the eighth rank of the Fusion Realm, Lao Kong slapped the ice coffin with his palm, and the ice coffin did not move at all, not even a crack appeared!

You know these are made of ice, how could it be so strong?

"Old Kong, did you take the Ice Ant Beast Pill just now? You are so tired that you have no strength. Why can't you even open an ice coffin?"

Zuo Qing taunted Old Kong.

"Hmph, I didn't use much force just now, it's just an ice coffin, I still can't open it..."

Lao Kong said, and once again charged up his palm and slapped it down !

With this palm, he still couldn't open the ice coffin, and this time, Lao Kong's face became extremely ugly!

"This is the thousand-year-old ice, and ordinary monks can't touch it at all. If you can use the thousand-year-old ice to make an ice coffin, then this person's strength must be terrifying!"

Gao Qijie said at this time!

Although he didn't know the giant ice beast in the ice coffin, Gao Qijie could tell the material of the ice coffin at a glance!

This ice coffin is made of thousand-year-old ice, which is extremely hard, and a cultivator in the fit state can't shake it in the slightest!

Hearing Gao Qijie's words, Lao Kong was also discouraged. Since he can't move the ice coffin with the strength of the eighth rank of the Fusion Realm, let alone the others!

After all, he has the highest strength here, and everyone else's strength is lower than him, so it is even more difficult to open the ice coffin!

"Damn it, didn't it come in for nothing, and I got two beast pills, I didn't see the bullshit treasure..."

Old Kong cursed in dissatisfaction!

The others were also very dissatisfied. They thought there were treasures in the palace, but after entering, there was nothing but five ice coffins!

And the ice coffin can't be opened yet, so don't even try to take the body of the ice beast!

Just when everyone was depressed and wanted to leave, one of the two demon cultivators suddenly said, "Everyone, you only pay attention to the ice coffin. Have you noticed that those colorful ice crystals are the best cultivation resources!"

" I tried it quietly just now, the energy in the ice crystal is very pure, it can increase the speed of cultivation, although it is not as good as the fragments of the ice soul, but it is also hundreds of times stronger than the spirit stone..." The man said, his body slowly floated

away Get up, get close to those ice crystals, and start absorbing the energy in the ice crystals!

Hearing what this person said, the others immediately became interested, and all jumped up one after another, floating to the top of the tall palace.

Some wanted to reach out to remove the ice crystals and take them away, but no matter what they did, the ice crystals did not move at all!

In this way, they can only absorb it here, and it is impossible to take it out!

Soon, these people were all suspended on the top of the palace, greedily absorbing the energy in the ice crystals!

Even Gao Qijie jumped up with the Gao family, constantly absorbing energy!

David didn't move, and he told Wa Guan and Ji Yun not to absorb the energy in the ice crystal!

David has been watching the two demon cultivators. Although the two demon cultivators are also absorbing the energy of the ice crystals, he always feels that the two demon cultivators are not paying attention and have been secretly observing everyone!

"Mr. Chen, are we really not going to absorb the energy in that ice crystal?"

Wa Gu couldn't help asking!

"Don't move, I always feel that there is a bad feeling, and there is a demon cultivator here. If we don't know the demon cultivator's intentions, we'd better be careful." David whispered

Chapter 2912

Hearing what David said, no one was talking anymore, so he could only carry it underneath, looking rudely at the huge ice coffins in front of him!

"David, look quickly, is there blood in this ice coffin?"

At this time, Liu Ruyan seemed to have found something in an ice coffin, so she shouted at David!

David hurried over, and sure enough, inside the ice coffin, he found streaks of blood, very thin, if you didn't look carefully, you wouldn't be able to find it at all!

And those bloodshots seem to be still wriggling, as if alive!

Seeing this, David quickly pressed his hand on the ice coffin, and suddenly a burst of icy cold rushed into David's body, and David couldn't help shivering!

The whole arm began to frost quickly, as if it was about to freeze on the ice coffin!

"Mr. Chen, this is thousand-year-old ice, you must not touch it for a long time, or you will be frozen..."

Seeing this, Wa Chuan hurriedly stepped forward to pull David away!

“Don’t touch me...”

David stopped the crock pot, and then a flame began to condense on the palm, and the frozen palm slowly melted at this moment!

When David performed the Heart Concentrating Art, the palm of his hand immediately emitted a huge suction force, and the bloodshot eyes in the ice coffin were actually sucked by David and began to come out of the ice coffin.

These bloodshots broke through the ice coffin, and then floated in the air. David wanted to catch these bloodshots, but he couldn’t catch them at all!

David did the same, and sucked out all the blood from other ice coffins!

Soon a group of blood threads gathered together and twisted continuously, forming a blood group!

Since he looked up at the blood clot, his expression was very surprised!

Because from the blood mass, there was an icy aura that almost froze everyone!

“This can’t be the blood of the Ice Soul Beast, right? Maybe it’s turning into an Ice Soul Beast, then we’ll be in trouble...”

Wa Gu said worriedly!

But as soon as David’s words fell, the blood mass suddenly exploded, forming a blood mist in an instant, and in this blood mist, the phantom of a giant ice beast slowly appeared!

“Ice Soul Giant Beast, Ice Soul Giant Beast...”

Seeing the Ice Soul Giant Beast, Wa Gu turned pale with fright!

The others were also very nervous, but Liu Ruyan hid behind David!

“Don’t be nervous, this is just a phantom, we don’t have too much strength, we can deal with it...”

David comforted Liu Ruyan, but he actually said it to Wa Gang and Ji Yun!

“Wagang, you are such a crow’s mouth, what are you talking about...”

Liu Ruyan complained to Wagang!

Wa Gu also looked embarrassed, he was just talking casually, but he didn’t think it was really the blood of the Ice Soul Behemoth, and it turned into the afterimage of the Ice Soul Behemoth!

Even if it was an afterimage, several people felt the danger and retreated one after another!

And the afterimage of the giant ice soul beast raised its haughty head, and swept over everyone with fierce and domineering eyes!

At this time, the others were all on the roof of the palace, meditating with their eyes closed, absorbing the energy of the ice crystals, and no one noticed the afterimage of the giant ice beast appearing below!

Only those two demon cultivators have been observing the movement below!

The gigantic paw of the Ice Soul giant lightly slapped the ground, and instantly, endless icy air pierced the sky and covered the earth, rushing towards David and the others, like a huge wave that soared into the sky, sweeping in all directions...a piece of cold

fog , froze the surrounding air, David and the others were trembling all over, and their bodies were covered with frost!

Seeing this, Ji Yun took out a formation plate and threw it in front of everyone, a transparent barrier instantly appeared, blocking the bursts of cold air!

It's a pity that the barrier was only blocked for a few seconds, and the barrier was instantly shattered!

Ji Yun immediately threw another array to block it, even if it can block it for a second, it's fine!

It can be seen that Ji Yun, the rich second generation, is not afraid of spending money at all!
