

A Man Like None Other Novel

Chapter 2931

But when Linglong jumped into the teleportation formation, she found that David and others in the transmission formation had disappeared!

These people did not know when, but they appeared outside the teleportation array!

In fact, David and the others didn't enter the teleportation formation at all, they were just confusing Linglong just now!

The teleportation array drawn by David couldn't teleport so many people, and it was also extremely unstable!

Just after Linglong entered the teleportation array, David shot out a few runes in an instant, and as the runes lit up, Linglong's face also became ugly!

Linglong desperately wanted to break free, but found that her body seemed out of control, and then became more and more illusory!

"Do you think this teleportation array is used by us to escape? In fact, it was prepared for you, to teleport you away!" "

Although this teleportation array can't cause you any harm, don't even try to catch me ..."

David looked at Linglong proudly!

Linglong roared angrily, the space outside her body was trembling, and her body was also becoming blurred!

A force of space is pulling Linglong tightly, making it impossible for Linglong to break free!

Linglong was about to die of anger, she never thought that she would be fooled by David!

The great monk who was at the pinnacle of the ninth rank of the Body Fit Realm was teased by David, a little monk of the third rank.

But no matter how angry Linglong was, she couldn't stop the teleportation array from starting, and soon Linglong's figure slowly disappeared!

It wasn't until Linglong's aura completely disappeared that everyone breathed a sigh of relief!

And David was sitting on the ground, panting heavily!

Drawing the teleportation array and carrying out space teleportation made David consume a lot of energy!

"It's too dangerous. If the teleportation array fails to activate, we will all die here..."

Ji Yun wiped off his cold sweat and said!

"Let's leave quickly, there is more than one demon cultivator here, if we encounter such a powerful demon cultivator, then we are really doomed..."

David just took a few breaths, and then said!

Lao Sun and the others also knew that what David said was true, if they encountered such a powerful magic cultivator, they would have to sit and wait for death!

"I was very lucky to be able to activate the teleportation array this time. I won't be so lucky next time, and I don't have the ability to describe a teleportation array!" "And how far this teleportation array can teleport, I don't

know I don't know, so it's better for us to leave as soon as possible!"

David and the others won the bet this time, and they didn't drive Linglong away with real strength!

"Yes, let's hurry up and get out of this place..."

Lao Sun followed suit!

Soon, several people speeded up and headed in the opposite direction from the beginning!

In this way, those demon cultivators can be bypassed. After all, those demon cultivators would never have thought that David and the others would turn back!

Not long after David and the others fled, the two guardians brought by Linglong had already surrounded and bumped into each other!

"Miss' aura has disappeared, what's going on?"

Cang Hufa said solemnly!

They felt Linglong's aura and suddenly disappeared, and the place where they disappeared was in this area!

"There are traces of fighting here, did something happen to the eldest lady?"

Another guardian said!

"How is it possible, the strength of the eldest lady at the pinnacle of the ninth rank of the physical body is higher than that of you and me, so how could something unexpected happen."

Cang Hufa didn't believe it at all!

"Then why did Missy's aura suddenly disappear? Isn't that scientific?"

Another guardian couldn't figure out why Linglong's aura suddenly disappeared!

Chapter 2932

"I don't know either, but if we catch up with those people, we will know the whereabouts of the eldest lady..."

After Hufa Cang finished speaking, his figure flickered, and he chased after David and the others!

David and the others ran away desperately, but they were about to be overtaken by them!

"Damn it, these demon cultivators are really persistent, they chase after them..."

David couldn't help but cursed!

Lao Sun and the others also felt the pursuit of the two demon cultivators behind them, and they also frowned slightly!

They were already injured and consumed a lot of physical strength, so they couldn't escape at all now!

If this continues, he will be caught up soon! "We can't run anymore, we have to prepare to meet the enemy. If we

continue running like this, we will be overtaken." " We won't even have the strength to defend against the enemy..." David stopped, he knew that running like this Going down is not a solution, the other party has detected their aura! Even if they ran as hard as they could, it was impossible for them to run past the pursuers!

"Yes, we can't run anymore. If we continue running like this, we will be overtaken sooner or later. Why don't we take a rest and regain some strength." Ji Yun also stopped! Seeing this, Lao Sun, Lao Kong and Zuo Qing also stopped, and they also knew that what David said was right! "Little brother, tell me, what should we do?"

We all follow your orders..." Old Sun asked David! David dispersed his consciousness, perceived the positions of the two demon cultivators, then looked around, then called Ji Yun to his face and said, "Brother Ji, now you need to pretend to be seriously injured, and then look like you are exhausted , need to deceive those two demon cultivators!" "How?" Ji Yun asked puzzled!

David then whispered a few words in Ji Yun's ear, and then said, "This is a bit dangerous, do you dare to do it?"

"Dare, why not..."

Ji Yun nodded heavily!

David opened his hand, a beam of flame was beating in David's palm, and then David wrapped the flame with spiritual power and turned it into a ball!

David handed the ball to Ji Yun, and after a few words of advice, David took his grandson and the others away!

Just after David and the others left, Ji Yun made himself unkempt, and then lay on the ground!

And the aura on his body is also very weak!

When the two demon cultivators caught up, they soon found Ji Yun lying on the ground!

When the consciousness swept over Ji Yun's body, he found that Ji Yun's aura was very weak, and Ji Yun's strength was not strong, which made the two demon cultivators relax their vigilance!

"This guy is still alive. I'll go over and ask who they are..." "

Also, I'll ask them if they know where the eldest lady is."

Guardian Cang thought Ji Yun was seriously injured and fell to the ground, unable to run, so Slowly walking towards Ji Yun!

"Cang Protector, be careful, don't cheat..."

Another protector reminded!

"Don't worry..." After Cang Hufa finished speaking, he grabbed the void with his big hand, and a huge ax instantly condensed, and then he came in front of Ji Yun!

After looking at Ji Yun, the ax in Guardian Cang's hand slashed down towards Ji Yun!

And just when the huge ax was about to fall, Ji Yun, who was lying on the ground with a weak breath, suddenly jumped up, and his eyes flashed brightly!

"Go to hell..."

Ji Yun yelled, and threw the fireball out of his hand!

boom.....

The fireball burst instantly, forming a sea of flames for a while!

The sea of fire instantly swallowed the Cang Guardian!

Guardian Cang, who was in the sea of flames, felt the heat wave and immediately backed away!

"Zhi Huo? Such a pure demon Zhi Huo, who are you..."

Cang Guardian asked Ji Yun while stepping back!

"I'm your father..."

After Ji Yun cursed, he turned and ran away!

Chapter 2933

"Damn it, stop for me..."

Guardian Cang and another person suddenly burst into bursts of flames, directly devouring the flame thrown by Ji Yun!

What David gave Ji Yun was only a wisp of fire, so it didn't have much effect in front of these two people!

In fact, David also knew that he just relied on this ray of fire to anger these two people!

Only when the opponent is furious, will they be allowed to seize the opportunity!

When Ji Yun saw this, the two of them easily broke the fire that David had given them, and immediately ran away in fright! If

is overtaken by two people, it will be over!

The two behind him were desperate, so Ji Yun buried his head and ran for his life!

But when the two of them put all their attention on Ji Yun, suddenly the ground trembled, and then chains of aura shot up into the sky, directly binding the two of them!

"It's broken, there was an ambush, I fell for it..."

Cang Hufa was startled, and hurriedly broke free from the aura chain, and the two of them backed away!

But at this time, four figures had already appeared, and all kinds of storms hit the two of them!

Seeing this, Cang Hufa could only continue to retreat with another person, because he didn't know how many people the other party had and what their strength was!

They only focused on Ji Yun just now, so they didn't use their spiritual sense to investigate the surrounding situation, which gave others an opportunity to take advantage of!

Cang Hufa and the two were retreating rapidly. They were chasing just now, but now they are running away!

The situation reversed in an instant!

But when Cang Hufa and the two retreated quickly, they found that the four figures that appeared just now did not pursue them, but after two moves, they turned around and ran away!

Originally, Cang Hufa and the two were in a chasing situation, and the distance between the two sides was not only narrowing, but now the two of them started to retreat desperately!

As for David and the others, they also turned around and ran away, and the two sides started to walk towards each other, so the distance was opened very far in an instant!

When Guardian Cang reacted, David and the others had long since disappeared!

“Damn it, I fell for it again...”

Seeing this, Cang Hufa gritted his back molars in hatred!

Having been teased many times, Guardian Cang almost died of anger!

He was too cautious just now, and he didn't realize that the opponent's moves were all false moves, without the slightest attack power!

It's too late to find out now!

“These two demon cultivators are much weaker than the woman just now. One is at the beginning of the ninth rank of the body, and the other is at the peak of the eighth.” “

If it weren't for our exhaustion and exhaustion, and you were injured, There is no need to be afraid of these two people at all!”

David ran away while analyzing the strength of both sides!

The strength of David and the others, compared with Cang Hufa, is actually not weak at all. The reason why David wants to flee with everyone!

One is that they are very weak now, and almost all of them are injured!

The second is that there are other people among these demon cultivators. If there are two demon cultivators of this strength, they will have no chance to escape!

But when David and the others escaped, suddenly the surrounding space trembled, as if the space was about to collapse!

Then, behind them, a magic weapon similar to a pagoda was chasing them at a very fast speed!

It quickly overtook several people and fell heavily in front of them!

On the top of the pagoda, Cang Hufa and the two looked stern, "Hmph, ignorant things have repeatedly played tricks on us, damn it..."

David and the others saw that the other party had such a magic weapon, so they could only stop!

"You two demon cultivators, are you finished? Didn't you see how many of us?"

"The strength of the pinnacle was killed by us!"

"If you two don't want to die, get out of here..."

David threatened the two of them!

Since you can't run, you can't show timidity!
