

A Man Like None Other Novel

Chapter 2976

From the bronze mirror, five streaks of golden light shot out, heading straight for the five vortexes!

When the golden light hit the vortex, the five vortexes also began to reflect light, but all the light gathered into the midair!

Soon, at the point where the rays of light gathered, a light gate that grew from small to large appeared!

Seeing this, David yelled "Hurry up..."

After speaking, David suddenly flew up and went straight to the light gate!

"Mr. Chen..."

Seeing that David went towards the light door that suddenly appeared without hesitation, Gao Qisheng was a little worried!

After all, those monks died tragically in front of them just now, and the scene is still vivid in my mind!

If something happens to David, then this treasure knows that his Gao family has no advantage at all!

"Follow up..."

Seeing this, Ji Yun followed David and headed towards the light gate.

Next, Lao Sun, Lao Kong and Zuo Qing also jumped up. After this period of time, these people followed David to death!

They believed that David's behavior would never harm them!

Seeing this, Gao Qisheng also waved his hand, leading everyone in the Gao family to jump up and head straight for the Guangmen!

When David and the others passed through the light gate, everyone was still watching blankly, not understanding the situation for a while!

"Could this be the door of space to leave? Those five vortexes just now were all dead ends?"

Ning Caichen seemed a little surprised!

Even the Five Elements Heavenly Demon was shocked when he saw the light gate that appeared. Without David, they would never have imagined that there would be an exit beyond the five vortexes!

"Dad, you see that the vortex is about to disappear, and the gate of light is about to disappear..."

Ning Can saw that the vortex was about to disappear, and the gate of light was also slowly disappearing!

"Let's go..."

Ning Caichen knew that if they didn't leave while the light gate disappeared, they would be trapped here forever!

Everyone scrambled towards the light gate, and at the last moment, they all rushed through the light gate!

After David and the others rushed through the light gate first, when he looked back, he found that only Ji Yun and Lao Sun, Lao Kong and Zuo Qing followed!

"Where's Gao Qisheng?"

David asked Ji Yun.

"We don't know either. After you came in, we followed in. We should be behind!"

Ji Yun replied!

But at the gate of light, casual cultivators kept coming, but Gao Qisheng and the others couldn't be seen!

In the end, Ning Caichen led some members of the Ning family through the light gate, and the light gate behind him also disappeared!

After passing through the gate of light and everyone calmed down, they realized that there were fewer people around them!

"Chan'er, Can'er..."

"Did you see the young master?"

Ning Caichen realized that his son had disappeared!

They passed through the light gate together, but now they are gone!

"Master, we walked with the young master, but there was a flash of white light in front of our eyes, and we arrived here. As for where the young master has gone, we don't know!" Several servants of the Ning

family said!

This time, Ning Caichen panicked, for fear that Ning Can would have an accident when passing through the light gate!

Many casual cultivators also looked around, and found that many people around them had disappeared, as if they hadn't passed through the light gate!

And Jin Sha, one of the Five Elements Heavenly Demon, looked at his side at this moment, and he found that only he had passed through the light gate, and the others were not with him at all!

Even if he exuded divine consciousness, he couldn't sense the existence of his companions at all, and Jin Sha panicked at this moment!

Looking at the anxious crowd, David frowned tightly!

This time through the gate of light, it seems that there are many fewer people. Now they only have a dozen monks, and the rest of them don't know where they went!

Chapter 2977

"Fellow Daoist, when you passed through the Guangmen, did you ever see people from the Gao family also pass through the Guangmen?"

David found Yuan Bao, so he walked over and asked!

"Everyone from the Gao family passed through, didn't they show up?" "It's really

strange, so many people passed through the Guangmen together, why did they disappear inexplicably?"

Yuan Bao was also full of doubts!

"Mr. Chen, are those who didn't show up all torn apart by time and space distortion?"

Ji Yun asked David in panic.

"Impossible, this light gate does not have any space-time fluctuations, and they are likely to be sent to other places." "The

place, where this light gate transmits, is random, and all the areas we are in are more like A huge illusion!"

David's eyes were slightly condensed, and there was a bit of doubt in his eyes!

"Illusion? Such a huge illusion requires a lot of strength!"

Ji Yun was shocked when he heard it!

"Everyone should be careful, don't lose your life here if you don't get the treasure in the end!"

David urged!

"Then what should we do now?" Ji Yun asked!

"Let's take a step and take a look, let's go forward first..."

David didn't know what to do now!

"Brother Chen, can I... can I be with you?"

Yuan Bao looked at David and begged with a smile on his face!

With his strength, he is the target of the massacre here, so he must find a backer!

David looked at Yuan Bao's begging eyes, finally nodded and said, "Okay, let's go together..."

David didn't care about other people, but took Ji Yun and Lao Sun to move on!

At this time they were in a desert, the ground was full of yellow sand, without any plants, and the surrounding temperature was extremely high, and they were already sweating profusely after walking a short distance!

Now they all began to miss the icy snow field in the extreme north, it was going to be so hot here!

In the end, he had no choice but to use his spiritual power to dissipate the heat on his body and form a barrier, but this was extremely exhausting of spiritual power!

But there is no way, otherwise, I will be burned to death, and the sky is like a fire!

The other monks were all scattered around looking for traces of the treasure!

They all hope to find treasures here. After all, there are fewer and fewer people, and no one will fight for the treasures!

"Flame Stone..."

At this time, Yuan Bao, who was following David and the others, suddenly found a bright red stone not far away!

And inside the stone, there seems to be a flame burning!

Yuan Bao ran over and grabbed the Flaming Stone on the ground, but just held it in his hand, but threw it out, because it was too hot, he couldn't bear it for a while!

But when the flame stone was thrown out, a figure flashed by and picked it up!

"It really is the Flame Stone. If this thing is handed over to Huo Sha, it will help him improve his cultivation a lot!"

Jin Sha said, and the Flame Stone was about to put it away!

"I found this, give it back to me..."

Seeing that Jin Sha was going to put away the flame stone he found, he hurriedly shouted!

When Jin Sha saw Yuan Bao, his expression turned cold and he said, "You don't know how to live or die, you dare to yell at me, you're looking for death..."

Jin Sha said, and slapped Yuan Bao with a slap!

Yuan Bao turned pale with shock, but when Jin Sha slapped him, David had already stood in front of Yuan Bao, and he slapped it out!

A huge breath collided with Jin Sha's palm, causing Jin Sha's palm to be dissolved instantly.

"Brother Chen, he snatched my flame stone..."

Yuan Bao hurriedly said with a golden demon!

Jin Sha looked at David coldly, with a bit of surprise in his eyes, "Boy, I didn't expect that you, a mere fourth-grade monk at the Composite Realm, could defuse the power of my palm.

" Otherwise, you will die too..."

Jin Sha threatened David, he looked down on David at all!

Chapter 2978

David looked at the flame stone in Jin Sha's hand, his eyes were shining brightly!

This flame stone must have been of great help to David's understanding of the origin of fire!

"Hand over the things and get out immediately, or don't blame me for being rude..."

David said to Jin Sha!

Jin Sha was stunned for a moment, and then snorted coldly, "Are you talking to me? Just because you, a fourth-grade monk in the Composite Realm, dare to talk to me like this, I think you are tired of working..." Jin Sha's voice just

fell, I heard someone say, "Then add us, can I talk to you like this?"

I saw Lao Sun, Lao Kong, Zuo Qing and Ji Yun all walking over!

Three of the eighth rank of the Composite Realm, and one of the seventh rank of the Composite Realm!

But now, among the Five Elements Tiansha, only Jinsha himself, the others don't know where to go!

If these people were together, Lao Sun and the others wouldn't dare to say such things, but as far as Jin Sha himself was concerned, there was no need to be afraid of so many of them!

Jin Sha looked at Lao Sun and the others, and then at David, the original arrogance was suppressed!

He also knew that a good guy doesn't suffer from immediate losses. If there is a real fight, there are many opponents, and David's strength is unknown, Jin Sha doesn't need to fight for a flame stone!

"Hmph, you don't have to be so awesome, there will be a day when you cry..."

After Jin Sha finished speaking, he threw the flame stone on the ground, then turned and left!

Yuan Bao wanted to pick it up, but when he thought that the flame stone was extremely hot, he couldn't pick it up with his strength, so he said to David, "Brother Chen, this flame stone is also very helpful for cultivation, so I will give it to you. There are many such stones!"

David was not polite, and picked up the flame stone directly, David didn't feel the heat, after all, there was a fire in David's body, and the flame stone was so powerful, it was impossible for David to feel the heat. Flat feel hot!

David put the flame stone into the storage ring, and then continued to search for it!

Soon, not far from them, there was a scream. It should be that a monk died!

I don't know if it's because of fighting for treasures, or because of encountering some monsters!

And while David and the others were looking for treasures in the desert, those monks who had disappeared were also looking for them in other places.

The environment they are in is not the same at all!

There are forests, seas, and entire continents...

And in a place of chaos, the old man was looking at the void in front of him, and he saw that the reflections in this void were exactly where all the monks are now. kind of place!

The old man watched these monks hunting for treasure.

And in front of the old man, a black bead floated in mid-air. Whenever a monk died, a white light would enter the black bead, and the originally dark bead would also turn whiter. !

Now half of the bead has turned white, and the old man's eyes are filled with endless greed!

David and the others are still looking for treasures and flame stones in the barren desert!

"Wait a minute..."

David suddenly changed his expression slightly, causing everyone to stop!

"Can you hear any sound?" David asked!

"Sound? I didn't hear it, only the wind..."

Lao Sun shook his head!

"No, there must be a voice!" David frowned slightly, and then everyone's feet began to tremble!

"Quickly rewind..."

Seeing this, David hurriedly roared!

Hearing David's roar, everyone hurriedly backed away!

But Yuan Bao's strength is relatively low, so he moved a step slower!

From the sand, a huge lizard monster rushed out and bit Yuan Bao!

Seeing this, Yuan Bao was frightened and foolish!

David grabbed Yuan Bao by the collar and threw him out!

The lizard emptied it with one bite, and then stared at David and the others!

Chapter 2979

Yuan Bao was startled, and looked at the lizard monster in disbelief. If David hadn't pulled him, he would have been buried in the lizard's belly!

"Brother Chen, thank you so much..."

Yuan Bao measured the cold sweat from his forehead and said!

"Mr. Chen, if this is an illusion, how come there are such real monsters?"

Ji Yun was a little puzzled. If he was in an illusion, these were all fakes!

But looking at the monster in front of him is so real!

This lizard monster has a reddish-brown body, and its tongue sticks out more than one meter long!

A pair of eyes stared at David and the others closely!

Then the lizard suddenly opened its mouth, and a flame spewed out from its mouth!

The flames rushed towards David and the others, causing David and the others to retreat quickly!

"This is still a flame monster with fire attribute..."

Lao Sun looked at the lizard monster with surprise on his face!

And David was staring at the lizard monster, with some fiery eyes in his eyes, if he could kill this monster, then the beast core of this monster would definitely have fire attribute!

It must have been of great help to David's understanding of the origin of fire. Now that David has a fire stone, it would be great if he could get this kind of salamander animal pill!

Salamander looked at David and the others retreating, dodged his attack, then crawled forward two steps, opened his mouth again, and a flame spewed out from the mouth!

When David saw this, his pupils shrank slightly, and he also shot out a flame from his palm. The two flames collided together, and a roar erupted!

David fought with the salamander, and this kind of salamander monster began to appear in other places. Many monks were unable to dodge, and were burned to death by the flames of the salamander!

Jin Sha was a bit miserable, the exercises he practiced were metallic, and now he was in the hot desert, adding the flames of this salamander, made Jin Sha very painful!

Huo Kejin...

"Ji Yun, old grandson, go help a group of other people..."

David watched those casual cultivators being chased and killed by the salamander, so he said to Ji Yun and the others!

David discovered that this so-called treasure hunt was more like a premeditated murder!

Now David doesn't know where the others are now, only these monks are left, so they must unite together, perhaps to deal with the next danger!

Ji Yun and Lao Sun went to help, while David fought the salamander alone!

Although the salamander is also of the fire attribute, compared with David's ultimate fire, it is not at the same level at all!

I saw David suddenly pushed with both palms, and a fierce flame went towards the salamander!

The salamander also opened its mouth and spewed out a flame!

It's a pity that the two flames collided, and the flame spouted by the salamander was instantly suppressed!

A raging fire burned on the salamander's body!

The salamander began to struggle and twist frantically, and even burrowed into the sand underground!

But the fire is burning, and there is no way to extinguish it!

Soon, the salamander died under the flames!

After the Salamander died, a wisp of flame slowly floated out from the body, and then suspended in mid-air!

Seeing this, David jumped up and held the ray of flame in his hand!

This is the Salamander's Beast Pill. There are flames burning around the Beast Pill, so it looks like a ray of flame is suspended in the air!

David threw the salamander pill into the storage ring, and started looking for salamanders to hunt again!

Regardless of whether others are interested in the salamander pill or not, David is very interested!

At this time, Ning Caichen also led the members of the Ning family to hunt and kill the salamander. The salamander's animal pill is also very useful to them!

Because he heard from his ancestor that he likes this kind of beast pill of fire attribute monsters!

Chapter 2980

"This area is surrounded by me. No one is allowed to enter here to hunt monsters. These monsters belong to us!"

Ning Caichen said to the many servants of the Ning family!

In this area, the Ning family led by Ning Caichen has the most people!

Several members of the Ning family were ordered to drive away those casual cultivators who hunted and killed monsters in a hurry!

"Everyone leave here quickly, the monsters here have been contracted by our Ning family, you are not allowed to hunt any more." "

Otherwise, don't blame our Ning family for being rude..."

Several members of the Ning family The subordinates drove away those casual cultivators. Although those casual cultivators were angry, they didn't dare to provoke the Ning family!

After all, the Ning family is the largest, and Ning Caichen's strength is not something they can deal with!

"This Ning family is too domineering. The members of the Fengmomeng are honest, and now the Ning family is rampant again!

" It's a waste of time!"

"You worked so hard, you risked your life, but you can't get anything!"

Many casual cultivators were very dissatisfied, so they could only mutter in a low voice, for fear that the Ning family would hear it!

At this time, a casual cultivator chased and killed a monster and kept running forward!

"What a monster, it can really escape..."

the casual cultivator cursed, and immediately beheaded the monster with a sword, and then took out the beast pill!

Seeing the beast pill in his hand, Sanxiu wiped the sweat from his forehead, and smiled with satisfaction!

I can't just make a trip in vain this time!

"Hand over the beast pill, who told you to hunt monsters here? This is our Ning family's territory."

A Ning family monk looked at the casual cultivator and asked loudly!

"What? Your territory? Did you make a mistake..."

Sanxiu didn't hear that the Ning family had surrounded this place as their own territory just now!

"There's no mistake, hand over the beast pill in your hand right now!"

the Ning family monk shouted!

"I won't give it..." Sanxiu finally got the beast pill, how could he give it away!

"Looking for death..."

I saw Ning Caichen suddenly leaping from a distance, and then saw a figure flash by!

The beast pill in the hand of the casual cultivator fell to the ground with a thud!

And that casual cultivator stared at his eyes, and then his whole head rolled off!

Seeing this scene, all those casual cultivators were stunned!

This Ning Caichen is so powerful that he can end their lives with a wave of his hand!

The strength of the peak ninth rank of the Composite Realm is unmatched by these casual cultivators!

Ning Caichen is shaking the mountain and shaking the tiger, and now all the casual cultivators are afraid of their Ning family!

Even Jin Sha from the Demon League did not dare to approach the place designated by Ning Caichen at will. After all, he is alone. If he offends Ning Caichen, he has no chance of winning!

At this time, David came over with Ji Yun and the old grandson. Looking at the casual cultivator whose corpse was separated from his family on the ground, David's face became a little dignified!

David knew that every time a monk died, there would be a force sucked away by that inexplicable suction!

Although David didn't know where this suction came from, he always felt that it was not a good thing!

"What's the situation?"

Yuan Bao looked at the casual cultivator who died tragically, so he asked the others!

"The Ning family is too domineering..."

"That's right, it's really deceiving..."

The other casual cultivators began to complain!

David heard that the Ning family was so domineering, and then looked at the grievances of these casual practitioners towards the Ning family, so he said, "The Ning family doesn't treat us as human beings too much, and this place does not belong to their Ning family." "Now

we Let's ask them to settle accounts, as long as we are united, I don't believe we can still be afraid of their Ning family..." "

Yes, brother Chen is right, we are united, we are not a mess, and we don't have to be afraid of the Ning family anymore!"

At this time, Yuan Bao also said loudly!
