

# A Man Like None Other

## Novel

### Chapter 2981

Those casual cultivators saw that the old grandson and Zuo Qing beside David were all eighth-rank monks in the Body Fit Realm, considered the strongest, so they all nodded and were willing to follow David!

With the addition of these casual practitioners, David didn't have to be afraid of the Ning family at all, so he led everyone into the area painted by the Ning family!

Several monks of the Ning family outside saw David leading people over, and all of them changed their expressions slightly!

"What do you want to do?"

At this moment, a monk from the Ning family asked loudly!

"We can do whatever we want. Is this where your Ning family is?"

Old Sun stepped forward and said coldly to the Ning family monk!

"Now this area has been taken over by our Ning family..."

Before the monk of the Ning family could finish his sentence, he was slapped by the old grandson!

Slap..... The slap of instantly sent the monk of the Ning family flying!

Seeing this scene, those casual cultivators applauded one by one, feeling very relieved!

And those monks from the Ning family didn't dare to say anything, after all, they were the only ones, and they were no match for people like David!

They have to wait for Ning Caichen to come over!

Soon, Ning Caichen brought people over, and when he saw David leading many casual practitioners and looking aggressive, he also thought of what was going on!

Seeing Ning Caichen coming, those casual cultivators who had just been expelled all shouted!

"Is this your Ning family's place? Why do you drive us away?"

"Does this monster belong to your family? Why can't we hunt it?"

"You are too bullying, now we are going to hunt it here Monster beast, what do you think?"

those casual cultivators roared angrily!

Ning Caichen's face became very ugly. If David hadn't brought his old grandson and the others here, how could these casual cultivators dare to talk to themselves in such a tone!

"What do you mean? Do you want to stand up for these casual cultivators?"

Ning Caichen looked at David and asked!

"Yes, I just want to stand up for them. Is this your place? Why can't we hunt monsters here?" "Don't

tell me that strength is the most important thing. If we really fight, we people are not afraid of you rather Home!"

"If you don't believe me, let's try..."

David said with a look of disdain!

In a real fight, people like the Ning family are definitely not opponents, there is no doubt about it!

After all, only Ning Caichen has the strength of the peak ninth rank of the Composite Realm, and the other Ning family monks are only sixth and seventh ranks!

And there are not as many people as David and the others!

Ning Caichen looked at David, and then glanced at Lao Sun and the other three who were at the eighth rank of the Body Fit Realm. He was also calculating the combat power of both sides!

"What exactly do you want?" A moment later, Ning Caichen asked David!

"Take your people and get out, we will kill the monsters in this area..."

David said bluntly!

Ning Caichen frowned instantly when he heard this, and said angrily in his eyes, "Boy, don't be too crazy. If you stand desperately, how many people do you think you guys can survive?"

" , The big deal is that the fish will die and the net will be broken, and no one will live..."

Ning Caichen has never been so underestimated by others, even if their Ning family is not as good as some sects, but not everyone can bully them!

"If you want to die, then give it a try..."

After David finished speaking, he put on a posture in an instant!

The reason why David did this was because he knew that Ning Caichen would never fight to the death!

How can he say that he is also the head of the family, how could he fight to the death with these loose cultivators?

Looking at David, Ning Caichen was not afraid at all, and instantly lost his mind!

"Patriarch Ning, how about I help you?"

Just when Ning Caichen was at a loss, a voice suddenly sounded.

## Chapter 2982

Everyone hurriedly looked and found that it was Jin Sha!

I saw Jin Sha walked up to Ning Caichen, and then said with a smile on his face, "Patriarch Ning, the majesty of your family, it's too embarrassing to be bullied by a bunch of casual cultivators!" "If this gets out, you would

rather The face of the family is completely lost!"

"Now I will help you, relying on the strength of the two of us, I am afraid that these casual cultivations will fail!"

David saw that Jin Sha chose to form an alliance with Ning Caichen, and his face suddenly turned pale. It's getting a little ugly!

David regretted it a bit, he might as well find an excuse to kill Jin Sha from the beginning!

If Jin Sha really cooperates with Ning Caichen, then they have no chance of winning!

Two monks at the peak of the ninth rank of the Composite Realm, they are no match at all!

When Ning Caichen was in trouble, Jin Sha took the initiative to choose an alliance and cooperation, of course he was happy!

Otherwise, he was really intimidated by David and his casual practitioners!

"It's best if you and I cooperate, this area will be ours, no matter it's flame stones or monsters, these casual cultivators are not allowed to touch!" Ning Caichen became even more rampant with Jin Sha's

alliance !

Now he wants all the areas in this area, and these casual cultivators are not allowed to touch them again!

It's just that this time, no one is daring to say anything about Ning Caichen. The two peaks of the ninth rank of the Composite Realm are simply not something they can deal with!

Seeing that Ning Caichen agreed, Jin Sha laughed immediately, then looked at David, and said with cold eyes, "Boy, are you still bullying me alone now? Hand over the flame stone you picked up immediately, or I will let you You look good..."

Jin Sha has always been worried about being threatened by David and the others and having to hand over the flame stone!

You must know that the members of their Sealing Demon League walk sideways, how have they ever suffered from such uselessness!

Now he wants to get his face back and let this bad breath out!

"It's on me, why should I give it to you?"

David said coldly!

"Why?" Jin Sha snorted coldly, "Just because my strength is stronger than you, because this is a world where strength is the most important thing!"

"In this place like a hell of refining fire, your strength will be greatly reduced."

David has long seen that what Jin Sha is practicing is a metallic technique!

And this area is of the fire attribute, whether it is a salamander or a fire stone, they are all fire attributes!

As the saying goes, Huo overcomes gold, this Jin Sha is unable to show its full strength in this place!

"Even if my strength is compromised, if I want to kill you, a small fourth-grade monk in the Composite Realm, it's still easy to catch..." After

Jin Sha finished speaking, he even grabbed David with his palm!

With sharp eyes and quick hands, David stepped back quickly, and then jumped up, dodging Jin Sha's blow!

When Ji Yun and Lao Sun saw this, they all wanted to do it!

But Ning Caichen shouted loudly, "If you dare to intervene, don't blame me for being rude..."

Ning Caichen's words made everyone dare not do anything casually, let alone help David!

David had already seen that the reason why Jin Sha chose to form an alliance with Ning Caichen was not to help Ning Caichen, but to deal with himself!

Ning Caichen can also see it, but he still chooses to form an alliance with Jin Sha, as the saying goes, the enemy of an enemy is a friend!

"Don't act rashly, he's just a little Ninth-Phase Compatible Body cultivator, let's see how I kill him..."

David roared!

Although David despised Jin Sha, his escape speed was not slow!

Although he is still struggling to fight against the peak of the ninth rank of the Composite Realm, it is impossible to be defeated easily!

Jin Sha underestimated David's strength now, and David could take advantage of this information gap and catch Jin Sha by surprise!

## Chapter 2983

"Boy, your strength is not strong, but your verbal skills are amazing. You don't even look down on my strength at the ninth level of the Fit Realm." "Today I

will show you that I can slap you to death with one hand..."

Jin Sha Ye jumped up high and chased after David!

David hurriedly concealed his breath, and fled towards the distance, showing the appearance of running for his life!

Jin Sha chased him into the air, his consciousness spread out, and he lost David's aura!

"Where are people?"

"This kid's ability to conceal his aura is not small!"

Jin Sha frowned slightly, he didn't expect David to be able to hide his aura so well that he couldn't detect it!

However, Jin Sha was not afraid, instead he flipped through it casually, and a thing that looked like a gold coin appeared in his hand, except that there was a small hole in the middle of the gold coin.

Jin Sha chanted the incantation, and the gold coin rose into the air, and then spun rapidly in mid-air!

"You can hide your breath, but you can't hide the heat of the flame stone."

After Jin Sha finished speaking, he flicked his finger lightly, and as a ray of flame hit the gold coin, the gold coin burned instantly and began to burn. Go in one direction!

Jin Sha followed closely behind, relying on the heat source on David's body to track down David!

Seeing this, David shrank his pupils slightly, and directly took out the flame stone from the storage ring!

Looking at the flame stone in his hand, David's heart sank, and he entered the original space!

Among the vast stars, only one is shining!

David glanced at the stars that were the source of fire, and began to quickly absorb the energy in the flame stone!

David hoped that while absorbing the energy of the flame stone, he could feel the origin of fire!

It's a pity that David absorbed the flame stone, but the stars, the source of fire, didn't respond at all!

At this time, Jin Sha was getting closer and closer.

Seeing this, David had no choice but to put away the flame stone, and no longer concealed his breath, and flew towards the ground at high speed!

Jin Sha is in hot pursuit, it is impossible to let David go!

David fled quickly, leading that Jin Sha around in circles!

On the ground, everyone looked at the two of them intently, chasing after each other, and kept turning in circles!

Soon, Jin Sha's expression became very ugly. As a cultivator at the pinnacle of the ninth rank of the Composite Realm, it was too shameful that he couldn't catch up with David, a cultivator of the fourth rank of the Composite Realm!

"Boy, you're not very capable. You're running pretty fast. I'll see where you're running away..."

Jin Sha yelled angrily, and then suddenly grabbed at the sandy ground below!

Countless golden metal objects in the sand floated up, and then turned into a sharp sword!

With a sharp sword in his hand, Jin Sha stabbed at David directly!

David dodged the blow by turning sideways, and slapped his backhand, a burst of breath hit the opponent's sharp sword!

The sharp sword instantly turned into nothingness, and then turned into little metal objects floating downward!

It's just that Jin Sha has already arrived in front of him, and he grabbed it casually again, and those little metal objects turned back into sharp swords!

Jin Sha attacked three swords in a row, but David dodged them all!

This time, Jin Sha was a little stunned. A fourth-grade monk of the Composite Body Realm escaped his own three attacks!

Isn't this bullshit?

At this time, Jin Sha began to re-examine David's real strength!

David's ability to conceal his aura is very strong, maybe David deliberately hid his strength, so he looks like a fourth-rank monk of the Composite Body Realm!

Maybe David's real strength is stronger, otherwise it would be impossible to have such fast speed and reaction ability!

David was also shocked by Jin Sha's strength. Even though the environment here restrained Jin Sha, Jin Sha's strength was still very strong!

Now neither side is belittling the other...

## Chapter 2984

"Boy, are you hiding your strength and want to pretend to be a pig and eat a tiger? But let me tell you, it's impossible with me..."

Jin Sha yelled, and attacked David again!

David could only continue to run for his life. If he fought with Jin Sha desperately, he didn't know what danger would be in the future. At that time, his physical strength was exhausted and he could only let others slaughter him!

Seeing that David was going too fast and being teased behind him, Jin Sha suddenly took out a golden net from his arms, and threw it towards David!

David was startled, and his body sank down suddenly, trying to avoid the snare, but the snare seemed to be alive, and followed closely behind David!

“Boy, if you can force me to sacrifice this golden net, you can be regarded as the first person...” “

But you don’t have to think about running away, even if you tear the void, you can’t escape...”

Jin Sha He said with a cold snort!

I saw that the net suddenly became huge, and the whole sky seemed to be covered by the net!

immediately pressed down towards David, wrapping David in the net, which kept changing, and finally David was completely trapped!

Seeing this, David quickly took out a talisman, muttered something, and suddenly sank to the ground!

Since the net can cover him in the air, if he goes underground, the net will have nothing to do with him!

Sure enough, David’s body quickly sank into the sand and got out of the net!

When Jin Sha saw this, he couldn’t help being taken aback, but soon sneered and said, “Don’t think you can escape by diving into the ground, I don’t believe you will never come out...” Jin Sha knew that no matter how strong

David was, he would still be able to escape. It is impossible to stay underground for a long time!

David was sinking into the ground, using huge spiritual power around his body to block the surrounding sand and soil, so that he could have room to move!

But David himself knew that it was impossible to hide underground all the time!

Hiding underground consumes too much spiritual power, and David himself will not have the ability to fight back without Jin Sha's attack!

David glanced at the storage ring, then took out the Salamander Beast Pill and the Fire Stone, and swallowed them all in one go!

He doesn't have time to absorb it little by little now!

As soon as David swallowed it, he felt a scorching heat spread in his body!

The fire in David's body kept jumping under the scorching heat!

David hurriedly closed his eyes, and sank into the original space, feeling the fiery power of his body wandering!

Soon, a frightening force continued to rise in David's body!

The fiery breaths were not under David's control at all. When David saw the originally gloomy source of fire, the stars flickered for a moment!

David's heart was filled with ecstasy, but he remained motionless, his whole body seemed to be burning!

Boom...

Suddenly, an extremely strong aura exploded. This aura was extremely hot, like a wave of heat, sweeping across the entire space of stars!

At this moment, the stars of the origin of fire shone brightly, illuminating David's original space!

"Hahaha, I succeeded, I succeeded, the origin of fire, I have realized the origin of fire..."

David looked at the shining stars, his heart was filled with excitement!

Now he has comprehended two kinds of original power, and in his original space, there are countless gray stars.

David didn't know how many kinds of original powers he could comprehend, but now he has just reached the body-fitting state, and now he has the original space, and he has realized two kinds of original powers!

If Gao Qiqiang knew about this, he would probably die of envy.

Now the fire in David's body disappeared, turned into the original source and entered the original star!
