Married at First Sight Chapter 2233-Because of Dr. Carden's arrival, even Grandma May returned to the villa, and everyone else, as long as they were still in Wiltspoon, rushed back.

Dinner was settled at the second room.

After all, Dr. Carden was invited back by Callum, so it was only natural for the second room to entertain distinguished guests.

Seeing the return of Fourth Younger Evan York and Fifth Younger Elian York, Serenity blinked, and whispered to her husband beside her: "Husband, Evan and Elian are still in Wiltspoon, I thought they were all chasing their wives."

Zachary also answered his beloved wife's question in a low voice, "They just received the photo from grandma, so they shouldn't act so fast. Evan seems to dislike the person grandma chose for him."

Zachary: "Elian can't tell yet. He is very calm."

The sixth Young master, Tatum York, was Zachary's younger brother. He was only 25 years old this year. Grandma May had picked him up, but she thought Tatum could stay for another two years. Grandma May felt that a 25 years old boy was not mature enough.

After knowing that Serenity was pregnant, Grandma May temporarily gave up on picking a partner for the sixth child.

As for Rowan York, he was brought into the society very early, so he didn't have to worry about being targeted by grandma in the short term.

Anyway, there were several brothers above Rowan who were unmarried.

Evan walked over, and said: "Brother, sister-in-law."

Zachary hummed in a low voice.

Serenity smiled and asked warmly, "you're back."

Evan just arrived home, he replied: "I just came back, I didn't even enter my house, so I came directly to here."

“Brother, sister-in-law, congratulations!”

Evan’s congratulations refer to Serenity’s pregnancy, brother and sister-in-law were finally going to upgrade to become parents.

“I congratulated you in the group last time, but I still want to congratulate you face to face.” Evan said with a smile, “I hope my sister-in-law can have a daughter.”

“Cough cough—”

Zachary immediately coughed a few times, and when Evan looked at him, he said seriously: “Don’t mention the matter of having a daughter in front of your sister-in-law, I won’t put pressure on your sister-in-law to have a daughter.”

Evan hurriedly made amends: “Sister-in-law, I don’t have any other intentions, that is, I want to have a niece, I really want to have a niece, that’s why I said that, you don’t need to put too much pressure on you.”

In fact, their family would be overjoyed if their sister-in-law could give birth.

He would not ask his sister-in-law to have a daughter.

Serenity smiled and said, “Evan’s sister-in-law will not take it personally. I am also aware that everyone wants me to have a daughter. In fact, I hope to have a daughter as well.”

She said Zachary again: “Honey, don’t scare Evan.”

Zachary said gently: “Okay, I will not frighten him. Go speak with your parents, Evan. It is rare for you to return. I saw Elian enter the room with you.”

Evan: “Rowan has already hugged grandma’s thigh.”

Zachary laughed and said: “What’s the use of hugging grandma’s thigh now?”

Evan said: “Even if it is pointless to hug grandma’s thigh constantly, grandma will still kick us out when we are old, and we will be kicked out by grandma, so we must be grateful. Without her, she said, our brothers would perish together. The cabbage is not even required to be curved.”

Zachary: “...”

Serenity laughed until her stomach ached.

Grandma May often described her nine grandchildren as pigs, saying that she had raised nine pigs, but she didn't know how to go out to buy other people's cabbages, and she had to run up and down to carefully select cabbages for them.

"How about your cabbage?"

Serenity laughed and joked about Fourth Young Master Elian.

Evan looked a little weird, and said: "Look at the eccentric, three or four years younger than me, who has just graduated from university and worked for two years."

Serenity: "Look at your look, did your cabin do something?"

Evan blushed slightly, and said: "Sister-in-law, I haven't taken any action yet. I just got her basic information from grandma and saw her photo. I haven't seen her yet. How can I know what happened to her?"

It's no wonder Serenity believed him.
