I am a quadrillionaire chapter 2142-It was most likely the beautiful woman who rescued him just now.

“Miss, why is your lady asking for me?” David asked again.

At this time, the woman in green was thinking to herself. ‘If David became milady’s man, then according to our custom, US maids who had followed milady since childhood will also have to serve David alongside milady.

‘Serving this handsome young man before me doesn’t seem so unacceptable.

‘At least he is much more pleasing to the eye than those gross men who pursued milady on Planet Lucio.

‘Anyway, US maids are unlikely to have the opportunity to marry, and we can only follow our employer for the rest of our lives.

‘Whoever milady marries, we will have to serve them too.

‘So, won’t it be better for milady to find a young, handsome, and pleasing man?

The woman in green’s face began to turn crimson.

David looked puzzled.

‘What’s wrong with her?

‘Why did her face turn red all of a sudden?

‘Is she thinking about her lover?

‘Are all women in Leila so open-minded?

‘Will they think about their lovers so openly in broad daylight?’ “Miss? Miss?” David called out twice more, louder than the first.

“Huh? Oh, Master David, what did you just say?’ The woman in green was brought back to reality by David’s voice. She regained her senses and asked hastily.

“I said, why is your lady asking for me?” “I-1 don’t know either! Milady just asked me to ask you over and didn’t tell me anything! Master David, let’s go! Milady might get anxious from waiting too long,” the woman in green said with a red face.

“Okay! Lead the way,” David agreed after thinking about it.

“Master David, please follow me!” The woman in green walked ahead after finishing speaking.

David jumped off the carriage and followed.

The two soon arrived at the carriage where Beanie was waiting.

“Master David, after you! Milady is waiting for you inside.” The woman in green took a step back and made a gesture.

David was not courteous at all. He went straight up and entered the carriage.

As soon as he entered the carriage, he saw a beautiful woman sitting inside. She was the one who had just rescued him.

“Master David, please sit!” Beanie stood up and said politely.

David went to sit opposite Beanie and asked, “Ms. Beanie, may I know what you want from me?” “Forgive me for asking you over so presumptuously. First of all, I want to apologize to you, Master David.” “Apologize to me? Why?” David wondered.

“My nephew Nas talked back to you, so I hope you will be magnanimous and bit stoop down to his level. As Nas’ elder, I will apologize to you on his behalf.” Beanie bowed at David after she said that.

“Is that all? It’s nothing, Ms. Beanie, don’t worry. I, David Lidell, am not petty and I won’t split hairs about that.” David waved his hand.

“Thank you, Master David!”

Beanie thought to herself, ‘He’s indeed cultivated by a big force. Not anyone can compare to how magnanimous he is.

‘Nas is far behind in this regard.’ “Ms. Beanie, is there anything else? If there is nothing else, I’ll be leaving first!” David got up and said his farewell.

“Master David, wait!” Beanie hurriedly stopped him.

“Ms. Beanie, is there anything else?” “Thank you, Master David, for saving my life today. If it weren’t for you, the Nacht family would have suffered a great loss. I can’t repay you, so I would like to ask you to accept my worship.” Beanie knelt on the ground as she spoke.

David looked curiously at Beanie kneeling in front of him.

‘How did she know it was me?’

'I made sure to be discreet when I took action, and it was so fast. It is reasonable to say that with the strength of the woman in front of me, it US be impossible for her to have noticed.

'What's more, she was still fighting at that time, so she probably didn't have time to pay attention to other things.'

However, since he had been discovered, David would not deliberately hide it.

There was no need for that!

So, he sat down again, crossed his legs, and asked, "Ms. Beanie, I'm curious, how did you know that I was the one who rescued you? With your strength, you probably couldn't detect it, right?'
