I am a quadrillionaire chapter 2161-After crossing the Demon Ridge, Beanie and her team never encountered any surprises again.

A few days later, they arrived at Sole, a second-tier city of The Spirit Cage.

Even though Sole was only one tier above Nightingale City, it was much more prosperous.

There was absolutely no comparison between the two cities.

The Nacht family was one of the top families in Nightingale City.

In Sole, however, the Nacht family was nothing, not even a middle-class family.

After they entered Sole, David could clearly see that the prosperity here was not comparable to that of Nightingale City.

“Master David, what are your plans next?’ Beanie asked.

When they were approaching Sole, Beanie came up with an excuse to go to David’s carriage.

Firstly, she wanted to ask about David’s plan, and secondly, she was worried that David would leave quietly like last time.

It was a rare chance for her to rely on such a powerful person, so she had to seize the opportunity.

If she let David leave again this time, she was worried that there would be no chance for her to meet him again.

After Beanie sold the Beast Crystal, she would return to Nightingale City.

Meanwhile, a big shot like David might never go back to Nightingale City again in his life.

“I don’t have any plans for the time being, so I’ll just go with the flow! I’ll have some fun in Sole and then continue to go to the first-tier cities. After that, I might even go to the main city to have a look. It’s not every day that I come to The Spirit Cage, so I have to thoroughly enjoy myself before going back,” David replied.

He intended to spend money.

The more he spent, the better.

Both The Spirit Cage and the real world used L Dollars, and they were both connected.

Thus, even if David stayed in Star Kingdom, he could still get lavish points to improve his strength.

This was great news for David.

When the Feather family struck three hundred years later, what they would face would be a hopelessly terrifying enemy.

After he was done in the second-tier cities, he would go to the first-tier cities. Finally, he would go to the main city. After all of that, he could basically reach peak Divine Realm.

“Didn’t you say that you want to buy some things you like? I am on my way to sell, so why don’t we go together? Many powerful forces in Sole will buy and sell rare treasures there, so we can look for someone with a better reputation.”novelxo.com fast update

After Beanie finished speaking, she looked at David expectantly.

She felt safe only when she was with David.

She would feel more confident selling the Beast Crystal with David by her side.

“Okay!” David agreed.

Anyway, he also needed to find a place to spend money to buy things.

“Great! Thank you, Master David,” Beanie chirped.

“By the way, Ms. Nacht, are you selling the corpse of the beast you bought in Crow City? It seems to be called Silver Flood Dragon, right?” David asked.

Back then, he had watched Beanie buy the Silver Flood Dragon.

The Silver Flood Dragon was the little snake that David punched to death when he first came to The Spirit Cage.

‘That’s not all I’m selling.’ Beanie shook her head.

“Oh? Do you have other treasures?” David was curious
