

The Ex-Husband's Revenge By Dragonsky Chapter 1661

“Iris, don't worry! I've already made arrangements for the Angel's Fruit. I'll probably be able to get one soon!

Leon said with a smile.

When he was with the Dragon Corps, Alfred had already helped him make arrangements for someone to look

into it for him.

With the Dragon Corps' abilities as well as his position in the Platinum Dragon Guard, Alfred already promised him that he would be able to get an Angel's Fruit within a month or two!

He was not worried at all!

“Oh, really? That's amazing!” Iris was much more relieved.

“That...”

Hearing that, Charlie looked like he had been struck by lightning!

He had thought that he would be able to be saved because of the Angel's Fruit!

Yet, Leon had already found another way to get one!

If there were no surprises, Leon would definitely cripple his strength after this. Leon would not let him off easy!

With that in mind, the sliver of hope he had earlier disappeared just like that!

“Leon, wait! As long as you're willing to let me off this time, I'm willing to give that

Angel's Fruit to you..." Charlie said in a hurry when Leon raised his hand again.

"No need! I'll be able to get that Angel's Fruit very soon. We don't need the one from your family!" Leon

sneered. He started to continue his attack without any hesitation.

"No..."

"Nothing is certain in the world. What if something happens to the Angel's Fruit of yours? I'm begging you. As long as you let me go, I'll immediately get my family to give you that fruit," Charlie pleaded, feeling like his heart was about to collapse!

"That..."

Leon fell into a brief silence at that.

He knew that Charlie was somewhat right. If he wanted to get the Angel's Fruit from the Dragon Corps, he would need to wait for a month or two, and he would need to get even more contribution points to obtain it!

It was a little troublesome!

"Leon, I'm at fault this time. I'm willing to apologize for the Angel's Fruit. Please show me some mercy this one time. I assure you, I'll change my ways. I'll never go against you again..." Charlie immediately started to plead when he saw that Leon seemed to sway.

"Yes, you said this yourself! For the sake of the Angel's Fruit, I'll spare you for now! However, if you ever do anything like this again, you won't be so lucky!" Leon quickly made the decision after thinking about it.

Even though his deal with Charlie felt a bit like extortion, Charlie was the one who was offering it to him. He was not taking it by force!

There was not much wrong with that!

After that, he pulled back and let Charlie go.

“Yes, yes...” Charlie looked like he had gotten out of trouble.

However, he did not dare to delay it as he quickly notified his family for them to send the Angel’s Fruit over.

After about half an hour, cars could be heard as a few luxury cars stopped outside.

Right after that, the doors opened. A middle-aged man, about fifty years of age, walked inside with a few impressive-looking guards.

At the helm was Charlie’s father, Linus Martell.

The Ex-Husband’s Revenge By Dragonsky Chapter 1662

“Dad, you’re finally here! Hurry up and give the Angel’s Fruit to Leon so he’ll let me go.” Charlie was elated to see Linus.

“Brat, let go of Charlie right now!” Linus looked at Leon coldly.

When Charlie had given him a call, Charlie had only asked for the Angel’s Fruit as a gift to the Scammells. Linus did not know the gist of what happened.

However, Charlie already told him about how the Southern Boss had ordered Charlie to support the second line.

When he saw Charlie, Anderson, and Bill on the ground in front of Leon, all full of injuries, it was obvious that Charlie must have failed!

“Where is the Angel’s Fruit?” Leon asked calmly.

“I’ll give it to you, but let them go right now!”

Since Leon had the three of them, Linus was too afraid to pull anything reckless.

After that, he took out an intricate box and tossed it to Leon, wanting to get the three of them back first!

Leon grabbed the box and kept it the moment he verified that the Angel’s Fruit was inside.

“Alright, you can bring the three of them away now!” Leon kept to his promise and walked back.

After that, Linus motioned for the guards to bring the three injured ones over.

“Charlie, how are your injuries? Are they bad?” Linus could not help but ask with concern.

“Dad, my legs were broken by Leon...” Charlie said in pain.

“What?” Linus was furious when he heard that. He never expected Charlie’s injuries to be so severe!

Not only that, he knew that Charlie was acting under the Southern boss’s orders. Not only had Charlie failed to accomplish the orders, he even ended up having his legs broken!

It was obvious how angry he was!

“Brat, how dare you act so cruelly to my son! I guess you’re already tired of living!” Linus glared at Leon angrily with a murderous glint in his eyes.

“Please, this is all his own doing! He worked with the second line to stage a coup and even injured my grandfather and uncle! I’ve already shown mercy by only breaking his legs!” Leon sniffed.

“You...”

“Very well! Brat, since you crippled his legs, I’ll make sure to seek justice for Charlie!” Linus said furiously.

After that, with a wave of his hand, his guards immediately walked forward and fanned out around Leon.

Since Charlie and the others had been in Leon’s hands just now, he had not been able to do anything to Leon. With Charlie already safe, there was no longer any need to hold back!

Seeing that, Leon frowned. He immediately looked at Charlie coldly. “Charlie, what is the meaning of this? I

only agreed to spare you after you pleaded so much. Are you going to go back on your word?”

“N–No...”

Charlie was shocked. He hurriedly said to Linus, “Dad, it’s fine. Let’s forget about this!”

The Ex-Husband’s Revenge By Dragonsky Chapter 1663

“Forget about it? How could we do that?! Charlie, don’t worry, I’ll make sure to cripple this guy as revenge

for you!” Linus consoled.

He did not know how strong Leon was and did not know how Leon had managed to injure Charlie, Anderson, and Bill!

However, for the sake of safety, he had brought over a few Emperor State experts and around ten incredibly strong guards from the family!

With such a strong roster, it would be easy to deal with Leon and the Scammells!

As long as he could get rid of Leon and topple the first line of direct descendants, he would not just be able to get revenge for Charlie but fulfill the Southern Boss’ orders as well!

It was perfect!

“Dad, don’t...”

“Miss Thompson and an expert from the Thompsons is here. We should go,” Charlie hurriedly said.

He pointed at Roanne and John behind Leon with a look of fear in his heart.

Leon had foiled his plans and broken his legs. The animosity between them was already too deep to be resolved.

He wanted nothing more than for Linus to cripple Leon right away and help him with his revenge!

However, with John’s might, he was forced to bear with it for the moment and think of a different plan later!

“What?” Linus was shocked when he heard that.

After that, he quickly saw Roanne and John when he followed Charlie’s finger.

Since Roanne had never been out in public that often, he did not recognize Roanne.

However, John was different.

John

was quite a famous expert from the Thompsons. He had seen John a few times before and knew that John was at the Semi Almighty State. He was not to be underestimated!

John was not someone he could go after!

Right as Linus was feeling shocked, Roanne immediately rushed forward to stand next to Leon with John when she saw that the situation was bad to prevent the Martells from surrounding Leon!

“Linus, the Martells are interfering with the internal matters of the Scammells and trying to abuse your power against someone from the younger generation! Isn’t that crossing the line?!” John said coldly with an unhappy look on his face.

“That...”

Linus was speechless. He did not know what to answer John.

After all, what John said was true. He could not deny that!

However, Leon had broken both of Linus’ legs, and they failed the Southern Boss’ task as well!

If he gave up just like that, there was no way he would be happy with it!

“Mister Thompson, I know that the Scammells are related to your family ! However, this is a personal grievance between us and Leon, it has nothing to do with you! In the end, Leon’s crippled my son’s legs. He went too far. He has to give us a proper explanation!” Linus said with a serious voice.

Ever since the sales drive of Cynthion Group, many of the ancient martial arts families mistakenly believed that the Scammells were related to them. The Martells were no exception!

He guessed that Roanne and John’s appearance there must have been because of the Scammells!

Leon was just distantly related to the Scammells by family. At the most, he was only half related to them. He had nothing to do with the Thompsons!

He was targeting Leon at that moment and not the first line of descendants of the Scammells at all!

As long as he showed a firm attitude, Roanne and John would probably not try to help Leon, thanks to the Southern Boss behind the Martells!

The Ex-Husband’s Revenge By Dragonsky Chapter 1664

“You want an explanation from Mister Wolf? Who do you think you are?! That’s impossible!” John said without holding back.

“Mister Thompson, what do you mean by this? Are you really going to make an enemy out of the Southern Boss and the Martells because of someone unrelated to the Thompsons?” Linus said stubbornly, not understanding why John was trying to speak up for Leon.

“Who told you Mister Wolf is unrelated to us? Let me tell you, Mister Wolf is a valued guest of the Thompsons. We owe him a great deal! If you’re trying to use your men against him, then you’ll have to get through me first!” John said coldly with a firm tone.

Before that, he had not helped Leon against Charlie and the others because he was worried about the Southern boss. On the other hand, he had also agreed to let Charlie and his men leave. It was Leon who had attacked.

Since that was the case, he was not able to help Leon.

However, Linus was trying to use his experts and guards against Leon this time. It was a completely different situation!

With how much the Thompsons owed Leon, he could not just stand by and watch!

“What?”

Linus was shocked to hear that. He could not believe his ears!

He had always thought that the Scammells’ first line of direct descendants was related to the Thompsons. He never expected the one actually to have ties to the Thompsons to be Leon!

Leon was just an insignificant man without any background at all. Yet, he managed to get the Thompsons to owe him. He was even a treasured guest of theirs!

Was that not unbelievable?

It was obvious how shocked he was!

“No wonder...”

Charlie had a look of realization on his face.

He had been confused as to why Roanne was by Leon’s side.

He finally understood Leon's relationship with the Thompsons was far closer than the Scammells!

Furthermore, the fact that the Scammells could even be tied to the Thompsons might all be because of Leon!

With that in mind, he suddenly realized that he had underestimated Leon too much before this!

"Linus, the Martells are absolutely dishonorable, you're just abusing your power! I'll give you one last chance. Leave this place with your family right now! Otherwise, don't blame me for not showing any mercy!" John said coldly, giving Linus an ultimatum.

"That..."

Linus had a dark look on his face.

Even though he had a few Emperor State experts with him, the strongest among them was only at the Advanced Emperor State!

They were far from enough to deal with John, who was at the Semi Almighty State!

With John protecting Leon, just John alone would be enough to deal with all of them!

He lacked any advantage whatsoever!

"What are you staring at? Hurry up and leave!" John shouted coldly before he unleashed a wave of terrifying energy at Linus.

Linus paled at that. He took a few steps back before he stopped.

“Mister Thompson, we’ll remember this! Let’s go!” Linus said through clenched teeth.

Even though he was very reluctant, John’s strength was still plain for all to see. He was forced to swallow his pride even if he was very unhappy with it!

After that, he motioned for his men who were surrounding Leon to back off. After that, they helped Charlie and the others up before they prepared to leave.

“You’re just a collateral descendant of the Thompsons, how dare you go against us Spears!” Suddenly, a cold laugh was heard.

A black, extravagant car stopped outside.

Right after that, the door opened, and Rodney walked out with a cold look on his face. Behind him were two middle-aged men.

The two men looked about fifty years old. They had cold looks on their faces, and they had an incredibly impressive and dangerous aura around them!

They were obviously not ordinary martial artists!

“The son of the Southern Boss, Rodney! Two of the Six Guardians as well!”

John’s expression changed drastically when Rodney appeared with the two men.

The Southern Boss and the Thompsons never had a good relationship. As an expert of the Thompsons, he knew about the Southern boss and the Spears’ situation!

Rodney was the Southern Boss' son and also one of the most famous figures in the younger generation of the Southern Region. His name and ability were second only to Yuri!

He could naturally recognize Rodney!

As for the two men behind Rodney, they were the Fifth and Sixth Guardian of the Six Guardians that served

under the Southern Boss!

On top of that, the Southern Boss was one of the overlords of the underworld. With his name and excellence in the underworld, he had managed to gather quite a few experts under him!

The Six Guardians were at the top of all the experts he had painstakingly gathered. Every single one of them was at least at the Semi Almighty State!

The first three were amongst the top experts of the Almighty State!

It was obvious how powerful the Six Guardians were!

“The son of the Southern Boss?” Leon was shocked to hear that.

He had never seen Rodney before. After John revealed who it was, he finally understood that the young man with such a sharp and sinister aura around him was the son of the Southern Boss!

As for the guardians behind Rodney, he had never heard of them before!

However, the incredibly imposing aura around them made it obvious that they were probably the top experts

under the Southern Boss!

“Crap!”

“Why is Rodney here? This will be troublesome...”

Patrick and Damian’s expressions changed as well.

They had thought that the matter was already settled!

Yet, the two of them never expected Rodney to suddenly come over with his men!

It greatly exceeded their expectations!

Not only that, they had learned from Charlie that Charlie was under the Southern boss’ orders!

Rodney had suddenly appeared so imperiously and had brought along two Guardians as well!

It was definitely not good news for the Scammells and Leon!

Suddenly, they found it hard to compose themselves!

“This is great!”

As opposed to Patrick and Damian, the second line of the Scammells and Linus were all absolutely elated!

Rick and his kin were especially so. They had already given up all hope after failing with their coup just now!

Yet, things suddenly turned around. Rodney had appeared with his men!

It caused them to find a renewed sense of hope!

The Ex-Husband’s Revenge By Dragonsky Chapter 1666

“Young Master Spears, why are you here?”

Linus had an elated look on his face at Rodney’s appearance, and he hurried over.

“I just got the news that Charlie’s plan failed, so I came over here to see the situation,” Rodney said coldly.

The Spears had tried to help the second line of descendants of the Scammells because they were after Cynthion Group and their Energy Nurturing Pills.

Since the Energy Nurturing Pills were so important, he had already arranged for his men to keep an eye on Charlie.

So, he immediately got the news that Charlie’s plan to help Rick had failed.

So, he brought his men and hurried over instantly!

“Young Master Spears, I failed to do things properly, please forgive me,” Charlie said fearfully.

“It’s fine! With the Thompsons in the fray, it’s normal for things to go awry. I won’t blame you for this!” Rodney waved it off.

He knew that Charlie already did his best, so he did not plan on blaming Charlie.

“Thank you for your generosity, Young Master Spears...”

Charlie looked like a heavy burden was lifted off his shoulders.

www.

“Young Master Spears, Charlie’s legs were broken by them. You have to get justice for us!” Linus hurriedly complained.

“Yes, don’t worry. I won’t let Charlie’s suffering go in vain! I won’t just get revenge for him this time, but I’ll get rid of the first line of descendants of the Scammells as well. I’ll make sure to get Cynt hion Group! It doesn’t matter that we’ve lost out for the moment, the one who wins at the end is the true winner!” Rodney said with a cold voice . He had an incredibly arrogant and confident attitude as if he had already won!

What was happening seemed to be the case as well. Even though Charlie’s plan had failed, nothing had ended just yet!

Rodney already brought two of the Guardians over. With their immense skills, it would be easy to overturn the situation!

He was not worried at all!

“Rodney, right? You sure know how to talk!” Leon walked forward with a dark look on his face.

“Who are you?” Rodney said with a cold look.

He had just gotten here and did not know the exact details of what had happened, nor did he know who Leon was!

“Young Master Spears, this is Iris’s boyfriend, Leon. He was the one who broke my legs,” Charlie revealed who Leon was hatefully.

“So he’s Leon!” Rodney had a look of realization on his face.

He knew about how Charlie had asked his father to send the Black Gorilla to kill Leon.

Even though he had never met Leon before, he had definitely heard of Leon, so Leon was not a complete stranger to him.

“Brat, I’ll give you and the first line of the Scammells one last chance! As long as you cripple your own martial arts and hand over Cynthion Group, I’ll consider letting you all off! Otherwise, you’ll suffer the consequences!” Rodney said proudly with his hands behind his back, feeling like Leon was completely insignificant.

“With just you? What a joke!” Leon said with frustration.

He had met quite a lot of arrogant scions from major families before, but it was his first time meeting someone as arrogant as Rodney!

“Rodney, I’ll give you a chance as well! As long as you leave with your men right now, I’ll act like nothing happened! Otherwise, there’ll be no turning back from this!” Leon said coldly with a firm tone.

The Ex-Husband’s Revenge By Dragonsky Chapter 1667

Those words went off like a bomb, shocking everyone there!

All of them looked at Leon in disbelief, not understanding where Leon got the courage to act like this in front of Rodney!

Was that not just suicide?!

“Very well! Since you want to die, I’ll grant you your wish! Sixth Guardian, cripple this brat and break his legs. He’ll know the consequences of going against me!” Rodney was furious as he immediately gave the man behind him an order.

“Yes!” the Sixth Guardian answered.

After that, he shot forward with imperious force, quickly charging at Leon.

“Peak Emperor State? No, he’s at the Semi Almighty State!” Feeling the tremendous true energy from the Sixth Guardian, Leon was completely shocked.

Even though he already knew that the Fifth and Sixth Guardians looked incredibly strong, he never expected

that he still underestimated their abilities!

They were actually much stronger than he expected!

They were not people he could go up against!

Right after that, he considered whether he needed to take out his Potential Energy Forces.

Suddenly, John already rushed to stand in front of him. After that, with imperious force, he struck at the

Sixth Guardian’s attack!

Bang!

After an intense clash, John’s body swayed slightly.

Instead, the Sixth Guardian had to take two steps back after that before he steadied himself.

It was obvious that John was slightly stronger than the Sixth Guardian and had the advantage.

“Old fart, what is the meaning of this? Are you going to go against the Southern Boss?!” the Sixth Guardian was furious.

He knew he was slightly weaker than John. With John in front of Leon, there was no way he could do anything to Leon.

So, he stopped attacking for the moment.

“What if I am?! Mister Wolf is a treasured guest of the Thompsons, any one who wants to hurt him will have to get through me!” John said coldly.

“How dare you act like this in front of me?! John, I’m warning you. This has nothing to do with the Thompsons. If you know what’s good for you, then step aside! Otherwise, I won’t hold back!” Rodney said. coldly.

The Thompsons were at the helm of all the ancient martial arts families in the Southern Region. They were

stronger and more powerful than the Shears!

If he could, he did not want any conflict with them!

However, if John did not stop, then he could not be blamed for what happened!

“That...”

John had an uncertain and dark look on his face.

Even though he was strong, he was facing the son of the Southern Boss, Rodney. There were even two incredibly strong Guardians there!

He could not deal with them alone!

In front of Rodney, he did not dare to ignore the warning!

However, Leon had helped the Thompsons too much. There was no way he could just watch as Rodney

attacked Leon!

Suddenly, he found himself in a difficult spot. He did not know what to do!

The Ex-Husband's Revenge By Dragonsky Chapter 1668

“Impossible! You bad guys won't be allowed to hurt Leon!”

At that moment, Roanne walked over. There was an incredibly firm tone to her voice.

“Little girl, who are you?”

Rodney was amazed when he saw Roanne with her stunning looks.

He had met many kinds of top beauties before, but it was his first time ever meeting a pure and absolute beauty like Roanne!

The moment he saw her, he felt incredibly captivated!

“Young Master Spears, she's Roanne Thompson...”

Charlie explained who Roanne was.

“What? So she's Roanne Thompson!”

Rodney was shocked. He stared at Roanne's stunning look without blinking.

Even though he had never seen Roanne before, he had heard that Roanne's looks were unrivaled. She was a rare beauty in the Southern Region!

It seemed like her beauty lived up to the rumors!

Not only that, as he thought about Roanne's beauty, he quickly saw Iris and Snow, who were not far behind Roanne!

“How beautiful! How could there be so many beauties within the Scammell household?!”

Rodney was completely shocked!

He had thought that Roanne's beauty was already so rare that it was probably peerless!

Yet, Iris and Snow were just as peerlessly beautiful as Roanne was. They did not lose out to Roanne in any way!

Iris, in particular, looked like an immortal fairy. Her cold and noble demeanor made her even slightly more attractive than Roanne.

It was obvious how shocked he was!

However, he was still the son of the Southern Boss. He had experienced a lot in his life. After stopping for a few moments, he quickly recovered from his shock.

“Roanne, think about it clearly! This is a personal matter between me and Leon. It has nothing to do with the Thompsons. Are you really going to interfere?” Rodney said coldly.

Roanne was a direct descendant of the Thompsons. She was much more important than John!

If he acted without reason and attacked Roanne or injured her, the Thompsons would not let him off easily!

So, he deliberately sets a trap for Roanne.

As long as Roanne insisted on coming between him and Leon's matter, the Thompsons would have to swallow it even if he 'accidentally' hurt her!

“Yes, that's right! If you dare to hurt Leon, then the Thompsons won't let you off!” Roanne said firmly.

She had pure and innocent intentions, but she had accidentally fallen for Rodney's trap.

“Miss...”

John could not help but sigh.

He could tell that Rodney was deliberately setting a trap.

However, he knew very well that Leon had saved her many times before. Even if Roanne knew of Rodney’s trick, she would not ignore it as Rodney attacked Leon!

The Ex-Husband’s Revenge By Dragonsky Chapter 1669

“Very well! Roanne, you asked for it!” Rodney immediately laughed happily.

Since he had an excuse, there was no need for him to be afraid!

“Fifth Guardian, Sixth Guardian, two of you deal with John. After that, capture Roanne and the two other beauties behind her!” Rodney ordered.

He knew that Leon only had one Semi Almighty State expert, John, on his side. As long as the Fifth and Sixth Guardian’s dealt with John, then it would be easy to capture Leon and the others after that!

“Yes!” the Fifth Guardian responded.

After that, he immediately leaped to the Sixth Guardian’s side and surrounded John.

“Despicable!” John had a sour look on his face as his mood sank.

With his skills, he was only able to deal with one Guardian. With two Guardians working together, there was no way he would have the skills to go on against two!

The moment he was dealt with, Leon, the Scammells and even Roanne would not be faced with good consequences!

“Old fart, prepare to die!” the Fifth and Sixth Guardian shouted out coldly. Both of them released an incredibly powerful attack. They quickly attacked John.

“Leon, I’ll hold the two Guardians off! Take Roanne and leave!” John shouted at Leon as he avoided their attacks.

Even though he was no match for the two Guardians, he was still capable of lasting for a few dozen exchanges against them!

Furthermore, Leon had defeated Anderson and Bill. His skills were impressive!

As long as Leon fled with Roanne, he would be able to escape from the two Guardians without any issue!

That was the only plan they had left!

“No! I can’t run!” Leon shook his head.

Other than Roanne, Iris, Patrick, and the others were with him as well.

If he fled, then he would be able to bring Roanne and Iris at the most. What would happen to Snow, Patrick, and the others who were left behind?

In the end, he could not leave Snow and the rest behind, only fleeing with Roanne and Iris!

It was not possible!

“You...”

John was incredibly frustrated to hear that.

However, there was nothing he could do about Leon refusing to escape.

“It won’t be so easy to escape!”

Taking the chance, Linus waved and motioned for the Martells to surround Leon, Patrick, and the others, preventing Leon from escaping.

“We’re done for now...”

Seeing that, Patrick, Damian, and the others had incredibly dark looks on their faces. Their hearts froze completely.

They were quite touched that Leon was not willing just to leave them behind to run away himself.

However, it was pointless, even if Leon did not run away. It would just be an extra life lost!

After all, their opponents were just too strong. If there were no surprises, both Leon and the Scammells would not be able to escape so easily!

Suddenly, they had ashen looks on their faces. They were completely hopeless!

Of course, as opposed to Patrick, Damian, and the others, the second line of the Scammells and Charlie were all incredibly elated. They looked like victory was already in their hands.

The Ex-Husband’s Revenge By Dragonsky Chapter 1670

“Rodney, you asked for this!” Leon had a cold look on his face. He suddenly had a murderous glint in his eyes.

His opponents were just too strong. They had a numbers advantage as well. It was definitely not something he could deal with alone!

Since that was the case, he had to use his final trump card, which was the gift from Master Haslewood!

The Potential Energy was an attack that did not differentiate friend from foe, and it had a very wide range as well. It could possibly deal with the Guardians, Rodney, and the others!

However, John was currently facing the two Guardians. If he used it right now, it was possible that he would end up hitting John!

With that in mind, he hurriedly said to John, “Mister Thompson, come back here. Leave the two Guardians to me!”

“What?”

Everyone was completely shocked at that!

All of them looked at Leon in disbelief, unable to believe his ears!

Even though Leon was strong, the Fifth and Sixth Guardians were still at the Semi Almighty State!

They were so much stronger than Leon!

They did not think that Leon would really be able to deal with the two of them!

It was not realistic at all!

“Leon, have you gone crazy?” John shouted in frustration.

It was one thing that Leon did not want to flee, but he even said that he would deal with the two Guardians!

He did not understand where Leon got the courage to go against the two Guardians!

Was that not just suicide?!

“I’m not crazy! Mister Thompson, please believe me. As long as you retreat, I’ll get rid of these two pieces of trash immediately!” Leon said with a straight face.

As he said that, he prepared his Potential Energy.

“What an arrogant kid!” The two Guardians were thoroughly angered by Leon.

Even though Rodney had ordered them to get rid of John first, they were strong and proud martial artists. There was no way they would bear to be belittled by someone like Leon!

Right after that, both of them struck out to force John back before they jumped away from the battle.

“Brat, since you want to die, we’ll grant you your wish!” the two Guardians said coldly, immediately targeting Leon.

After that, the two of them struck out with immense force at Leon.

It was obvious they planned on dealing with Leon to get rid of their hatred first!

“Leon, careful!” Seeing that, Iris, Snow, and Roanne cried out in warning.

Even though they knew that Leon had that incredibly powerful attack, he was still going against numbers.

Leon might not be able to deal with so many enemies with one attack!

They could not help but worry about that.

“Perfect!” Leon said coldly.

He took the chance and was about to use the Potential Energy to kill the Guardians and Rodney behind them when something happened the next moment.

“Stop! The Gold Dragon Guard of the Dragon Corps is here!”

At that moment, an angry shout was heard.

A black car drove over and stopped nearby.

Right after that, the doors opened. Abraham and Oliver both walked out with angry looks on their faces.
