

Revenge 1141

Chapter 1141

“Yes!” The man in a suit waved, and the six guards immediately lunged at Iris and Ruth.

It was Iris’s first time fighting others, so she was a bit nervous. She did not even wait for Ruth to do anything as she struck out with her energy, rushing straight at the guards.

The guards were just regular people. They could not stand up to Iris’ abilities at all. All of them were sent flying by Iris’s power.

“H–how is that possible?!”

Luke and the man in a suit were shocked to see that. They were so shocked their jaws almost touched the ground.

It was not just them, Lisa was very shocked as well.

“Take this!”

Brent did not waste any time. He struck out, and a terrifying attack headed toward Iris.

“Iris, leave this trash to me!” Ruth hurriedly rushed out.

Before she could even attack earlier, the guards were already struck down by Iris. No one left for her.

So, before Iris even did anything, she made sure to take the initiative, quickly charging at the man in a suit.

“Die!” Brent sneered as his eyes glinted in disdain.

He guessed that Ruth was only at the initial Innate State at most. She was much weaker than him!

That was too unbelievable!

“She might be using some secret technique to hide her true power. Yes, that must be it!” Brent shook his head with a look of realization.

He knew that Springfield City was similar to Seacove City. Most of the higher-level methods were more suited to men, not women.

Ruth was a woman. No matter how talented she was, there was no way she would be able to beat Quinton!

Ruth's actual level should be at the advanced or peak Innate State at most. It was just that Ruth used some means to hide her true skills!

Otherwise, he could not imagine any other possibility!

Otherwise, Leon and the others would not be able to escape unscathed!

"A major family? So what?!" Leon said calmly, not caring at all.

With his skills and power at that moment, he was already practically unstoppable in Springfield City and Seacove City!

If the Wrights were good, there was no reason for him to cause too much of a scene.

However, if the Wrights insisted on trying to help Luke and go against him, he would not hold back!

"Brat, how dare you look down on the Wrights!"

At that moment, an angry shout was heard. A young man who was about twenty-seven years of age came in with two impressive-looking subordinates.

Now that those idiots were offering themselves up, she was perfectly happy to take them!

"Up to you!" Leon shrugged.

He knew how strong Ruth was. Since Ruth was willing to fight, he would not need to waste his efforts.

"Alright!"

Lionel finally saw how beautiful Ruth was when Ruth walked forward. He suddenly felt incredibly amazed.

Luke in particular knew that Lionel was the heir of the Wrights, and knew that Lionel was very strong.

If there were no surprises, Lionel would be able to capture Ruth and Leon in one go!

Once those three were in his hands, he could do whatever he wanted to them!

“You’re just at the peak Innate State, but you’re bragging in front of me! You don’t know your place!”
Ruth could immediately see how strong Lionel was. She smiled snidely as she casually waved forward. A huge surge of energy was launched at Lionel.

“A—Advanced Supreme Master? How’s this possible?!” Lionel was shocked when he felt the immense energy coming from Ruth.

He thought that Ruth would only be at the advanced Innate State at most with her age, that there was no way

they would be at the peak Innate State!

Yet, he could not even begin to fathom the fact that Ruth was not at the Innate State at all. She was already a Supreme Master!

Chapter 1147

Ruth looked incredibly proud as if Lionel and the others were completely beneath her notice.

Her looks and talents, as well as her status as the treasured daughter of the Collins, always put her far above anyone else. She never bothered with any man!

At that moment, other than Leon, no one else was qualified to meet her standards!

“You!”

Lionel’s face reddened in anger.

Even though Ruth did not reveal who she was, he could easily guess that Ruth’s terrifying potential and strength meant that she was probably a direct descendant of one of the major families in Springfield City!

“Girl, don’t be so arrogant yet! This is Seacove City, not Springfield City! I don’t care who you are! You’re looking for death if you make an enemy out of the Wrights. We won’t let you off!” Lionel said darkly.

“Please, you don’t need to brag so much in front of me!” Just come at me with everything you have. I’ll take all of you on!” Ruth sniffed, not caring about the threat at all.

“Then, I’ll let you feel true hopelessness!” Ruth smiled in disdain.

Hearing that, Ruth planned on waiting for the Wrights, Lisa was shocked.

“Mister Wolf, you’re not from Seacove City. You might not know how strong the Wrights are! I think you should leave before the matter gets too serious! Otherwise, I don’t think you’ll be able to run away once they’re here!” Lisa hurriedly advised.

“It’s fine! They’re just a small family. Leon can handle it. Don’t worry,” Ruth waved it off casually.

“But-”

Lisa felt incredibly anxious. She just wanted to advise Lisa and Leon, but she was interrupted by Ruth before she could.

“There’s nothing to worry about! No matter how many men they send, Leon will be able to defeat all of them!” Ruth said confidently.

Lionel hurriedly explained everything.

“Brat, you three outsiders not only dared to cause a scene in our territory, but you’ve also even hurt my grandson! I guess you’re sick of living!”

Lentus was furious when he heard everything. He looked at Leon and Ruth with cold and murderous eyes.

“Elder Wright, is it? Are you going to attack me without regard for the truth as well?” Leon said unhappily.

“So what if I am? Brat, blood will be paid back in blood. I’ll teach you a lesson today and get justice for my grandson!” Lentus said coldly.

“Just with you guys? What a joke!” Leon laughed in frustration.

“What a shameless man!” Ruth pursed her lips as she looked at Leon, saying, “Leon, this old man seems quite strong. I probably won’t be able to beat him. I’ll leave him to you!” Ruth knew her limits and did not force things.
