

The Ex-Husband's Revenge By Dragonsky

Chapter 1261-1270

“Unfortunately, I’m already a cripple. No matter how amazing the method is, I can no longer learn it,” Elder Young said despondently.

An Ultimate Power Method was immensely valuable. It was not something found that easily!

If it was in the past, he would even be laughing in his sleep at the prospect of being able to learn an Ultimate Power Method!

At that moment, he was just able to look at such an amazing method being right in front of him, but was not

able to learn it at all!

It was obvious how bitter he felt!

“Elder Young, don’t be too sad. Even if your Energy Sea has been destroyed, it’s not like there’s no chance at a recovery at all,” Leon said after some hesitation.

“What did you say? My Energy Sea can still be recovered? Are you serious?” Elder Young was shocked. He slammed his hand on the table as he stood up. He looked much more excited than he was when he learned

about the Ultimate Power Method!

“Yes, that’s right! However, you’d need an Angel’s Fruit as the main medicine for you to recover! This is an incredibly rare and valuable medicine that can fix your energy flow. It’s probably going to be incredibly hard to find one,” Leon sighed and said.

There were so many types of medicines, and the more rare and valuable ones were things like Panaxes or

Snow Lotuses.

However, those were just the more common forms of valuable medicines. There were those that were even

more rare and valuable than that!

The Fairy Fruit that Leon had used to make the Dragon Pills before was precisely one of them. It had been pure luck that he had managed to get it from the Sharp Brothers.

The Angel's Fruit was the same as the Fairy Fruit. It was an incredibly rare medicine that was equal in price to a thousand-year Snow Lotus. Even with the money, it was hard to find one!

It was precisely because of that, that Leon was helpless to Elder Young's condition even with his amazing medical skills. Otherwise, he would already have cured Elder Young!

"So it's like that," Elder Young looked very disappointed after Leon said that.

The Angel's Fruit was just too rare. He never even heard of it before. There was no way he would be able to

find one!

Suddenly, all of the hope he had before was extinguished just like that!

"The Angel's Fruit? What a familiar name! Could it be..."

Gilbert's expression suddenly changed to an unnatural one.

Leon felt like Gilbert was acting strangely, and could not stop himself from looking over

Elder Young and Iris were the same. They looked at Gilbert with curious looks as well.

“I heard of Angel’s Fruit before. Priscilla mentioned it to me before, it seems like the Scammells of Sky County have one,” Gilbert said after some hesitation.

The Priscilla he mentioned was Iris’s mother. She was also the second daughter of the Scammell’s in Sky County.

Mentioning his dead wife, he suddenly thought about the past. He could not help but reveal a look of sadness.

“That...”

Elder Young and Iris fell into silence.

Iris in particular was just like Gilbert. She was filled with sadness and sorrow. She suddenly went quiet.

The Ex-Husband’s Revenge By Dragonsky Chapter 1262

Chapter 1262

“This is great news! We didn’t even need to try that hard to find it!”

Leon was ecstatic to find out about the Angel’s Fruit. He immediately stood up in excitement.

The Angel’s Fruit could help with the flow of energy. It would not only help Elder Young recover his Energy Sea, it was also something he needed to get to the Golden Core Phase!

The step after the Foundation Phase was the Golden Core Phase!

Even though he was still only at the intermediate Foundation Phase and very far from the peak Foundation Phase and the Golden Core Phase, the Angel's Fruit was just too rare of an object. It was not something that could be found just because you wanted to!

If he could get it earlier, it was far better to be prepared for the future!

"Iris, what's up with you?" Leon was feeling incredibly happy, but he suddenly felt like the situation was a bit off when he saw Iris' reddened eyes.

"Leon, you might not know this, but Priscilla is Iris' mother," Elder Young sighed as he explained.

"That..."

Leon paused, finally understanding why Iris and Gilbert looked so sad. After that, he apologized, "Mister Young, Iris, I'm sorry for bringing up such a sad matter."

"It's fine, she's already passed away a long time ago. It's nothing much," Gilbert waved it off.

It had already been over twenty years. Time had already dampened Gilbert and Iris' sadness. The two of them quickly composed themselves.

"Leon, what do we do now? I'm just a bag of old bones at this point. If it's absolutely impossible, we can just forget about the Angel's Fruit," Elder Young said with some hesitation.

Even though he hoped to recover his Energy Sea and regain his strength, Sky County's Scamm

ells did not have the best relationship with the Youngs since Priscilla had died early.

He would not dare to hope to get the fruit from the Scammells. It was just something he could not expect!

“We can’t just forget about this. I have to find out a way to get the Angel’s Fruit! Let me make some preparations for the next few days. Once everything is properly settled, I’ll go to Sky County!” Leon said firmly.

Elder Young felt incredibly touched. He thought that Leon was so adamant about getting the Angel’s Fruit for

his sake.

“Leon, thank you. Even after everything Gilbert and I did to you, forcibly breaking you and Iris up, you aren’t holding a grudge. You even saved us so many times! Now you’re even personally going to Sky County for my sake. I don’t know how to properly thank you,” As Elder Young spoke, tears started to fall. He felt guilty about everything he had done to Leon.

Thankfully, Leon and Iris had gotten back together after going through so much suffering. Otherwise, Gilbert and him would regret it their whole lives!

“Elder Young, it’s all in the past now! We’re all one family. This is the least I can do. *You* don’t have to be so

polite,” Leon said.

“Yes, You’re right. We’re one family now! It really is a blessing to the Youngs that Iris found an *excellent*

man like you!” Elder Young started to laugh.

The Ex-Husband's Revenge By Dragonsky Chapter 1263

The Ex-Husband's Revenge By Dragonsky Chapter 1263

At that moment, Iris thought about it and said, "Leon, why don't I follow you to Sky

County in a few days? The growth of Elegante has already reached a limit. It's time to

think about breaking into Sky County."

Last time, Leon and Iris had already dealt with Elegante's supply issues at Seacove

City. With that, everything was already stable with the company.

However, whether it was Seacove City or Springfield City, they had a limited reach. It

was hard for them to expand any further.

If Elegante wanted to grow even bigger, they would need to break into Sky County,

establishing a branch there to push their products to various parts of the country

through Sky County. Only then would Elegante truly become a nationally renowned

brand!

That was Iris' greatest wish when it came to her business!

"Yes, alright," Leon knew that the company needed a bigger platform to develop. They

could not remain in Springfield City forever. He quickly agreed to Iris' suggestion.

"Iris, if you plan on going to Sky County with Leon, then you should go over and visit

the Scammells," Gilbert said after some hesitation.

"Yes, I'm planning on that," Iris nodded and said.

Since her mother passed away when she was young, the Youngs and the Scammells

had stopped any relation with each other.

In her vague impression, she could not even remember how her uncle

and
grandfather looked.

However, they were still her blood relatives in the end. She planned on going to Sky County with Leon both for the sake of the company and to visit the Scammells. If she could, she wanted to help her mother fulfil her mother's duties as a daughter!

"Dad, why don't you come with us?" Iris said after some hesitation. "No, I'm not going. I don't want to bear with the awkwardness," Gilbert laughed drily and rejected it.

The Scammells were a force in Sky County, they were far more powerful than the Youngs.

When he had a romantic relationship with Priscilla, her father had not wanted Priscilla to marry him. He never agreed to the marriage!

After that, Priscilla threatened them with death, and the family had to relent!

He had always treasured Priscilla's love for him. He even made the decision to make sure that he would take care of her forever.

Unfortunately, fate had other ideas. After Priscilla had Iris, she passed away after a few days.

He had suffered in misery for a very long time before he managed to walk out of the shadow of his wife's death.

Of course, the Scammells never regarded Gilbert highly in the first place. After

Priscilla fell ill, the Scammells thought that it was because Gilbert had not taken care

of her well enough. They pinned all the blame on Gilbert, and their relationship was thoroughly broken. As for Gilbert, he would naturally not dare to face the Scammells!

The Ex-Husband's Revenge By Dragonsky Chapter 1264

The Ex-Husband's Revenge By Dragonsky Chapter 1264

Looking at Leon and Iris deciding that they were going to Sky County, Elder Young

said after a moment, Leon, you shouldn't be in such a hurry to go to Sky County!

Harold and the Fields have just fallen in Springfield City. The balance of forces have

already been broken. This is a great chance for you to rise up. You should stabilize the

situation here before you to Sky County," Elder Young said. Telling Leon his thoughts.

Even though he knew that Leon was very strong, strong enough to be considered the

king of Springfield City, Leon was still an orphan. He lacked the forces behind him.

It was time for Leon to establish his own family!

"Elder Young, you want me to start my own family?" Leon's heart skipped a beat. He

more or less understood what Elder Young meant.

"Yes, that's right! Once you establish your own family, Elder Shear and I will transfer

all the assets from the Lowes and the Fields to you. Then, the Wolfs will have enough

of a foundation," Elder Young nodded and said.

After Leon killed Harold, he spent 287 million dollars to buy all of the Lowes' assets

from Royce. They were all with the youngs at that moment.

When the Fields fell, most of them assets were sold to the Shears. Elder Young knew that Leon and the Shears had already resolved things. So, he

planned on talking about the matter with Benedict, giving Leon all the assets that

belonged to the Lowes and the Shears. Then, Leon would have the ability to form his own forces!

“But, even if I have the assets and the power, I don’t have the men,” Leon smiled bitterly.

Benedict already told him a long time ago to pull more martial artists to him. Then, he would be prepared to form his own family.

However, that was not something that could be done that quickly. At this point, he only had the Sharp brothers and Mason.

That was not enough to establish a family at all!

“That’s fine, you’re not in a common situation at the moment. With your current skills

and our name in Springfield City, many martial artists would be willing to join you as

long as you call for it! Just leave it to me, I’ll make sure it’s done properly for you!”

Elder Young said after a moment, already having the general plan in his mind.

“Yes, alright,” Leon nodded.

He did not know anything about this at all. Since Elder Young was willing to help, he would not refuse it!

After that, Elder Young looked at Ruth.

“Miss Collins, when you’re back with your family, help me ask your grandfather

something! If your family is willing to join Leon and have Leon’s family

take the lead
on everything, I'm willing to let Leon teach the Collins and Advanced
Power Method!
Ask him what he thinks," Elder Young said after a moment.
Since Harold and the Fields were gone, only the Youngs, the Shears and
the Collins
were left of the big
families. In the underworld, Vincent was in control!
The Youngs and the Shears were obvious. With Iris and Cynthia around,
they would
naturally be willing to listen to Leon. Vincent had always let Leon take
the lead as well!
It was no exaggeration to say that three of the four biggest powers in
Springfield City
were already under Leon. There was only the Collins left!
Elder Young's plan was that, as long as the Collins were willing to
submit, Leon would
be able to control the whole of Springfield City through these
connections!
He would truly become the king of the city!

The Ex-Husband's Revenge By Dragonsky Chapter 1265

The Ex-Husband's Revenge By Dragonsky Chapter 1265
"Yes, that's fine. I'll make sure to tell my grandfather that!" Ruth
nodded and said.
Ruth's grandfather had made Ruth stay by Leon's side during the recent
period
precisely because he wanted to get a Power Method.
If Leon was willing to give that method in exchange for their allegiance,
Ruth felt like it
was quite likely her grandfather would agree.
Of course, the most important thing was that Leon was just too strong at
that moment.

In front of all that power, the Collins had no choice but to negotiate!
“Leon, I can’t believe my wish for so many years has been accomplished by you! You really are amazing!” Elder Young patted Leon on the shoulder. He had a complicated expression on his face, but it was mostly excitement and happiness. In all his years, his greatest wish was for the Youngs to overtake the three other families, becoming the head of the four families and taking over Springfield City! Yet, at that moment, the goal was further and further away. Yet, Leon had managed to get it easily without even trying! The only thing he regretted was that Leon was just a son-in-law, and not actually a Young.

However, as long as Leon was around, he felt like the Youngs would reach even greater heights than before!

“That’s right! Leon, you have to treat Iris properly in the future. As for Cynthia, do with it as you please,” Gilbert said.

Since Iris and Elder Young had already accepted Cynthia’s matter, he would not oppose it, especially since he managed to get an Ultimate Power Method from Leon!

“Oh, alright,” Leon nodded and said.

He finally realized something when Elder Young and Gilbert left. Nothing had happened between Cynthia and him in the first place. They were completely innocent. At the very least, he had done nothing wrong! Yet, it was not just the Shears who had agreed to him and Cynthia, but even the Youngs.

It was a complete mess!

“Elder Young, Mister Young, wait. It’s not like that between Cynthia and I...”

Leon hurried over, wanting to explain things to Elder Young and Gilbert. However, the moment he rushed out, he bumped into a slim figure.

It was Cynthia!

“Ah!” Cynthia cried out. She was almost fell from Leon bumping into her. Thankfully,

Leon was fast enough, and managed to grab her in time.

“Cynthia, why are you here?” Leon was surprised to see Cynthia there.

“Oh, I’m planning on moving in with you from today on,” Cynthia explained simply, but

she was interrupted before she could finish.

“What? You’re moving in? How could that happen?!” Leon was shocked by the news.

“Why not? Dont‘ worry, Ialres

told my grandfather. He agreed as well,” Cynthia said. She motioned to two

employees from the Shears to bring all her bags into the living room.

The Ex-Husband’s Revenge By Dragonsky Chapter 1266

The Ex-Husband’s Revenge By Dragonsky Chapter 1266

Leon was dumbfounded as he looked at Cynthia move her things in.

He had reconciled with the Shears because he wanted to make up for what he owed

them. It was not because he wanted to get together with Cynthia.

Yet, at that moment, both the Shears and the Youngs seemed to have treated the two

matters as one and the

same.

Even if he wanted to explain himself, he could not!

“Cynthia, why would you do that? I already told you so many times. The

woman I love

is Iris, I can't give you the happiness you deserve," Leon said in exasperation.

"I know! It's fine, I don't care. In the end, you've stolen my marriage.

From now on, I'll

be relying on you my whole life!" Cynthia said firmly.

The moment Leon stopped her marriage that morning, she could tell that Leon still

had some feelings for her even though Leon did not admit it. It was just that Leon

could not get past his own morals.

Since Iris already gave her permission, Cynthia would be able to get

Leon to accept

her if she continued working hard.

She was not worried about that.

"But..."

Leon was a bit frustrated. He was interrupted by Ruth before he could say anything.

"Leon, can you stop being so fake? This is something amazing. Other men can't even

have something like this. Just be happy with it!" Ruth looked at Leon with contempt.

"Little brat, what do you know? The two of them are the most important people in my

life. I'm just one person. I can't make them suffer and hurt them like this," Leon said in

frustration.

"Stupid Leon, who are you calling a brat? Which part of me is little?"

Ruth said in

annoyance. She deliberately pushed out her chest.

"I guess it's not that little. There's some size to it..."

Leon glanced at it. Before he could even finish, he felt his foot hurt as Ruth stamped

right down on it.

"You scoundrel. I'm ignoring you now!"

Ruth glared at Leon. After that, she walked out of the place like a prideful princess.

She drove away from the place to talk to her grandfather about joining Leon.

“Serves you right!”

Iris glared at Leon. After that, she pulled at Cynthia’s arm, saying,

“Cynthia, come. I’ll

pick a room out for you. You can stay here from now on, however long you want to.”

“Yes, okay.”

Cynthia felt her heart soften. She followed Iris into the living room and asked after

some hesitation, “Iris, I

lied to you for Leon before this, and I even hurt you before. I want to apologize. I hope

you can forgive me...

“It’s fine, it’s all in the past now! In the end, I stole your fiancee too. I hurt you so much.

I should be the one apologizing to you,” Iris said apologetically.

“Alright then, let’s just say we’re even...”

Looking at the two women chatting as they walked into the living room, Leon stood

there, completely stunned.

“Aren’t women supposed to get jealous easily? What’s going on?!

Whatever, since

things are already at this stage, they can do whatever they want...”

When Leon snapped back to reality, he could feel the spiritual energy in his body start

to flow out. He realized that the Dragon Pill was about to lose its effects. So, he

pushed back his complicated feelings and went back to his room to rest.

The Ex-Husband's Revenge By Dragonsky Chapter 1267

With the Collins, at the main hall, all of the first and second line of direct descendants, as well as the elders, were all gathered there. They were talking about Leon toppling the Fields.

“Leon is just too strong! He's so young, but he doesn't just have a Power Method, he has so many tricks up his sleeve too. Even Elder Lapwood, who was at the Emperor state, could not take his attack!”

“I really don't know how he did it!” Goliath said.

Thinking about that incredible power Leon had shown just now, he still felt a bit wary.

“That's right!”

“Thankfully, George already resolved our grudges with Leon. Otherwise, it would be our turn!”

The few elders were looking incredibly glad.

Anson in particular had been secretly unhappy with George after he helped Leon against the Fields and Harold back then.

He finally understood how intelligent George's move had been!

“It's just a pity. I still underestimated Leon in the end. His growth is much faster and more powerful than I expected!” George sighed and said.

He was the first one to realize that Leon was probably someone with a Power Method

or extraordinary circumstances. Because of that, he had not even thought about it

before he made a three year agreement with Leon, deliberately planting Ruth by

Leon's side. He wanted to take the chance to obtain Leon's Power

Method or the treasure!

Yet, he never would have expected that, by three months, Leon had managed to topple Harold and the Fields, even the Lapwoods were almost destroyed by Leon. It

was nowhere near three years!

That completely shocked him. The plan he had devised was completely ruined as well.

“Brother, what do we do next?”

“Even though Leon isn’t an enemy of ours, he still represents the youngs! With the Fields already down, the Youngs might use him to push down the Shears and us so

they can control Springfield City! We have to form a plan against this!”

The elders were incredibly concerned.

There were no eternal friends in the world. Only profits mattered.

Leon was just too strong at that moment. He was already severely threatening the

Collins’ position and benefits. So, they were still quite worried.

“Surely not? We’ve helped Leon so much. I doubt he’ll start attacking us,” George said

with some

uncertainty, but he did not have any confident.

“That’s not necessarily true! Have you forgotten about the Shears? The Shears have

helped Leon so much, but didn’t Leon still betray them in the end for Iris?” Goliath

shook his head and said.

“That...”

When that was said, George, the elders and everyone there fell silent.

The Ex-Husband's Revenge By Dragonsky Chapter 1268

“Everyone, don't worry! I've spoken to Leon a few times before this.

He's quite a

decent character. He's not someone who would do something like that!

In the end,

there was a reason for everything that happened between him and the Shears. I don't

think he'll treat us like that,” George forced out a smile, trying to console the others in

the family.

However, before he could even finish saying what he wanted to, he suddenly heard

some frantic footsteps. Ruth walked into the main hall.

“Ruth, why are you here?”

George was surprised to see Ruth there. An uneasy feeling surfaced in his heart.

“Grandfather, it's like this. Elder Young asked me to tell you that he hopes you'll

declare your loyalty for Leon and follow Leon from now on...”

Ruth gave a brief explanation, but before she could even finish, the Collins were in an

uproar the next instant!

“It actually happened!”

“I can't believe Leon is already aiming for us right after he toppled the Fields!”

“That's right. Even after we've helped him so much, he's still trying to push us down!”

The elders were all furious.

Exactly what they feared had happened. They had just been worried about Leon and

the Youngs targeting them, and Leon actually did so!

“Despicable! I've really made the wrong judgment this time!” George stood up and

slammed his hand on the desk. His face was incredibly sour.

The world was one where the weak was eaten up by the strong. He knew

that very
well.

However, he had gone against both the Northern King and the Fields just
to protect

Leon just a while ago. He had helped Leon at Leon's weakest moments.
Yet, the moment Leon got through that difficult stage, he was stabbing
them in the

back, trying to swallow up their family!

It was obvious how angry they were!

"George, Leon and the Youngs aren't being honorable at all. We can't
agree to this!"

"That's right. If push comes to shove, we'll just fight them to the
death..."

The elders were all shouting out in indignance.

They were still one of the four great families of Springfield City. No one
ever stood

above them here.

Yet, the Youngs were trying to use Leon's power to make the Collins a
subordinate.

There was no way they could accept that!

"Grandfather, can you please calm down? Let me finish. Elder Young
isn't trying to

force us to submit to

Leon. He wanted to use an Advanced Power Method to earn our
allegiance..."

Looking at the situation going out of control, Ruth hurriedly added a few
words to

explain the situation.

Suddenly, everyone there was stunned. It was like a bomb had detonated
there.

"What? Ruth, you're saying that Leon is willing to give us an Advanced
Power

Method? How could that be possible?!"

Everyone there was stunned, unable to believe their ears.

After the incident with the Lapwoods, all of them knew that Leon had an

Advanced
Power Method. They
knew how rare and valuable those were!
In their eyes, no one would ever be willing to give something like that
away easily!
Yet, Leon was actually willing to teach them something like that. It was
just
unbelievable!

The Ex-Husband's Revenge By Dragonsky Chapter 1269

The Ex-Husband's Revenge By Dragonsky Chapter 1269
"Ruth, are you serious?" George grabbed Ruth's arm after he snapped
back to reality.
He looked incredibly excited.
"I'm absolutely serious!" Ruth nodded and said.
"Good, this is amazing!" George was ecstatic. He started to laugh in
elation.
He knew how valuable Power Methods were. Whether it was him or the
others, none
of them would have dreamed of getting something like that!
If Leon was willing to pass something like that down to them, it would
absolutely be
worth them swearing their loyalty to Leon!
Of course, while everyone was excited, some people voiced out
questions.
"George, be wary of any tricks! An Advanced Power Method is so
remarkably
valuable. We have nothing to do with Leon, how could he pass down
something like
that to us? I think he's just trying to trick us," Goliath said.
His words were served as a rude awakening to George and the other
elders.
"That's right!"

“The Lapwoods tried so hard, and they still failed to get anything from Leon.”

“If it’s something so valuable, how could Leon give it to us so easily?”
After the elders heard that, all of them agreed with what Goliath said.

“That...”

George found himself unable to respond. His mood slowly dropped.
He knew that they were right. A method was the basis of a martial artist.

No matter

how stupid Leon was, there was no way Leon would teach anyone else
his method!

If there were no surprises, he was probably just trying to use that to lure
the Collins

into a trick!

The moment the Collins declared their loyalty, it would completely go
up in smoke!

“Grandfather, you’re all just underestimating Leon too much! To Leon,
a Power Class

Method is nothing at all! Just relax, there’s no way he would try to harm
us for

something like that.”

Ruth started to laugh when she heard what was said.

“What? Could Leon have something better than an Advanced Power
Method?”

George and the others were
shocked.

“Of course! He has an Ab...”

Ruth was feeling very pleased with herself. Right as she was about to
expose the fact

that Leon had an Absolute Method, she quickly realized how important
it was. So, she

quickly swallowed her words.

“What? Could Sean Lapwood have been right? Leon really has an
Ultimate Power

Method?!”

George and the others quickly thought about this. They exchanged looks

of shock

with each other.

“Yes, that’s the gist of it,” Ruth nodded vaguely.

At Ruth’s admission, everyone was completely shocked!

They had thought that Sean was just wildly guessing, but they never expected Sean to be right.

Leon did not just have an Advanced Power Class Method, he had an Ultimate Power Class Method too!

No wonder Leon’s growth was so quick and monstrous!

The Ex-Husband’s Revenge By Dragonsky Chapter 1270

The Ex-Husband’s Revenge By Dragonsky Chapter 1270

“Ruth, you shouldn’t believe anything you hear!”

“Are you sure that Leon has an Ultimate Power Method?”

George and the others could not stop themselves from asking more about the matter.

They started to wonder if Ruth had just misheard things.

After all, an Ultimate Power Method would be something at the top of Sky County. So

many major families would completely spend their fortunes just looking for one!

They refused to believe that an orphan with nothing to his name like Leon would be

able to have something so valuable!

“Grandfather, I’m absolutely certain! Before I came back, I even saw Leon handing

over two books to the Youngs. One of them is an Advanced Power Method, while the

other is an Ultimate Power Method,” Ruth explained the situation.

After hearing that, George and the others fell silent. No one doubted the matter

anymore.

“No wonder Leon’s willing to give us something like that! He has something even better!” George breathed a sigh of relief.

He had been a bit worried that Leon was planning on tricking them with the allure of an Advanced Power Method. It seemed like his worries were for naught. Leon really

did want to use an Advanced Power Method to gain the Collins’ help!

“George, since Leon is so sincere, I think we can talk about this.”

“That’s right, an Advanced Power Method is something remarkable. If we miss out on this, we might never get the chance again.”

The elders were trying to convince George.

Earlier, they had refused to submit to Leon. However, in front of an Advanced Power Method, all of them immediately felt differently.

“That...”

George was very tempted as well.

He knew very well that Leon was probably willing to give them something like that because of all the help they had given him before.

Other families would probably not be treated so well!

Furthermore, Leon was already practically the king of Springfield City.

He was so

young, and his potential was limitless. It was not necessarily a bad thing for them to follow Leon!

“Alright, let’s agree to this then!” George immediately decided.

In the next few days, Elder Young managed to recruit a few experts under Leon’s name, helping Leon establish his family.

Leon’s family’s foundation was what used to belong to the Lowes and the Fields, his assets were no lower than the Youngs or the Shears.

Finally, Leon had a force of his own!

Other than that, the Youngs, the Shears, the Collins and the Southern King had all

sworn their loyalty to

Leon!

From that moment on, Leon had turned into the true king of Springfield City!

The forces of Springfield City was redistributed from that moment. With the Wolfs at

the helm, the Shears, the Collins, the Youngs and the Southern King followed. All of

them controlled the city.

Of course, Leon's ambitions did not stop at just Springfield City. Him and Iris were

already planning on expanding to Sky County.

As for Springfield City, Elder Young helped him establish his own family merely to help

him leave some roots behind
