The Ex-Husband's Revenge Chapter 271

"Don't worry. They are just a few pawns. They won't be able to touch a hair on me!" Leon smiled confidently. His strength had surpassed the Initial Innate State and he had even defeated a martial artist who was in the intermediate Innate State recently.

The men before him were merely fighters with no trace of true energy, so they could only be slightly stronger than ordinary bodyguards and were no match for him.

"Brat, who are you calling pawns?!"

"Do you want to die?!"

The four men were enraged.

Leon ignored them and stared coldly at Brody. "Brody Sullivan, I've warned you not to cross me again! I'm giving you one last chance. Stop now, and I can pretend that this never happened, or you will pay for this!"

"Hello. Mister Wick. To what do I owe the pleasure?" Brody smiled fawningly.

Both him and Jenson were the offspring of wealthy families, but the Wick was one of the most powerful families and Sullivan Enterprises belonged to a far lower tier in terms of influence and power.

Brody dared not to behave arrogantly in front of Jenson, especially when his chain cosmetic stores ran solely on the supplies that the Wick Group distributed to them.

He may disrespect anyone, but definitely not Jenson.

“Brody Sullivan, how dare you?!” Jenson roared. “From today onward, the Wick Group is cutting all supplies to your cosmetic stores!”

He would not be able to explain himself to his father and the board members if that happened.

“Honey, this is all Leon’s fault! He is the one who reported us to the Wick Group! He is behind this!” Marilyn pointed at Leon and screamed.

“How dare you, Wolf?!” Brody sobered and glared daggers at Leon.

Both him and Marilyn had thought that Leon was merely putting on an act, only to realize that they had been

the fools.

“That’s right. I did it! You two said that I can’t hurt you, so I thought that the Sullivan Family really is that powerful! What a disappointment!” Leon mocked.

It was unbelievable!

Naturally, what they were not aware of was that Leon was in the advanced Acquired State a few days ago, but his cultivation level had accelerated to surpassing the initial innate state, so it was only natural that he could defeat four fighters with ease.

"Good. Very good Impressive! It's the first time I've ever seen someone who managed to harness their external power to this extent!" Mason Shelton applauded with approval in his eyes.

Leon had not utilized his true energy in his attack earlier, which proved that he was not a martial artist and was merely a skilled fighter. External power was merely the surface of martial art and for Leon to reach such a stage of strength through training for external power, he had to be a talented individual.

"You... Are you a martial artist?"

Leon narrowed his eyes as he sensed the true energy flowing within his opponent's body. However, as Mason had not acted yet, he could not tell how powerful Mason truly was.

"You are so talkative. Let's just do this already!" Leon picked at his ear and said impatiently. He had been wary about the depth of Mason's strength, but during the show that Mason put on earlier, he sensed through the flow of true energy that Mason had merely reached the peak of the Acquired State.

Leon would not stand a chance against Mason in the past, but considering the fact that he had surpassed the Initial Innate State, Mason was no threat to him.

"You have this coming, brat! I'll show you!" Provoked, Mason launched a swift punch at Leon.

Concerned that Janice might get injured by the energy radiating off Mason's fist, Leon did not dodge and launched a kick toward Mason's chest.

Brody could not believe his eyes.

He knew just how strong Mason was and did not expect him to be defeated by Leon in such a short amount of time with no chance of fighting back at all.

He would not have believed it to be true if he had not seen it.

Marilyn, on the other hand, was completely stunned as well. She had been married to Leon for three years, and she knew that he was still a useless scum up until two months ago. He was as lowly as a servant in the Manson Family with no power to fight back at all; however, he had transformed into a man who had the influence to shut down the operation of Sullivan Enterprises' chain stores, and possessed the strength to defeat the skilled fighters Brody hired alone.

'Is this still the good-for-nothing guy that I know?' She thought. 'I guess you should never underestimate one's growth! Perhaps I have been too short-sighted to see his true potential!'

"It's too late to know your mistakes now!" Leon sneered and was prepared to strike.

Terrified, Brody blurted out, "wait! You said that you will spare me if I kneel. How can you go back on your own words?"

Leon stilled and remembered that he had indeed mentioned that he might consider spare Brody and Mason if they kneeled before him. "That was then, and this is now! Besides, I only said that I will consider it. I didn't make any promises!" He said mockingly.

"You..." Furious, Brody cursed inwardly, but decided to white-knuckle through the humiliation. He had already let go of his pride and kneeled to Leon, so he could not simply give up.

She finally understood how rare it was for a man to give so much for her and began to regret divorcing Leon. However, it was too late for her to regret her choices.

Leon and Janice walked out of the mall, and soon noticed someone hurrying after them.

“Mister Wolf, please wait.” Mason hurried over.

“You? What else do you want?” Leon held his arm in front of Janice protectively as he shot a wary glare at

Their interaction had caught the attention of passers—by, causing the people around them to widen their eyes in shock and steal baffled looks at Leon as Mason bowed his head to Leon.

Even Janice did not know how to react.

"Just get up first!" Leon urged. News traveled fast on the internet and he did not want to be mistaken as a bully.

"If you refuse to take me as your disciple, I won't get up!" Mason said with determination.
