Chapter 2194

"Oh, no! Mister Wolf's defensive tool can't be used anymore!"

"Can he fend off the Scarlet Thief's Platinum Martial Technique?"

Henry's and Chandler's hearts sank at the sight as they thought that Leon's defensive tool was exhausted.

They were worried that Leon would be defeated. They could not bear to imagine what would become of them should that happen.

Die, brat!" The Scarlet Thief narrowed his eyes.

Without the help of his defensive tool, Leon would be digging his own grave to face the Scarlet Thief directly.

The Scarlet Thief increased the power of his attack, aiming to eliminate Leon with one blow.

While he was absorbed in his fantasy of finally defeating Leon, his Fiery Serpent tore through Leon's attack and charged toward Leon's chest, which Leon blocked with the Mirror of Sovereign.

The Scarlet Thief was certain that Leon's defensive tool was no longer working, so he did not hesitate to strengthen his attack.

"You will die today, brat!" The Scarlet Thief sneered as his heart filled with triumphant joy.

If everything went as planned. The Scarlet Thief would be able to kill Leon on the spot by striking him in the chest while he lost the protection of the defensive tool.

Just as he grinned smugly, what happened next shook him to his core.

With a loud bang, Leon took the blow directly to his chest and remained unwavering.

"What? How is this possible?" The Scarlet Thief widened his eyes in disbelief.

He was certain that Leon had exhausted the uses of the defensive tool. Leon should not be able to fend off his attack. However, to his surprise, Leon managed to use the defensive tool once more. The Scarlet Thief was utterly shocked.

What the Scarlet Thief did not know was that the Mirror of Sovereign Leon owned was a super treasure with unlimited uses. Leon's victory was decided right from the start, as the Scarlet Thief was destined to fail in breaking through Leon's defense.

"Scarlet Thief, you're the one who's going to die! I'll send you on your way now!" Leon scoffed.

Taking advantage of the Scarlet Thief's momentum, Leon threw a punch with incredible force at the Scarlet Thief's chest.

No...!" Terrified, the Scarlet Thief's blood ran cold as he was incapable of dodging the attack.

Leon's speed was unrivaled. Even if given the chance, the Scarlet Thief knew that he would be struck.

Before he could react, Leon sent him flying with a bang.

The Scarlet Thief coughed up mouthfuls of blood as agonizing pain tore through his chest. Numerous bones in his body were shattered by the attack, and the damage he suffered was irreversible.
