

The Ex-Husband's Revenge By Dragonsky

Chapter 2205

Chapter 2205

"Mister Glasbey, it doesn't matter who killed the Poisonwielder and Asmodeus! We came here to assist your mission in killing the Scarlet Thief! Please give the command so we can start right away!" Zack changed the subject.

Though Zack guessed that Leon relied on connection instead of true power, this was merely an issue with the southern region Dragon Corps and not the Dragon Corps in the eastern region. Hence, all Zack wanted was to start the operation and eliminate the Scarlet Thief as soon as possible, so that they could all return home.

"Start? Zack, didn't Leon just say that he's killed the Scarlet Thief? What's there to start now?" Alfred asked.

"Forgive me for being blunt, Mister Glasbey, but the Scarlet Thief ranks fourth place on the criminal list because he is a powerful martial artist with a cunning mind! Even if I am to go up against him alone, I might not be able to kill him. Mister Wolf is still young and I don't think he can kill the Scarlet Thief! I think there might be some kind of misunderstanding. We have to be careful and not take his words for it," Zack said calmly.

Though Zack was already in the Advanced Almighty State, the Scarlet Thief could always run once he realized he fell short compared to his opponent. Hence, even Zack was not confident that he could kill the Scarlet Thief on his own, let alone Leon, who did not have any true talent.

"Yeah, Zack is right!"

"We need to see the body!"

"Mister Glasbey, since Mister Wolf insists that he killed the Scarlet Thief, where's the Scarlet Thief's body?"

The others from the eastern region agreed along, as they all thought that it was unrealistic for a young man like Leon to defeat the Scarlet Thief on his own.

"Yeah! Leon, where's the body?" Reminded by the others, Alfred turned to look at Leon in confusion.

"Oh, I handed the body to Captain Scots from the National Security Department," Leon explained.

According to the rules set by the Dragon Corps, all criminals would need to undergo a DNA test once they were killed for identification.

Hence, Leon handed the body to Captain Scots right away as soon as he arrived.

"I see!" Alfred exclaimed.

He trusted Leon and since Leon's explanation was reasonable, he did not suspect a single word.

However, Zack and the others felt different.

They all concluded that Leon could not have killed the Scarlet Thief on his own, and since Leon had no proof in hand, none of them were willing to believe Leon.

"Mister Wolf, since you claim that the Scarlet Thief's body is with the National Security Department, why don't you take us there to have a look? We're all dying to see if the Scarlet Thief is dead!" Zack smirked.

Since the National Security Department was nearby, they would learn the truth as soon as they headed over.

'Let's see how this kid is going to cover up his lies once we arrive and the Scarlet Thiefs body is nowhere to be seen!' Zack thought.
