Chapter 2263

Chapter 2263

"H-how strong!"

Feeling the immense power of Hurricane Break, all of them were stunned!

That energy seemed to come from everywhere, leaving them with no way to defend against it or avoid it!

Only then did they realize that Leon was far stronger than any of them thought!

It was just that they were too presumptuous. They underestimated Leon too much, and looked down on Leon's skills!

Boom! Boom!

Right after that, as they were feeling shocked, Norm and Sully were the first to get hit by the force of Hurricane Break. They were sent flying, slamming onto the bookshelves by the side before they collapsed on the ground!

Then came Yonas and Fiona. Since the two of them were further away, most of the power of Hurricane Break was stopped by Norm and Sully. They suffered a lot less!

Even so, they were still struck by the remainder of Hurricane Break's power as they flew to the ground!

After hitting the ground, all of them started to spit out mouthfuls of blood. All of them suffered varying degrees of internal injuries!

Norm and Sully in particular were in the front. Their injuries were the worst, and they did not even have the strength to crawl up from the ground anymore!

Thankfully, Leon held back and did not use the full force of Hurricane Break due to his relationship with the Thompsons!

Even though all of them were injured by Hurricane Break, no one's life was at risk!

After defeating all of them in one blow, Leon took a deep breath!

Hurricane Break was a spiritual technique that had a large area of effect. It was also his most vigorous attack. It consumed a lot of spiritual energy!

With his strength, he could only use Hurricane Break once or twice in a fight!

Even if he did not use its full force this time, almost half of his spiritual energy was used!novel.xo

That was why he never used Hurricane Break before this, the energy consumption was just too great!

"Yonas, no one can save you now! It's time for the two of us to settle the score!" Leon said coldly.

After that, he did not waste any time as he immediately struck out, clawing at Yonas's right arm!

"Crap!"

Seeing that, Yonas's heart completely sank!

Both Sully and Norm were heavily injured. They could not stop Leon anymore!

If there were no surprises, he would not be able to escape the fate of Leon crippling one of his arms!

With that in mind, the shock and fear in his heart caused him to feel a sense of despair and hopelessness he never felt before!

"Wait!" At that moment, something happened. John suddenly shouted out!

Yonas attacked his Energy Sea Point before this!

Thankfully, John managed to shift his energy around to protect himself, and Yonas's attack did not cripple his strength!

With some rest, he already regained some of his strength, and managed to stand up again!

On the other hand, he saw how Leon struck Yonas twice before!

With how Leon was moving forward and preparing to cripple Yonas's arm, he could no longer hold back!

"Mister Thompson, please have some mercy!"

Looking at Leon's attack about to fall, John did not hesitate to rush over with unbelievable speed, suddenly appearing in front of Yonas, shielding Yonas behind him!

After that, with a wave, a surge of true energy immediately struck Leon's attack!
