The Ex-Husband's Revenge Chapter 23

Iris was stunned, "You don't have a driver's license? That does make things a little inconvenient."

Iris fell silent for a bit before she suddenly thought of something, "Then can you ride bikes?"

"I know how to ride bikes. I have a license for them too,"

Leon nodded. He was treated as less than a dog with the Mansons, there was no way he could have been allowed to drive a car.

However, the Mansons regularly needed him to run their errands. For convenience's sake, they got him a shabby second-hand motorcycle.

"That's great. I have a motorcycle here that my aunt gave me for my birthday. I don't use it anyway, why don't I give it to you for you to go to work with," Iris pulled Leon over to a corner. There was a vibrant pink motorcycle there.

"Don't look down on this motorcycle, it's worth at least hundreds of thousands..."
