The Ex-Husband's Revenge Chapter 341

However, since Janice already said it, he could not refute it.

"Joey, what's the meaning of this? Since she already has a boyfriend, why'd you arrange this blind date for me?!" Theodore looked at Joey angrily.

Joey was startled and hurriedly explained, "Mister Wyatt, please don't be angry. Missus Lynch told me Janice

was single."

As he said that, Mindy and him shot Leanne a look, wanting to know what was happening.

"Don't listen to what Janice is saying! She doesn't have a boyfriend. She's saying this on purpose!" Leanne

was furious.

She knew her daughter very well, and she quickly knew what Janice tried to do.

Leon paused for a moment before he said seriously, "I know some alternative medicine. When I looked at your aura just now, it was quite dark all around. It's not a good omen."

"If I'm not mistaken, you must have overindulged yourself, and your body has been ravaged by too much alcohol and sex. You're even struggling with some things that men can do..."

"I'm just giving you a warning. If you don't stop yourself, you might be crippled, or even die!" Leon briefly explained.

"What?"

Everyone was shocked when they heard that.

Even though Leon explained it more politely, everyone understood what Leon meant. Theodore's body was in a bad condition, and he was already unable to properly function when it came to relationships between men and women. Even his life was at stake.

Only, they did not know if what Leon said was true.

However, none of them saw Leon's medical skills before, so they all thought that Leon just made it up!

Theodore explained everything in a hurry.

"That does seem like it could be the case..."

Everyone suddenly felt like what Theodore said was reasonable and started to doubt Leon's words.

Especially both Leanne and Horace. The two of them already knew that Leon's job was just a secretary at a cosmetic company. He had nothing to do with medicine at all.

Furthermore, Leon never checked on Theodore's body before he confirmed that something was wrong with it. There was no way it was real!

Theodore's bodyguards were so big and strong. They were specialists. It would be easy for them to deal with

"Alright, you can just continue then!"

Janice nodded, giving way.

What?

Everyone was stunned. They thought that Janice would remain planted there. No one expected Janice to give way so obediently.

It was out of their expectations.

However, it was a good thing. At least Janice would not be accidentally harmed if they started fighting!

After everything that happened, he built some connections for himself. Other than the Youngs, he had a good relationship with the Wicks and the Shears as well.

The Shears were not just close to him, but they were even business partners.

With his connections, he might not be able to compete with some heir of a major family, but someone like

Theodore was beneath his notice!

“My money and power give me that courage! You injured my bodyguards just now. It’s already assault. I’ll have the police arrest you! Then, you’re free to enjoy things at the police station!” Theodore laughed as he pulled out his phone.

“You...”

“Wyatt, you were the one who was trying to attack Leon first. Why are you pinning the blame on him now? You’re shameless!” Janice was shocked. She started to get furious. She saw some shameless people before,

Then, if Theodore used some of his connections, Leon might even end up being in jail for a long time!

"Janice, don't worry. Let him call the police if he wants to! I want to see if he's capable enough to twist the truth like that!" Leon smiled in disdain.

The law was not a toy. The police had to act as they should, and could not arrest anyone just because they wanted to.

Theodore's words were just enough to scare commoners like Janice, it could not scare him at all!

Furthermore, he had

some connections himself. If Theodore wanted to pull something in the dark, he would just be asking for his death!

"Brat, I already gave you a chance. Since you're not willing to accept it, then don't blame me!" Theodore prepared to call the police, wanting to make Leon taste the consequences of going against him!

Right at that moment, footsteps could suddenly be heard, interrupting what Theodore did.

"Fine, you said it yourself. Let's wait and see!" Theodore was incredibly happy as he hurriedly gave his father

“Men, break one of this brat’s legs and toss him out of the hotel as punishment!” Horsen said coldly.

Those in the underworld prioritized their reputations the most. Anyone who caused
trouble had to be dealt with harshly. Otherwise, others would do the same, tossing some money at the
m and leaving after causing

trouble.

There was no way the Great Maned Tiger could suffer that embarrassment!

After Horsen’s order, two of his men started to walk toward Theodore with a smile.

"Get him! Grab him and chop his legs off!"

Horsen was thoroughly angered. With a wave of his hand, the subordinates behind him started charging at Leon with ferocious expressions.

"This guy is done for!"

"Serves him right!"

Theodore looked incredibly happy with what happened. He wanted nothing more than for Horsen's subordinates to teach Leon a good lesson to help him vent his frustrations.

As for his fate, he was not too concerned.

As long as Horsen managed to vent his anger on Leon, Theodore would call his father to try and smooth things over.

"I want to see how that scrawny body of his will be able to stand a punch from Mister Drew!" Theodore sniffed.

Leanne and the others nodded as well.

They all saw how powerful Horsesen's strike was earlier. Leon's body was still made of flesh and blood. No matter how he received that punch, he would still have a broken bone!

Unless a miracle happened, Leon would probably not be able to stand up to Horsesen's attack!

Yet, before they could even finish thinking about it, something shocking happened.

Leon surprisingly avoided Horsesen's punch.

Even though Horsesen used all his power, so much so that his face reddened, he could still not break through Leon's palm!

"The Four Tigers are nothing much!" Leon smiled plainly before he kicked Horsesen right in the chest, sending Horsesen flying.

Bang!

Horsesen's body slammed right onto the table, and the wooden table collapsed. After that, he coughed out a mouthful of blood, looking to be in an incredibly bad state. He no longer looked as threatening as before!

Everyone was dumbfounded when they saw that. Their jaws almost fell on the ground.

None of them would have expected that Leon would not only avoid Horsesen's punch, but even cause Horsesen to cough out blood in one attack.

He defeated Horsesen in an instant!

In their eyes, Horsesen was already incredibly strong, but Leon defeated Horsesen so easily. How strong could

Leon be?!

"H-how is this possible!?"
