The Ex-Husband's Revenge Chapter 371

He knew that Xander would give him a taste of his own medicine once he got ahold of Leon!

"An eye for an eye, and you're right—

I wouldn't dare to kill you right here, but I can always cripple you so that you won't hurt any girls ever again!" Leon cackled, then lifted his leg and gave Brody a swift strike in between his thighs.

Leon was not an idiot; he knew that murder was not a felony that he wanted to bear responsibility for, and he did not dare to experiment with the laws of the jurisdiction system.

So long as he did not kill Brody, even if he crippled him in some way or other, all he would need to do is give Brody compensation.

He could easily afford to do that!

"What?" Brody was so stunned that he froze in place as though he was struck by lightning.

What was the meaning of this?

Now, with Mason's help, he would not be scared of Janice being put in danger if he and Xander were to go into combat!

"I can't believe how arrogant you are, Xander Long, to dare to pick a fight against the mighty Leon Wolf! Well, I guess today's the day!" Mason cackled as he pointed at Xander.

He always knew it would be as easy as ABC for Leon to defeat Xander in battle, considering he was one of the most skilled combat artists in the realm of Supreme Masters.

However, he never thought Xander would be foolish enough to dare to pick a fight against Leon!

Mason quickly realized that this was a once-in-a-lifetime opportunity to get rid of his longstanding enemy for good, so he quickly gathered his men to help Leon defeat Xander.

“What rubbish! Mason Shelton, you’re no match for me! So what if you have Leon Wolf here to help? You two are far from being worthy opponents against me!” Xander snickered.

The first thing he felt after coming to was an excruciating pain shooting through his lower body, and he immediately recalled his humiliating encounter with Leon.

“Mister Long, please help me take revenge on that wretched Leon Wolf! I want to see him fall!” Brody shrieked at the top of his lungs, baring his teeth in sheer rage.

He knew that Xander did not dare act

rashly because he was still in Leon’s hands, and now that he was safe and out of danger, Brody was certain that Xander would be able to defeat Leon easily!

When that happened, he would skin Leon alive and turn him into minced meat, even at the risk of being convicted of murder, to fulfill his vengeance!

“Master Long, we’re rooting for you!”

“Yes, kill him!”

Xander's subordinates cheered for him so loudly that their cries almost blew the roof off. he was one of the most experienced martial artists to walk this earth, and a say the same for you!" These two men were yet to complete their full martial arts training, and therefore were no match for Mason at all. Not only that but now that they witnessed Xander being defeated so easily by Leon, they grew even more desolate.

Noticing this, Mason quickly intensified his tactics and snuck up on them while they were partly distracted. by the commotion, punching one while doing a backflip and kicking the other at the same time.

The two martial artists slumped onto the ground in defeat!

"Is that true? Is he one of the Supreme Masters?" Xander gaped.

Before this, he was doubtful of Mason's claims as he deemed Leon too young to be a member of the realm of Supreme Masters, but now, he could not wonder if it was true.

The fact that Leon easily defeated him— an experienced and skilled martial artist, was proof that Leon's training far surpassed his.

This realization made him lose all ounce of his confidence in his abilities and he could not even muster the courage to defend himself.

"I've already said this before—

I will stop at nothing to take revenge for Janice's sake! I'm a man of my word! "Leon declared curtly, his voice dripping with malice so cold it made everyone's hair stand on end.

"You... Don't you dare! I'm warning you; I'm a loyal servant of the Northern King. If you dare to even lay a finger on me, you won't get away with this!" Xander said, trying to appear more confident than he felt.

At the thought of the Northern King, he could not help feeling a little more reassured.

"The Northern King?" Leon furrowed his brows and immediately fell silent.

No matter how skilled he was at combat, he was still no match for someone like the Northern King, and thus, it would not be smart of him to cross the Northern King.

Xander was the mastermind behind Janice's kidnapping and even almost led to Janice's dignity being soiled by Brody. Knowing this, how could he

“Who are you, punk?” Jacob swept his gaze onto Leon’s face, staring at him with a haughty look.

“Master Lowe, this man’s name is Leon Wolf, an orphan with nothing to his name, but he’s very good in combat...” Xander explained quickly. Just as he was about to add that Leon was also a member of the realm of Supreme Masters, however, Jacob interrupted him.

“How dare you disrespect my father like this, you nobody!” he scoffed.

“That’s right! Master Lowe, this punk injured me just because I’m not as good as him in combat, and also disrespected the Northern King’s name. you have to avenge me...” Xander immediately recognized that this was the perfect opportunity to call for aid.

He was not Jacob’s servant and thus did not feel it was necessary to explain himself.

Besides, the Southern and Northern Kings were always arch-enemies, and Jacob’s refusal to believe in Leon’s capabilities would work out perfectly in their favor!

“Whatever! Are you going to stick up for this nobody, Fane Poole?” Jacob asked coldly, staring at Fane.

Jacob shot Xander a murderous glare as though he wanted to skin him alive.

He was a little puzzled as to what happened.

"Well..." Jacob quickly briefed him on the events that transpired.

Anson was shocked to learn of all this. He immediately glanced in Leon's direction and asked in curiosity, "Mister Lowe, who's this Leon Wolf that you speak of? How'd he manage to be friends with both Harvey Shear and Fane Poole? What an amazing feat!"

"I'm not sure either, but I hear he's an orphan..." Jacob replied.

"An orphan?" Anson froze at this.

However, knowing that Leon hailed from nothing and was not the son of a powerful family made him change his mind about the man. He could not help growing disdainful of Leon at this.
