### The Ex-Husband's Revenge Chapter 461

Facing Horsen's intense attacks, he slowly fell to a disadvantage.

Even so, he still managed to last a few dozen exchanges with Horsen. In the end, he lost because his stamina

ran out.

"We finally won one!" Snow breathed a sigh of relief, letting out a smile.

Landry and the others reacted more or less the same way. Their morale recovered a little.

However, it did not last long.

Horsen and Riker fought at full power earlier, and Horsen already spent most of his strength. He quickly fell to one of Jacob's guards.

"How'd things end up like this?!" Snow's expression changed, unable to keep her calm.

After the last few rounds, her side used three of their men to barely defeat one.

"What? Don't you like the fact that my sister's older than you? It's fine, an age gap isn't that much of an issue nowadays. My sister's just three or four years older than you at most. Both of you would suit each other very well!" Fane did not give up.

"Mister Poole, forgive me for being honest, but your sister's so beautiful. She comes from a good family as well. She has many suitors! It would be easy for her to find a suitable boyfriend. Surely you don't need to be worried for her?" Leon asked curiously.

"You don't know this, but my sister was hurt badly by a relationship before. After that, she started to hate men, especially men with silver tongues who are not reliable. My dad and I both hope she can find a man to spend her life with soon. At least, we hope she'll be able to step out of that shadow," Fane sighed and said.

"So that's what happened!" Leon realized something, finally understanding why Snow seemed to hate him so much.

Snow was probably lied to by a man and hurt badly. When she found that he could be a fraud, she ended up going against him everywhere!

Just as Leon and Fane were talking about it, the round already ended.

"This is good too. The more hope you have, the more disappointed you'll be! I'll extinguish all your hope myself later. I'll let you know what despair is!" Jacob said arrogantly.

"The one who'll be in despair is you!" Snow said coldly. However, she was incredibly nervous inside, not feeling nearly as calm as she looked.

She already said it before. Jacob was already at the late Innate State, and was not far away from reaching the peak.

He was not weaker than she was.

Furthermore, she already went three rounds earlier. She already used up a lot of her stamina and true energy.

At that moment, she had a very slim chance of defeating Jacob!

"What? Are you scared?" Jacob seemed to have seen through Snow's thoughts, and he had a sudden idea.

"Miss Poole, you're a woman in the end, and you've used up quite a lot of strength fighting the last three rounds. It would be too easy for me to defeat you like that! Why don't I give you a one-hand handicap?" Jacob said meaningfully.

It was the perfect opportunity!

However, there were no absolutes.

Energy Nurturing Pills were too valuable. They were things that all the large families coveted. Two hundred pills was not a small sum either.

If she was not careful and ended up losing, it would be a huge loss!

The price was too big to pay, so she was a bit hesitant.

“What? Aren’t you even willing to put just two hundred first-grade Energy Nurturing Pills on the line? If that’s the case, I can give you a new condition!” Jacob said with a challenged look.

With both of them already agreeing to the bet and coupled with the fact that there were many of the upper society present, neither side was worried that the other would go against their word!

“Jacob, you are arrogant. I’ll make sure you pay the price for your arrogance! Take this!”

Snow was incredibly murderous as she used her full strength. She charged right at Jacob with a soft but sharp

aura.

Jacob was at about the same level as she was. They were both at the late Innate State.

However, at that moment, Jacob was only using one hand. She believed that she could easily defeat Jacob and wipe away the earlier humiliation!

“That’s perfect! Let me show you my true skill today!” Jacob laughed coldly, not retreating at all as he charged at Snow with one hand.

He was only a sliver away from the peak Innate State. Ever since he took the pills, he used the pure energy from within them to break through!

“What a lucky dog!” Fane was furious.

He knew that Energy Nurturing Pills were mainly meant to assist in training. It was rare for martial artists to be able to use them to break through to new levels.

Jacob managing to use them to do so was mostly luck!

With Leon in the final round, he did not think that Jacob could win!

“Alright, I’ll make sure both of you have nothing else to say.”

Jacob laughed. After that, he looked at Leon and seemed to realize something. He let out a mocking look ,” Fane, if I’m not mistaken. Leon should be your final participant?”

“That’s right, it’s him!” Fane nodded.

“Good, very good! Leon, you could’ve walked out just fine, but you decided to step right into hell! Since you want to die, I’ll grant you your wish!” Jacob laughed.

He was already at the peak Innate State. There was practically no one who could oppose him among the youths of Springfield City.

Even Harvey, Anson, and Theodore were only at the same level as him. They might not be able to defeat him!

"Tell me then, what kind of bet do you want to make?" Jacob smiled.

He felt like it would be incredibly easy for him to defeat Leon. Leon adding to the bet just like that was like a gift.

There was no way he could reject that!

"Why don't I add another two hundred first-grade Energy Nurturing Pills? If you win this match, on top of the bet from earlier, we'll give you a total of four hundred pills. What do you think?" Leon mentioned his side

first.

“Good, you said it yourself!” Jacob was elated. After that, he quickly said, “However, it’s not like you have Energy Nurturing pills on you. It’s pointless for you to mention it I want Fane to guarantee it!”

As he said that, Jacob looked over at Fane.

“What? Kneel and apologize?” Jacob’s expression changed.

Even though Leon’s condition did not seem that difficult, he was still a very notable young man in Spring field

City. If he knelt and apologized to Snow, it would not just be him that would be embarrassed. Even his father’s reputation would suffer!

“Surely this fraud isn’t trying to pull some trick.”

Snow was stunned. She never expected Leon’s condition would be that!

Earlier, Jacob’s words humiliated her and crossed the line. She was still furious about it, but her skills were

not strong enough to wipe away the humiliation.

Leon smiled coldly, not bothering to avoid it as he sent a fist right at Jacob's attack.

"You're taking me head-on? You want to die!" Jacob laughed as he strengthened his punch, using his full

force to try and break Leon's arm as payback!

"Is this guy stupid? Jacob's already at the peak Innate State. Wouldn't fighting Jacob head-on be suicide?!" Snow was shocked.

Even at the late Innate State, she still suffered internal injuries from Jacob's attack just now.

Leon was just a fraud with no skills. If he suffered that blow from Jacob, Leon would be crippled, if not die!

Leon that much, she was still a woman in the end. She had a lot of kindness in
