The Ex-Husband's Revenge Chapter 551

"The Shears did nothing this time. I should be happy enough that you gave me two Pure Energy Pills," Benedict said with a smile.

"That—"

Leon opened his mouth but had nothing to say.

"Leon, my grandfather is right. You were the one who did everything this time. It's only proper that you got more of the Pure Energy Pills," Cynthia hurriedly said.

Ever since Leon broke up with Iris, she put her whole heart into Leon. Something as valuable as the Pure Energy Pill was highly sought after. She would naturally want Leon to benefit more from it.

Benedict gave Leon some sincere advice.

"I understand now!"

"Elder Shear, thank you for your words. You've opened up my eyes!"

Leon took a deep breath, and he no longer rejected Benedict, keeping the remainder of the Pure Energy Pills.

Listening to those with experience was amazing!

With Benedict's advice, he suddenly felt like he was much more enlightened. Even the way he thought of things started to change.

After that, Benedict and Harvey both left to prepare the materials from the Shear Group for Leon to start making the pills the next day.

Cynthia was not in Springfield City the past few days, so a lot of work was accumulated at the company. After telling Leon, she left for the company.

Ever since the first sales drive ended, Elder Young and Gilbert both guessed that the Shears managed to create those pills probably because they had an amazing alchemist.

The information the Shears shared, basically validated what the two of them thought. The two of them felt like it was obvious that the alchemist had to be the chairman of Cythion Group. Otherwise, there was no way the Shears would easily pass on that label to anyone!

The Collins and the Fields felt the same way as well. They quickly realized how important the matter was.

Not only could the alchemist make Energy Nurturing Pills, but they were also even able to make something as amazing as Pure Energy Pills. The alchemist was an amazing expert.

With the help of that alchemist, the Shears might end up exceeding the other families. It would be easy for them to take control of Springfield City!

Elder Young thought the same, and all the major families could not keep calm.

They knew very well that the chairman of Cythion Group suddenly turned into an important figure in this power struggle. As long as anyone could get the alchemist from the Shears, they would end up winning everything!

Regretfully, Ruth was still a girl that was not suited to inheriting the family. Otherwise, even Anson, Theodore, and Harvey would have to make way for her!

"It's just a Pure Energy Pill. It's something on the surface level, it's nothing much! You need to see through what everything means. The most valuable thing is the alchemist behind the Pure Energy Pills!" George said calmly.

"Grandfather, what do you mean?" Anson was a bit confused.

When Theodore found out about the mystery chairman of Cythion Group, he hurried back to his family from the company, meeting the elder as well.

“Grandfather, regarding the mystery chairman behind Cythion Group and their Pure Energy Pills, I trust you’ve heard about it?” Theodore said thoughtfully.

Basically, even if the alchemist ended up with the Youngs or the Collins, it was still better than the Shears!

That was Walter’s true goal!

Of course, Walter considered things as well. If that alchemist was insistent on working with the Shears, then they would have to figure out a way to destroy that person at all costs!

They could not let him continue to help the Shears!

“Grandfather, you are a master strategist!” Theodore laughed coldly. After that, he went to the Youngs and the Collins as Walter asked.

With the Youngs, after Elder Young found out about the mystery chairman and the Pure Energy Pills, he quickly summoned Gilbert to the study.

“What’s your idea? Share it with me,” Elder Young asked.

“The alchemist

has already agreed to work with the Shears. The two of them are very close. If we want to get him from the Shears, it won’t be

easy at all. We have to form an even closer relationship with that alchemist. Only then would he give up on working with

the Shears and work for us instead! In all matters, the closest form of a relationship is marriage!” Gilbert said.

“What do you mean?” Elder Young narrowed his eyes, vaguely understanding the implications.

“Alchemy is an art that has been lost for hundreds of years. That alchemist’s skills are amazing. He has to be from some ancient family that was hidden for a long time! On the day of the sales drive, we can bring Iris with us. With Iris’s looks and status, one of the younger generations of that alchemist might take a fancy to IRis!” Gilbert said meaningfully.

He was very confident in Iris’s allure. He believed that someone tied to the alchemist would fall for Iris. It was just that he did not know if Iris would be interested in them.

“Yes, it doesn’t seem like a bad idea!” Elder Young said.

“Dad, is that a yes?” Gilbert was incredibly happy.

“Yes, nothing bad will come from it anyway. There’s no harm trying,” Elder Young nodded.

The two of them were discussing the matter when some urgent footsteps were heard. A handsome young man walked in.

That young man was Randy Young, he was from the second branch of the Youngs. He was also the most excellent young man among the youths of the Youngs. His skills and fame were comparable to Harvey, Anson, and Theodore.

It looked like an incredibly important occasion!

The Shears seemed to have expected the situation and made preparations.

Benedict was in attendance himself. He led a lot of the experts and guards of the family to Cythion Group. After that, he arranged for them to maintain order at the venue with the employees of Cythion Group.

Behind the scenes, Benedict stood by the window with his hands behind his back. He looked incredibly calm, but it was unclear what he thought about.

Suddenly, Harvey was heard frantically walking over.

However, if Leon wanted to form his force, he would need to gain a reputation first. Only then would he manage to attract experts to work under him.

If Leon continued to keep a low profile, no one would be willing to work for a nameless person!

In the end, anyone who wanted to expand and grow would need to meet a lot of difficulties on the path to doing so. Leon was no exception. It was something that could not be helped!

At the sales drive, Leon and Cynthia were ordering their employees and the guards around to welcome the various major families as the figureheads of Cythion Group.

Cynthia was second among the four great beauties. Her looks were impeccable, and she was the focus of attention no matter where she went.
