The Ex-Husband's Revenge Chapter 68

"How is that possible? How could a loser like him have Rivercity Bank's Supreme Card..." Brody could not believe what he saw.

"Was it... Iris who gave it to him?"

That thought immediately popped up in Marilyn's mind and she seemed to connect the dots.

"But I thought he isn't in a relationship with Iris? Why would Iris give him Rivercity Bank's Supreme Card...unless they are together." Having muttered that, Brody shook his head violently as if unable to accept such a cruel reality!

Iris was his dream goddess, and he could never accept the fact that Iris was Leon's girlfriend even if Leon produced Rivercity Bank's Supreme Card!

There was no way could a useless loser like Leon could be worthy of someone as noble and beautiful as Iris!

"He could've tricked her into giving it to him for all we know!" Marilyn was jealous. She initially thought that her divorce from Leon would cause him to sink into depression and perhaps even turn him into a beggar!

However, reality gave her a tight slap in the face. After leaving her, Leon cozied up to Iris in a blink of an eye and even succeed in getting Rivercity Bank's Supreme Card from Iris. He must have been living the high life in recent days!
