The Ex-Husband's Revenge Chapter 631

"Are you willing to join the Cythion Group?" Leon smiled politely and asked.

"Mister Wolf, thank you for thinking about us, but we've decided that we won't join Cythion Group for the moment," Spencer rejected humbly.

"What? You're still not willing to join Cythion Group?" Leon's smile froze. He was quite stunned.

He never

expected that even his valuable Power Methods were not enough to sway Spencer and Stephen!

It greatly exceeded his expectations, and he did not know what to do.

"Hey, are two of you crazy? The Power Methods are something that Supreme Masters and even Overlords covet! The two of you rejected something so amazing? Is there something wrong with you?!"

Cynthia was shocked, and even suddenly had the urge to check if their brains were filled with mush!

"Miss Shear, of course, we know how valuable the Power method is! However, we know our place. We wouldn't dare to covet something so amazing," Spencer said.

“Thank you, President Wolf.”

The two brothers looked relieved. After thanking Leon, they turned around and prepared to leave.

“Hold it!”

At that moment, Cynthia suddenly shouted out and stopped them.

“Miss Shear, do you have something else you need?” Spencer turned around to ask. He was a bit apprehensive, worried that Cynthia was going to regret it.

The Shears were so powerful and influential. If they wanted to force the two of them to stay, they would have no way to fight back!

The two brothers were devoted to martial arts. Even though they did not prioritize money or power, it was as if they did not care about it at all!

Just like Cynthia said. If the two of them rejected Leon, they could maintain their carefree lives, but they would not be able to accomplish anything big in the future.

On the other hand, if the two of them joined Leon, there was a good chance they would be able to get Power Methods and be able to become incredibly strong Overlords, changing their fates!

The martial world always prioritized strength. Overlords were absolutely the pinnacle of Springfield City. They would be incredibly well respected and known everywhere!

If the two of them could become Overlords, they would soar, going from being two unknown figures to standing at the top of Springfield City!

Then, whether it was wealth or power, they would be able to get it all easily!

It was far too tempting. The two of them were no saints. They found it hard to resist!

Comparatively, it was far better to teach Power Methods. It was just a level higher than the ones thought by the four great families. If he was ever exposed, he would not be so threatened.

It was just that there were no Basic Power class methods that he inherited. The lowest one was at the advanced level, so he was forced to teach the two of them an Advanced Power class method.

"What? Advanced Power class?" The two of them were shocked. Their hearts skipped a bit, and they suddenly felt a chill over them.

Advanced Power class methods were far more valuable than Basic Power class methods.

Earlier, the two of them discussed things and felt like Leon might have a Basic Power class method, but there was no way he had anything higher!

"Do the two of you not know something so basic?!" Cynthia berated coldly.

"Miss Shear, you're right. We realized our mistakes now."

The two brothers shuddered.

There were laws and rules everywhere.

Even though they joined Leon, they joined Cynthion Group in name.

Leon was their master, and Cynthia was half their master as well.

The two of them did not dare to talk back to Cynthia.

"Since it's your first offense, I'll forgive you. However, if there's a second time, I won't spare you easily even if Leon doesn't care!" Cynthia said coldly.

Stephen and Spencer were using Advanced Power Methods, so their energy would not be as pure as Cynthia's.

He deliberately let them take the Pure Energy Pills to overcome that deficiency. It was how the two of them suddenly showed signs of breaking through!

Boom!

Spencer was stronger than Stephen. His body jolted, and he broke through right to an Advanced Supreme Master!

However, since he just broke through, his power was still not stable. He did not relax and hurriedly continued to use Demon Execution, planning on solidifying his power.

Stephen

was different. He was slightly weaker, and the energy within his body was not as dense as his brother's.

Even with the help of Demon Execution and a Pure Energy Pill, he was still a bit away from breaking through.

"What? The two of you finally realize your mistakes?" Cynthia let out a scoff, still unhappy about the matter.

"Miss Shear, thank you for your advice. If you didn't tell us earlier, we would have wasted such an amazing chance for no reason."

Both Stephen and Spencer thanked Cynthia earnestly.

"That's more like it," Cynthia calmed down quite a bit.

Leon acted like he did not hear it and immediately changed the topic, "Spencer, the two of you joined Cynthia Group in such a hurry. I'm guessing you're not prepared yet."

"Why don't we do it like this? I'll give you a few days. Go back and make your preparations. You can come after three days.'

"Thank

There was no way she could accept such a cruel truth!

Her words were just like salt in the wound for Iris. Iris collapsed on the spot.
