The Ex-Husband's Revenge Chapter 921

"Don't you dare sell it to him!" A cold voice came from behind them and Cynthia stormed in with Spencer and Stephen.

"Miss Shear? Why are you here?" Shocked, Mister Zogg hurried over and bowed at Cynthia.

The Shears were the biggest medical supplier in the area and the head of the industry, so Cynthia made numerous appearances on behalf of her family.

Though Mister Zogg was merely a branch manager without any power, he saw Cynthia twice during business summits and recognized her.

Cynthia turned to look at Mister Zogg coldly. "Are you the person in charge here?"

"Yes. My name's Zogg," Mister Zogg smiled politely and was about to introduce himself, when she interrupted him.

All the Shears needed to do was move a finger and Elegante Group would be

Leon felt conflicted that Cynthia destroyed his deal with Zerbe Pharmacy; he never
expected to find himself in such a situation with Cynthia despite not seeing her for a
while.

“Cynthia, what are you doing?” Leon sighed.

she glared at Leon.

What shocked him the most was that Leon rejected Cynthia.

However, seeing how Iris was more beautiful compared to Cynthia, Mister Zogg
recalled the way Cynthia and Leon addressed Iris and came to a sudden realization
that the woman standing next to Leon was the most beautiful woman in all of
Springfield City, Iris Young.

Mister Zogg was shaken to the core.

Though he never had the honor to see Iris with his own eyes, rumors of her beauty
never left his ears and it was shocking to see how the two most beautiful women were
fighting over a man.

Instantly, he felt like he went insane and was hallucinating.

Cynthia instantly fell into a hysterical state as her heart sank.

“Leon, are you okay?” Iris paled and she immediately hurried over to help Leon off the ground.

“Damn it! Have you gone mad, Leon? Why didn’t you dodge my attack?” Cynthia roared, tears scrolling down her cheeks. For a moment, she desperately wanted to run over to check on Leon, but stilled when she saw Iris beside him.

“Are you done now, Cynthia?” Leon sighed bitterly.

“No! I’ll hate you for as long as you refuse to come back to me, even if it means I’ll resent you for the rest of my life!” She gritted out as she sobbed helplessly.

He waved his arm to retrieve his spiritual energy, but it was too late and the aftermath
of the attack slammed hard against Cynthia.

Cynthia paled and backed away as blood scrolled down the corner of her mouth.

Leon was quick to withdraw his energy, or Cynthia would have died.

"Cynthia, are you okay? I didn't mean to injure you," He asked hastily.

He was only a man and despite being in love with Iris, he spent days and nights with
Cynthia, who helped him on countless occasions, so he did start to develop feelings

If Walter came, Leon knew that he would be destined to die; but he did not fear
Theodore at all.

“Don’t be so confident just yet, Leon! I’ve brought two Semi-Overlords with me today!
As talented as you might be, you are still going to die today!” Theodore sneered.
Two old men in their sixties stepped forward and guarded the exit on both ends to
prevent Leon from escaping.

“Two Semi-Overlords? You Fields must think really highly of me!” Leon’s heart sank.
He was only in the Intermediate Supreme State and even under the effect of the
Dragon Pill, he would only reach the Peak Supreme State at best, which was a huge
difference from the Semi-Overlord State.

capture them.

“You wouldn’t dare!” Cynthia paled slightly at the devilish look on Theodore’s face.

“You’ll find out if I dare to do it!” He chuckled while he scanned the curves on their
bodies greedily.

Though he preferred Cynthia, he would never turn down a beautiful woman, especially
Iris, who was the most beautiful woman in Springfield City.

Ruth scoffed.

Leon reached an agreement with George the day before, and the Collins were to
protect Leon for three years’ time in exchange for Leon to turn Ruth into an Overlord.
It was not an empty promise and George already arranged his men to keep an eye on
the Fields and Harold to prevent anything from happening to Leon.

As soon as Theodore called upon the two Semi-Overlords in his family, the Collins
were alerted and George immediately sent two Semi-Overlords over to Leon’s
rescue.

Since Ruth already gathered her belongings, she followed the two Semi-Overlords to
where Leon was as well.

The Collins were only protecting Leon for their own gains so she only needed to make
sure that he was safe, and there was no need for her to attack the Fields for Leon's

However, Leon clearly did not intend on letting Theodore go.

Theodore tried to kill him and even wanted to force himself on Iris and Cynthia, yet ran
as soon as he realized that he was at a disadvantage.

Leon refused to let Theodore get away so easily.

"You want to leave? It's too late!" Leon sneered and leaped forward to stand in
Theodore's way.
