

A Man Like None Other Novel

Chapter 2991

Ning Caichen stared blankly at David, and finally nodded vigorously!

Ning Caichen is not stupid, he also knows that only they unite now can they deal with the Five Elements of the Demon League!

And he followed David and had enmity with the Five Elements!

Ji Yun and Lao Sun are very puzzled, why David suddenly wants to cooperate with Ning Caichen to form an alliance, but since David chooses, they will support it!

Not to mention Gao Qisheng, as long as he is dealing with the Five Elements, he will support without hesitation!

He himself has hatred with the five guys!

Needless to say, those casual practitioners, in order to test the breath vortex, Jin Sha treated them as guinea pigs, and did not treat them as human beings at all!

Now they are going to unite to deal with the Five Elements Heavenly Demon, and all these casual cultivators are on David's side!

In an instant, the remaining dozens of monks now became two camps!

The five of Jin Sha and the others faced David and Ning Caichen and dozens of them, each of them had an extremely ugly expression.

The five of them really didn't expect that things would develop to this point!

Facing so many people now, the five of them lost all confidence in an instant!

"Kill them, kill them..."

Some casual cultivators were passionate, shouting to kill the Five Elements Heavenly Demon!

This made the Five Elements Heavenly Fiend a little scared!

If there was a real fight, it would be difficult for the five of them to leave here. After all, it caused public outrage and everyone wanted to kill the five of them!

Ning Caichen gritted his teeth, with murderous intent in his eyes, and now he has confidence, and said fiercely, "Killing people pays their lives, debts are paid back, the truth has never changed since ancient times..." "You five have committed many evils

. It's time for you to die..."

Feeling the murderous aura emanating from Ning Caichen, Huo Sha stopped being arrogant and didn't say a word!

Jin Sha opened the mouth and said, "Master Ning, this is a misunderstanding, a complete misunderstanding. As for Huo Sha's killing of Young Master Ling, we must give the Ning family an explanation.

" I haven't found it anywhere, and if we start massacring, none of us will be able to get out of here."

Jin Sha wanted to persuade Ning Caichen that as long as Ning Caichen did not cooperate with David to form an alliance, they would not have to be afraid anymore!

Jin Sha now wants to seek revenge from David and return his slap!

“Fart, I’ll kill you all, and then say I misunderstood?” “

Today, I, Ning Caichen, are at odds with you Five Elements, and will never stop dying...”

Ning Caichen’s breath burst out, ready to attack at any time!

Everyone was ready to fight, and David’s eyes were narrowed, and the aura on his body was constantly rising!

David knew that the most troublesome thing was the Five Elements Heavenly Demon, as long as they were beheaded, it would be safer in this treasure land!

After all, with the current strength of the Ning family, it is difficult to deal with David, and it is not easy for David to get rid of all the members of the Ning family!

The strength of the two sides is somewhat balanced, and the only imbalance is the Five Elements Heavenly Fiend!

If David and the others are not united, they will be defeated one by one, and in the end, only these five people will be left in the entire treasure land!

At this time, the Five Elements Tiansha became the target of public criticism, and everyone wanted to kill them!

The five members of the Five Elements Heavenly Demon looked at the angry eyes in front of them, their faces were uglier than eating shit!

But just when the war was about to break out, the altar that was dim suddenly became brighter!

There was dazzling white light shining on these people all around, which stunned everyone who was about to start the fight!

And the old man slowly appeared from the white light, and then quietly looked at everyone!

“Very good, it’s God’s will that you people can come here, and now you are only one step away from the treasure.” “

But in order to congratulate you people for coming here, everyone has a reward.”

After the old man finished speaking, he waved his palm lightly, and suddenly countless shards of ice soul floated down from the sky above the altar!

Chapter 2992

Looking at the shards of ice soul falling like raindrops, everyone was stunned!

Immediately afterwards, it seemed as if he started to snatch it crazily, and then put it in his pocket!

There is no need to grab the ice soul fragments that are raining all over the sky, you just need to lower your head to pick them up!

Those who were still on edge and wanted to kill each other, now they all started to pick up the fragments of the ice soul!

David bent down, picked up a thumb-sized piece of Ice Soul, and looked at it carefully, although a piece of spiritual power penetrated into it!

The breath from the Ice Soul Fragment made David feel that something was wrong.

He has absorbed ice fragments outside, it doesn't seem to be this kind of breath!

But what was wrong, David couldn't tell!

David tried to absorb a fragment of the ice soul, but after the energy of the ice soul fragment entered David's body, David could not absorb and digest it.

My own Concentration Art seems to resist this force, and I can't use it for my own use!

This time, David was a little dazed. He had never experienced such a situation before. You must know that the Concentration Art can refine anything!

Although he doesn't know the reason, David can be sure that there is something wrong with the ice soul fragments!

Not only is there a problem with the ice soul shards, but the old man also has a problem!

"These ice soul fragments are rewards for you. You can only absorb them here. You can absorb as much as you can. Even if you pack them up, you won't be able to take them out at all." Seeing the crowd frantically picking up the ice soul fragments, the old man

slowly said!

Hearing what the old man said, those who picked up the fragments of the ice soul and packed them up were dumbfounded!

So they all found a place to sit cross-legged, and began to frantically absorb the energy in the fragments of the ice soul!

David also sat down slowly, but he didn't absorb the energy in the ice soul fragments!

Seeing everyone sitting cross-legged and practicing with their eyes closed, the old man smiled and slowly disappeared!

Soon, the surroundings of the bright altar became dark again, and a black air gradually permeated, enveloping everyone!

Now even if they are sitting across from each other, no one can see each other, but now people are doing their best to cultivate, and no one cares about the sudden black mist!

Accompanied by the rise of the black mist, a strange aura made the entire altar extremely gloomy!

David looked around, feeling uneasy in his heart!

Everyone is desperately absorbing the energy of the shards of ice soul, forming vortices one by one above their heads, which shows how desperate these people are!

Although David couldn't see other people at this time, his spiritual consciousness could be emitted normally!

"Don't absorb it anymore, stop practicing..."

David used the sound transmission technique to shout in the ears of Ji Yun, Lao Sun, Gao Qisheng and others!

After hearing David's voice, these people all trembled slightly, and woke up from their cultivation!

When they saw the black mist around them, they were also taken aback!

"Mr. Chen, what's going on?"

Ji Yun asked very puzzled!

"There's something wrong with this ice soul fragment, it can't be absorbed anymore, it's probably a trap!"

David whispered!

"Trap?" Everyone was taken aback for a moment, not understanding what the trap David was talking about!

"I don't know, anyway, I don't feel right, you immediately cut off the absorption of that ice soul fragment."

David reminded!

Although these people have woken up from their cultivation, they are still running their exercises and absorbing the energy of the fragments of ice soul!

Hearing what David said, Ji Yun and Lao Sun stopped the operation of their exercises and stopped absorbing the energy in the ice soul fragments!

But when they planned to stop, they found that they couldn't stop at all!

The energy in the ice soul fragments seemed to have a self-awareness, even if they stopped the exercises, they still poured into these people's bodies!

Chapter 2993

"It's broken, I can't stop it, the energy of this ice soul fragment has been drilling into the body." "

Me too, my exercises can't be stopped!" "

I can't control myself, what's going on? What happened?"

At this moment, many people were shocked, because they found that they could not control their cultivation at all!

The energy of the ice fragments keeps entering the body. If this continues, they will explode and die sooner or later!

David didn't expect it to be like this, so he hurriedly said, "Don't panic, I'll find a way..."

David began to tentatively absorb a little bit of energy from the Ice Soul Fragments, but later he didn't absorb it at all, so it has no effect on him!

David's spiritual consciousness shrouded Ji Yun and the others, feeling the path of that power entering everyone's body!

David tried to cut off this power for them, but failed after several attempts!

After a moment of silence, David made a bold decision!

He decided to attract all these powers to himself, and then help Jiyou and others get rid of this power!

After thinking of this, David and Ji Yun began to absorb the power in the ice soul fragments together!

Accompanied by the activation of the Concentration Art, a huge suction force instantly sucked the power from Ji Yun's body!

Ji Yun only felt relieved, and immediately heaved a sigh of relief, otherwise he would explode and die sooner or later if this continues!

David did the same, and attracted the power of Lao Sun, Gao Qisheng and the others into his body!

At this time, because of the black fog, it is impossible to see clearly!

If you can see clearly, you will be able to see at this moment, the energies visible to the naked eye are swarming into David's body!

David's complexion became a little ugly. No matter how his Concentrating Heart Art works, the power entering his body cannot be refined at all!

The current David is using his body to bear this force and rampage!

"Mr. Chen, how are you?"

Ji Yun asked David!

"I'm fine, none of you should be absorbing the energy of this ice shard, I need to take a good rest!"

After David finished his instructions, his whole body sank into his dantian and began to guide that force!

If he had allowed this force to wander through his body, David's body would not be able to hold on even though it was strong!

So David sees if he can attract this power elsewhere!

After thinking about it, David suddenly thought of a place where he could guide this power into his original space!

His original space is as big as the universe of stars, and this little power entering it is simply a drop in the bucket!

At that time, even if this power is allowed to roam freely in the original space, there will be no consequences!

It's just that David doesn't know this power yet, so he doesn't know if it can be introduced into the original space!

David was in the original space, and then a ray of divine consciousness guided that force!

Soon, under David's guidance, that force actually entered into David's original space!

After entering the original space, that force became more restless, and began to fly into the earth, shuttling in this original space like a star universe!

And this power is getting bigger and bigger, because a steady stream of power is still entering David's body.

But this time, David was no longer afraid. After all, his original space was so huge, it was almost impossible for this force to fill the entire original space!

"Mr. Chen, Mr. Chen..."

Seeing that David hadn't moved for a long time, Ji Yun hurriedly yelled twice!

"I'm fine!" David came out of the original space and said to Ji Yun!

"Mr. Chen, what should we do now? Are we going to run away?"

Gao Qisheng asked in a low voice!

Now that I know it is a trap, I have to run away immediately, and I will die if I stay here.

Chapter 2994

"Escape? I'm afraid there is no chance..."

After David finished speaking, he heard a scream!

Blocked by the black mist, everyone couldn't see clearly, but their spiritual sense detected that a monk had absorbed too much energy, and his body couldn't bear it, so he blew himself up!

Accompanied by the monk's self-explosion, a white light floated into the air and disappeared conspicuously!

As the cultivator's body was supposed to explode, many people woke up from their cultivation state!

Some casual cultivators are still very pale, and their bodies seem to have reached their limit. They want to stop, but they can't stop at all!

Even Wuxing Tiansha, Ning Caichen and others felt something strange. When they wanted to stop absorbing energy, they found that there was no way to stop!

This time, everyone panicked!

"What's going on? Why can't I stop, the energy in this ice shard has been thinking about sending it to my body!" "

I can't stop, I can't hold on anymore!" "

I'm about to explode It's over, it's about to burst..."

Boom...

Another monk's body exploded instantly, followed by another white light rising!

Accompanied by explosions, the black mist that had enveloped the entire altar slowly disappeared!

When the black mist disappeared, everyone saw that the old man was looking down at everyone in mid-air!

And on the altar, there are blood stains left by the monks after the explosion!

This scene shocked everyone!

"Senior, what...what's going on? Why can't we stop cultivating?"

"The energy of the ice soul fragments is still pouring into our bodies!"

Jin Sha asked the old man nervously. !

"That's right, do you think anyone can get my reward?"

"You think anyone can share my treasure?"

"What a joke..."

The old man snorted coldly!

Hearing what the old man said, everyone was terrified and trembling with fright!

"Senior, you...why are you like this?"

Jin Sha asked very puzzled!

"Do I need to explain to you?" The old man sneered!

He couldn't possibly say why!

"Let me tell you why this old fellow!"

David said slowly!

When David said this, everyone looked at David!

"Brother Chen, do you know?" Old Sun asked!

"Of course I know. In fact, there are no treasures from the ancient body-refining clan here, because the exercises and some treasures of the ancient body-refining clan have long been on me!" "So these ice soul fragments are just

bait , in order for all of us to absorb it, and then use the energy in the ice shards to explode everyone." "After

everyone dies, their cultivation will turn into a white light and be sucked away by something. As for what it is Things, only this old man knows."

David looked at the old man coldly and said!

"Brother Chen, what do you mean? Are they all fake?"

Old Sun was puzzled!

"That's right, are they all fake? Isn't this old man the ancestor of the ancient body refining clan?"

Zuo Qing also asked!

"However, he is not the ancestor of the ancient body refining clan, the ancestor of the ancient body refining clan is someone else."

"Although the two people look similar, there are subtle differences in personality, style and aura in the body."

David nodded and said!

"What nonsense are you talking about? You're talking like you've seen the ancestors of the ancient body-refining clan."

Jin Sha yelled at David!

"I'm not talking nonsense, let this old man figure it out!"

David looked at the old man solemnly!

Everyone looked at the old man, and saw that the old man didn't refute David, nor did he deny it. Instead, there was a weird smile on the corner of his mouth!

This kind of smile makes people feel hairy!

Chapter 2995

All of a sudden, fear began to spread in everyone's heart. They really wanted to know, who is this old man? Why go very against them!

"Boy, I didn't expect you to meet my brother, but it's too late for you to see through everything now, and it's impossible for you to leave here alone!" "But my brother and I are twins

. The difference is almost the same, but you can tell from the details."

"You are indeed very good, if possible, I would like to accept you as a disciple, but it is a pity that my brother preemptively took all the exercises and treasures of the ancient body training clan. I gave it to you!"

The old man said slowly, and showed his appreciation for David!

Hearing the old man's personal confession, everyone's hearts sank to the bottom of the valley instantly, and their eyes were full of despair!

And David also seemed a little surprised. It turned out that the old man he saw in the thatched cottage was the real ancestor of the ancient body training clan, and the old man in front of him was a twin !

But in this way, both of them should be talents from the ancient body refining clan, but it is obvious that the old man in front of him doesn't care about the ancient body refining clan!

"Can you tell me who you are?" David asked suspiciously!

"Of course, after so many years, someone can finally listen. Anyway, none of you can escape from here."

After the old man finished speaking, his body slowly landed on the altar, facing David!

At this time, from time to time, some monks couldn't bear it, and they exploded and died, and their cultivation was also absorbed away!

But in the eyes of the old man, there was no change in expression at all, as if killing dozens of monks, followed by crushing dozens of ants made no difference!

"Let me tell you, who I am."

"I used to be the proud son of the ancient body-refining clan, but I was overwhelmed by my brother everywhere."

"I'm not reconciled. I practiced desperately, but I still couldn't surpass him." "

Until I got a magical mental method, I practiced secretly, and my strength improved by leaps and bounds. My brother was already inferior to me." "

But even My brother is not as good as me, but the position of the patriarch of the ancient body training clan was still given to my brother..." "

I am not convinced, why should I give it to him? I am the proud son of the ancient body training clan." "

Tell me, my strength The strongest, can I be the patriarch?"

The old man looked at David and asked loudly!

"You have a bad mind, practice magic skills, and still want to be the head of the clan. Don't tell me you want all the ancient body-refining clan to become magic cultivators?"

David said with a cold smile!

"Fart, what's wrong with demon cultivators? In this world, strength is the most important thing, and strength is king."

The old man roared, his face full of ferociousness!

"So you try to lure your brother here, want to kill him here, and then take the treasure of the ancient body-refining clan's exercises and go back as your brother." "But you don't want your brother to die with you

, I won't let you succeed, and harm the entire ancient body-refining clan."

"So the remnant souls of your two brothers are sealed in this dark place!" "

You tricked us here to absorb our strength, so that you Reshape your body and leave this ghostly place."

"Am I guessing right?"

David asked the old man. The old man was stunned for a moment, then he laughed loudly and said , "Yes, your reasoning is

very correct. I have never seen such a smart kid."

."

"No wonder the ancestor of the real ancient body training clan reminded me not to move forward, so he already knew." David muttered to himself!

At that time, he was still doubting the old man, why did he stop himself from moving forward?

Feelings are for your own safety!
