

THE CONTRACT MARRIAGE

Chapter 103 Because He Can'T Stand Up You Want To Abandon Him?

Sarah sniffed and looked at Ethan. She choked and said, "Dad, My mom told me that even if I didn't make an engagement with Julian nine years ago, my dad would still donate the cornea to him. Because at that time, Julian was in my dad's heart. It's like a son. Furthermore, I was willing to marry Christian. You don't owe anyone anything! If my father is still alive. . . he will not want you to think that way, right?"

Ethan heard Sarah's words and nodded. He sighed again and said," It is really his fortune that Christian can marry you. Sarah, although you said you were willing to make the decision, Dad still has to thank you! Thank you for marrying Christian! "

Sarah only smiled faintly and did not say anything else. There were some things that she really could not say, and she did not know what to say either. Some

lies might be able to be said to others, but when faced with a father like Ethan, she really could not say it. . .

"Sarah, today Dad has something to tell you."

"Dad, what is it?"

"It's like this. Eleven days later, it will be Christian's grandpa's 80th birthday. I don't want to be too flamboyant this time, but my family still needs to celebrate. Don't forget to come back when the time comes."

"Okay. But what about Christian? Will he come back?" Sarah asked without thinking.

"You and he are husband and wife, so I won't ask. Tell him. Ask him if he can come back or not. "

Sarah immediately nodded. "Yes, yes."

Although Ethan was very serious when facing his son, in front of Sarah, he always had a smile on his face. Therefore, the atmosphere for lunch was not bad. It was the first time Sarah ate alone with her father-in-law. She also slowly relaxed.

After lunch, Ethan insisted on sending Sarah home. Only then did he leave. Sarah stood at the entrance of the community and watched the luxurious car slowly disappear. She turned around and walked into the neighborhood.

She walked more than ten steps and thought that Christian should have just had lunch at this time. She remembered Ethan's words, so she took out her phone and called Christian without thinking.

At this time, he received a call from his little wife. Christian naturally did not dare to be neglectful. He

sat on the chair in the office and quickly picked up the phone.

"Wife, you miss me, right?" When he thought of his little wife, he could not help but smile.

"Who missed you? Are you dreaming?" Sarah heard him call her so intimately again and could not help but laugh and joke with him.

"Yes, I took a nap just now and actually had a dream. I dreamed that you gave me a call. I didn't expect that when I woke up, my dream would come true. "

Sarah heard his words and could not help but smile again, "Are you that happy?"

She had only taken the initiative to call him. She did not expect him to be so happy. Sarah's mood also became better.

"I am especially happy. It is like eating honey. Do you know?" Regimental Commander Cooper grinned as he spoke.

"I did not expect Regimental Commander Cooper to have such a poor time. May I ask if you are Christian, Regimental Commander Cooper?" Sarah's mischievous spirit came up and joked with him.

"If it is fake, I will buy it."

"Are you busy today?"

"Yes, I'm a little busy. I have to leave again in a while."

"I ate with a man this afternoon. Guess who?" Sarah deliberately stopped smiling.

The other end of the phone was silent for a while. It was hard to guess the answer to this question.

"Your husband's IQ is low. He really can't guess."
Christian directly admitted defeat.

"Haha! You also have times when your intelligence is low? Let me tell you, I ate lunch with your dad this afternoon."

"With my dad? He's looking for you?" This was quite unexpected.

"Yes, he told me that eleven days later will be grandpa's 80th birthday, so I want to ask you now. Can you come back when the time comes?"

"Oh. . ." Christian thought about the time. The second day after 11 days, wasn't it the day he and Sarah would go to settle the divorce procedures? He thought

for a moment and then answered, "The army is a little busy. They shouldn't be able to go back!"

Sarah was a little disappointed. "But you are not coming back on such an important day? Grandpa's 80th birthday was very rare. If grandpa heard this news, he will definitely be a little disappointed."

"It can't be helped! You also know that soldiers need to have a country first before having a family, right?" Regimental Commander Cooper even started to talk about reasoning.

"Okay, okay!"

"But don't tell grandpa for now. Don't make him sad, okay?" Christian reminded her in a deep voice.

"Okay, I got it."

"Wife, I can't talk to you anymore. I have to go now. I'll call you tonight."

"Okay!"

Sarah hung up and thought that Benjamin's 80th birthday was after 11 days. She walked a few steps and suddenly stopped in her tracks.

Eleven days!

Wasn't that the day before the agreement with Christian expired?

If Benjamin found out on the second day of his 80th birthday that his grandson had divorced his granddaughter-in-law, would he be able to withstand this blow?

When Sarah walked into the living room, she saw her

mother sitting alone on the sofa, wiping her tears. She immediately walked over nervously and sat beside her mother, asking nervously, "Mom, Why are you crying? Is your body not feeling well again?"

She reached out to touch her mother's forehead as she spoke. She did not feel very hot.

Samantha turned her face to look at Sarah and asked her with red and swollen eyes, "Sarah, tell me the truth. Do you like David now? Is it because Christian's health is not good that you want to abandon him?"

Sarah did not expect her mother to suddenly ask her this question. She looked at her mother nervously. "Mom, what happened to you? Why did you suddenly say these things? "

"Sarah, I have also felt it these few days. The relationship between you and David is a little unusual.

I know that Christian's health is not good. He can't compare with David now, because he can't stand up. But Sarah, since you are married to Christian now, you can't have a second heart.”

“Just now, David's mom came to find me personally and told me that when she asked someone to introduce a girlfriend to David, he rejected all of them. He even said that he already has a girlfriend, but he turned around and ran to our house. There were already rumors about you two outside. If you continue to follow him like this, it probably won't take more than a few days before reaching the ears of the people of Cooper Family. Aren't you embarrassing your mother?”

Sarah only knew that David's mother had come after listening to her mother's words. It seemed like she had said some unpleasant words. When she thought that her mother had been said because of her, she

immediately lowered her head guiltily. "Mom, I'm sorry. . . "

"Sigh, Sarah, although Mom has not studied for a few years, she also understood a principle. One must be loyal to marriage. If Christian knew what you did, what will he think?"

"And if your Dad was here and knew that you are leaving Christian behind when he needs you, what would he think?"

"Mom. . . I know I was wrong. . ." Sarah lowered her head and twisted her fingers. Her heart was in a mess.

Samantha looked at her daughter and sighed, "David is also a good person. Don't make it sound bad when you tell him, okay?"

"Yes, I understand."

Sarah looked at the time and then stood up. "I will hang up the drip again today. Let's go! We can go by ourselves. Don't bother David anymore. "

"Yes!"

...

When David called Sarah in the afternoon, he found out that the mother and daughter had gone to the hospital by themselves. He originally wanted to go and take a look, but Sarah said that she had gone home, so David did not think much about it.

Although David felt a little repulsed, the next morning, he still saw Mila again. However, this time, her mother did not come. She came alone. Because Mrs. Brown was not at the scene, the two of them chatted more

easily.

Mila looked at David opposite her and smiled. "I knew we would meet again. But I didn't expect it to be so fast."

"Really? I didn't expect you to have foresight!"

"How is it? Do you agree with the suggestion I suggested last time?" Mila smiled and asked him.

"I can consider it, but we must discuss the details, right?"

Mila smiled and snapped her fingers. Her eyes rolled and she said: "I don't think there are any details, right? Aren't we just playing boyfriend and girlfriend in front of each other's parents? As long as we do these things well, we won't interfere in other aspects, how about it?"

David heard that what she said made some sense and nodded in agreement. "Alright! We'll do as you say!"

"Oh right, what's your girlfriend's name? You have to tell me that, right? I'll pretend to be in love with you in the future. If she saw us, wouldn't that be causing trouble for you? Don't you agree? "

David thought for a moment, then looked at her and said slowly, "You don't need to know the name. I don't think you will meet. There was one more thing. I will only play with you for half a month. After half a month, we'll have nothing to do with each other anymore. "

"So soon? I thought it would take half a year." Mila pouted in disappointment.

"If you don't agree, then our agreement will be

voided." David's tone could not be questioned.

"Alright, alright! Half a month, half a month! At most, I'll find another one." Mila magnanimously waved her hand, agreeing to David's suggestion.

"If there is nothing else, you can leave now." David did not want others to misunderstand.

Mila nodded and stood up from the sofa. "Okay! Oh, right. Tonight, I'm going to watch a movie with my boyfriend. If your mother asks, don't say anything wrong."

"Okay! What's the name of the movie?"

"I don't know what to watch right now. I'll tell you when the time comes." Mila said as she lifted her foot and walked out of David's office.

...

After breakfast the next day, Sarah carried her bag out of the door. She then walked out of the neighborhood and wanted to go to the nearby bus station to take a bus to the company. Fortunately, the bus station was only a few hundred meters away from home. She arrived in a short while after walking.

However she was about to go to the station when she saw David's BMW parked at the roadside in front of her. It was as if he had also seen Sarah. He stuck his head out of the window and gestured to Sarah to get in the car.
