

THE CONTRACT MARRIAGE

Chapter 104 You Seem To Be Quite Popular

Sarah knew she couldn't just walk away like that. She walked to the car with her bag and looked at him. "Mr. David, do you need something from me?"

Ever since what happened yesterday, she knew she could not get along with him like before. Even if she really wanted to marry him, she would have to wait half a month before talking about it. She did not want her mother to be hurt because of her.

David heard her words and smiled. "What can I do for you at this time of day? Get in the car. I'll send you to work today!"

Sarah slightly pursed her lower lip and looked at the car in front of her. She understood that there were some things she could not say here, so she went around the car and sat in the front passenger seat.

David looked at her and smiled. He stretched out his hand and started the car and drove towards Sarah's company.

The car drove for a distance. Sarah looked at David who was beside her and wanted to say something but stopped herself. She was afraid that if she said something wrong, it would hurt him. That was not what she wanted to see.

"Mr. David. . . "

"Yes, how is Auntie's cold? Why didn't you call me yesterday and went to the hospital?"

"My mom is much better. She should be fine today. She said that she always feels bad about troubling you. . . "

"Why are you being so polite to me? I'm not an outsider. . ." After saying that, David looked at her with a smile. He retracted his gaze and continued to focus on driving his car.

"Mr. David, I still need more than ten days to make an agreement with Christian. I think. . . We should not meet too frequently during this period of time, okay?" She did not dare to say that she did not want to see each other, as she was afraid of hurting him.

"What's wrong? Did someone say something about you?" David looked at her in confusion and frowned slightly.

"No! I just feel that if we meet each other every day like this, and if the people of Cooper Family see us. . . It wouldn't be good. After all, the matter between me and Christian. . . No one in his family knows the inside story. Anyway, there are only 13 days left. Let's just

persist for a while longer, alright?" Mrs. Brown was David's mother after all. She did not want him to have any misunderstanding about his mother.

David thought about this question, although he was a little unwilling, he still looked at Sarah and smiled.

"Okay! What you said makes sense. I will try to restrain myself in the future. . ."

Now, his feelings for her were increasing day by day. In a while, if he did not see her, his heart would not be able to stop thinking. But thinking about what Sarah said, it did make some sense. He had persisted for nine years. He could not let all his efforts go down the drain at the last moment.

"There is no need to come and pick me up from work in the future. I can just go back by myself. . . "

Although he was a little unwilling, David understood

her difficulties and nodded his head in agreement.

"Okay. . . "

The car quickly drove to the building of Wilson Group. Sarah did not let David drive into the parking lot and let him stop by the roadside. After greeting him, she got out of the car and walked towards the square in front of the company.

David quickly got out of the car and took a few steps to stop her. "Sarah. . . "

"What's the matter?" She stopped and turned around to look at him.

David walked in front of her and smiled embarrassedly. "Forget it. I originally wanted to treat you to lunch."

"Then I'll go in."

"Okay!" David put his hand in his pocket and watched Sarah turn around and walk towards the company's lobby. He just stood there. Seeing her figure getting further and further away, a happy smile appeared on his face. Even if he looked at her from so far away, sometimes, he felt that it was a kind of happiness. When he looked back at this world. . . He found out that everything was so beautiful.

A yellow Ferrari 458 Spender sports car drove past David's car and drove to the square in front of Wilson Group. Finally, it stopped in front of the company lobby.

Sarah had just stepped onto the last step of the lobby when she saw a yellow convertible sports car stop in front of her. Everyone was instantly attracted by this yellow sports car.

Sarah stopped her footsteps and her gaze fell from the sports car to the driver's seat in front of her. The next second, she saw that her monstrous superior was wearing a pair of super cool brown sunglasses and an exquisite light grey and blue high-end handmade shirt. The collar and cuff were paired with a dark blue color and a pair of dark long pants. He wore a pair of fashionable leather shoes on his feet, and his short hair was carefully tidied up before it slightly rolled up behind him. He looked full of spirit and did not lose his fashion charm.

Syrus opened the car door and walked out. He casually waved the car key in his hand and threw it to the security guard who walked over. When he saw Sarah, a charming smile appeared on his face.

"Hello!" Syrus greeted Sarah with a smile.

"Is the president going on a blind date?" Sarah looked

at him and sized him up, then joked with him.

The biggest advantage of this superior was that you could joke with him at anytime and anywhere.

Although he held a high position, his working style was different from other bosses. He hated old-fashioned work styles and liked to play with his subordinates.

Therefore, Sarah got along with him very easily and happily not long after she entered the company.

Because of this, she especially liked to work in this company. She was also very glad that she met such a good superior.

"How is it? Do you think I can be taken on?" Syrus asked back with a smile when he heard her. The two of them walked to the company lobby together.

Sarah looked at him and shook her head to attack

him. "I think it is a little mysterious."

"Why?" Syrus took off his sunglasses and asked Sarah with a smile.

"Your appearance is similar to a celebrity. Who would dare to be your girlfriend?" Sarah answered with a smile.

"Haha!" Syrus heard her words and laughed heartily. Sarah also laughed.

"Where's your blue sports car?"

"Didn't you run into that two days ago? I'm going to fix it!"

"You're really extravagant." Sarah refuted him speechlessly.

" Haha! I have no choice but to pursue perfection."
Syrus smiled lustfully.

The two of them entered the elevator and watched as the elevator door slowly closed. Syrus looked at Sarah beside him and asked with a smile, "The person who sent you earlier did not seem to be your Husband, right?"

When the car drove past David's car, he immediately recognized that it was not the soldier from before.

"No!" Sarah shook her head and did not continue.

"It seems that you are quite popular?"

“ . . . ” Sarah smiled in silence.

"He can't be your brother, right?"

"When I was young, he was our neighbor and always took care of me. . . "

"Oh. . ." Syrus nodded thoughtfully. Seeing the expression on her face, he did not continue to ask.

The elevator soon reached CEO's office. Syrus walked out of the elevator and entered his own office. When he entered, he called Sarah in together with him.

"Sarah, come with me to sign the contract this morning."

"Okay! Which company is it with?"

Syrus raised his eyebrows and smiled mysteriously.
"You will know when the time comes."

Sarah nodded and did not ask any more questions.

She turned around and left Office of President.

...

Ever since Sarah returned to her mother's home, Julian had been absent-minded for the past two days. He also did not know what was wrong with him. Before Sarah married Christian, the person he clearly liked was Vivian. But from the moment he saw Sarah at the wedding, he realized that the person he liked was. . . It was not Sun Vivian, even if she married him.

It was only out of revenge for Christian. He just wanted to let that later see that you married my fiancée, I also married your fiancée. But even so, he didn't feel the joy of revenge in his heart at all. On the contrary, Sarah, this ugly duckling, became more and more charming day by day. Even the taste of wearing clothes. . . It also increased by more than one level.

And now, as long as he heard her speak, he could feel that her voice was not ordinary and pleasant to the ear.

In his heart, he felt an indescribable regret. Why didn't he notice Sarah's good side before? He even handed such a good treasure over to Christian. When he thought about how he hadn't even kissed her in the past nine years, he felt an indescribable regret and depression.

That woman should have originally belonged to him!

But now, she had become his sister-in-law!

There was always an uncontrollable desire in his body that wanted to conquer her!

In addition Vivian was now pregnant. His physiological aspect could not be satisfied at all. He

looked at Sarah as if she was a delicious and tempting dessert. She was placed in front of him every day, but he could only watch and not eat. He felt indescribable discomfort in his heart.

If Christian's body were normal, perhaps his thoughts would not be so intense. However, he did not have that function. When he thought about how Sarah was still pure, He could not help but want to get her.

When Sarah asked to go back to her mother's house, he felt an indescribable joy in his heart. As long as she left the Cooper Family, he wouldn't have to care about his family. He also wouldn't have to worry about Vivian, that woman.

Therefore, during the two days when Sarah returned to her mother's home, he waited at the entrance of the community early in the morning every day. He hoped that he could wait for her so that he could have a

heart-to-heart chat with her once.

But what made him depressed was that another man actually appeared beside Sarah. He was every day by her side, he did not even have the slightest chance.

Today was Monday. Julian drove over early in the morning. When he saw her walk out of the community towards the bus station, he happily started the car and wanted to catch up with her. But the car hadn't even driven a few meters away. He saw the BMW X5 parked in front of him, afraid that he would be discovered. He stopped the car and watched as Sarah got into the man's car in a short while. Then he left. He raised his hand and smashed it heavily on the steering wheel.

He sat in the car and pondered for a while. He watched as the BMW slowly disappeared. His eyes slightly moved. Then, he started the car and went to

the nearby shops to buy some gifts. He drove the car into the neighborhood where Sarah's house was, and finally stopped at the bottom of her house.

Julian got out of the car. He carried the gifts into the unit and soon arrived at Sarah's house. He raised his hand and knocked on the door. After a while, the door opened and Samantha looked at Julian in surprise.
