

## THE CONTRACT MARRIAGE

### Chapter 16 You Dare to Touch Yours Brother's Woman

Daphne had always felt sorry for her son. Now that she had listened to her husband, she stood in front of her son and glared at Ethan. "The one who did something wrong is Christian, not Julian. Why are you yelling at him? If you have the ability, go and find Christian!"

"Mom, this is not what you said..." Julian immediately understood something when he heard what his mother said. His tone also lowered.

Benjamin was so angry that he coughed. After a while, he looked at them and said, "Julian, if you have something to say then say it." Then he could not help but cough again.

Ethan did not care about his son. He walked to his father and patted him on the back. "Dad, don't worry.

We will listen to Julian slowly.” After saying that, he looked at his son and said, “Hurry up and say it.”

Daphne also looked at her son nervously and nodded.

Julian’s facial muscles twitched. He looked at his grandpa and father. He slowly walked to Benjamin and knelt down in front of him. “Grandpa, Dad, I have let Sarah and brother down...”

Julian’s actions shocked everyone. They all looked at him in disbelief. Daphne walked to her son’s side in disbelief. “Julian, what are you talking about? They are already married. How can you let them down?”

Benjamin and Ethan both looked at him in silence.

Julian knew this matter could not be concealed, so he could only lower his head and say, “Half a year ago, when my brother’s legs were injured, Vivian was very

sad. Then I accompanied her for a drink. But when we woke up, we were lying on the same bed. Since then we are together...”

“That’s your big brother’s fiancée. You dare to touch her.” When Ethan heard these words, his anger exploded. He kicked his son to the ground!

Daphne was also shocked when she heard Julian’s explanation. But her son was her favorite after all. When she saw him being kicked to the ground, she immediately blocked in front of her son. She looked at her husband and defended his son. “He must have encountered a difficult situation. Listen to his explanation before scolding him.”

Ethan glared at his wife and shouted. “Christian is the one who really encountered the difficult situation. The day after tomorrow his marriage and his fiancée has become his brother’s woman!”

“Did you give him a chance to explain? You don’t know anything but you pointed on him and scolded him first. You first said he is disabled. Then you said he stole his brother’s fiancée. You even asked him if he has any shame. Now you know who really did the wrong thing, why didn’t you even scold hi. once?”

“Is it because he is not your own son, you can say anything you want! Your precious son did such a vicious thing. I would like to see if you have the face to face Christian?”

Ethan’s words poked Daphne’s sore spot. She felt very awkward. But she did not know how to refute him. So she could only vent her anger at her son.

“You are so disappointing! Why are you with Vivian? Your Big Brother originally thought that I owed him. Now that you have snatched his fiancée, you want me

to be unable to raise my head in front of him for rest of the life, right?”

After this, she thought all the grievances she suffered all these years and could not help but cry, “Why am I so miserable? Why did I give birth to such a miserable son?”

Ethan heard her words and became even angrier. “You shut up! Your life is miserable? You are not qualified to say that! If your life is miserable, then what about Sarah’s mother? Nine years ago when Sarah’s father donated his cornea to your son, why didn’t you tell her that your life is miserable?”

When Ethan said that he glared at Julian and shouted, “You abandoned Sarah. If you want to marry another woman, return the cornea to Wilson family first!”
