

When His Eyes Opened Read Novel Chapter 3125

Novel Chapter 3125 -Niko hardly thought about it: "I've seen it! If I had such a beautiful cousin, I would listen to her for everything."

Lucas: "..."

Niko: "I'm going to book a restaurant now? Miss Yoder named me to have lunch with you at noon, can't you just give me some face?"

Lucas: "You will come together at noon."

Niko: "Hahaha! Look at your frightened appearance. Can Miss Yoder eat you up?"

Lucas: "Don't you think she's weird? Just like Hazel, who came to our company suddenly. This Miss Yoder is the same."

Niko shook her head: "It's still different. Before Hazel came to our company, she didn't call us in advance. Miss Yoder contacted us in advance, we agreed, and someone else came over."

Lucas felt that he and Niko couldn't chat together, so he waved at him: "Go and book a restaurant!" After a pause, he said, "Didn't you say that Hazel and Miss Yoder could chat well? At noon, Call Hazel to eat together."

Niko: "Okay! I'll go and tell her."

Niko came out of Lucas's office and ran into Hazel head-on.

Hazel just sent Greta away.

"Hazel, go to dinner with Lucas and Miss Yoder at noon!" Niko said with a smile, "It was Lucas's request, and he affirmed your performance today."

A bright smile appeared on Hazel's face: "Okay! Do you want me to order a restaurant?"

Niko: "Yes! Do you know how to decide?"

Hazel: "Of course I will do such simple things."

Niko: "Before you order, ask Miss Yoder if she has any taboos."

Hazel: "I know. Don't worry! I promise to handle this matter well."

Niko nodded: "You need to pay a deposit to order a restaurant, and I will transfer some money to you."

Hazel waved her hand: "No need, I'll put it on first. I'll get the invoice for reimbursement when I'm done."

Niko laughed loudly: "Hazel, you really don't treat yourself as an outsider! Lucas said, Your family is rich; it seems to be true."

Hazel looked embarrassed: "He told you that my family is rich?"

Niko: "That's right! That's what he said just now. He also said, Your cousin is actually your bodyguard!"

Hazel: "..."

Did Lucas find out her true identity?

Niko: "Hazel, what are you thinking? Is he guessing right?"

Hazel: "Did he guess?"

Niko: "That's right! He said that your cousin listened to you too much. It's not normal."

Hazel breathed a sigh of relief: "I thought he found out about me!"

The smile on Niko's face stiffened a bit: "What's your background?"

Hazel: "I... I don't have any details. I just thought he went to check on me!"

Niko: "He checked it! Because you came here so suddenly... However, he didn't find any information. You are quite mysterious!"

Hazel: "I'm not mysterious! My past life was very simple—just going to school. So if he looks it up on the Internet, he can't find anything."

Niko: "I just want to know one question now; can you answer me?"

Hazel: "You ask first; I'm not sure if I can answer."

Niko: "Is your family really rich?"

Hazel hesitated for a moment, and replied euphemistically, "I don't know what your concept of being rich is. I think whether you have money or not is not as important as having an optimistic and positive attitude. If a person is spiritually rich, then even if her family is not that rich, will also give people a vibrant impression."

Niko: "I see, your family is really rich."
