

A Man Like None Other Novel

Chapter 3101

Seeing that the holy tortoise killed the monster, and even took the beast pill for himself, David was overjoyed.

He didn't expect that the holy tortoise was so powerful in this ink sea!

When he tamed the holy tortoise, he didn't feel it either!

"Mr. Chen, the holy tortoise you tamed is really powerful. The monster just now didn't look weak, but it was directly killed by the holy tortoise, and even took out the beast pill for you!" Ji Yun

saw Said, full of envy!

"I didn't expect that the holy tortoise would have such strength!"

David looked happy, and then took the beast pill out of the holy tortoise's mouth. Chen

Ping took out some spiritual herbs from the storage ring and fed them to the Holy Turtle!

The holy tortoise let out a contented roar!

The three of David then let the holy turtle carry them straight to the island!

As they got closer and closer to the small island, they found that there were a lot of sundries floating in the sea around the small island. It was obvious that the spirit ship sank again.

And among those debris, there are more than a dozen corpses floating on the sea surface, which looks a little scary!

Seeing this scene, Ji Yun's face became ugly, and his eyes were full of worry!

He was afraid, afraid that this was his father's spirit ship, and among these corpses was his father!

David saw Ji Yun's worry, so he said in relief, "There are many people on the spirit boats on the ink sea, and there are many spirit boats passing by, so it may not be your father." "We can look at those corpses.

" , See if there are any members of your Feitian sect!"

Ji Yun nodded, and David then ordered the Holy Turtle to go towards those floating sundries!

After approaching a corpse, Ji Yun carefully identified it!

Because the corpse was soaked in seawater, it appeared to be swollen, so it was difficult to identify it!

However, Ji Yun still confirmed the identity of the corpse through the clothing and accessories on his body!

"These are disciples of our Feitian Sect. Their clothes and special bracelets on their wrists belong to our Feitian Sect."

Ji Yun said with a trembling voice!

"Don't worry, let's check all these corpses to see if there is your father. If not, maybe they have fled to the island.

" The shipwreck here also has a chance to escape to the island."

David comforted Ji Yun, telling him not to worry!

They began to identify the corpses one by one, and found that these corpses turned out to be members of the Feitian Sect. It was obvious that the sinking spirit ship was their Feitianzong's ride!

But the only thing to be thankful for is that Ji Yun's father was not among these corpses, which gave Ji Yun a glimmer of hope!

"Let's go to the island first..."

Seeing that Ji Yun's father was not found in these corpses, David secretly breathed a sigh of relief and decided to visit the island!

Soon, the holy tortoise came to the small island, but after arriving here, the holy tortoise was no longer near the front!

It seems that there is something on the island that scares the Holy Turtle!

Seeing this, David and the others could only jump off the back of the holy turtle and landed on the small island!

At this time, David found that on this small island, there was no such suction in the sea of ink, and he could fly freely, which surprised him a bit!

"You wait for us here, don't run around..."

David ordered to the Holy Turtle!

Holy Turtle nodded and responded to David!

"David, look..."

Gao Qilan suddenly called David, pointed to the beach not far from the island and said!

A few people ran over and saw a lot of messy footprints on the ground. Although these footprints were covered with a lot of sand, they were still clearly identifiable!

"It seems that someone landed on this small island a few days ago, maybe it's your father!"

David checked the footprints and said!

Hearing this, Ji Yun finally had a trace of relief on his face!

Chapter 3102

"Come on, let's take a look inside..."

After David finished speaking, he led Ji Yun and Gao Qilan towards the island!

Although this small island is located in the depths of the ink sea, the environment on the island is very beautiful, the trees are shady, and the air is particularly good. It is in sharp contrast with the dark ink sea!

And on the small island, there are birds singing and flying over from time to time, which makes David a little curious, have these birds always lived on this island?

After all, this small island is surrounded by the sea of ink. If you want to go from this small island to the nearest mainland, it may take thousands of kilometers. There is no habitat in the middle, and these birds may be difficult to fly to!

While walking towards the small island, David's spiritual consciousness also began to spread slowly, checking the situation within a few miles around!

If there are people around, he can feel it immediately!

At this time, in the depths of the small island, under a big tree several meters thick, six people sat around under the tree, one of them was a middle-aged man, his face was full of vicissitudes and melancholy.

This man is Ji Yun's father, Ji Lien Chan, the suzerain of the Feitian Sect. Their spirit ship sank and was trapped on this small island!

"Sovereign, we can't leave anywhere. This small island is really strange. Many brothers have lost and can't be contacted at all.

" There will be fewer people walking, but no one has noticed anything abnormal."

"It's too scary, this small island is too scary..."

The disciples of the Feitian Sect were already full of fear at this time, and they didn't dare to move. a cent!

Ji Lianzhan was also frowning. He didn't know what he was thinking. The island was really weird. Originally, he swam to the island with more than a dozen disciples, but after entering the island, some disciples always disappeared for no apparent reason!

There was no fighting at all, and no monsters were seen. No one knew where these disciples went!

Lost or captured!

Now Ji Lianzhan is in a difficult situation. If they stop moving and stay under the tree, although it's fine if they don't eat or drink, they will be trapped here forever!

Thinking of his Feitian sect and being attacked by the Cloud Piercer Sect, Ji Lianzhan became furious!

He must not be trapped here to death!

“We can’t be trapped here, we have to keep going and find a way to leave.” “

This time, everyone finds something to tie each other together, so no one will go missing again.”

Ji Lianzhan said firmly!

When they heard that they had to leave, the disciples of the Feitian Sect all panicked!

“Sovereign, please, don’t walk around, it’s really terrible!” “

We are only left with these few people. If we go on, we will disappear.” “

We would rather be trapped here than I’m leaving.”

Several Feitian Sect disciples begged Ji Lianzhan bitterly, they didn’t want to leave again!

Rather than disappearing inexplicably and living in fear, it would be better to be trapped here to death!

Seeing that none of the disciples dared to move, Ji Lianzhan also frowned. Although these people are all disciples of the Feitian Sect, they must obey his orders unconditionally!

But at this time, he knew that these disciples had already collapsed in their hearts, so it was understandable to refuse his order!

“Then you wait here. I will go to explore the road nearby. I will send you a voice transmission every ten minutes. If you can’t hear my voice transmission,

then you can do it yourself!" Ji Lianzhan planned to go to investigate the situation alone

. He doesn't want to sit here and wait for death!

Seeing this, several Feitian sect disciples didn't dare to say anything, they could only beg that Ji Lianzhan would not have any problems!

But just when Ji Lianzhan was about to leave, his body froze for a moment, and then his body froze, motionless!

Chapter 3103

Because at this time, Ji Lianzhan felt that someone was using his spiritual sense to explore the way!

He just sent out his spiritual sense to investigate, and there is no human breath in the vicinity for several miles, but it has only been a while, how can there be human breath?

Although I don't know who these people are, Ji Lianzhan is still a little excited to meet humans on this small island!

Soon, the other disciples of the Feitian Sect also became so excited that there were people approaching around them!

"Sovereign, should we spread our consciousness and respond to each other?"

A disciple of the Feitian Sect said!

But Ji Lianzhan waved his hand and said, "No, hide your aura now, and we will wait quietly. I believe these people will be here soon." "First see who the

other party is..." Ji

Lianzhan is afraid that people from the Cloud Piercing Sect will also come to this small island, and kill them all!

After all, the other party has a big turtle mount, so it is easy to come to this small island, and there is no need to worry about capsizing in wind and waves!

When the disciples of the Feitian Sect heard this, they quickly hid their breath and waited quietly!

“Mr. Chen, this small island looks very beautiful, and there are flying birds on its head. Why can’t you see other animals after entering?” “It’s

so strange, I didn’t even see an ant, even if a bug is fine, it looks like the mountains and forests on this small island are fake!”

Ji Yun couldn’t help expressing his doubts in his heart!

David didn’t speak, but his brows slowly frowned. He also found that the island was a bit weird, but he couldn’t explain it!

It stands to reason that there must be many animals on such a beautiful island, even if there are monsters, it is not surprising, but here it is quiet and scary!

There are tall vegetation everywhere, but they seem a little lifeless!

“Miss Gao, for a while...”

David wanted to say something to Gao Qilan, but when he turned his head to look, he didn’t see Gao Qilan at all!

This time, David immediately panicked!

“Ji Yun, where is Gao Qilan?”

David asked Ji Yun!

After all, he was exploring the way in front, Ji Yun and Gao Qilan followed behind, Gao Qilan was gone, Ji Yun should know!

"Miss Gao is right behind me? Why didn't she disappear?"

Ji Yun looked back, but couldn't find Gao Qilan's figure, and became anxious too!

"Miss Gao..."

"Gao Qilan..."

David and Ji Yun shouted loudly!

Their voices contained spiritual power, and they directly penetrated far, but they yelled several times, but they didn't hear any response!

"How could this be? Did Miss Gao disappear suddenly?"

Ji Yun was at a loss!

David froze in place, carefully looking around the island.

He also didn't understand, why did Gao Qilan disappear suddenly?

If she got lost, she would definitely be able to hear the shouts, and if she was taken away by something, Gao Qilan should have time to call for help!

The distance between them is only a few meters, it can be said that Gao Qilan disappeared under their noses!

"It's so strange, it's so strange..."

David frowned, and then in the original space, a phantom source emanated out!

Now that Gao Qilan suddenly disappeared, David suspected that there would be a phantom formation on the entire island!

If a person suddenly disappeared in the phantom array, it would be easy to explain!

So David wants to see if there is a huge phantom array on this small island!

As the origin of David's illusion emanated, David observed carefully, but after David checked, he didn't find any formations around them.

This time, David also began to feel a little confused, Gao Qiqiang handed Gao Qilan to himself, and told him to take good care of her!

It's all right now, in the past few days, I lost Gao Qilan...

Chapter 3104

Both David and Ji Yun fell into anxiety!

No one would have thought that Gao Qilan would be lost just after going to the island!

"Mr. Chen, what shall we do next?"

Ji Yun asked a little at a loss!

"Go on, no matter how Miss Gao disappears, she will definitely not leave this island." "

As long as she is still alive, I will search the entire island to find her."

David said with firm eyes!

It is impossible for him to leave Gao Qilan behind. If Gao Qilan cannot be found, David will not leave this island!

"Then the two of us walk side by side. If someone disappears, we will be able to find it immediately."

Ji Yun walked up to David and walked side by side.

David's consciousness continued to spread to the surroundings, and Ji Yun was also vigilantly looking at the situation around him!

After walking a certain distance, David waved his hand to make Ji Yun stop!

"Mr. Chen, what's the matter?" Ji Yun asked in a low voice!

"There are people here. Although they are deliberately hiding their aura, I still detected it."

David said!

"Deliberately concealing the aura, could it be that they have discovered us?"

Ji Yun was stunned!

"I must have found us. I haven't retracted my spiritual sense just now. They should have sensed it." "We still do

n't know whether the other party is an enemy or a friend, so we have to approach quietly and hide our breath!"

David urged Said!

"I understand..." Ji Yun also hid his breath!

At this time, Ji Lianzhan under the big tree found that the divine consciousness had disappeared, and began to tell the disciples of Feitianzong to be careful!

David slowly approached with Ji Yun, and soon found Ji Lianzhan and others under the big tree!

However, because of the dense branches and leaves, it is impossible to see who the other party is, but the number of the other party can still be vaguely distinguished!

Because both sides are hiding their auras, no one can distinguish the identity of the other!

“Ji Yun, do you have a special way to identify the Feitian sect, and find out if those people belong to your Feitian sect.”

David was afraid of misunderstanding, so he wanted Ji Yun to find out the other party's identity first!

If they are members of Feitianzong, then they don't have to be so cautious!

“Yes...” Ji Yun said, and took out a small golden gourd from his bosom. The small gourd was only the size of a thumb, with three holes on it!

I saw Ji Yun put the little gourd to his mouth, pressed the three small holes in turn, and blew the little gourd!

There was a low-pitched sound like a beast coming out of the little gourd!

After blowing three times, Ji Yun stopped and observed the other party quietly!

If the other party could distinguish the voice, it must be someone from the Feitian Sect.

When Ji Lianzhan heard this voice, he was stunned for a moment, and then his face showed joy, and the aura on his body was no longer hidden, and he shouted loudly, “Yun'er, is that you? Is it you?” Ji Lianzhan's voice,

instantly It spread to Ji Yun's ears.

Hearing it was his father's voice, Ji Yun trembled with excitement!

"Father, father..."

Ji Yun shouted and ran towards Ji Lianzhan!

Through the dense vegetation, Ji Yun finally saw his father. Seeing the vicissitudes on Ji Lianzhan's face, Ji Yun's eyes instantly became moist!

The father and son hugged each other tightly, and David also followed. Seeing the reunion of the two father and son, he also seemed very happy!

"Yun'er, how did you come to this small island?"

Ji Lianzhan was very curious. Ji Yunyuan was in the extreme north, how did he come here.

Moreover, not many people know about this small island. If their spirit ship hadn't been destroyed and drifted here, it would be impossible to find this strange island!

"I heard Elder Shi said that you brought people to Mohai to seek revenge on the Cloud Piercing Gate, so I was very worried, so I came to look for it with Mr. Chen.

" People from Yunmen sank, I was even more worried, so I got on the spirit boat and came to find you." "...

"

Ji Yun told Ji Lianzhan exactly what happened!

Chapter 3105

Ji Lianzhan looked at David, and when he found that David's age was not much different from Ji Yun's, he couldn't help being surprised!

About David, Ji Lianzhan also heard from Elder Shi, he didn't expect David to be so young!

"Mr. Chen, thank you for taking care of the dog all the way..."

Ji Lianzhan walked towards David and said politely!

"Sect Master Ji is being polite, and Ji Yun has helped me a lot..."

David replied politely!

"Mr. Chen, did anything strange happen after you went to the island?"

Ji Lianzhan asked!

"Strange thing?" David looked puzzled!

"It's just that someone will disappear inexplicably." Ji Lianzhan said!

"Yes, one of Mr. Chen's confidante disappeared just now, that is the eldest lady of the Gao family in the extreme north." "

We were still together just now, but in a blink of an eye, no one is there, and we can't find it no matter how hard we look. "

As soon as Ji Yun heard this, he hurriedly said without waiting for David to speak!

"Sect Master Ji, did you also encounter this kind of thing?"

David asked!

Ji Lianzhan nodded, "There were a dozen of us at the beginning, but now several of us have disappeared for no reason, and we are the only ones left." "

From this point of view, this small island is really strange . , but I tried and found nothing."

David was a little surprised when he heard that Ji Lianzhan and the others had disappeared several times!

"It's not a phantom formation. If it was a phantom formation, I can find it too. Those people just disappeared out of thin air, and they don't want to look like they were captured." "I suspect that this small island is

a teleportation formation, or a crack in time and space. The missing person went to another place through the teleportation array or space-time rift."

Ji Lianzhan expressed his guess!

"Very likely!" David also agreed!

For things like this kind of sudden disappearance, apart from the teleportation array and the space-time crack, there is no other way to achieve it!

"Then what shall we do next?" Ji Yun asked!

"It's a blessing, not a disaster. It's a disaster that can't be avoided. Now that you've arrived on this small island, let's keep going..."

David couldn't stop and wait, no matter whether Gao Qilan was teleported to another place, David would Discover the secrets of this island!

"Waiting here is not an option, we can only keep going."

Ji Lianzhan also agreed with David's approach, and he didn't want to wait here any longer!

Since they all chose to continue walking, David drew a few spells and asked everyone to put them on him!

In this way, if someone disappears out of thin air, David can use the spell to determine the location of the other party!

With this talisman, those disciples of the Feitian Sect are also at ease!

"I didn't expect that Mr. Chen could do spells at such a young age."

Ji Lianzhan sighed!

After all, in the world of heaven and man, there are not many masters who can spell spells. Otherwise, some spell jade slips would not be so expensive. Even the most common sound transmission jade slips are not affordable by ordinary people!

"Dad, you haven't fully seen Mr. Chen's magical powers yet, he is omnipotent..."

Ji Yun admired David fanatically!

Just as David and his group were heading towards the depths of the island, the huge spirit ship they were riding in was also carried by the holy turtle to the island!

Looking at the small island in front of them, everyone was shocked and amazed!

Especially the staff on the spirit ship, they have been sailing in the ink sea for countless years, but they never knew that there is a small island here!

Looking at the tree-lined island in front of them, many monks jumped off the spirit boat and went to the island one after another!

There are also some timid monks who choose to stay on the spirit ship because they are afraid of the danger of the island!

Ye Fengqing ordered the staff to quickly repair the spirit ship, and he also went to the island!

Chapter 3106

Afterwards, Zhou Tai brought people to the island, as well as the Demon Mountain Ghost Elder, who also came to the island!

Some monks stayed on the beach, while more monks walked towards the dense jungle on the island!

These people all hope to find opportunities and pick up some treasures on this small island!

Because most of them are casual cultivators, they did not form a team, but walked into the depths of the island in twos and threes!

As these people continued to deepen, some people began to disappear inexplicably, but they didn't pay attention, after all, they didn't know each other!

And they also suspected that someone was playing tricks on purpose, trying to scare them so that they could monopolize the treasures on this small island!

David and the others had already reached the depths of the island. The tall trees blocked the light, making the jungle dark!

"Mr. Chen, look quickly..."

Ji Yun suddenly exclaimed!

David and the others stopped, then looked in the direction Ji Yun pointed, and found that there was an altar made of stones in the center of the island!

"Why is there an altar here, and it looks very dilapidated, someone should have been there a long time ago!"

Ji Lianzhan said, looking at the altar not far away!

"Go, go and have a look, everyone be careful!"

David led the crowd towards the altar!

The altar is only a few meters high and covered with weeds. It can only be seen that it is made of stones. It looks extremely simple!

And around the altar, there are passages leading to the top of the altar!

David and the others can climb up to the height of several meters!

Just as Ji Yun was about to jump up and reach the top of the altar, David stopped Ji Yun!

"Don't be reckless, let's go up this step first..."

David didn't let Ji Yun jump on it!

Because it is still unknown whether the altar has any mechanism or whether it is dangerous, so David will not let Ji Yun be reckless!

"This altar looks a bit weird. Who would build an altar on this small island far away from the mainland?"

Ji Lianzhan narrowed his eyes and said full of doubts!

Although this altar is simple and simple, it is strange to think it is built on this small island!

"Let's go up one by one. I'll go up first. If there is no problem, you are going up, and you must go up along the place I stepped on!" David also

felt that this uninhabited island suddenly had an altar, which was very strange!

"Mr. Chen, this kind of thing is not good for you to take risks first, I will send a disciple to go up first..."

Ji Lianzhan stopped David, then looked at a Feitian sect disciple and said, "You go up, be careful..."

"Obey!" The Feitian Sect disciple walked up the steps step by step!

Everyone held their breath, ready to respond to unexpected situations, that Flying Heaven Sect disciple was also quite frightened!

But they kept going to the top of the altar, and the whole altar remained silent!

"What's on the altar?"

Ji Lianzhan asked the disciple who went up!

But that disciple, like a fool, stared at the center of the altar, as if he saw something that shocked him!

Seeing this, David ran up quickly!

Ji Lianzhan and Ji Yun also chased after them with all their disciples!

But as soon as David stepped onto the altar, he suddenly felt the aura of monsters all around him. The jungle was empty without even an ant, and at this moment there were bursts of terrifying auras of monsters!

This is too strange, David didn't know how the breath of these monsters came from, after all, there were no monsters around them!

After boarding the altar, David and the others were also stunned!

Looking at the center of the altar one by one, their expressions were all frozen on their faces. They never thought that there would be such a thing on a small altar
