Chapter 3121

“For example, the Beaulieu lineage is a luxurious and lustful person, and the Lilong species, a branch of the Beaulieu lineage, is even more greedy by nature. Every day, what I think about in my mind is everywhere Fornication, promiscuity, shameless, shameless for our dragon family.” “

If I meet Lilong species, I will kill one by one, and I will not be soft-hearted, just keep killing their lineage!

” The young man’s face was full of anger, and it could be seen that he hated this Lilong species!

David also felt his scalp tingle, he didn’t expect that the Dragon Clan would be so complicated!

It seems that no ethnic group can get rid of the washing of the long river of history, and finally become torn apart!

Human beings are not like this, once brothers, as time goes by, the descendants become more and more alienated, and finally become strangers, even enemies!

“Senior, someone put a seal here, could it be that they are sealing you?”

David remembered the altar seal, so he asked!

The middle-aged man shook his head and said, “How is it possible? I’m just a remnant soul. I don’t know how long it will last. Why seal it?”

” Millions, I can keep a wisp of remnant soul, who can be sure that no one can keep the soul on this battlefield? Who can be sure that there is no one left alive?” The words of the middle-aged man instantly made Chen

Ping I understand, this sealing formation is not for sealing a certain person, but for sealing the entire ancient battlefield!

After all, the people who can appear on the ancient battlefield are definitely not ordinary people. If there are people who survive, or if the soul is still there, if they leave here, then the whole world of heaven and man will be a disaster!

You must know that these are all people who will shake the world of heaven and man with their hands, any one of them!

“Senior, you...”

“Okay, don’t ask anymore, you can absorb the dragon energy here as soon as possible, and then I will give you a gift!” The middle-aged man began to feel a little

dazed, as if he knew that he would not last long, so he turned to David said!

Seeing this, David nodded quickly, and the dragon crystal in his body opened wide, absorbing the surrounding dragon energy crazily!

Seeing David’s crazy absorption, the middle-aged man was a little surprised and said, “As expected of the golden dragon lineage, it’s too strong...”

And just as David was crazily absorbing the dragon energy, other people also followed suit. Fall out of that hole!

It’s just that some of these people who fell have become corpses, and were killed by evil spirits during the fall!

There was also the one that fell on the shore and fell into a puddle of meat!

Fortunately, all fell into the water!

“Senior Ghost, thank you so much, if you hadn’t pushed me, maybe I would have been smashed into a pile of meat.”

Ji Yun panted heavily, and said with horror on his face!

When he was falling, he didn’t react at all. It was Moshan Guilao who reacted and pushed Ji Yun, which made him fall into the water!

“Don’t talk so much, let’s look for Mr. Chen.”

“I always feel that this place is too weird.”

At this time, the devil's old ghost is worried about David's safety!

Plop, plop.....

Zhou Tai, Ye Fengqing and others also fell into the water!

Looking at the light red sea water below them, many people were a little confused!

They don't understand that the water in Mohai is obviously black, but why the water here is light red!

And soaking in the water, spiritual energy continuously poured into the body!

Soon, some monks were excited, thinking that they had found a spiritual spring, so they desperately began to absorb it!

Zhou Tai and Ye Fengqing swam to the shore, they were not interested in this spiritual spring, they were interested in treasures!

But when they saw the piles of bones under their feet, their scalps were also numb!

No one has seen this kind of scene before. How many people have to die for so many skeletons to appear!

Chapter 3122

"This... this..."

Zhou Tai's face changed, and he didn't know what to say!

With so many skeletons under their feet, everyone's heart trembles!

Ye Fengqing frowned slightly, and looked around!

"This is an ancient battlefield, and it's normal to have skeletons, but is this place on the bottom of the sea or inside the island?" Ye

Fengqing was a little confused, what exactly is this place!

And on this ground, apart from piles of bones, there are no treasures!

Even those damaged weapons and treasures turned into evil spirits, and they all piled up at the entrance of the cave!

Ye Fengqing walked forward cautiously, he planned to find out what this place was.

And that Zhou Tai followed behind Ye Fengqing!

After all, among these monks, Ye Fengqing's strength is considered to be the highest except for that Demon Mountain Ghost Elder!

To survive in this kind of place, Zhou Tai knew that he had to hug his thighs well!

Some of the other monks soaked in the water to absorb the spiritual energy, and some also went to the shore and looked around!

These people's faces are full of confusion, because here, there is no danger or treasure they imagined!

"Yun'er, you are too reckless, how could you just jump in?"

Ji Lianzhan found Ji Yun, and shouted at Ji Yun with anger on his face.

"Dad, I'm worried about Mr. Chen. Besides, there's an old ghost here, so I'll be fine. It was the old ghost who helped me just now."

Ji Yun pointed to the old ghost on Moshan Mountain and said!

Ji Lianzhan took a look at Moshan Guilao, and then said gratefully: "Thank you, Senior Gui, for saving me. I, Feitianzong, are very grateful." "

Okay, let's go find Mr. Chen separately. Immediately transmit the sound."

After finishing speaking, Moshan Guilao took out a few sound transmission jade slips and gave them to Ji Yun and Ji Lianzhan!

Although the sound transmission jade slips are simple, they are also expensive. Unexpectedly, Moshan Guilao only sold a few of them. It seems that they are very rich!

However, they searched for a long time, but they didn't see David's figure, and David seemed to have disappeared.

Even Ye Fengqing couldn't find David!

In fact, David is here, not far from them. The reason why no one can see it is because besides this cloud of dragon energy, a magic formation has been set up, except for David, who was attracted by the dragon energy and discovered this area. Where the dragon fell, no one else could see it!

At this time, David was trying his best to absorb the strong dragon energy.

The dragon crystal in David's body even shone brightly, as dazzling as the sun!

With this dragon energy, David's strength began to advance by leaps and bounds, and the dantian in his body continued to expand!

David knew that this ball of dragon energy would definitely allow him to elevate his realm!

After all, this cloud of dragon energy is emitted from the corpses of thousands of fallen dragons!

David greedily absorbed the dragon's energy, and didn't notice Ji Yun's search at all.

He didn't even know that Ji Yun and the others jumped in too!

"What the hell is this place? After walking around for a long time, I can't see anything, except for the bones all over the place, what else?"

Ji Yun was a little angry!

After searching for a long time, I didn't even see David's shadow, and the place was so huge, it was undoubtedly like looking for a needle in a haystack to find someone!

"I feel that Mr. Chen should be nearby, and he is still with us. He has the blood of the demon race in his body, and he can know the Holy Light Fist, so I can sense a trace of Mr. Chen's breath!" "It's just that the breath is too

weak , I have no way to determine the location, but one thing is certain, that is, Mr. Chen is still alive.” “

If he dies, I won't be able to sense his breath anymore.”

Moshan Guilao said slowly!

Chapter 3123

Hearing what the Devil Mountain Ghost Elder said, Ji Yun felt relieved, since David is fine, it's fine!

After all, David came here for himself, if something happened to David, Ji Yun would feel guilty!

Now there are no treasures here, only corpses all over the ground, and there are taboos, there is no way to fly, if they can't find a way out, then they will be trapped here to death!

Fortunately, there are no evil spirits here, and there is a spiritual spring that can absorb spiritual energy, so there is no riot. Otherwise, so many people are trapped here, it would have been chaotic!

Three days later...

David quietly devoured the last trace of dragon energy. Although David had been absorbing spiritual energy and his strength was constantly improving, his realm was still at the fifth rank of the Composite Body Realm!

David was not in a hurry. This was David's deliberate suppression. At this time, he had already reached the peak of the fifth-rank of the Composite Body Realm. As long as he needed, he could upgrade to the sixth-rank or even the seventh-rank of the Composite Body Realm at any time!

Because of the dragon crystal, the dragon energy was stored in the dragon crystal, so David's realm didn't seem to rise, but his strength improved a lot!

“Are you deliberately suppressing your realm?”

The middle-aged man looked at David and asked slowly!

“I just don’t want to be too exposed. I came here at the fifth-grade level of the body-fitting environment. If I suddenly rise to the sixth-level or even the seventh-level level of the body-building state, I believe some people will be curious about what I got here!”

” If this happens, then I will become the target of everyone’s attack...”

David said with a slight smile!

“Yes, you are brave and resourceful. You only took three days to absorb such a huge aura. It can indeed be said that my dragon clan is eager.” “Since you have absorbed the dragon

energy, I can take you to Check out your gift!”

After the middle-aged man finished speaking, he turned and walked towards the spiritual spring!

David got up, but he saw many monks around, including Demon Mountain Ghost Elder and Ji Yun!

David has been practicing, so he didn’t know about these people’s arrival. Now he was a little surprised to see so many people around him!

Could it be that these people were always by my side when I was practicing?

David was full of doubts, why these people seemed to be unable to see him so close!

As if seeing David’s doubts, the middle-aged man smiled and said, “Are these people your friends? I’ve been looking for you for several days, but it’s impossible for them to see you.” “Could it be that

senior is here Set up a phantom array, so they can’t see me?” David asked curiously!

“Phantom Array?” The middle-aged man burst into laughter when he heard it: “How can I use the Pediatric Magic Array, and it’s just a trick to deceive people. That’s all, it’s a blindfold!”

“I’m a space technique, although you and these people are in the same space at the same time, but they are not in the same dimension, so they can feel your breath, but they can’t see yours.” People.”

“It’s not a blindfold, let alone a charming mind, but they really can’t see you.”
The

middle-aged man’s explanation instantly reminded David of the secret realm in the secular world. Developed by using spells?

“Senior, your space skills are so powerful...”

David flattered him, saying that the Dragon Clan senior in front of him must be at the level of a fairy dragon!

Seeing David boasting about himself, the middle-aged man gave a wry smile: “Stop flattering me, this is the lowest level of space magic. The real high-level magic can open up the world, and even create a brand new world.”

” I just changed this small area to another dimension so that people can’t see us, which is nothing special.”

Chapter 3124

“When you grow up, you will understand what is really powerful...”

After hearing the middle-aged man’s words, David was also a little embarrassed, After all, his current strength is no different from that of an ant in the eyes of a fairy-level figure!

However, David’s heart is a little surging when he thinks of being able to open up the world and even create the world after being powerful!

If he can really be that strong, then he will create a world where he can bring all the women around him!

In that world, he is the master, and there will be no such troublesome things anymore!

Then he can have fun with his woman with peace of mind!

Just when David was immersed in his reverie, the middle-aged man smiled and said, “Stop thinking about it. The most urgent thing is to practice hard, play with women as little as possible, and don’t think that it is easy to become an immortal and attain the Tao.

” You think you can do whatever you want if you become a fairy, you know that the fairy who can open up the world and create the world, which one has not been honed for hundreds of thousands of years!” “You still think about it, I found that among these visitors, there seems to be someone who is hostile to you , want to kill you!”

The middle-aged man was talking about Ye Fengqing and Zhou Tai!

“Senior, don’t worry, with my current strength, I am not afraid of them, because I can break through the realm at any time, and the thunder calamity I will trigger will be enough for them.” After absorbing the dragon energy, David was already very confident

. , don’t be afraid of Ye Fengqing!

If Ye Fengqing dared to find trouble, he wouldn’t mind killing him!

What’s more, there is still the Devil Mountain Ghost, David believes that Ye Fengqing is going to kill him, and the Devil Mountain Ghost can’t sit idly by!

“Let’s go, my remnant soul may not be able to hold on for long, but it is not in vain to see you before I perish for thousands of years!”

After the middle-aged man finished speaking, he walked into the Lingquan step by step!

“Senior, how can there be such a spiritual spring in this dark ink sea, and it is really strange that it is still pressed under the small island...”

David also walked in, but looked at the light red spring. The spiritual spring water, David asked suspiciously!

“Lingquan?” The middle-aged man was taken aback for a moment, then looked at the light red water, and couldn’t help but said with a wry smile: “Where is this Lingquan? It was formed by the blood flowing out during the war.

” So it turned into light red now because of the long time, these are fresh blood, not some kind of spiritual spring!”

“Blood is gathered together?”

David widened his eyes and was immediately stunned!

Looking at the light red sea water in front of him, it turned out that these were blood.

At this time, David imagined the tragic scene at that time, swords, lights and swords, spells flying, and various magic weapons colliding with each other!

People continue to fall, and the blood on their bodies is sprayed out!

Slowly, the blood gathered together and became the spiritual spring it looks like now!

“Is this the real river of blood?”

David was filled with emotion!

Knowing that these are all made of blood, when David walked in the water, he became a little heavy!

The middle-aged man slowly dived into the water. Seeing this, David hesitated for a moment, then dived in too!

In the water, David followed closely behind the middle-aged man!

I don't know how long after diving, a milky white thing appeared in front of David's eyes!

David took a closer look and found that it turned out to be a huge egg!

This egg is extremely huge, and there are endless lines on it, exuding a terrifying divine power!

“Senior, the gift you want to give me is this egg, right?”

David looked at the middle-aged man suspiciously!

“Yes, this is the gift I gave you. Do you know what kind of egg this is?”

asked the middle-aged man!

David shook his head, then approached the huge egg, wanting to reach out and touch it, and then use his spiritual sense to feel the situation inside!

Seeing this, the middle-aged man's face suddenly changed, and he hurriedly pulled David back.

Chapter 3125

The thing conceived by heaven and earth

“Om...”

The huge egg suddenly emitted a ray of light, and the runes on it began to flicker. On David's body!

Boom.....

The entire Lingquan set off a huge wave, David only felt his body lighten up, and he fell out, with blood overflowing from the corner of his mouth!

The middle-aged man's body flickered, and he was almost wiped out!

David's eyes were full of horror, he didn't expect the egg in front of him to have such great power!

“What kind of animal's egg is this? How can it be so powerful?”

David asked in confusion!

“It's not an egg of any animal, but it was bred in this pool of blood for thousands of years. I don't know what's in it!” The middle-aged man explained

!

When David heard it, he was speechless for a while. The middle-aged man didn't know what his feelings were, and he gave him a gift?

How to get this gift?

“Then how do I get this gift?”

David said speechlessly!

“Now you only need to break the rune on it to get this giant egg. This is also a gift from me. If I don’t bring you here, how do you know there will be a giant egg here?” “And I

told You, there are a lot of people who look at this giant egg, don’t think that it’s calm here, it’s just that many people are hiding in their own space.” “

The shock caused by the giant egg you touched just now will definitely wake up others, So you have to find a way to break the runes on the dome as soon as possible.”

The middle-aged man said to David!

David looked at the giant egg in front of him, and instantly sacrificed the Dragon Slaying Sword, intending to forcibly break the rune!

The dragon-slaying sword was radiant, and then a sword pierced through it!

“Boom...”

This time, David was ready, but the runes on the dome still flashed, causing David to fly upside down again!

Blood spurted from David’s mouth, and the Dragon Slaying Sword was dropped from his hand!

“If it can be broken open by force, how can this giant egg exist for so long? Don’t expect force to break it open. You should think of other ways.” The middle-aged man warned Chen

Ping!

David looked at the giant egg in front of him calmly. He couldn’t understand the runes on it. At this moment, David missed that Hu Mazi!

This guy is a master of spells, and he is much better than himself in terms of spells, both in terms of experience and experience!

It’s a pity that Hu Mazi was in the secular world and didn’t come with him!

After researching for a long time, David still couldn’t figure out how to break the runes on it!

“That’s not right. If this is something conceived by heaven and earth, how could there be runes on it? This is obviously made by man?”

David suddenly thought of something!

If this blood pool has gone through thousands of years to breed such a giant egg, it is also possible, after all, the owners of these blood are not ordinary people!

But even if a giant egg is conceived, it is impossible to depict runes on it, which is obviously carved by someone later!

“Hahaha, I just praised you for being brave and resourceful, and now I realize this, it’s really stupid.”

Suddenly, the middle-aged man burst out laughing!

Seeing the middle-aged man like that, David knew that he was being tricked, the rune on it must be portrayed by the middle-aged man!

“Senior, I was almost killed by the shock force just now, you are too cruel...”

David was speechless for a while.

“The majestic golden dragon avatar, if you are shocked to death by this little force, it will be your life!” After the

middle-aged man finished speaking, he waved lightly, and the lines on the giant egg slowly disappeared!

Seeing that the lines disappeared, David heaved a sigh of relief, and planned to step forward to find out what was inside the giant egg!

“Don’t move. Although there are no runes, this giant egg was conceived by heaven and earth, and it cannot be touched easily.”
