Chapter 3191

“I want you to die, I want you to die...”

King Li roared, endless breaths circulated between the heavens and the earth, and the terrifying coercion spread!

I saw the void trembling behind King Li, a huge figure slowly appeared, standing in the void, the chaotic aura in the void was constantly tumbling, forming a chaotic vision, I couldn't see what that figure was!

As soon as the chaotic vision appeared behind King Li, everyone felt depressed for a while, and their breathing became stagnant!

“Awakening of the beast soul?”

Seeing the vision behind King Li, Yihe frowned involuntarily!

As Yihe's voice fell, the chaotic vision behind King Li became clearer, and that huge figure was also clearly seen!

It was a huge mammoth with two long teeth shining coldly!

“So this King Li is an elephant?” David looked a little surprised when he saw this!

“His body is not an elephant. The elephant is just his awakened beast soul. This is the awakening with the strongest physical power.

” Only the beast soul has awakened, it seems that he is hiding very deeply.”

Yihe's eyes are full of envy!

Maybe others don't know what awakening of beast soul is, but Yihe is very clear that awakening of beast soul is what every monk of the beast race dreams of. After the awakening of beast soul, it means that the strength has entered another stage!

It's just that there are very few beast monks who have awakened beast souls. When a certain beast soul is awakened, they can gain the power of the beast soul!

What King Li awakened turned out to be the beast soul of a mammoth, so his physical strength would increase exponentially!

It's no wonder that from the very beginning when he fought with David, he relied on the pure strength of his physical body to compete!

Yihe, who was originally confident in David's physical strength, began to feel a little bit worried at this moment!

All the orc monks at the scene looked at King Li with envy and jealousy!

The vision behind King Li unfolded, the sky and the earth trembled, boulders rolled, and the wind and clouds changed color amidst the agitation of breath!

"Boy, this is the real power of the beast clan..."

Li Wang roared, looking down at David, his face was full of killing intent, like a huge killing god, it was frightening!

And the mammoth beast soul behind him screamed loudly, making an ear-piercing sound!

David looked at King Li, the corners of his mouth slightly raised, and there was no trace of fear in his eyes.

If this King Li had other means, David might have paid more attention to it, but when compared with him physically, David simply looked down on him!

You must know that when David's physical body was under the small island of Mohai, when he absorbed the dragon energy, it was strengthened again!

Even if King Li awakens the beast soul, there is nothing to be afraid of!

"A little mammoth, you dare to say that this is the power of the real beast race. I can only say that you are a frog in a well and have no knowledge." "Have you ever

seen the power of a real beast race? Compared with this There are many beast races with great mammoth power!"

“You are really ignorant and fearless...”

David slowly raised his body, suspended in mid-air, and said in a cold voice!

“I’m a frog in a well? Today I’m going to show you who is a frog in a well.”

After Li Wang finished speaking, he stepped on the void, and the void roared and trembled, as if the entire void was about to be shattered!

The huge King Li stomped towards David with one foot!

At this moment, King Li’s kick was bigger than David’s whole body, and he wanted to step on David’s foot to avenge the kick he had just received from David.

When Li Wang stepped on this foot, David showed a sneer, and disappeared in a flash!

boom!

King Li missed his foot, and stepped directly on the ground, causing the ground to shake!

Chapter 3192

I gave you a slap

and saw that one foot stepped on the air, King Li stepped on David again!

And David used his flexible position and speed to avoid King Li’s attack!

Dodging several times in a row, this can make that Li Wang very angry!

As the saying goes, everything has yin and yang, pros and cons!

King Li awakened the beast soul of the mammoth, his body became stronger and his strength became stronger, but instead, his speed would be slower!

David dodged this several times in a row, King Li was going to be pissed off!

“Are you a coward who can only dodge? What about the courage to face me head-on just now?”

King Li saw that David was always dodging, so he began to use aggressive methods on David!

“Mr. Chen, don’t be fooled. Although King Li has awakened the beast soul, his power will increase a lot, but his speed will slow down. Don’t confront him...”

Yihe reminded David loudly!

But David didn’t seem to hear it, and he smiled coldly at King Li and said, “Okay, since you want to fight head-on, then I will help you...”

After finishing speaking, David’s figure changed from there again. King Li disappeared before his eyes!

Before King Li could react, David had already appeared in front of King Li!

Pa...

A big hand slapped Li Wang’s face fiercely, and blood shot out from the corner of Li Wang’s mouth in an instant!

After David slapped King Li, he retreated quickly!

This made King Li start to go crazy!

When everyone saw that King Li was slapped by David, all of them widened their eyes, their faces full of disbelief!

Because David’s speed was too fast, when everyone reacted, David had already slapped King Li and stepped back!

“Ah...”

“Today I must kill you...”

King Li let out a roar, his long hair fluttering, and his whole body was radiant. Wang was like a mad bull, charging towards David!

David snorted coldly. Facing King Li who exploded with all his strength, David did not dodge. Since he said he would follow King Li head-on, he would keep his word!

A golden light suddenly appeared on David's body, and he went directly towards King Li!

This time, David didn't use his indestructible golden body, he wanted to use his purest physical body to fight against King Li!

Seeing that David really dared to confront him head-on, King Li roared loudly, the vision behind him trembled, and a ray of light flickered between his eyebrows, and soon the light filled his whole body!

Boom...

Soon, the two figures collided fiercely, the sky trembled, and the sun and the moon dimmed!

The two figures had only the most primitive collision.

There is no technique, no combat skills, no magical weapons, only the raw power of punching to the flesh, but even this most primitive and pure power, the destructive power is amazing!

This kind of pure physical power has surpassed the cognition of many people. They don't understand how they can have such terrifying power without the blessing of spiritual power and magic techniques!

King Li's body is extremely huge, and his power is even more boundless. The awakening of the beast soul makes his body's power look like nothing else!

But David, a little monk, relied on pure physical strength to fight with King Li!

There is no instant crush, which has exceeded many people's expectations!

Many people thought that after King Li awakened the beast soul, David's small body must have been crushed by the collision of pure physical strength!

But now, instead of being crushed, David actually fought a few moves with Li Wang's punches to the flesh!

This time, King Li lost all face!

Boom...

With a bang, both of them fell towards the ground like meteors, and then smashed into the ground!

The huge impact force caused two deep pits to appear on the ground instantly.

“David...”

“Mr. Chen...”

Seeing this, Yihe and the others felt their hearts tense up!

Chapter 3193

“King Li...”

“Dad...”

Elder Qi and Li Xing were also nervous when they saw this scene Shout out loud!

No one expected this result. No one expected that David and King Li would fall from mid-air at the same time!

What exactly happened, no one can see clearly!

Now they don't dare to get closer, after all, the aftermath of the collision between the two is enough to knock anyone who approaches into the air!

After a while, there was a rumbling sound from the ground!

Immediately afterwards, two figures slowly flew up from the deep pit, and then suspended in midair!

The two looked at each other, David looked relaxed, while Li Wang looked ferocious!

After awakening the beast soul, he almost got into a tie with David, which is simply too ironic!

This is a collision of pure strength, without any skill at all!

He didn't understand, how could David have such physical strength, how could David's body be so strong?

Such a situation should not happen to a human monk!

"Your strength of the beast clan, it feels very ordinary..."

David said with a slight sarcasm!

Hearing David's words, King Li felt as if someone had slapped his face!

He said time and time again that he wanted to kill David, his beast power is so awesome!

But he was slapped in the face by David again and again!

King Li looked at David with killing intent in his eyes, this time he didn't say anything, but the center of his eyebrows emitted light again, and a vast force began to rise!

The vision behind Li Wang's back suddenly began to spread, followed by rapid hand speed. After the vision spread several times, Li Wang's whole person was also changing!

I saw black hair appearing all over King Li's body, fangs were exposed from his mouth, and his hands turned into sharp claws. It looked very scary!

This King Li turned into a half-human, half-beast monster, but his strength has clearly increased again!

"Just now I was just testing you, now is the time to let you know..."

King Li finally roared, the voice seemed to be forced out of his throat, it was very awkward!

After all, that King Li rushed towards David quickly, but this time King Li's movements became even faster.

A black shadow flashed past, and King Li had already arrived in front of David!

Immediately, he slapped David with his paw, and when the paw went down, the void was torn apart!

David was also hit by this claw, and his body flew upside down, with these bloodstains on his chest!

“David...”

“Mr. Chen...”

Seeing this, Yi He and Gao Qilan rushed over and stopped David!

Looking at the injury on David’s chest, Gao Qilan and the others were all heartbroken!

“David, are you okay?”

Gao Qilan asked with concern!

“It’s okay, this little injury is nothing.” David smiled easily: “But it can hurt my body, this King Li’s strength is not bad.” King Li saw that David was injured by himself, and his eyes suddenly showed

complacency , exuding a bloodthirsty aura, breathtaking!

King Li stood above the void, and the vision behind him kept flickering, as if it was providing some kind of power to King Li!

“Boy, this time, have you seen the real power of the beast race? Just now I only used 50% of my strength. If I hit with all my strength, you would have become a dead body.” King Li looked down proudly

. Follow David and say!

David pushed away the crowd, jumped up, and faced King Li directly, without any fear in his eyes!

“Your power of the beast race is nothing more than that. Since you said so, then I will let you see what the real power of the beast race is.” After

David finished speaking, golden light shone behind him, and with the golden light, a golden dragon It slowly appeared behind David!

The golden dragon was swimming behind David, exuding endless majesty from his body, which made many people kneel down when they saw it!

Even many soldiers of Mingli King City couldn't help kneeling on the ground at this moment!

The golden dragon is the lord of all beasts..
